4 **Howrah.**—No. 3972M.—23rd October 1930.—The following proposed plan for lighting a portion of the Bally Municipality, in the district of Howrah, with electricity, which has been submitted by the Commissioners of that Municipality to the Government of Bengal (Ministry of Local Self-Government) for sanction under section 308, read with section 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), in supersession of the plans sanctioned in Government notifications No. 18TM., dated the 16th April 1928, and No. 3085M., dated the 24th September 1929, is published for the information of persons likely to be affected thereby.

2. The proposed plan will be taken into consideration on the 25th November 1930, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered :—

Proposed plan.

1. The portion of the Bally Municipality which it is proposed to be lighted with electricity is defined below :—

North—Bully Khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill, thence along the line formerly occupied by that road to the existing Joya Bibi Lane, thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghose Lane; thence across Girish Ghose Lane to Chandalpara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mazumdar Road; thence along the northern side of Kali Mazumdar Road up to its junction with Dharamtola Lane; thence along the eastern and northern sides of Dharamtola Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Seven hundred and fifteen electric lamps will be installed on the roads as shown in the accompanying statements A and B. The Commissioners have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rate of Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of about Rs. 18,500 burning 25,000 hours per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate at 2 per cent. on the annual value of all holdings situated within the area to be lighted as defined in paragraph 1 of the plan. The income to be derived from the lighting rate for the aforesaid area is estimated to be about Rs. 18,800

MARINE DEPARTMENT.

NOTIFICATIONS.

No. 44Mne.—27th October 1930.—In exercise of the power conferred by section 5 of the Indian Explosives Act, 1884 (IV of 1884), and with the previous sanction of the Governor General in Council, the Governor in Council is pleased to make the following

amendment in the rules to regulate the transport and importation of explosives in the port of Calcutta, published under this department notification No. 78 Mne., dated the 10th July 1923:—

Amendment.

For rule 1 of the said rules the following shall be substituted, viz.—

"1. Except as is hereinafter provided no vessel shall have on board, within the limits of the port, any explosives except 4 storm or danger signals, 12 smaller lights of the same description, 48 blue lights, 48 rockets, or 48 socket signals with friction tubes, 48 detonating signals with friction tubes, or, in lieu thereof, 48 one-pound charges of gun-powder for use in a gun together with two small boxes of friction tubes and two flasks of priming powder, 48 private signals of any Company, and 24 red lights for each boat and life raft carried under the statutory rules for life-saving appliances (made by the Board of Trade under section 427 of the Merchant Shipping Act, 1894, or by the Governor General in Council under section 191 or section 213 of the Indian Merchant Shipping Act, 1923), and a reasonable quantity of safety cartridges for the equipment of the vessel or for the personal use of the officers on board the ship, provided that the quantities held by them are declared in the prescribed Customs Forms A and B, respectively, or in the case of a foreign vessel, in the stores list of such vessel. Detonators and their friction tubes shall be stored separately. All explosives which vessels are by this rule permitted to keep on board in port shall be stored in all cases in separate detached and completely enclosed magazines for each description of signals. The magazines should be kept in a house on deck and stowed or ranged as far apart as possible, so that in the event of fire they can be removed or thrown overboard."

No. 45Mne.—1st November 1930.—The following instructions, framed by the Government of Bengal, relating to the grant of permits enabling engineers and engine-drivers, holding ordinary (steam) certificates of competency to act in the corresponding capacity on inland motor vessels, are published for general information:—

Instructions.

The modifications of the Inland Steam Vessels Act, 1917 (1 of 1917), published under notification of the Government of India in the Department of Commerce No. 282-S., dated the 27th March 1926, declare that the provisions of that Act shall apply to vessels propelled by electricity or other mechanical power, except steam, and that in the case of motor vessels the engineers and engine-drivers shall be in possession of motor certificates or ordinary steam certificates suitably endorsed.

The provisions of the Act as they apply to the certification of engineers and engine-drivers are now in force and persons holding certificates valid in inland steam vessels are not entitled to serve in the same grade on

inland motor vessels unless their certificates are endorsed for that purpose.

Section 25 of the said Act requires that an inland motor vessel having engines of 565 or more brake horse-power shall not proceed on any voyage unless she has as her engineer a person possessing a motor engineer's certificate granted under this Act or a certificate as first or second class motor engineer granted under the Indian Merchant Shipping Act, 1923, or the Merchant Shipping Act, 1894.

Section 26 of the Act requires that an inland motor vessel having engines of 226 or more brake horse-power but of less than 565 brake horse-power, shall have as her engineer a person holding a first class motor engine-driver's certificate granted under this Act or a certificate as an engine-driver of a sea-going motor-ship granted under the Indian Merchant Shipping Act, 1923, or any valid superior motor certificate granted under that Act or the Merchant Shipping Act, 1894.

Section 27 of the Act requires that an inland motor vessel having engines of less than 226 brake horse-power shall have as her engineer a person possessing a second class motor engine-drivers' certificate or any certificate referred to under sections 25 and 26. A proviso to section 27 allows a motor vessel of 40 brake horse-power or under to ply with passengers if the engine-driver has a permit granted by the local Government.

In order to avoid inconvenience to owners in providing qualified engineers and engine-drivers and to provide facilities to enable such persons to perform the necessary qualifying service, the Government of Bengal are prepared to consider applications for the granting of temporary permits enabling engineers and engine-drivers who hold ordinary certificates of competency to act in the appropriate grade on inland motor vessels. The issue of temporary permits will also in certain cases be extended to engine-drivers who have been in possession of permits as drivers of small launches of 40 brake horse-power or under for two years or more. The issue of permits will be subject to compliance with the following conditions, and they will be issued in respect of individual ships only.

The application should be made by the owner of the vessel to the Principal Officer, Mercantile Marine Department, Calcutta District/Nautical Surveyor, Chittagong, at least one week before the permit is required.

The name of the ship should be stated, its official number, if registered, or the builders' number if not yet registered; the name of the engineer or driver should be given, the rank in which he is to serve and the grade and number of his certificate of competency; the extent of his workshop and sea service with internal combustion and steam engines should be indicated and, in particular, the nature and amount of his experience, if any, of the type of internal combustion engines installed in the ship.

The person on whose behalf the application for a permit is made must attend for interview with the Principal Officer, Mercantile Marine Department, Calcutta District/Nautical Surveyor, Chittagong, at the time communicated to him and, subject to the candidate possessing a reasonable knowledge of the

working of the engines with which he is to serve, a permit will be issued to him.

NOTIFICATIONS.

Annual Examination of Pleaders in Surveying, 1931.

Calcutta, the 20th October 1930.

(See Government notification No. 3157J., dated the 25th November 1909, modified in Government notification No. 320J.D., dated the 16th July 1914.)

1. The next examination will be held in February 1931 and will be conducted at the following centres (provided that not less than five names be registered at each centre):—

B. E. College and Dacca in Bengal, and Patna in Bihar and Orissa.

2. Each examination is complete in itself. A candidate will be required to pass by every test and will not be exempted from any test on the ground that he has previously satisfied the examiner in it.

3. Candidates practising in the Courts of the Presidency, Rajshahi and Burdwan Divisions will be required to present themselves at the B. E. College; those practising in Patna, Tirhoot, Bhagalpur, Orissa and Chota Nagpur Divisions, at Patna; and those in Dacca and Chittagong Divisions and in Assam, at Dacca.

4. In the event of more than 20 or less than 5 names being registered for examination at any one centre, the Secretary may direct the candidates to present themselves at any other centre.

5. No candidate will be admitted to the examination unless he has been enrolled as a pleader and

(i) has obtained credit for attendance at the special course of instruction at the B. E. College, Patna or Dacca, in 1927, 1928, 1929 or 1930, and has not previously appeared at the examination more than twice, or

(ii) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or

(iii) has passed the Sub-Overseer examination, or

(iv) has obtained the Surveyor's certificate of one of the Government Survey Schools, or

(v) has been specially exempted from the operation of this rule by the Board controlling the examination.

6. Candidates wishing to appear at the examination will apply upon the prescribed registration form, obtain the necessary counter-signature of the District Judge in whose Court he is enrolled, and forward the same so as to reach the office of the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the office of the Principal, Bihar College of Engineering, in the case of candidates of Bihar and Orissa, not later than the 6th January 1931. The form may be had from the Principal, Bengal Engineering College, or from the Principal, Bihar College of Engineering.

7. Each application must be accompanied by a receipt from the local treasury certifying to the receipt of the Examination fee of Rs. 50, which fee will in no case be returned.

8. The exact date of the examination and the proposed programme will be communicated to candidates by the office who has registered their names.

Pleaders' Survey Training Classes, 1931.

Botanic Garden P. O., the 20th October 1930.

1. Classes for the training of pleaders in surveying will be opened in January 1931, in connection with the Bengal Engineering College, the Bihar College of Engineering, Patna, the Ashanulla School of Engineering, Dacca, provided sufficient candidates register their names at each centre.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the heads of the institutions, who will also decide the exact locality in which the classes will be held and date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tents or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the pleader has been present for 80 per cent. of the working days and for the full working hour for each day. The attendance must be distributed over the course so that no subject is neglected.

5. Candidates who desire to undergo the course of training must apply to the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the Principal, Bihar College of Engineering, in the case of candidates of Bihar and Orissa, for registering their names not later than the 30th November 1930. The application of a candidate must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, i.e., Bengal Engineering College, Patna or Dacca, and should be accompanied by a remittance receipt from the local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Secretary, Pleaders' Survey Examination Board.

6. The registering officer will allot candidates to the centres, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the candidates as to the locality and the date of opening of the class.

7. The following is the syllabus of instruction:—

No definite text-books are prescribed—

(a) Practical work—

Chain surveying, prismatic compass surveying, plane tabling and levelling.

(b) Class work—

Use of mathematical instruments, construction of scales, measurement of area, plotting, variation of compass, preparation of field-books from maps, elementary principle of levelling and plotting of level section.

Candidates who obtain the required percentage of attendance at this course are qualified to appear at the Pleaders' Survey Examinations to be held in 1932, 1933, 1934 and 1935.

Secy., Pleaders' Survey Examn. Board.

NOTIFICATION.

Calcutta, the 28th October 1930.

Babu Brajamohan Dutt's Prize for Indian Ladies for the year 1930-31.

The following subject has been selected for "Babu Brajamohan Dutt's Prize" of Rs. 45 for the year 1930-31:—

"The place of Women in Indian Society."

The conditions for the award of the prize are—

(1) That the competition be open to all educated women, being natives of Bengal, without regard to age.

(2) That the prize of Rs. 45 be given for an essay to be written either in Bengali or Sanskrit.

(3) That the essays be sent to the Provincial Text-book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by a written declaration from the husband, parent or guardian of the competitor that, to the best of his belief, she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays not later than the 31st March 1931 to the Secretary to the Provincial Text-book Committee, Writers' Buildings, Block No. 5, Room No. 1, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt's Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

A lady who wins the prize in any year is not debarred from subsequent competition, and if the essay submitted by a competitor who has been previously successful is adjudged to be the best, the name of such a competitor will be published in the *Gazette* as the winner of the competition. The actual prize will, however, in these circumstances, be awarded to the competitor whose essay is adjudged to stand next in order of merit, provided that her essay comes up to the standard required by the next clause.

If none of the essays comes up to a standard which is, in the opinion of the Examiners adequate, no prize will be awarded.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Notice to creditors under section 10(A) of Act IX (B.C.) of 1879.

WHEREAS under sections 7 and 35 of the Court of Wards Act IX (B.C.) of 1879, as amended up to date, the Court of Wards has assumed charge of the property of Maulvi Mesbahuddin Ahmed of Kartickpur, in the district of Faridpur, who has been declared a disqualified proprietor for the purpose of managing his own estate, on his own application under clause (c) of section 6 of the Bengal Court of Wards Act IX (B.C.) of 1879, as amended by the Bengal Decentralization Act, 1915 (Bengal Act V of 1915), by its order No. 781 W.T., dated the 26th September 1930.

Notice is hereby given, under section 10(A) of the said Act, that all creditors having claims against the said estate or his immovable property are hereby required to submit the same in writing to the undersigned at his office at Dacca within six months from the date of publication of this notice.

Creditors are also hereby warned that claims not submitted as required by this notice are liable to be deemed to have been duly discharged.

J. W. NELSON,

Secy. to the Govt. of Bengal.

LOCAL SELF-GOVERNMENT DEPARTMENT.

NOTIFICATIONS.

Minister-in-charge: The Hon'ble Khan Bahadur
Maulvi K. G. M. Farouqi.

Howrah.—No. 3972M.—23rd October 1930.—

The following proposed plan for lighting a portion of the Bally Municipality, in the district of Howrah, with electricity, which has been submitted by the Commissioners of that Municipality to the Government of Bengal (Ministry of Local Self-Government) for sanction under section 308, read with section 310 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), in supersession of the plans sanctioned in Government notifications No. 18T.M., dated the 16th April 1928, and No. 3085M., dated the 24th September 1929, is published for the information of persons likely to be affected thereby.

2. The proposed plan will be taken into consideration on the 25th November 1930, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered :—

Proposed plan.

1. The portion of the Bally Municipality which it is proposed to be lighted with electricity is defined below :—

North—Bally Khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill, thence along the line formerly occupied by that road to the existing Joya Bibi Lane, thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghose Lane; thence across Girish Ghose Lane to Chandalpara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mazumdar Road; thence along the northern side of Kali Mazumdar Road up to its junction with Dharamtola Lane; thence along the eastern and northern sides of Dharamtola Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Seven hundred and fifteen electric lamps will be installed on the roads as shown in the accompanying statements A and B. The Commissioners have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rate of Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of about Rs. 18,500 burning 25,000 hours per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate at 2 per cent. on the annual value of all holdings situated within the area to be lighted as defined in paragraph 1 of the plan. The income to be derived from the lighting rate for the aforesaid area is estimated to be about Rs. 18,600

5. The map referred to may be inspected at the office of the Madaripur Municipality.

6. Any ratepayer of the said municipality or any inhabitant of the said local areas should submit his objection in writing through the District Magistrate and the Divisional Commissioner to the undersigned before the 3rd January 1931.

Howrah.—No. 3968 L. S.-G.—23rd October 1930.—In exercise of the power conferred by section 540 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), the Government of Bengal (Ministry of Local Self-Government) are pleased to declare their intention to extend to the Municipality of Howrah the following provisions of the said Act, subject to the modifications and restrictions therein, which are shown, as far as possible, in antique type.

2. Any objection to such extension, on the part of the Commissioners of the Municipality of Howrah or any inhabitant thereof should be submitted in writing through the District Magistrate, Howrah, to the undersigned before the 22nd December 1930 :—

Provisions of the Calcutta Municipal Act, 1923, proposed to be extended to the town of Howrah with modifications and restrictions shown in antique type.

PART I.

Chapter I.—Preliminary.

1. (3) These provisions shall come into force in the town of Howrah on the day of 1930.

2. (3) Every license, permission or sanction granted or notice issued under the provisions of the Bengal Municipal Act, 1884, which are hereby repealed or which are withdrawn by notification No. , dated the

or under the Calcutta Municipal Act, 1899, shall, so far as it is in force at the time these provisions come into force in the town of Howrah, and is not inconsistent with these provisions, be deemed to have been granted or issued under these provisions, and shall, unless previously altered, modified or cancelled under these provisions, remain in force for the period (if any) for which it was so granted or issued.

3. For the purposes of the Calcutta Municipal Act, 1923, as in force in the town of Howrah, unless there is anything repugnant in the subject or context—

(19) "dairy" includes any farm, cattle-shed, cow-house, milk-store, milk-shop, or other place from which milk is supplied only on, or for, sale or in which milk is kept, or used for the purposes of sale, or manufacture into butter, ghee, cheese, curds, or dried or condensed milk, for sale,

and in the case of a dairyman, who does not occupy any premises for the sale of milk, includes the place where he keeps the vessels used by him for the sale of milk, but does not include—

(a) a shop from which milk is not supplied otherwise than in properly closed and unopened receptacles in which it was delivered to the shop, or

(b) a shop or other place in which milk is sold for consumption on the premises only, or

(c) a shop or place from which milk is sold or supplied in hermetically closed and unopened receptacles in the same original condition in which it was first received in such shop or place ;

(20) "dairyman" includes any occupier of a dairy, any cow-keeper who trades in milk, or any seller of milk whether wholesale, or by retail ;

(21) "dangerous disease" means—

(a) Cholera, plague, small-pox, cerebrospinal meningitis and diphtheria ; and

(b) any other epidemic, endemic or infectious disease which the Local Government may, by notification in the *Calcutta Gazette*, declare to be a dangerous disease for the purposes of the **Calcutta Municipal Act, 1923, as in force in the town of Howrah.**

(41) "milk" includes cream, skimmed milk, separated milk and condensed and dessicated milk.

Chapter XXIX—Milk-supply.

SPECIAL POWERS TO THE Commissioners.

427. In addition to the other powers and duties conferred or imposed on them by or under those provisions or any Act, for the time being in force, the Commissioners, in their discretion, may—

(i) establish, furnish, and maintain municipal dairies, grazing grounds, cattle-sheds and cow-houses either within or without the town of Howrah.

(ii) subject to such terms and conditions as the Commissioners may think fit to impose, subsidize by such means as they may consider proper or guarantee the payment from the funds at their disposal of such sums as they may think fit, by way of interest on the capital expended on the establishment, extension, maintenance, equipment or furnishing of privately owned grazing grounds or private dairies either within or without the town of Howrah.

(iii) provide or assist in the provision of, facilities for, and in connection with, the transport of milk and other dairy produce to the town of Howrah from any municipal or private dairy ;

(iv) purchase, maintain, or dispose of stud-bulls and take such other measures as may appear to the Commissioners to be desirable with a view to improving the local breed of cattle ; and

(v) establish, furnish, and maintain depôt or stores for the sale of milk and other dairy produce from municipal and other dairies.

LICENSING OF DAIRYMAN.

428. (1) No person shall, without or otherwise than in conformity with the terms of a license granted by the Commissioners in that behalf—

(a) carry on in the town of Howrah the trade or business of a dairyman ; or

(b) use any place in the town of Howrah for the sale of milk.

(2) Nothing in sub-section (1) shall apply to the sale of milk in any hotel or eating-house for consumption on the premises.

**Commissioners TO BE SATISFIED AS TO THE
SANITARY CONDITION OF DAIRIES BEFORE
GRANTING LICENSE UNDER SECTION 428.**

429. No person shall be licensed under section 428, sub-section (1), unless the **Commissioners**, after due inquiry, are satisfied that the milk is obtained by him from a dairy, whether within or without **the town of Howrah**, in which the provisions for the ventilation, including air-space, and the cleansing, drainage and water-supply are such as in the opinion of the **Commissioners** are necessary or proper—

(a) for the health and good condition of the milch-cattle therein,

(b) for the cleanliness of milk vessels used therein containing milk for sale, and

(c) for the protection of the milk against infection or contamination.

**POWER TO REQUIRE DAIRYMEN TO FURNISH
LIST OF SOURCES OF SUPPLY.**

430. If the Health Officer has reason to believe that any person in **the town of Howrah** is suffering or is likely to suffer from a dangerous disease attributable to milk supplied in **the town of Howrah** from any dairy situated within or without **the town of Howrah**, or that the consumption of milk from such place is likely to cause any person in **the town of Howrah** to suffer from a dangerous disease, the Health Officer may require the person supplying the milk to furnish, within a reasonable time to be fixed by the Health Officer, a complete list of all dairies from which that person's supply of milk is derived or has been derived during the last six weeks, and, if the supply or any part of it is obtained through any other person, may make a similar requisition upon him; and every person on whom any such requisition is made shall comply therewith.

**INSPECTION OF DAIRIES AND PROHIBITION OF
MILK-SUPPLY.**

431. (1) The Health Officer may inspect, with a qualified Veterinary Surgeon, any dairy referred to in section 430 and the milch-cattle therein, and if, on such inspection, the Health Officer is of opinion that the dangerous disease is caused or is likely to be caused from consumption of the milk supplied therefrom, he may make an order prohibiting the supply of any milk for human consumption from such dairy.

(2) An order made by the Health Officer under sub-section (1) shall be forthwith withdrawn on his being satisfied that the milk-supply has been changed or that the cause of infection has been removed.

(3) When an order is made under sub-section (1) or is withdrawn under sub-section (2) in respect of a dairy situated outside **the town of Howrah**, the Health Officer shall also inform the local authority within whose jurisdiction the dairy is situated.

(4) When an order is made under sub-section (1) the Health Officer may direct such milk to be boiled and permit it to be sold or used under such reasonable restrictions as he may prescribe in this behalf for food of animals, or he may cause the milk to be destroyed.

(5) No person shall sell or supply any milk in contravention of the provisions of this section.

(6) No dairyman shall be liable to an action for breach of contract if the breach be due to an order passed under this section.

**POWER TO SEIZE AND SEND MILCH-CATTLE TO
VETERINARY HOSPITAL FOR TREATMENT.**

432. (1) If, on an inspection referred to in section 431, sub-section (1), the Health Officer is of opinion that any milch-cattle in such dairy are suffering from a disease which is likely to cause any person consuming the milk to suffer from a dangerous disease, he may cause any such animal to be seized and may send it to a veterinary hospital for treatment.

(2) When any such animal has been sent to a veterinary hospital under sub-section (1), it shall be detained there until, in the opinion of the officer in charge of the hospital, it is cured.

(3) The cost of the treatment, feeding and watering of the animal in the hospital may be realized from the owner of the animal according to such scale of rates as the **Commissioners** may, from time to time, prescribe.

(4) If the owner refused or neglects to pay such cost or to remove the animal within such time as the officer in charge of the hospital may prescribe, that officer may direct the animal to be sold and the proceeds of the sale to be applied to the payment of such cost.

(5) The surplus, if any, of the sale-proceeds shall be held in deposit by the **Commissioners**, and shall on application to be made by the owner within six months after the date of sale, be paid to him.

**LICENSEES TO NOTIFY INFECTIOUS DISEASES EXIST-
ING AMONG PERSONS ENGAGED IN DAIRIES.**

433. Every person licensed under section 428, sub-section (1), shall notify to the Health Officer all cases of dangerous disease among persons engaged in, or in connection with the dairy whether within or without **the town of Howrah**, from which he obtains his supply of milk for sale in **the town of Howrah**, as soon as he becomes aware or has reason to suspect that such dangerous disease exists.

**APPLICATION OF SECTION 507 TO AN ENTRY TO
INSPECT DAIRY.**

434. The provisions of section 507 of the **Calcutta Municipal Act, 1923**, shall be applicable to an entry to inspect a dairy, whether within or without **the town of Howrah**, from which any milk is obtained for sale in **the town of Howrah**, for the purposes of these provisions.

Chapter XXX.—Restraint of Infection.

**MEDICAL PRACTITIONERS TO GIVE INFORMATION
OF EXISTENCE OF DANGEROUS DISEASE.**

435. Every medical practitioner who, in the course of his practice, becomes cognizant of the existence of any dangerous disease in any private or public dwelling-house, other than a public hospital, shall give information of the same with the least practicable delay to the Health Officer in such form and with such details as the Health Officer may, from time to time, require.

**POWER TO HEALTH OFFICER TO INSPECT PLACES
AND TAKE MEASURES TO PREVENT SPREAD OF
DANGEROUS DISEASE.**

436. The Health Officer, or any other municipal officer authorized by him in this behalf, may, at any time by day or by night, without notice, or after giving such notice of his intention as may, in the circumstances, appear to him to be reasonable, inspect any place in which any dangerous disease is reputed or suspected to exist and take such measures as he may think fit to prevent the spread of the said disease beyond such place.

**PROHIBITION OF USE FOR DRINKING OR FOR
OTHER DOMESTIC PURPOSE, OF WATER LIKELY
TO CAUSE DANGEROUS DISEASE.**

437. (1) If it appears to the Health Officer that the water in any well, tank or other place is likely, if used for the purpose of drinking or for any other domestic purpose, to engender or cause the spread of any dangerous disease, he may, by public notice, prohibit the removal or use of the said water for such purpose.

(2) No person shall remove or use for such purpose any water in respect of which any such public notice has been issued.

**POWER TO HEALTH OFFICER TO REMOVE PATIENT
TO HOSPITAL IN CERTAIN CASES.**

438. (1) When, in the opinion of the Health Officer, any person is suffering from a dangerous disease and is also without proper lodging or accommodation or is lodged in such a manner that he cannot be effectually isolated so as to prevent the spread of infection, and the said officer considers that such person should be removed to a hospital or place at which patients suffering from such disease are received for medical treatment, he may, with the approval of the **Chairman**, direct or cause the removal of such person to such hospital or place :

Provided that all costs incurred for the removal and in the treatment of any such patient may be borne by the **Commissioners** :

Provided also that, if any such person is a female, she shall not be removed to any such hospital or place unless the same has accommodation for females, of a suitable kind, and set apart from the portion assigned to males.

(2) The person (if any) who has charge of a person in respect of whom an order is made under sub-section (1) shall obey such order.

(3) If any female who, according to the custom of the country, does not appear in public, be removed to any hospital or place under sub-section (1)—

(a) the removal shall be effected in such a way as to preserve her privacy ;

(b) special accommodation suited to such custom shall be provided for her in such hospital or place ;

(c) she shall be treated therein by female agency only ; and

(d) her female relatives shall be allowed to remain with her.

**POWER TO HEALTH OFFICER TO DISINFECT BUILD-
ING, TANK, POOL OR WELL.**

439. (1) If the Health Officer, or any municipal officer authorized by him in this behalf, is of opinion that the cleansing or disinfecting of any building or any part of a building, or of any article therein which is likely to retain infection, or of any tank, pool or well adjacent to a building would tend to prevent or check the spread of any dangerous disease, he may cleanse or disinfect such building, part, article, tank, pool or well and may, by written notice, require the occupier of such building or any part thereof to vacate the same for such time as may be prescribed in such notice.

(2) The cost of cleansing or disinfecting any building or part thereof, or any article therein, under sub-section (1), shall be paid by the occupier of such building and the cost of cleansing or disinfecting any tank, pool or well, under the said sub-section, shall be paid by the person in actual possession of such tank, pool or well, or if there be no such person, by the owner thereof :

Provided that if, in the opinion of the **Commissioners**, the owner or occupier is from poverty unable to pay the said cost, the **Commissioners** may direct payment thereof to be made from the Municipal Fund.

**POWER TO HEALTH OFFICER TO DESTROY HUTS
AND SHEDS.**

440. (1) If the Health Officer is of opinion that the destruction of any hut or shed is necessary to prevent the spread of any dangerous disease, he may, after giving to the owner or occupier of such hut or shed such previous notice of his intention as may in the circumstances of the case appear to him reasonable, take measures for having such hut or shed and all the materials thereof destroyed.

(2) Compensation not exceeding the value of the hut shall be paid by the **Commissioners** to any person who sustains loss by the destruction of any such hut or shed ; but, except as to allowed by the **Commissioners**, no claim for compensation shall lie for any loss or damage caused by any exercise of the power conferred by sub-section (1).

**INFECTED BUILDING NOT TO BE LET WITHOUT
BEING FIRST DISINFECTED.**

441. No person shall let a building or any part of a building in which he knows or has reason to know that a person has been suffering from a dangerous disease,—

(a) unless the Health Officer has disinfected the same and has granted a certificate to that effect, and

(b) until a date specified in such certificate as that on which the building or part may be occupied without causing risk of infection.

Explanation.—For the purposes of this section the keeper of a hotel or inn shall be deemed to let part of his building to any person accommodated therein.

PROVISION OF PLACES FOR DISINFECTION, WASHING OR DESTRUCTION OF INFECTED ARTICLES AND POWER TO HEALTH OFFICER TO DISINFECT OR DESTROY SUCH ARTICLES.

442. (1) The **Commissioners** may provide a place or places, with all necessary apparatus and establishment, for the disinfection of conveyances, clothing, bedding or other articles which have become infected; and when any articles have been brought to any such place for disinfection, may cause them to be disinfected either,—

- (a) free of charge; or,
- (b) in their discretion, on payment of such fees as they may from time to time fix in this behalf.

(2) The **Commissioners** may from time to time by public notice, appoint a place or places at which conveyances, clothing, bedding or other articles which have been exposed to infection from any dangerous disease may be washed; and no person shall wash any such article at any place not so appointed, without having previously disinfected the same.

(3) The Health Officer, or any person authorized by him in this behalf, may disinfect or destroy, or by written notice, direct the disinfection or destruction of any clothing, bedding or other articles likely to retain infection.

(4) The **Commissioners** shall pay such compensation as may appear to them reasonable for any article destroyed under sub-section (3), and their decision shall be final.

INFECTED ARTICLES NOT TO BE TRANSMITTED, ETC., WITHOUT PREVIOUS DISINFECTION.

443. (1) No person shall, without previous disinfection of the same, give, lend, sell, transmit, or otherwise dispose of any article which he knows or has reason to know has been exposed to infection from any dangerous disease—

(2) Nothing in sub-section (1) shall apply to a person who transmits, with proper precautions, any such article for the purpose of having the same disinfected.

RESTRICTIONS ON CARRIAGE OF PATIENT OR DEAD BODY IN PUBLIC CONVEYANCE.

444. (1) No person who is suffering from a dangerous disease shall enter, or cause or permit himself to be carried in, a public conveyance nor shall any other person knowingly cause or permit a person in his charge and suffering from a dangerous disease or the dead body of any person who has died from such disease to be carried in a public conveyance without—

- (a) previously notifying to the owner, driver, or person in charge of such conveyance that he is so suffering, and
- (b) taking proper precautions against spreading such disease.

(2) Notwithstanding anything contained in any enactment relating to public conveyances for the time being in force, no owner or driver or person in charge of a public conveyance shall be bound to carry any person suffering as aforesaid or any such dead body in such conveyance, unless payment or tender of sufficient compensation for the loss and expenses he must incur in disinfecting such conveyance is first of all made to him.

(3) No owner, driver or person in charge of a public conveyance shall knowingly carry or permit to be carried in such conveyance any person suffering as aforesaid or any such dead body in contravention of sub-section (1).

DISINFECTION OF PUBLIC CONVEYANCE AFTER CARRIAGE OF PATIENT OR DEAD BODY.

445. (1) The owner, driver or person in charge of any public conveyance in which any person suffering from a dangerous disease or the dead body of any person who has died from such disease has been carried shall immediately take the conveyance for disinfection to a place appointed under section 442, sub-section (1).

(2) The person in charge of such place shall forthwith intimate to the Health Officer the number of the conveyance and proceed to disinfect the conveyance.

(3) No such conveyance shall be used until the Health Officer has granted a certificate stating that it may be used without causing risk of infection.

POWER TO COMMISSIONERS TO PROVIDE SPECIAL CONVEYANCES FOR PATIENT OR DEAD BODY.

446. (1) The **Commissioners** may provide and maintain suitable conveyances for the free carriage of persons suffering from any dangerous disease or of the dead bodies of persons who have died from any such disease.

(2) When such conveyances have been provided, it shall not be lawful, without the sanction of the Health Officer, to carry any such person or dead-body in, or for any such person to cause himself to be carried in, any other public conveyance.

POWER TO COMMISSIONERS TO TAKE SPECIAL MEASURES ON OUTBREAK OF DANGEROUS DISEASE OR INFECTIOUS EPIZOOTIC DISEASE.

447. In the event of the town of Howrah being at any time visited or threatened with an outbreak of any dangerous disease, or in the event of any infectious epizootic disease breaking out or being likely to be introduced into the town of Howrah, the **Commissioners**, if they consider that the other provisions herein or the provisions of any other enactment for the time being in force in the town of Howrah are insufficient for the purpose, may, with the sanction of the Local Government,—

- (a) take such special measures, and,
 - (b) by public notice, prescribe such temporary rules to be observed by the public or by any person or class of persons,
- as they may deem necessary to prevent the outbreak of such diseases or the spread thereof.

Chapter XXXI.—Registration of Births and Deaths and Disposal of the Dead.

Registration of births and deaths.

APPOINTMENT OF REGISTRARS AND SUB-REGISTRARS, AND LIST OF SAME.

448. (1) The Health Officer shall be chief registrar of the town of Howrah and shall keep in such form as may from time to time be prescribed by the Local Government, a register of all births and deaths occurring in the town of Howrah.

(2) The **Commissioners** shall, for the purposes of this chapter, divide the town of **Howrah** into such and so many districts as they may think fit, and shall appoint a person to be Registrar of Births and Deaths for each such district.

(3) On the occurrence of any dangerous disease, the **Commissioners** may appoint as many additional Registrars as they may think necessary.

(4) The **Commissioners** shall appoint a Sub-Registrar for each registered burial or burning ground or other place for the disposal of the dead, to register all corpses brought thereto for interment or cremation or for disposal otherwise :

Provided that it shall be competent to the **Commissioners** to appoint the same Sub-Registrar for more than one such burial or burning ground or other place.

(5) The **Commissioners** shall cause to be printed and published a list containing the name and address of every Registrar and Sub-Registrar appointed under this section.

REGISTER-BOOKS.

449. The **Commissioners** shall cause to be prepared and printed a sufficient number of register-books in such form as may from time to time be prescribed by them, for making entries of all births and deaths occurring in the town of **Howrah**.

REGISTRAR TO INFORM HIMSELF OF, AND REGISTER. BIRTHS AND DEATHS.

450. A Registrar shall inform himself of every birth and death occurring in his district, and shall ascertain and register, as soon as conveniently may be after the event, and without fee or reward, the particulars prescribed in Schedule XXI or Schedule XXII, as the case may be, in respect of every birth or death which has not been already registered.

INFORMATION OF BIRTH BY WHOM TO BE GIVEN.

451. It shall be the duty of the father or mother of every child born in the town of **Howrah** and, in default of the father or mother, of any relation of the child living in the same premises and in default of such relation, of the person having charge of the child, to give to the best of his knowledge and belief, to the Registrar of the district within eight days after such birth, information of the several particulars proscribed in Schedule XXI :

Provided that if any one of the persons hereinbefore referred to gives the said information, no other person shall be bound to give it :

Provided also that, in the case of an illegitimate child, no person shall, as father of such child, be required to give information under these provisions concerning the birth of such child, and the Registrar shall not enter in the register the name of any person as father of such child, unless at the joint request of the mother and of the person acknowledging himself to be the father of such child, and such person shall in such case sign the register together with the mother.

INFORMATION OF DEATH BY WHOM TO BE GIVEN.

452. It shall be the duty of the nearest relatives present at the time of the death or in attendance during the last illness of any person dying in the town of **Howrah**, and in default of such relatives, of each person present or in attendance at the time of the death, and of the occupier of the premises in which, to his knowledge, the death took place, and in default of the persons hereinbefore in this section mentioned, of each inmate of such premises, and of the undertaker or other person causing the corpse of the deceased person to be disposed of, to give, to the best of his knowledge and belief, to the Registrar of the district, or to the Sub-Registrar of the burial or burning ground or other place for the disposal of the dead where the body is buried or burnt or otherwise disposed of, information of the several particulars prescribed in the Schedule XXII :

Provided that if any of the persons hereinbefore referred to gives the said information, no other person shall be bound to give it :

Provided also that if the death occurs in a hospital, none of the said persons shall be bound to give such information, but it shall be the duty of the medical officer in charge of the hospital, within twelve hours after the death, to send to the Health Officer a written notice containing the several particulars prescribed in Schedule XXII.

MEDICAL PRACTITIONERS TO SEND TO HEALTH OFFICER NOTICE STATING CAUSE OF DEATH.

453. Any medical practitioner in attendance during the last illness of any person dying in the town of **Howrah** shall, within three days of his becoming cognizant in the course of such attendance of the death of such person, send a written notice to the Health Officer, as nearly as may be in the form prescribed in Schedule XXII, stating, to the best of his judgment, the cause of death.

DUTIES OF POLICE WITH REGARD TO UNCLAIMED CORPSES.

454. It shall be the duty of the police to convey every unclaimed corpse to a burial or burning ground or other place for the disposal of the dead, or to a duly appointed mortuary, and thereafter to inform the Registrar of the district in which such corpse was found.

SEXTONS, ETC., NOT TO BURY, ETC., CORPSE WITH- OUT CERTIFICATE.

455. A sexton or keeper of a burial or burning ground or other place for the disposal of the dead, whether situated in the town of **Howrah** or not, shall not bury, burn or otherwise dispose of, or allow to be buried or burnt or otherwise disposed of, the corpse of any person who has died in the town of **Howrah** unless such corpse is accompanied by a certificate, in the form prescribed by Schedule XXII, signed by a Registrar or Sub-Registrar appointed under section 448 or by a registered medical practitioner or any other medical practitioner authorized in this behalf by the Local Government :

Provided that, at any burial or burning ground or other place for the disposal of the dead where there is a Sub-Registrar approved in this behalf by the **Commissioners** who keeps a register in the form prescribed by the said schedule, an entry in such register relating to the deceased shall be deemed sufficient.

POWER TO LOCAL GOVERNMENT TO MAKE RULES.

456. The Local Government may make rules—

(a) prescribing the qualifications to be required in persons appointed to be Registrars or Sub-Registrars under this chapter ;

(b) generally, for the guidance of the **Commissioners**, the Health Officer, Registrars and Sub-Registrars in all matters connected with the carrying out of the provisions of this chapter.

Disposal of the dead.

REGISTRATION OF PLACES FOR DISPOSAL OF THE DEAD.

457. (1) Every owner or keeper of a place, not vested in or owned by the **Commissioners** or a Board appointed by the Local Government for the administration of such place, which is used for burying, burning or otherwise disposing of the dead shall cause the same to be registered in a register which shall be kept by the **Commissioners**, and shall deposit it in the municipal office at the time of registration a plan of the said place showing the extent and boundaries thereof and bearing the signature of a surveyor in token of its having been prepared by or under the supervision of such surveyor.

(2) All burial and burning grounds shall be classified by the **Commissioners** in the said register as public or private.

PROVISION AND REGISTRATION OF NEW PLACES FOR DISPOSAL OF THE DEAD.

458. If the existing places for the disposal of the dead appear to the **Commissioners** at any time to be insufficient, they shall—

(a) provide other fit and convenient places for the disposal of the dead, either in or without the town of Howrah,

(b) cause the same to be registered in the register kept under section 457, sub-section (1), and

(c) cause to be kept in the municipal office, at the time of registration of each place so provided, a plan thereof showing the extent and boundaries of the same.

PERMISSION OF THE **Commissioners** REQUIRED FOR OPENING OR RE-OPENING PLACES FOR DISPOSAL OF THE DEAD.

459. Except with the written permission of the **Commissioners**—

(a) no place which has never previously been lawfully used as a place for the disposal of the dead and registered as such shall be opened by any person as such place, and

(b) no burial or burning ground or other place for the disposal of the dead which has fallen into disuse shall be again used as such.

POWER TO LOCAL GOVERNMENT TO DIRECT THE CLOSING OF ANY PLACE FOR THE DISPOSAL OF THE DEAD.

460. (1) If, from information furnished by competent persons and after personal inspection, the Health Officer is at any time of opinion—

(a) that any place of public worship is, or is likely to become, injurious to health by reason of the state of the vaults or graves within the walls of, or underneath, such place or in any churchyard or burial ground adjacent thereto, or

(b) that any other place used for the disposal of the dead is in such a state as to be, or to be likely to become, injurious to health,

he may submit his said opinion, with the reasons therefor, to the **Commissioners**, who shall forward the same, with their opinion, for the consideration of the Local Government.

(2) Upon receipt of such opinion, the Local Government, after such further inquiry (if any) as they deem fit to make, may, by notification published in the *Calcutta Gazette* and in local newspapers, direct that such place of public worship, churchyard, burial ground or other place for the disposal of the dead shall no longer be used for the disposal of the dead.

(3) Every such notification shall be noted in the register kept under section 457, sub-section (1).

(4) On the expiration of two months from the date of any such notification, the place to which the same relates shall be closed for the disposal of the dead.

(5) A copy of the said notification, with a translation thereof in the Bengali, Hindi and Urdu languages, shall be affixed on a conspicuous spot on or near the place to which the notification relates, unless such place be a place of public worship.

POWER TO LOCAL GOVERNMENT TO DIRECT RE-OPENING OF PLACE CLOSED UNDER SECTION 460 OR OTHER ENACTMENT.

461. (1) If, after personal inspection, the Health Officer is at any time of opinion that any place formerly used for the disposal of the dead which has been closed under section 460 or under any other enactment or authority has, by lapse of time, become no longer injurious to health and may, without risk of danger, be again used for the said purpose,

he may submit his said opinion, with the reasons therefor, to the **Commissioners**, who shall forward the same, with their opinion, for the consideration of the Local Government.

(2) Upon receipt of such opinion, the Local Government, after such further inquiry (if any) as they deem fit to make, may, by notification published in the *Calcutta Gazette*, direct that such place be re-opened for the disposal of the dead.

(3) Every such notification shall be noted in the register kept under section 457, sub-section (1).

PROHIBITION OF CERTAIN ACTS WITHOUT THE PERMISSION OF THE **Chairman**.

462. (1) No person shall, without the written permission of the **Chairman**—

(a) make any vault, grave or interment within any wall, or underneath any passage, porch, portico, plinth or verandah, of any place of worship ; or

(b) make any interment or otherwise dispose of any corpse in any place which is closed for the disposal of the dead under section 460 ; or

(c) build, dig or cause to be built or dug any grave or vault, or in any way dispose of, or suffer or permit to be disposed of, any corpse at any place which is not registered in the register kept under section 457, sub-section (1) ; or

(d) exhume any body from any place for the disposal of the dead, except under the provisions of section 176 of the Code of Criminal Procedure, 1898* (V of 1898), or of any other relevant enactment for the time being in force.

(2) Such permission may be granted by the **Chairman** in special cases only and subject to such general or special orders as the Local Government may make in this behalf.

(3) An offence against clauses (b), (c) or (d) of sub-section (1) shall be deemed to be a cognizable offence within the meaning of sections 149, 150 and 151 of the said Code of Criminal Procedure, 1898.

ADDENDA AND CORRIGENDA.

No. 4236F.—8th November 1930.—The following amendments which have been authorised are published for general information:—

The Fundamental and Subsidiary Rules, 1st Edition (Reprint).

Page 50—S. R. 67.—Insert the following as an explanatory note under item (3) subordinate to this rule:—

(i) A deputation takes place when an additional court is temporarily added to the permanent staff of station in order to assist the permanent officers of the place in dealing with unusual arrears that have accumulated there. Deputation allowance is admissible in this case as the officer moved has been taken away from his permanent post to which he will return in due time and may be reasonably considered to be keeping an establishment in his own station and an additional establishment in the station to which he has been deputed.

A transfer takes place when there is a change in the personnel of the permanent district staff and no deputation is admissible in such cases, even if the transfer is for a short period.

(ii) Ordinarily deputation allowances will not be allowed to officers in cases in which they join their duties at the station to which they are deputed before joining the station to which they are permanently attached, i.e., unless the deputation involves an actual change of station and the expenses of a double establishment. Claims not covered by this principle should be referred to the Local Government for orders.

Page 385—Delegation Chapter.—Insert the following as a new item against serial No. 31 relating to subsidiary rule 67:—

Nature of power.	Authority to which the power is delegated.
Power to depute temporarily subordinate Judicial officers to hold Court at another station.	High Court in the case of munsifs. Local Government in the case of sub-judges.

Howrah.—No. 12791L.R.—5th November 1930.—Under section 3 of the Bengal Survey Act (Act V of 1875), the Governor in Council is pleased to order that a survey shall be made of all lands which are comprised in the Government estate Chakrabaria, bearing tauzi No. 1042 of the Howrah Collectorate, and situated in the district of Howrah, and that the boundaries of estates, tenures, mauzas and fields be demarcated on the lands so to be surveyed.

Howrah.—No. 12792L.R.—5th November 1930.—In exercise of the powers conferred by section 101 (2) (d) of the Bengal Tenancy Act (Act VIII of 1885), the Governor in Council is pleased to order that a survey shall be made and a record-of-rights prepared in respect of all lands which are comprised in Government estate Chakrabaria, bearing tauzi No. 1042 of the Howrah Collectorate, and situated in the district of Howrah.

The particulars to be recorded in the record-of-rights shall be the following:—

- (a) the name of each tenant or occupant;
- (b) the class or classes to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat, or under-raiyat, with or without a right of occupancy, and if he is tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
- (c) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;
- (d) the name of each tenant's landlord;
- (e) the rent and cess lawfully payable by each tenant at the time the record-of-rights is being prepared;

(f) the amount payable in respect of any rights of pasturage, forest rights, rights over fisheries and the like at the time the record-of-rights is being prepared, the conditions and incidents appertaining to such rights, and if the amount is a gradually increasing amount, the time at which and the increments by which it increases,

(g) the mode in which that rent has been fixed, whether by contract, by order of a court, or otherwise;

(h) if the rent is a gradually increasing rent, the time at which and the steps by which it increases;

(i) the rights and obligations of each tenant and landlord in respect of—

(i) the use by tenants of water for agricultural purposes, whether obtained from a river, jhil, tank or well or any other source of supply, and

(ii) the repair and maintenance of appliances for securing a supply of water for the cultivation of the land held by each tenant, whether or not such appliances be situated within the boundaries of such land;

(j) the special conditions and incidents, if any, of the tenancy;

(k) any right-of-way or other easement attaching to the land for which a record-of-rights is being prepared;

(l) if the land is claimed to be held rent-free, whether or not rent is actually paid, and if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;

Provided that if lands are not used for purposes connected with agriculture or horticulture, it shall be sufficient to record that fact together with the prescribed particulars relating to the occupant, the landlord and the tenancy.

Educational Notices.

Bengal Public Health Department.

NOTICE.

Calcutta, the 15th October 1930.

No. 14784A.—The next session of the Sanitary Inspectors' Training Class will be opened from Monday, the 5th January 1931, at the Calcutta Technical School, No. 110, Corporation Street, Calcutta. Applications for admission to the class are invited from qualified candidates. The Matriculation Examination or the B Final Examination is the prescribed minimum qualification for admission, preference being given to those candidates possessing a recognisable engineering qualification or who have passed the Intermediate Science Examination. Eligible candidates shall be personally interviewed by the Selection Committee at Calcutta before they are selected for admission on the basis of the native districts and religions of the candidates. The last date for receiving applications is the 22nd November 1930.

2. The full course of training consists of two parts, (a) elementary hygiene, including first aid to the injured and home nursing, and (b) elementary sanitary engineering, requiring six months for each part, with a fee of Rs. 50 for each part. The examination fee for each part is Rs. 5.

3. Every application for admission to the class must be addressed to the Director of Public Health, Bengal, Writers' Buildings, Calcutta, and must contain all the following particulars on a separate sheet of paper. No printed form is available:—

- (a) Applicant's name in full.
- (b) Applicant's religion and caste.
- (c) Applicant's age on 1st January 1931.

- (d) Applicant's native district or permanent domicile.
- (e) Applicant's place of education (name of school or college).
- (f) Applicant's educational qualifications, school or college, examination and division.
- (g) Applicant's permanent address with names of nearest police-station, post and telegraph offices, village and district.
- (h) Applicant's original certificate of moral character.
- (i) Applicant's original certificate of physical fitness.
- (j) Applicant's present appointment or employment.
- (k) Applicant's present full postal address to which communications should be addressed.

4. Letters of recommendation in support of a candidate in contradistinction to certificates from teachers or other persons entitled to speak of the abilities or character of an applicant shall be held to disqualify the person producing them, as also attempts to obtain personal interviews with members of the Selection Committee.

5. In communications addressed to the Director of Public Health subsequent to the submission of applications the native districts of the candidates must be stated.

C. A. BENTLEY, C.I.E., M.B., D.P.H.,
Director of Public Health, Bengal.

Education Department, Bengal.

NOTIFICATION.

No. 4T.B.—23rd October 1930.—In accordance with the Government (Education Department) notification No. 3059Edn., dated the 13th November 1928, the following list of text-books approved by this department for use in all Government and Government-aided Secondary Schools in this Presidency is published for general information.

Unless it is otherwise stated in the list, books are approved for a period of three years from January 1931. The attention of authors and publishers is, however, drawn to rule 30 of the Text-Book Committee Rules, which runs:—

“Any book approved for use in schools as a text-book shall normally remain on the list for three years. Authors or publishers who desire the book to remain on the approved list are required to apply in the third year of such period for renewal of recognition, forwarding a copy of the latest edition of the book, in the manner prescribed for the submission of new books. Failing such application, the book is liable to be removed from the list without notification. No book shall, without cogent reasons, which shall be communicated to the publishers, be removed before the expiry of three years from the date of recognition. The approved list shall be revised from time to time, in accordance with a procedure to be prescribed in supplementary rules framed by the Committee in accordance with its powers under rule 15.”

In classes VII-X, the instruction and examination in all subjects shall be conducted either in English or in the vernacular. In classes below class VII, the instruction and examination in all subjects shall be conducted in the vernacular only.

The syllabuses for classes I-III in the revised curriculum for Primary Schools (and Maktabas), now in force in both parts of this Presidency, shall be adopted, respectively, in the Infant class, Class I and Class II of Middle Schools and the corresponding classes of High Schools for both boys and girls. Classes I-III of Primary Schools including Maktabas shall henceforth be called the Infant class, Class I and Class II, respectively. Text-books approved by this department for the Infant class, Class I and Class II of Primary Schools (and Maktabas) will be applicable to the corresponding classes of Secondary Schools.

Text-books recommended by the University of Calcutta for the Matriculation Examination and the Dacca Intermediate Board for the High School Examinations for 1931 and 1932 are appended to this list.

N.B.—(i) Prior to the publication of a new edition, all additions, alterations or omissions in the text of a sanctioned book must receive the sanction of the Committee.

(ii) No name except that of the author and publisher should be allowed on cover or title page (*i.e.*, no name of Editor, reviser or writer of foreword or preface should be allowed).

(iii) Mat (*i.e.*, dull) and not shining paper should be used.

(iv) Misleading statements on the cover or title page should be avoided. It should be clearly mentioned whether the book is approved as a text-book, a supplementary reader or a prize and library book.

(v) Any deterioration in paper, printing or illustrations of an approved book will render it liable to immediate withdrawal from the list.

(vi) Price—

(a) One anna and six pies for each thirty-two pages of printed matter *plus* a concession of 40 per cent.—

This rate will be applicable to Bengali Readers, Bengali Grammar, Bengali Composition, History (in Bengali), Science (in Bengali), Hygiene (in Bengali), Mathematical text-books (in Bengali) and also text-books on Sanskrit Grammar and Composition.

(b) Two annas for each thirty-two pages of printed matter *plus* a concession of 40 per cent.—

This rate will be applicable to text-books on English literature, Geography (in English and Bengali), History (in English), Science (in English), Mathematics (in English), Hygiene (in English) and also text-books written in Sanskrit, Arabic, Persian and Urdu.

(c) One anna and six pies for a Bengali Copy-book.

A note on the Pupil's materials in the Drawing Class.

It appears (though it is not very clearly put in the syllabus) that work in classes 3 and 4 is in pencil and pastel. In class 4 water colour is introduced.

Pencil work requires a drawing book containing white drawing paper, a decent pencil, a piece of good India rubber, and two or three sharp knives in the class. At present a great deal of the drawing is done in ordinary khatas, with cheap pencils having blunt points, and a wet finger is used as a substitute for India rubber.

Pastel work requires a book of coloured paper, one box of about 10 colours for each child, and a stock of the deeper colours in *dur* or *demi-dur* crayons for general use. These deeper colours are rather more expensive than the usual, costing from 1d. to 6d. a stick; they are unobtainable in India; they have to be obtained from London or direct from Le Franc in Paris. Without these colours it is impossible to give a correct representation of many objects, e.g., the shadows on a leaf or fruit require a deep blue-green which is not contained in the standard boxes of the pupils.

To get good work in water colour it is absolutely necessary that the pupils should use good colours—and the right colours. It is usually considered best for the teacher to have the colours in tubes and to press out small dabs of the colours needed on to the pupil's palette. The ordinary paint boxes sold in stationery shops contain more colours than the child should use, and those of very bad quality.

In short the pencils, pastels and colours must be supplied by the school; not by the individual. This is not only cheaper for the parent, but is also an essential condition of good work.

History.

Books recommended to indicate the standard of knowledge required:—

HISTORY OF INDIA.

R. C. Majumdar. A Brief History of India.
 V. A. Smith. The Student's History of India. (Oxford University Press).
 R. C. Majumdar. Bharatbarsher Sankshipta Itihas (in Bengali).
 Khagendranath Mitra. Bharatbarsher Itihas (in Bengali).
 H. P. Shastri. Bharatbarsher Itihas (Bengali) (1st published 1928).
 M. N. Ray. High School History of India (Urdu).
 The Student's Atlas of Indian History by the Author of the "Historical Atlas of the British Empire" (Macmillan) (price 8 as.).

(N.B.—Candidates are required to have a knowledge of map-drawing.)

Administration and Progress in India under British Rule.

N. N. Ghose. England's Work in India (latest revised edition).
 Khagendranath Mitra. Bharate Ingrez Shasan (in Bengali).

Geography.

Books recommended to be used by students in studying the subject in accordance with the syllabus.

C. Morrison. Our World of Human Geography.
 The World, with fuller treatment of India (Longman's Geographical Series for India, Book II).
 F. D. Unstead. The Practical Geography, Parts I and II.
 B. C. Wallis. Macmillan's Geography Exercise Book (India).
 A. Bose. Outlines of Geography.
 Ideal Advanced Regional Geography published by the Grant Educational Company, Limited.

*Open only to a candidate, if it is not his vernacular.

The following books are recommended for the use of teachers:—

Blandford. The Rudiments of Physical Geography for the use of Indian Schools.

Frew. A Regional Geography of the Indian Empire (Blackie and Son).

Wallis. The Teaching of Geography (Cambridge University Press).

O'Malley. Bengal, Behar and Orissa, Sikkim (Macmillan and Co.).

The following book is recommended for the use of teachers in connection with the teaching of "Sand Modelling" in the lower class of schools:—

A. F. Frye. The Child and Nature.

[N.B.—Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

I. (The total cost need not exceed Rs. 65.)

- (1) A measuring tape and metre scale and foot-rule.
- (2) A magnetic compass.
- (3) Squared paper and tracing paper.
- (4) Clay, dry sand, paper pulp for modelling.
- (5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only of the land masses marked upon it.
- (6) A map of the school locality on a scale of 4" or 6" = 1 mile.
- (7) A map of the district in which the school is situated 1" = 1 mile.
- (8) A coloured map of the province.
- (9) A coloured political map of India.
- (10) A physical map of India.
- (11) A relief map of India.
- (12) A map of the world on Mollweild's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand map, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography:—

- (1) A thermometer.
- (2) A mercury barometer.
- (3) A rain-gauge.
- (4) A small collection of typical rocks; in particular, those of the province and India.
- (5) A small museum of typical products.
- (6) A good standard atlas.
- (7) Geographical pictures.
- (8) Magic lantern and slides.

(1) The attention of teachers is invited to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Dutt, Head Pandit, Habiganj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Phillip and Son, London, W., and A. K. Johnston, London, and Messrs. Ruddiman, London. Small hand globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The "Comparative" series of large wall maps of the continents published by George Phillip and Son is good and up to date; so also are the Geographical wall maps published by Edward Stanford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps, also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, named on one side, and the same map without names on the reverse, published by Armond Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand-maps, coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps showing river systems and a few towns, published by the same Company, are excellent for class use.

The autograph hand maps, with hill shading in brown, published by Messrs. Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15" map of the world on Mollweild's equal area projection is specially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Horns Hachette of Paris, Messrs. Holz of Vienna, and Messrs. Longmans Green and Company. They cost, delivered in India, from two or three rupees each.

Map lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Burlington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.]

Elementary Mechanics.

The following books are recommended:—

A. N. Sen. *Elementary Mechanics.*

Briggs and Bryan. *Matriculation Mechanics.*

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination:—

Plumb-line and level.

Simple lever (including brass slotted weight).

Roman steelyard.

Lecture apparatus for experiment on movements.

George's New Atwood's Machine.

Stop watch.

Glazebrooke's apparatus (to demonstrate movement of a body).

Hick's Ballistic Balance.

Compound Wheel and Axle.

4 Single Brass Pulleys.

2 Triple Brass Pulleys.

Weston Differential Pulleys Blocks ($\frac{1}{2}$ ton).

16 feet of Chain at 6d. per foot.

Inclined Plane.

Parallelogram of Forces apparatus.

Wall Crane.

Becker's New Physical Balance.

Set of gramme weights (200 grams to 1 mgr.).

2 Composition Ivory Balls.

NOTE.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list, specially for demonstration purposes, and subsequently to develop simplified duplicates illustrating the same principles, which the boys should be given opportunity actually to experiment with on their own individual account or working in pairs.

Elementary Hygiene.

No text-books are prescribed or recommended. The subject is to be studied in accordance with the syllabus prescribed in the Regulations.

SYLLABUS IN HYGIENE.

I. *Definition of Hygiene—Personal and Public.*

II. *General structure of the human body.*—The skeleton; muscles; nervous respiratory, circulatory, secretory and excretory system. Organs of special sense.

III. *General functions of human body.*—Locomotion; Innervation; Physiology of Respiration, Circulation and Digestion.

Secretion and Excretion.

IV. *Air.*—Its average composition. Functions of Oxygen. The air before and after respiration. Other sources of impurities. Air of crowded rooms. Evil effects of impure air. Increased incidence of Tuberculosis in India. Dust and its dangers. Air-borne diseases.

Means of purification of air, *natural* and *artificial*: part played by plants. Ventilation. Minimum air-space for each person in schools and dwelling houses.

V. *Water.*—Its composition. Natural waters.

The need for water and the quantity required per individual.

Chief sources of water-supply in Bengal and how they are polluted.

Chief impurities of water and their significance. Hard and soft waters.

How to keep the sources of water (wells, tanks, etc.) free from pollution.

Means for purification of drinking water; distillation; filtration; use of chemicals; boiling.

Evil effects of the impure or scanty supply of water. Water-borne diseases.

VI. *Food.*—Its five nutritive principles (Proteids, Fat, carbohydrate, Salts and Water), their respective functions and the quantity of each required in health for people of different ages and vocations.

Composition of common foodstuffs:—

Milk; Meat; Fish; Eggs; Poultry; Flour; Rice, *Dal*; Butter, Ghee and Oil; Sugar; Potatoes; various fresh vegetables, fruits and nuts.

Character of good meat, fish and milk.

Common adulterants of food.

Food in relation to diseases.

Accessories of food—condiments and *chutneys*. Good drinks and harmful drinks—tea, coffee and cocoa; aerated waters; alcohol.

Construction of suitable diet—Scales for different people. Eating of food and time of eating, intemperance in eating, insufficiency of food.

Cooking, storage and distribution of food.

Some preserved foods.

VII. *Dwelling Houses.*—Selection of site; houses to be constructed on well-thought-out plans; plenty of light and air; protection against damp; good drainage; privies, cowsheds and stables at some distance from the main building; sufficient open space between contiguous houses; adequate arrangements for disposal of refuse and filth.

Huts in villages; low lands to be avoided; plinth well-raised; sufficient number of openings for light and air in each room; situation of latrines and cowsheds; arrangements for drainage and disposal of sewage.

VIII. *Preventive Medicine.*—Epidemic and endemic diseases. Malaria, Cholera, Small-pox, Plague, Influenza, Typhoid fever, Kala-azar, Dysentery, Tuberculosis, Consumption, Hook-worm and other common parasitic diseases—a brief study as to their origin and modes of spread and the measures for their prevention.

Insects in relation to spread of diseases.

Small-pox and vaccination.

A general knowledge of antiseptics, disinfectants, and inoculations.

Disinfection of rooms, clothing, beddings, excreta and discharges.

IX. *Personal Hygiene.*—Care of teeth, hair and skin. Baths. Clothings—Materials and forms used should be adapted to the climate, habits and occupation of the people. Clothing of children.

Work and Exercise.—Out-door and in-door games.

Fatigue, Rest and Sleep.—Amount of sleep required for persons of different ages.

Importance of attitude and postures. Eye-sight and its preservation.

Bad habits.

X. *Evil effects of the use of Intoxicating Drugs.*—Tobacco, Opium, Indian hemp, Cocaine.

NOTE.—It is not intended that candidates should be examined in Chemistry, Anatomy, Physiology or like contributory subjects; but the students should be taught, with the aid of experiments, such simple facts in these contributory subjects as may be essential for an elementary scientific knowledge of hygiene.

The schools which apply for recognition in Hygiene are expected to provide the following appliances:—

	Quantity.
1 Human skeleton (articulated)	1
2 A complete set of human bones (disarticulated).	
3 Charts:—	
(a) Circulatory system.	
(b) Respiratory system.	
(c) Digestive system.	
(d) Secretory system.	
(e) Nervous system.	
4 Charts showing the different carriers of the most common infective diseases:—	
(a) Mosquitoes.	
(b) Flies.	
(c) Fleas, etc., and their life history.	
(d) Common parasites—itches, etc.	
5 Charts showing the life cycles of malarial parasites in man and in the mosquitoes.	
6 Charts showing common intestinal parasites such as round worm, thread-worm, hook-worm, etc.

TEXT-BOOKS.

Same books as are prescribed for 1931.

History.

Books recommended to indicate the standard of knowledge required:—

History of India.

- R. C. Majumdar. A Brief History of India (latest edition).
 V. A. Smith. The Students' History of India (Oxford University Press).
 Rapson. Ancient India.
 R. C. Majumdar. Bharatbarsher Sankshipta Itihas (in Bengali, latest edition).
 Khagendranath Mitra. Bharatbarsher Itihas (in Bengali).
 H. P. Shastri. Bharatbarsher Itihas (Bengali) (1st published 1928).
 R. K. Gupta. Bharatbarsher Itihas (Bengali).
 Gurubandhu Bhattacharyya. Bharatbarsher Nutan Itihas (Bengali).
 M. N. Ray. High School History of India (Urdu).

The Students' Atlas of Indian History by the author of the "Historical Atlas of the British Empire" (Macmillan) (price eight annas).

(N. B.—Candidates are required to have a knowledge of map-drawing.)

Administration and Progress in India under British Rule.

- N. Ghosh. England's Work in India (latest revised edition).
 Khagendranath Mitra. Bharate Ingrez Shasan (in Bengali)—
 latest revised edition

Geography.

Books recommended to be used by students in studying the subject in accordance with the syllabus:—

- C. Morrison. Our World of Human Geography.
 The world with fuller treatment of India (Longman's Geographical Series for India, Book II).
 F. D. Unstead. The Practical Geography, Parts I and II.
 B. C. Wallis. Macmillan's Geography Exercise Book (India).
 A. Bose. Outlines of Geography.
 Ideal Advanced Regional Geography published by the Grant Educational Company, Limited.

The following books are recommended for the use of teachers:—

- Blandford. The Rudiments of Physical Geography for the use of Indian Schools.
 Frew. A Regional Geography of the Indian Empire (Blackie & Son).
 Wallis. The Teaching of Geography (Cambridge University Press).
 O'Malley. Bengal, Behar and Orissa, Sikkim (Macmillan & Co.).
 L. Dudley Stamp. The World. A General Geography for Indian Schools (Longmans, Green & Co.).

The following book is recommended for the use of teachers in connection with the teaching of "Sand Modelling" in the lower classes of schools:—

- A. F. Frye. The Child and Nature.

[N. B.—Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

I. (The total cost need not exceed Rs. 65.)

- (1) A measuring tape and metre scale and foot-rule.
- (2) A magnetic compass.
- (3) Squared paper and tracing paper.
- (4) Clay, dry sand, paper pulp for modelling.
- (5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only of the land masses marked upon it.
- (6) A map of the school locality on a scale of 4" or 6"=1 mile.

- (7) A map of the district in which the school is situated 1"=1 mile.
- (8) A coloured map of the province.
- (9) A coloured political map of India.
- (10) A physical map of India.
- (11) A relief map of India.
- (12) A map of the world on Mollweide's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand map, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography:—

- (1) A thermometer.
- (2) A mercury barometer.
- (3) A rain-gauge.
- (4) A small collection of typical rocks; in particular, those of the province and India.
- (5) A small museum of typical products.
- (6) A good standard atlas.
- (7) Geographical pictures.
- (8) Magic lantern and slides.

(1) The attention of teachers is invited to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Dutt, Head Pandit, Habiganj Government Girls' School, Sylhet and sold for Rs. 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Phillip and Son, London, W., and A. K. Johnston, London, and Messrs. Ruddiman, London. Small hand globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The "Comparative" series of large wall maps of the continents published by George Phillip and Son is good and up to date; so also are the Geographical wall maps published by Edward Stanford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps, also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, named on one side, and the same map without names on the reverse, published by Armand Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand maps coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps showing river systems and a few towns published by the same Company, are excellent for class use.

The autograph hand maps, with hill shading in brown, published by Messrs. Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15" map of the world on Mollweide's equal area projection is specially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Horns Hachette of Paris, Messrs. Holzcl of Vienna, and Messrs. Longmans, Green and Company. They cost, delivered in India, from two or three rupees each.

Map, lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Burlington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.]

Elementary Mechanics.

The following books are recommended:—

- A. N. Sen. Elementary Mechanics.
Briggs and Bryan. Matriculation Mechanics.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination:—

- Plumb-line and level.
- Simple lever (including brass slotted weight).
- Roman steelyard.
- Lecture apparatus for experiment on movements.
- George's New Atwood's Machine.
- Stop watch.
- Glazebrooke's apparatus (to demonstrate movement of a body).
- Hick's Ballistic Balance.
- Compound Wheel and Axle.
- 4 Single Brass Pulleys.
- 2 Triple Brass Pulleys.
- Weston Differential Pulleys Blocks ($\frac{1}{2}$ ton).
- 16 feet of Chain at 6d. per foot.
- Inclined Plane.
- Parallelogram of Forces apparatus.
- Wall Crane.
- Backer's New Physical Balance.
- Set of gramme weights (200 grams to 1 mgr.).
- 2 Composition Ivory Balls.

NOTE.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list, specially for demonstration purposes, and subsequently to develop simplified duplicates illustrating the same principles, which the boys should be given opportunity actually to experiment with, on their own individual account or working in pairs.

Elementary Hygiene.

No text-books are prescribed or recommended. The subject is to be studied in accordance with the syllabus prescribed in the Regulations.

Syllabus in Hygiene.

I. Definition of Hygiene—Personal and Public.

II. *General structure of the human body.*—The skeleton; muscles; nervous, respiratory, circulatory, secretory and excretory system. Organs of special sense.

III. *General functions of human body.*—Locomotion; Innervation; Physiology of Respiration, Circulation and Digestion. Secretion and Excretion.

IV. *Air.*—Its average composition. Functions of Oxygen. The air before and after respiration. Other sources of impurities. Air of crowded rooms. Evil effects of impure air. Increased incidence of Tuberculosis in India. Dust and its dangers. Airborne diseases. Means of purification of air, *natural* and *artificial*: part played by plants. Ventilation. Minimum air-space for each person in schools and dwelling houses.

V. Water.—Its composition. Natural waters.

The need for water and the quantity required for individual.

Chief sources of water-supply in Bengal and how they are polluted.

Chief impurities of water and their significance. Hard and soft waters.

How to keep the sources of water (wells, tanks, etc.) free from pollution.

Means for purification of drinking water; distillation; filtration; use of chemicals; boiling.

Evil effects of the impure or scanty supply of water. Water-borne diseases.

Some preserved foods.

VII. *Dwelling Houses*.—Selection of site; houses to be constructed on well-thought-out plans; plenty of light and air; protection against damp; good drainage; privies, cowsheds and stables at some distance from the main building; sufficient open space between contiguous houses; adequate arrangements for disposal of refuse and filth.

Huts in villages; low lands to be avoided; plinth well-raised; sufficient number of openings for light and air in each room; situation of latrines and cowsheds; arrangements for drainage and disposal of sewage.

VIII. *Preventive Medicine*.—Epidemic and endemic diseases. Malaria, Cholera, Small-pox, Plague, Influenza, Typhoid fever, Kala-azar, Dysentery, Tuberculosis, Consumption, Hook-worm and other common parasitic diseases—a brief study as to their origin and modes of spread and the measures for their prevention.

Insects in relation to spread of diseases.

Small-pox and vaccination.

A general knowledge of antiseptics, disinfectants, and inoculations.

Disinfection of rooms, clothing, beddings, excreta and discharges.

IX. *Personal Hygiene*.—Care of teeth, hair and skin. Baths. Clothings—Materials and forms used should be adapted to the climate, habits and occupation of the people. Clothing of children.

Work and Exercise.—Out-door and in-door games.

Fatigue, Rest and Sleep.—Amount of sleep required for persons of different ages.

Importance of attitudes and postures. Eye-sight and its preservation.

Bad habits.

X. *Evil effects of the use of intoxicating drugs*.—Tobacco, Opium, Indian hemp, Cocaine.

NOTE.—It is not intended that candidates should be examined in Chemistry, Anatomy, Physiology or like contributory subjects; but the students should be taught, with the aid of experiments, such simple facts in these contributory subjects as may be essential for an elementary scientific knowledge of hygiene.

The schools which apply for recognition in hygiene are expected to provide the following appliances:—

Quantity.

1. Human skeleton (articulated) ... 1
2. A complete set of human bones (disarticulated).
3. Charts:—
 - (a) Circulatory system.
 - (b) Respiratory system.
 - (c) Digestive system.
 - (d) Secretory system.
 - (e) Nervous system.

4. Charts showing the different carriers of the most common infective diseases:—
 - (a) Mosquitoes.
 - (b) Flies.
 - (c) Fleas, etc., and their life history.
 - (d) Common parasites—itches, etc.
5. Charts showing the life cycles of malarial parasites in man and in the mosquitoes.
6. Charts showing common intestinal parasites such as round worm, thread-worm, hook-worm, etc.
7. Charts showing the microbes of common infective diseases:—

Cholera, tuberculosis, plague, diphtheria, influenza, typhoid fever, dysentery, etc., etc.

NOTIFICATIONS.

Annual Examination of Pleaders in Surveying, 1931.

Calcutta, the 20th October 1930.

(See Government notification No. 3157J., dated the 25th November 1909, modified in Government notification No. 320J.D., dated the 16th July 1914.)

1. The next examination will be held in February 1931 and will be conducted at the following centres (provided that not less than five names be registered at each centre):—

B. E. College and Dacca in Bengal, and Patna in Bihar and Orissa.

2. Each examination is complete in itself. A candidate will be required to pass by every test and will not be exempted from any test on the ground that he has previously satisfied the examiner in it.

3. Candidates practising in the Courts of the Presidency, Rajshahi and Burdwan Divisions will be required to present themselves at the B. E. College; those practising in Patna, Tirhoot, Bhagalpur, Orissa and Chota Nagpur Divisions, at Patna; and those in Dacca and Chittagong Divisions and in Assam, at Dacca.

4. In the event of more than 20 or less than 5 names being registered for examination at any one centre, the Secretary may direct the candidates to present themselves at any other centre.

5. No candidate will be admitted to the examination unless he has been enrolled as a pleader and—

- (i) has obtained credit for attendance at the special course of instruction at the B. E. College, Patna or Dacca, in 1927, 1928, 1929 or 1930, and has not previously appeared at the examination more than twice, or
- (ii) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or
- (iii) has passed the Sub-Overseer examination, or
- (iv) has obtained the Surveyor's certificate of one of the Government Survey Schools, or
- (v) has been specially exempted from the operation of this rule by the Board controlling the examination.

6. Candidates wishing to appear at the examination will apply upon the prescribed registration form, obtain the necessary countersignature of the District Judge in whose Court he is enrolled, and forward the same so as to reach the office of the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the office of the Principal, Bihar College of Engineering, in the case of candidates of Bihar and Orissa, not later than the 6th January 1931. The form may be had from the Principal, Bengal Engineering College, or from the Principal, Bihar College of Engineering.

7. Each application must be accompanied by a receipt from the local treasury certifying to the receipt of the Examination fee of Rs. 50, which fee will in no case be returned.

8. The exact date of the examination and the proposed programme will be communicated

to candidates by the office who has registered their names.

Pleaders' Survey Training Classes, 1931.

Botanic Garden P. O., the 20th October 1930.

1. Classes for the training of pleaders in surveying will be opened in January 1931, in connection with the Bengal Engineering College, the Bihar College of Engineering, Patna, the Ashanulla School of Engineering, Dacca, provided sufficient candidates register their names at each centre.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the heads of the institutions, who will also decide the exact locality in which the classes will be held and date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tents or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the pleader has been present for 80 per cent. of the working days and for the full working hour for each day. The attendance must be distributed over the course so that no subject is neglected.

5. Candidates who desire to undergo the course of training must apply to the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the Principal, Bihar College of Engineering, in the case of candidates of Bihar and Orissa, for registering their names not later than the 30th November 1930. The application of a candidate must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, i.e., Bengal Engineering College, Patna or Dacca, and should be accompanied by a remittance receipt from the local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Secretary, Pleaders' Survey Examination Board.

6. The registering officer will allot candidates to the centres, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the candidates as to the locality and the date of opening of the class.

7. The following is the syllabus of instruction:—

No definite text-books are prescribed—

(a) Practical work—

Chain surveying, prismatic compass surveying, plane tabling and levelling.

(b) Class work—

Use of mathematical instruments, construction of scales, measurement of area, plotting, variation of compass, preparation of field-books from maps, elementary principle of levelling and plotting of level section.

Candidates who obtain the required percentage of attendance at this course are qualified to appear at the Pleaders' Survey Examinations to be held in 1932, 1933 and 1935.

NOTIFICATION No. 2240Ex.

Ramna, Dacca, the 7th November 1930.

The next B. L. Examinations (Preliminary Examination, Examination in Part II, and the Final Examination) will commence on the 2nd February 1931.

2. Applications for admission to the examinations must be made on the printed entry forms which will be obtainable at the office of the Provost of Hall to which the student belongs. The entry form, after it has been duly filled in and signed by the candidate and countersigned by the Dean of the Faculty of Law, must be presented by the candidate to the Provost of his Hall:

(i) In the case of candidates who did not appear at the B. L. Examinations held in October, not later than 10th December 1930, and

(ii) in the case of students who appeared at the B. L. Examinations in October, not later than Monday, the 22nd December 1930.

3. Candidates must submit their University diplomas along with their entry forms to the Provost for verification of the correctness of their names in the entry forms. Candidates must take back their diplomas attached to their examination entry forms within a fortnight after the examination is over, failing which the Provost offices will not be responsible for their safe keeping. The entry forms will be checked by the Provosts in respect of all the entries made by the candidates in the entry forms. The date of first admission of candidates into the University must be checked by the Provosts with reference to the application

for admission of the candidates concerned. In the case of candidates who have been granted special permission to appear at the examination, the authority granting them such permission must be quoted in the entry forms of the candidates and duly attested by the Provost. *The checking of entry forms by the Provosts will be regarded as final.* The entry forms after they have been checked by Provosts shall be forwarded by them to the Accounts office of the University not later than Monday, the 5th January 1931.

4. The candidates who are required to pay half the usual examination fees under section 33 of Chapter XXIII of the Ordinances and Regulations must attach to the entry form a certificate obtained from the examination section of the University to the effect that they submitted their examination fees but could not appear at the examination.

5. Candidates must deposit their proper examination fees and all other dues up to the month of January 1931 to the Accounts office of the University on the dates noted below for certification that all University dues including the seat-rent, tuition fee, etc., have been paid in full—

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Unconvenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Notice to creditors under section 10(A) of Act IX (B.C.) of 1879.

WHEREAS under sections 7 and 35 of the Court of Wards Act IX (B.C.) of 1879, as amended up to date, the Court of Wards has assumed charge of the property of Maulvi Mesbahuddin Ahmed of Kartickpur, in the district of Faridpur, who has been declared a disqualified proprietor for the purpose of managing his own estate, on his own application under clause (c) of section 6 of the Bengal Court of Wards Act IX (B.C.) of 1879, as amended by the Bengal Decentralization Act, 1915 (Bengal Act V of 1915), by its order No. 781 W.T., dated the 26th September 1930.

Notice is hereby given, under section 10(A) of the said Act, that all creditors having claims against the said estate or his immovable property are hereby required to submit the same in writing to the undersigned at his office at Dacca within six months from the date of publication of this notice.

Creditors are also hereby warned that claims not submitted as required by this notice are liable to be deemed to have been duly discharged.

RESOLUTION—No. 5022-VET.

Minister-in-charge: The Hon'ble Khan Bahadur Maulvi K. G. M. Faruqi.
Read—

Annual Reports of the Civil Veterinary Department, Bengal, and of the Bengal Veterinary College for the year 1929-30.

I.—Civil Veterinary Department.

During the year under review there was no noticeable event of administrative importance. Owing to financial stringency it has not been possible to give effect to the schemes referred to in last year's review, while development on the lines recommended by the Royal Commission on Agriculture and accepted by Government has been indefinitely postponed. In spite of these depressing conditions, it is gratifying to note that the Director and his staff have accomplished a useful year's work.

2. The year under review was marked by heavy mortality from outbreaks of contagious diseases. Rinderpest again was the most serious scourge, and it will appear from the interesting graph showing the issue and consumption of serum, appended to the college report, that this disease becomes more virulent during the season when the cultivator is most in need of his cattle. For various reasons conditions are not yet favourable for the adoption of measures for the eradication of the disease such as segregation or destruction of infected animals, which have been found most effective in western countries. Consequently this and other contagious diseases have to be fought by the

method of preventive inoculation designed to protect the individual animal. Experience shows that the "serum-alone" method of inoculation though very effective in checking outbreaks of rinderpest is subject to the limitation that it confers immunity for less than a fortnight whilst infection in a particular locality may last for a much longer period. The results are, therefore, incommensurate with the expense incurred and the labour involved from year to year. On the other hand, the "serum-simultaneous" method of inoculation confers long immunity and is now recognised as the standard treatment for rinderpest. Experiments conducted in Bakarganj district have proved that this method can be successfully carried out in local areas by the departmental staff in this Presidency, and it is hoped that the department will be able to extend the use of this method throughout the province.

3. Veterinary aid for the ordinary care of animals in the mufassal is still inadequate. According to the standard of one veterinary assistant surgeon for every 25,000 cattle set by the Royal Commission on Agriculture, no fewer than 1,000 assistants would be required. But even the moderate programme of having two such officers in each subdivision has not been realised, the number (98) now employed being about half the ultimate strength of the staff. Similarly, the less ambitious scheme for the establishment of a veterinary hospital or dispensary in each subdivision is no nearer realisation. Nevertheless, it is gratifying to notice that a number of district boards have evinced interest in constructing or improving hospitals and dispensaries. Private assistance is also forthcoming to supplement the efforts of local bodies in this direction, and Government trust that this interest will be maintained.

4. The local bodies can do much to improve cattle by maintaining breeding bulls in larger number than at present. The existing number of 111 bulls maintained by them is inadequate, but if intensive work is taken up in selected local areas more valuable results can be expected. Castration of scrub and immature bulls is one of the means to this end, but it is reported that only 48 bulls were castrated during the year. This work should receive greater attention from the department.

5. The thanks of the Governor acting with the Minister-in-charge are due to Mr. Kerr for the care and attention which he devoted to the administration of the department. He also notices with pleasure the names of the officers of the department who did good work during the year.

II.—Bengal Veterinary College.

6. The increase in the number of applications for admission from various parts of India and even outside it furnishes a proof of the popularity of the college. The large number of entrants from Bengal itself is an indication of the demand for veterinary education in the Presidency in spite of limited scope for employment.

7. The lengthy report of the Principal contains an interesting record of work in various branches of the college and hospital, a noticeable feature being the development of the agricultural section in which fodder, etc., is successfully grown mainly for the nutrition of the hospital patients. Useful work also continued to be done at the Raymond Research Laboratory.

8. The question of revision of the curriculum of the college was under consideration during the year. Pending examination of the whole question by the Veterinary Committee of the Imperial Council of Agricultural Research Government (Ministry of Agriculture) accepted the recommendation of the Board of Examiners of the college that the existing curriculum should be continued. Government have also approved of the Principal's proposal for the introduction, as an experimental measure, of an extra course of lectures and practical studies in meat and milk inspection, and the fundamental principles of genetics, dairy farming and poultry keeping.

9. Government desire to acknowledge the services rendered by Mr. MacGregor and take this opportunity of recording their appreciation of the work done by Mr. Davis as Vice-Principal and officiating Principal. Mr. Davis has since been appointed to the Principalship of the Veterinary College at Patna.

Bengal, for the year 1929-30.**

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Agriculture.

CALCUTTA, THE 4TH NOVEMBER 1930.

RESOLUTION—No. 4975 Agri.

Minister-in-charge: The Hon'ble Khan Bahadur Maulvi K. G. M. Faruqi.

Read—

The Annual Report of the Department of Agriculture, Bengal, for the year 1929-30.

The report under review is another record of good work of the Agriculture Department in Bengal, although financial stringency has continued to be a great handicap.

2. **Research and experiment.**—The most noticeable feature of the year was the inauguration of the Bengal Agricultural Research Committee in April last in accordance with the recommendations of the Royal Commission on Agriculture. The main functions of the Committee are to co-operate with the Imperial Council of Agricultural Research in matters connected with the advancement of agricultural and veterinary research and to act as a connecting link between that body and agricultural activities in this Presidency. A great impetus to research has been given by the facilities offered by the central institution, and no fewer than ten schemes were put forward by the Agricultural and Veterinary Departments, the Dacca and Calcutta Universities and the Viswa-Bharati, Santiniketan, for consideration at the first meeting of the Provincial Committee held at Darjeeling in May last. It is gratifying to note that a grant obtained last year from the Imperial Council of Agricultural Research enabled the Dacca University to found an Agricultural Research Fellowship. Grants have also been sanctioned by the Imperial Council during the current year to the University of Calcutta towards the schemes for research into the properties of colloid soil constituents by Professor J. N. Mukherji and into agricultural statistics by Professor P. C. Mahalanabis. It is hoped that the closer association of the Dacca and Calcutta Universities, which are strongly represented on the Provincial Committee, in the work of agricultural research will have valuable results.

Work in all sections at the Central Research Station at Dacca progressed on approved lines. Jute and sunn hemp engaged attention in the Fibres section, sugarcane and tobacco in the Chemical, and paddy, pulses and fodders in the Botanical section.

3. **Demonstration and Propaganda.**—The staff available for demonstration and propaganda is still inadequate, but it is gratifying to note an increasing measure of assistance from local bodies and private individuals. The number of private farms rose to 140 during the year under review, and it is worthy of record that 231 paddy seed farms comprising an area of 1,200 acres are managed by zamindars, talukdars, co-operative societies, union boards and agricultural associations. Sixteen are run by Government estates. These farms supplied 12,000 maunds of seed of approved quality, and it is hoped that these sources of supply will continue to multiply.

4. **Agricultural Education.**—The experimental scheme for the teaching of agriculture in High English and Middle English schools on the Punjab system has now reached an interesting stage. The first batch of teachers under training completed their two years' course at the Dacca school in December last and went back to their respective schools to take charge of the Agricultural classes. Considerable interest attaches, therefore, to these pioneer institutions and their agricultural teachers; and the Government (Ministry of Agriculture) will watch carefully the results. Much depends on the attitude of the parents and guardians of the pupils towards the scheme, but it is hoped that the enlightened views of the newly trained teachers will go a great way towards removing misunderstanding and instilling enthusiasm into the pupils.

The first batch of five youths of the *bhadralok* class who completed their practical training in agriculture at the Faridpur agricultural farm have been provided with accreted *khas mahal* land in that district for cultivation. It is reported that they have made a good start; they have cleared jungle, built houses and cultivated jute and *aus* and *aman* paddy on their holdings. The Hon'ble Minister will watch further developments with great interest.

5. **Agricultural Engineering.**—Administrative approval was accorded after the close of the year to the scheme for the entertainment of additional staff required for the workshop of the Agricultural Engineer. Although the lack of requisite staff was a handicap, the Agricultural Engineer was able to carry out a considerable amount of repair work at his workshop. He has also shown commendable energy in designing improved ploughs and sugarcane-crushing and juice-boiling machinery.

A scheme for a course of training of apprentices at the Agricultural Engineer's workshop has been approved. It is proposed to admit at present six apprentices for an eighteen months' course. The syllabus will consist of practical training in the workshop for twelve months. During the remaining six months they will be employed on the working of oil engines, pumps, cane-mills and ensilage cutters. This scheme will involve no additional expenditure, and it is hoped to give effect to it when the full complement of the workshop staff is sanctioned. Pending introduction of this scheme the Agricultural Engineer has been authorised to train a few apprentices.

6. **Cattle improvement.**—In the cattle improvement programme of the Bengal Agricultural Department the two cardinal principles of evolving a suitable type of animal and of providing nutritious food for cattle continue to be followed. It is gratifying to note that the Second Economic Botanist, who is collaborating with the Live-stock Expert, has been able to obtain promising results with fodder crops. New varieties of fodder grasses such as Sudan grass, Napier grass, etc., have been introduced. Fodder is now grown at most of the farms, and there is already a demand for fodder crop seeds.

7. **Sericulture.**—In spite of slackness of business owing to the world-wide trade depression and severe competition in the real and artificial silk market, Bengal silk found a ready sale. The Government nurseries produced over 18,000 kahons of seed cocoons, i.e., 1,000 more than in the preceding year, while the selected rearers succeeded in raising and selling over quarter of a lakh kahons. The total receipts from the Government nurseries remained the same as in previous year (Rs. 58,000), but according to the financial statement they worked at a loss of about Rs. 63,000 in both this and in the preceding year. Although the aim of the Sericultural Department is to promote the silk industry in Bengal by the propagation of disease-free seeds of selected strains of silkworm to the rearers from the Government nurseries, the time has now come as the Director points out when new measures must be adopted not only to improve the quality of silk but also to lower the cost of its production. The Government (Ministry of Agriculture) take this opportunity of inviting attention to the need for strict economy in this section and have asked the Director to examine the question of closing down some of the less important nurseries.

The Hon'ble Minister notices with pleasure that the value of co-operation is now understood by those engaged in this industry. In the district of Malda a great advance has been made in this direction. There are about 100 societies working in the district of which 32 with over 500 members are affiliated to the Bengal Co-operative Silk Union, Ltd.

8. **Acknowledgment.**—The Government of Bengal (Ministry of Agriculture) are pleased to record their appreciation of the services of Mr. Finlow. They have also read with pleasure the list of names submitted by the Director of officers and private gentlemen who have rendered valuable assistance towards agricultural and sericultural development. Government also appreciate the co-operation of the non-official gentlemen who served ungrudgingly as members of the Agricultural Board and of the various Committees attached to the Department.

By order of the Government of Bengal
(Ministry of Agriculture),

G. P. HOGG,
Secretary to the Government of Bengal.

CALCUTTA, the 7th November 1930.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 5th November 1930.

Summary.—During the week light rainfall was general almost throughout the Presidency. It has been helpful to the growth of standing crops. Preparatory tillage for and sowing of spring crops continue. Harvesting of early winter paddy has commenced in some East Bengal districts. Distress continues in parts of Malda and Bogra. The average price of common rice for the province has fallen by about 2·37 per cent. as compared with that of the previous week.

NOTIFICATIONS.

No. 5133P.J.—12th November 1930.—In exercise of the power conferred by sub-section (s) of section 60 of the Prisons Act, 1894 (IX of 1894), the Governor in Council is pleased to extend the application of the provisions of section 52 of the said Act and rules 514, 554, 656, 657, 658, 666, 667, 668, 669, 905, 916, 917 and 919 of the Bengal Jail Code, Sixth Edition, Volume I, as also the rules for the treatment of prisoners in Divisions I and II in Chapter XXXIV of the said Code to all Subsidiary Jails in this Presidency.

No. 5168P.J.—13th November 1930.—In exercise of the power conferred by clause (t) of section 60 of the Prisons Act, 1894 (IX of 1894), the Governor in Council is pleased to make the following rule which may be inserted as rule 499A in the Bengal Jail Code, Sixth Edition, Volume I:—

"499A. In order to prevent escapes the Local Government may direct that any jail or a portion of it may be bounded or enclosed by electrified fences or entanglements. The inmates of such jail shall be clearly informed that the entanglements are electrified and will kill or seriously injure anyone coming in contact with them. Notices marked "Danger" in English and the vernacular shall be posted alongside at convenient distances facing such fences or entanglements both inwards and outwards. Where fences and entanglements have been electrified and marked in accordance with this rule, no liability, civil or criminal, will fall on any jail official or employee, performing his duties in good faith, for death or lesser injury caused to any prisoner by contact with them, provided that such contact is brought about by the voluntary action of such prisoner in attempting to pass through or tamper with the fence or entanglement or by the negligence of such prisoner."

Howrah.—No. 3972M.—23rd October 1930.—The following proposed plan for lighting a portion of the Bally Municipality, in the district of Howrah, with electricity, which has been submitted by the Commissioners of that Municipality to the Government of Bengal (Ministry of Local Self-Government) for sanction under section 308, read with section 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), in supersession of the plans sanctioned in Government notifications No. 18T.M., dated the 16th April 1928, and No. 3085M., dated the 24th September 1929, is published for the information of persons likely to be affected thereby.

2. The proposed plan will be taken into consideration on the 25th November 1930, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered:—

Proposed plan.

1. The portion of the Bally Municipality which it is proposed to be lighted with electricity is defined below:—

North—Bally Khal. †

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill, thence along the line formerly occupied by that road to the existing Joya Bibi Lane, thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghose Lane; thence across Girish Ghose Lane to Chandalpara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mazumdar Road; thence along the northern side of Kali Mazumdar Road up to its junction with Dharamtola Lane; thence along the eastern and northern sides of Dharamtola Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Seven hundred and fifteen electric lamps will be installed on the roads as shown in the accompanying statements A and B. The Commissioners have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rate of Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of about Rs. 18,500 burning 25,000 hours per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate at 2 per cent. on the annual value of all holdings situated within the area to be lighted as defined in paragraph 1 of the plan. The income to be derived from the lighting rate for the aforesaid area is estimated to be about Rs. 18,600.

COMMERCE DEPARTMENT.

NOTIFICATIONS.

No. 5180Com.—14th November 1930.—In exercise of the powers conferred by the second proviso to sub-section (1) of section 30 of the Indian Electricity Act, 1910 (IX of 1910), the Governor in Council is pleased to exempt the Superintendent of a jail or jail official or employee of a jail which may contain electrified fences or entanglements from all the provisions of Part IV of the said Act and the rules made thereunder, subject to the condition that the electrification of such fences or entanglements shall be approved by an Electric Inspector and shall be under the constant control of a duly authorised person within the meaning of rule 2 (d) of the Indian Electricity Rules, 1922.

No. 5229Com.—15th November 1930.—It is hereby notified for general information that a license described as "The Narayanganj Electric License, 1930," as set forth below, has been granted to Messrs. The Chittagong Engineering and Electric Supply Company, Ltd.

The Narayanganj Electric License, 1930.

License for the supply of Electric Energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to the Chittagong Engineering and Electric Supply Company, Limited, having its registered office, at Chittagong and branch office at Narayanganj, to supply electrical energy in the area with the powers and upon the terms and conditions specified below:—

Short Title.

1. This license may be cited as "The Narayanganj Electric License, 1930."

Interpretation.

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, and any statutory modifications thereof or by the rules thereunder, meanings are assigned, shall have in this license the same

respective meanings, provided that in this license:—

(a) "The Act" shall mean the Indian Electricity Act, 1910, and the statutory modifications thereof;

(b) The expression "the licensees" shall mean and include the said Chittagong Engineering and Electric Supply Company, Limited, and their permitted assigns; and

(c) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal, in the Commerce Department and by the applicants, the Chittagong Engineering and Electric Supply Company, Limited, Chittagong with branch at Narayanganj;

(d) The term "unit" shall mean the quantity of electrical energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

Security.

3. (a) The period within which under clause I (a) of the Schedule to the Act the licensees shall show to the satisfaction of the Government that they are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this license throughout the area of supply shall be six months from the date of notification of the grant of this license.

(b) For the purposes of the said clause I (a) the licensees shall, within the specified period, furnish to the Government for their approval:—

(i) A drawing of the proposed power house building showing the general layout of the plant and switch board;

(ii) Details of the proposed power house equipments with detailed drawings and specifications;

(iii) Properly prepared plan showing the proposed feeders and distributors with data regarding loads, sizes of wires and the voltage drop,

and shall also show to the satisfaction of Government that they have sufficient capital to carry out the proposed works as approved by Government.

(c) The period within which under clause I (b) of the Schedule to the Act the licensees shall deposit or secure such sum as therein mentioned, and the sum to be so deposited or secured shall, unless otherwise ordered by Government under the clause, be six months after the notification of the grant of license and Rs. 10,000 respectively.

4. The licensees shall employ an adequate staff of electrical and mechanical engineers for erecting the works and for running and

maintaining the undertaking. The names, with particulars of the experience and qualifications of the engineers proposed for erecting the works and for appointment to the said staff, shall be submitted to the Government for approval prior to their appointment.

Area of Supply.

5. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act), is the area contained within the municipal limits of Narayanganj and bounded as follows:—

North—By part of mauza Nabiganj and part of mauza Godenail.

East—By part of mauza Nabiganj, mauzas Bandar, Sonakanda and Ferajikanda.

South—From the junction of Kashipur with the northern bank of the old bed of Buriganga River along the northern bank of the old bed of Buriganga River to the junction of that old river with the Lakshya River and thence in a straight line due east to Ferajikanda.

West—By parts of mauzas Godenail, Hajiganj, Khanpur, Chasara, Galachipa, Deobhog and Kashipur.

The boundaries whereof are delineated in the deposited map by a heavy red line enclosing the said area.

Situation of the Generating Station.

6. The licensees shall erect the generating station within the area covered by the license.

Limits within which the supply of energy is to be compulsory.

7. (1) For the purpose of clause IV of the Schedule to the Act the following directions shall be complied with, namely:—

(i) The licensees shall within two years from the date of the grant of this license lay down suitable and sufficient feeders and distributing mains and also execute works to the satisfaction of the Government for the purpose of supplying electrical energy throughout the streets named in the list appended below, shall erect the generating station mentioned in clause 6 with all machinery and apparatus necessary for the purpose of giving a continuous and efficient supply and shall do all other works necessary for the commencement of supply of energy to the consumers;

(ii) The licensees shall adhere to the drawings, details and plans furnished in compliance with clause 3, as finally approved by Government and shall not depart from same unless with the prior approval of Government in writing;

(iii) The licensees shall commence to execute the works aforesaid within one month or such longer time as Government may approve from the date on which Government approval of the drawings, details and plans referred to in clause 3 shall be communicated to them and shall complete the same within two years from the date of the grant of the license.

(2) At the expiration of each successive period of six months from the commencement of this license until the completion of the compulsory works, the licensees shall submit to the Secretary to the Government of Bengal, reports stating all steps taken and the progress made in carrying into effect this license.

Nature of Supply.

8. Nature of supply.—The systems of supply which may be adopted for the supply of electric energy under this license are the following:—

(i) A medium pressure alternating current three-phase four wire supply at a pressure at the consumers terminals of 400 volts between phases and a low pressure of 230 volts between phases and neutral at a frequency of 50 complete cycles per second.

(ii) A high pressure alternating current three phase supply at a pressure at the consumers terminals of 6,000 volts between phases at a frequency of 50 complete cycles per second.

(iii) The feeders, distributing mains and service lines may be overhead or underground in whole or in part and shall be erected, constructed, and maintained by the licensees in strict conformity with the Act and the rules thereunder. Provided that nothing in this license shall authorise the licensees to use overhead mains at any higher pressure than medium pressure without the previous sanction in writing of the Government of Bengal in each case and subject to any conditions or limitations which the Government of Bengal may direct.

Provided also that the licensees may, from time to time with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

Rates.

9. The prices to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely:—

(A) For Domestic Purposes.

I. Lighting:—

(i) Annas eight per unit metered, subject to a minimum charge of rupees thirty-six per annum per kilowatt of the rated wattage of lamps installed; or

(ii) Rupees one and annas twelve per 20 watt lamp per month and proportionately for lamps of higher wattage provided that the total number of lamps installed does not exceed six and are used for a period not exceeding six hours daily from dusk.

II. Fans:—

Annas seven per unit metered, subject to a minimum charge of rupees twenty-four per annum per kilowatt of the rated input of the fans installed.

III. Flat rate for Lights and Fans combined:—

Annas seven and pies six per unit metered, subject to a minimum charge of rupees thirty per annum per kilowatt of the rated wattage of the lamps and rated input of the fans installed.

IV. Motors:—

(i) For each installation having motors whose aggregate rated brake horse power does not exceed 1 B.H.-P., annas seven per unit metered, subject to a minimum charge of Rs. 3 per month per rated B. H.-P. of all the motors installed.

(ii) For each installation having motors in which the aggregate rated brake horse power exceeds 1 B.H.-P. annas six per unit metered, subject to a minimum charge of Rs. 3 per month per rated B. H.-P. of all the motors installed.

(B) For Industrial Purposes.

(i) For each installation having motors in which the aggregate rated brake horse power does not exceed 4 B. H.-P. annas four per unit metered, plus Rs. 8 per month per rated B. H.-P. of all the motors installed.

(ii) For each installation having motors in which the aggregate rated brake horse power exceeds 4 B. H.-P. but does not exceed 15 B. H.-P., annas three and pies six per unit of energy metered, plus rupees eight per month per rated B. H.-P. of all the motors installed.

(iii) For each installation having motors in which the aggregate rated brake horse power exceeds 15 B. H.-P. annas three per unit of energy metered, plus rupees eight per month per rated B. H.-P. of all the motors installed.

(C) For heating, cooking, refrigerating and for all purposes other than those specified in sub-clause (A) and (B), annas four per unit metered.

NOTE.—Where the minimum charge specified under the sub-heading (A) I (i) or (A) II or (A) III or (A) IV (i) or (A) IV (ii) is levied then no other charge for energy consumed shall be made.

(D) In the case of a method of charge approved by the local Government in accordance with section 23, sub-sections (3) and (4) of the Act, such maximum as the Government may fix on approving the method.

Purchase of undertaking.

10. (1) The option of purchase given by sub-section (1) of section 7 of the Act shall first be exercisable on the expiration of fifty years from the date of the notification of this license and on the expiration of every subsequent period of twenty years. The percentage to be added on account of compulsory purchase to the value (as determined in accordance with and for the purpose of sub-section (1) of section 7 of the Act) of the lands, buildings, works, materials and plants of the licensee shall, in accordance with the second proviso of the said sub-section be twenty per cent.

(2) In accordance with clause (d) (ii) of sub-section (2) of section 3 of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act, provided that the power station shall not have been abandoned by reason of the operation of clause 11.

(3) During the period of notice prescribed in section 7 (4) of the Act all extensions and outlays of money chargeable to the capital expenditure account of the licensees shall be subject to the previous approval of the Government.

(4) Within two years from the date of the grant of this license, the licensees shall not seek to transfer, assign charge or otherwise deal with or dispose of this license with a view to obtaining monetary or any other consideration in excess of that expended by them in obtaining the license, together with any other preliminary expenses incurred thereby. Full particulars setting out in details the amounts expended and also those expected to be obtained shall be submitted to Government by the licensees when any application is made for the disposal of this license.

Supply in Bulk.

11. Should a supply of electrical energy in bulk become available at any future date from any source at such rates that the net rates and other charges payable by consumers for the supply of distributed energy under this license could, in opinion of the Government, be reduced, the licensees shall obtain their supply from such source and shall also reduce the rates charged to consumers and also those in clause 9 of this license by amounts which shall be approved by Government.

The decision of Government on the operation of this clause shall be final.

Variations from the Schedule to the Act.

12. In pursuance of clause (f) of sub-section (2) of section (3) of the Act, it is hereby expressly declared that for the words

"three years" in clause (IV) of the Schedule to the Act the words "two years" shall be substituted.

Revocation.

13. (1) If the licensees fail to comply with the provisions of any of the clauses or parts of the clauses of this license or fail in the opinion of the Government of Bengal during any portion of the period of two years specified in clause 7 to make satisfactory progress with the works to be executed, the license may be revoked.

(2) In the event of Government revoking the license for any of the causes specified in sub-clause 1, the security deposit of Rs. 10,000 made in accordance with clause 3 (c) shall be forfeited to Government in whole or in part as Government may decide.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

A married girl abducted and outraged by ruffians and subsequently released by them is brought back by a gentleman of a philanthropic disposition. Her loving husband though willing to take her back is prevented from doing so by his orthodox father and the conservative society. The disappointed girl falls seriously ill and when she is in a very critical condition her husband takes her to be actually dead and leaves home remorse-stricken, to lead a wandering life and to devote himself to social service. He is eventually seriously wounded in a scuffle with ruffians and while convalescing, accidentally meets his wife. The unexpected meeting proves too much for him and he dies as the result of the excitement, caused by sudden and excessive joy, leaving the girl to mourn his loss. The story incidentally advocates re-marriage of Hindu widows and removal of untouchability and condemns the unsympathetic attitude of the Hindu society towards abducted women.] Pages 225. [A pamphlet replying to the criticisms levelled against Indian obstetric methods and social usages in the columns of the "Lancet" which attribute the high Indian death-rate and infant mortality solely to Indian Social Customs and maternity methods. The author attempts to show by facts and figures that social customs have very little effect on the health of a people and that the real causes of the high Indian death-rate and infant mortality are not the social customs or the indigenous obstetric methods, but are to be found in the "Crushing poverty" of the Indian people, "their meagre and poor dietary leading to chronic malnutrition verging on starvation," the "horrors of recurrent floods and famine" and the ravages of malaria (attributed to railways). The writer goes on to show that it is the Indian social customs including the purdah and early marriage that have actually gone a great way to preserve the race under the economic conditions that would have proved fatal to any race not similarly endowed.] Pages 17. RESOLUTION No. 1030T.R.

READ—

Letter No. 1424 R. XIV-2, dated the 5th July 1930, from the Commissioner of the Chittagong Division, submitting a final report on the relief operations in the Brahmanbaria subdivision of the district of Tippera during the years 1929 and 1930.

The report deals with the operations for the relief of distress which prevailed

in the Brahmanbaria subdivision of the Tippera district during a period of seven months from October 1929 to April 1930. There was also some distress in local areas of the Sadar subdivision of the district but it was of short duration and promptly relieved. The total area of the Brahmanbaria subdivision is 769 square miles; out of this area, 306 square miles with a population of 2,50,000 were affected.

2. The abnormal rainfall in the upper reaches of the Surma Valley and in the neighbouring hills in May and June 1929 caused an abnormal rise in the water level, submerged the low lying tracts in the subdivision and resulted in serious destruction of crops. The extent of the damage caused to the principal crops in the affected area is estimated to have been from 50 to 75 per cent. The distress mainly affected cultivators, landless labourers, beggars and indigent widows.

3. The duration and extent of distress were not however such as to necessitate, at any stage of the operations, the declaration of scarcity or famine under section 74 of the Bengal Famine Code, 1913. In fact, there was no real shortage of food grains. The distress was the result of the poverty to which the cultivating classes were reduced owing to the destruction of their crops by floods and also to the low price of jute. As thrift is seldom practised, the cultivators had no reserves to fall back upon.

4. Relief measures were promptly undertaken by Government. The main forms of relief consisted of:—

- (a) Gratuitous relief,
- (b) Test relief works,
- (c) Agricultural loans.

Gratuitous relief.—Gratuitous relief was given, chiefly in the shape of cash and rice doles to deserving persons, while able bodied males and females were employed on industrial cane work, paddy husking and jute spinning. It was also necessary to distribute some cloth. The amount spent on gratuitous relief was Rs. 13,517.

Test relief.—Test relief works consisted of the construction of roads and the excavation of khals. Altogether 34 projects were sanctioned. They were selected in such a way as to prove useful to the locality and at the same time be easily accessible to persons in the affected tracts. The operations were carried out through the agency of the District Board and lasted from October 1929 to April 1930. A total sum of Rs. 22,127 was spent for the purpose of which Rs. 20,000 was advanced by Government, the balance being met from the funds of the District Board. Altogether, 45,971 persons were employed on test relief operations. The average daily outturn of each man was 77 cubic feet of earth work. The average daily earnings of each man amounted to 3 annas 9 pies at the rate

of Rs. 3-2-0 per 1,000 cubic feet of work.

Agricultural loans.—Loans under the Agriculturists' Loans Act amounting to Rs. 2,50,000 were advanced by Government to 23,009 persons.

Loans to the amount of Rs. 4,38,933 were also advanced by the rural co-operative societies, financed by the Brahmanbaria Co-operative Central Bank and the Nabinagar Co-operative Central Bank. The Zamindar of the Sarail Estate also advanced Rs. 64,354 for distribution as loans to cultivators (Rs. 25,000 through the Brahmanbaria Central Co-operative Bank and Rs. 39,354 direct to his tenants through his local officers).

5. The Divisional Commissioner, Khan Bahadur M. A. Mumin, visited the affected area twice and the District Magistrate Mr. F. W. Robertson, I.C.S., visited the area three times during the period of distress. During their visits they thoroughly studied the condition of the people and of the crops and discussed with leading men the measures necessary for relief. The Governor in Council is satisfied that the measures taken for the relief of distress were successful and adequate. The success of the operations was due, in large measure, to the Subdivisional Officer Babu Hari Charan Bose, and the Governor in Council endorses the Commissioner's appreciation of his good work. His Excellency in Council notices with pleasure the valuable assistance rendered by Union Boards and also by non-official agencies and associations and by many non-official gentlemen to whom his thanks are also due. In particular, the thanks of Government are due to Babu Kamalaranjan Ray, Zamindar of Sarail, for his ungrudging and effective co-operation with Government in relief measures.

By order of the Governor in Council,

H. J. TWYNAM,

Secy. to the Govt. of Bengal.

CALCUTTA, the 13th November 1930.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 12th November 1930.

Summary.—During the week the rainfall was generally light and scattered except in some East Bengal districts where the fall was moderate. It has been beneficial to standing crops. Cultivation of lands for and sowings of spring crops are progressing under favourable conditions. Harvesting of early winter paddy continues in places of East Bengal. Distress continues in parts of Malda and Bogra. In the latter district test relief works have been started by district board. The average price of common rice for the province has fallen by about 1·09 per cent. as compared with that of the previous week.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 14th November 1930.

Monthly Weather and Crop Report of Bengal for October 1930.

I. Character of the season.—During the month under review, the rainfall was in excess of the normal in two districts only, while in the rest of the presidency it was below the average. The usual rainfall statement is appended.

II. Progress of agricultural operations.—Harvesting of autumn crops was finished. Preparatory tillage for and sowings of early spring crops continued under favourable conditions.

III. State of standing crops.—The state of standing crops was generally fair, but more rain was needed in places for their growth and development.

IV. Prospects and probable outturn.—The prospects of standing crops were satisfactory on the whole. The outturn of sugarcane was estimated at 87 per cent. of the normal.

V. Damage to standing crops.—No injury to standing crops was reported from any part of the province except some damage by flood to *rabi* crops and to winter paddy in parts of Malda and Bogra respectively.

VI. Condition of agricultural stock.—Condition of live-stock was generally fair. Stray cases of cattle-disease were, however, reported from three districts.

VII. Failure of pasturage and fodder.—Excepting in parts of Nadia no insufficiency of fodder was reported from any part of the province.

VIII. Prices of food-grains.—During the second fortnight of the month, the price of common rice of the cheapest quality rose in two districts, fell in nine and remained stationary in the rest of the province. The price ranged from 6 seers per rupee at Mymensingh to 10 seers per rupee at Murshidabad, Bankura and Hooghly.

IX. Condition of agricultural population.—The condition of agricultural population is less satisfactory owing to the fall in price of jute and other staples. Distress was reported from parts of Bogra and Malda.

J. C. Roy,

for Director of Agriculture, Bengal.

CORPORATION OF CALCUTTA.

Central Municipal Office, 20th November 1930.

NOTICE.

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to make the following by-laws under clause 14 of section 478 for alteration of doors, etc., opening outwards on public streets:—

(1) *Doors, etc., on any ground floor of any structure not to open outwards on public street or place.*—Save with the special permission of the Corporation, no door, gate bar or window shall be hung, placed, fixed or re-fixed in the ground storey of any building (which is not a public building) or in any wall so as to open outwards on any public street.

(2) *Doors, etc., of stable, etc., not to open outwards on public street.*—Save with the special permission of the Corporation, in localities where the erection of only detached buildings is allowed, no doorway or other opening in a stable, coach house, garage or the like, admitting of the passage of a carriage, motor car or other vehicle shall be made to abut upon or open directly into a public street.

(3) *Penalty.*—Any person who shall commit a breach of any of the provisions of by-laws (1) and (2) hereof, shall be punishable with fine which may extend to Rs. 20, and in case of a continuing breach with fine which may extend to Rs. 10 for every day during which the breach continues after conviction for the first time.

(4) *Alteration of any door, etc., opening into any public street.*—The Corporation may, by a written notice, require the owner or occupier of any building or wall to alter, modify or re-fix any bar, door, gate or window opening outwards on a public street in such a manner as may appear to the Corporation to be necessary.

Penalty.—Any person who fails to comply with such notice shall be punishable with fine which may extend to Rs. 10 per every day during which the breach continues after receipt of written notice from the Corporation to discontinue the breach.

Any person having any objection to the proposed by-law should submit the same on or before Monday, the 22nd December 1930, after which date the proposed by-law will be further proceeded with.

ADDENDA AND CORRIGENDA.

No. 4497F. — 22nd November 1930.—The following corrections, which have been

authorised, are published for general information:—

Fundamental and Subsidiary Rules, 1st edition (Reprint), 1929.

Page 142—F. R. 81 (c).—*Substitute* the following for the Government of India's ruling as amended by the correction slip No. 33, dated the 2nd July 1929, under this rule:—

Leave not due is intended to be regarded as an advance of leave and that its grant should therefore be limited to the amount that both (a) can be and (b) will be earned by subsequent duty; further, that it is meant to be granted only in exceptional circumstances, such as illness or urgent private affairs; and finally, that when the exceptional step of granting such leave is taken, it should be irrevocable, except at the request of the officer, who should not be penalised if reasonable anticipations fail to materialise. The Governor-General in Council has accordingly ruled—

(1) that leave not due may, in no case, be granted unless the sanctioning authority is satisfied that as far as can be reasonably foreseen, the officer will return to duty and earn it, and

(2) that the leave when granted should in all cases (subject to the officer's wishes) be allowed to stand, including cases in which the officer fails to earn it by subsequent duty.

The first item of the above ruling does not apply in the case of leave not due to which an officer may be eligible under note 2 (ii) to Fundamental Rule 78.

MARINE DEPARTMENT.**NOTIFICATIONS.**

No. 50-Mnc.—22nd November 1930.—In exercise of the power conferred by section 19 of the Inland Steam-vessels Act, 1917 (I of 1917), and in supersession of the rules published under this department notification No. 90 Mnc., dated the 25th April 1890, as amended from time to time by subsequent notifications, the Governor in Council is pleased to make the following revised rules relating to the survey of inland steam-vessels.

Revised Rules.

1. **Application for survey.**—Every application for the survey of an inland steam or motor vessel shall be made between the hours of 10 a.m. and 5 p.m. on any day except Sundays and Government holidays. The application shall be made to the Chief Surveyor at the nearest place of survey, and shall be made at least three clear days before the day on which it is desired that the survey shall take place, on a printed sheet in Form No. 1, hereto annexed, which will be supplied for this purpose at the Surveyor's office.

Provided that the Chief Surveyor may, in any particular case, admit an application lodged at his office less than three clear days before the day on which it is desired that the survey shall take place.

2. Upon receipt of an application in the prescribed form, duly filled in, the Surveyor will fix the date and hour at which the survey shall be commenced and will forward to the applicant information of the date and hour so fixed, together with a list of the requisite preparations for the survey of the steam or motor vessel. The said information and list shall be in Form No. 2 hereto annexed.

3. **Time and place of survey.**—Subject to compliance with rules 1 and 2 by the owner or master, surveys shall be made by the Surveyor or Surveyors appointed under the Inland Steam-vessels Act, 1917, (hereinafter referred to as "the Act") on any day in the year with the exception of Sundays and Government holidays at Calcutta, Kushtia, Khulna, Goalundo, Barisal, Narayanganj, Bhairabazar and Chittagong and at such other places as may from time to time be declared by the local Government to be places of survey. If the circumstances admit, surveys may be made on holidays.

A steam or motor vessel coming to be surveyed for the first time shall have to be offered for survey at any of the following places of survey, where slipways or facilities for docking the vessel exist, viz., Calcutta, Barisal, Narayanganj, Bhairabazar and Chittagong. In all other cases, surveys will be carried out in any of the places of survey mentioned in paragraph 1 of this rule.

4. **Surveyors' duty.**—In cases where two Surveyors are employed, the Engineer-Surveyor shall survey the engines, boilers, and all the machinery required to be surveyed under the Act; the Ship-Surveyor shall inspect the hull, equipments, and passenger accommodation, measure and determine the number of passengers the vessel is fit to carry, and see that the certificates of the master and engineer or engine-driver are such as are required by the Act; also that the lights and fog-signals are in accordance with the rules for the protection of inland steam and motor vessels from danger by collision.

5. The Surveyors' declaration and the certificate of survey shall be prepared and issued in the forms hereunto annexed and numbered 3, 4 and 4A, respectively.

6. Every declaration shall be sent in accordance with section 8 of the Act by the owner or master to whom it is given, to the officer appointed under section 8, sub-section (1) of the Act.

7. The notice to be given under section 9, sub-section (1), clause (b) of the Act, to the owner or master, when a certificate is ready for delivery, shall be given in Form No. 5, hereto annexed, under the signature of the officer to whom this function has been delegated by the local Government under section 9, sub-section (4) of the Act.

8. Every part of the vessel must be ready for survey at the time appointed.

9. If the Surveyor is unavoidably prevented from being present at the time fixed, the earliest possible information shall be sent to the applicant, and some other time, convenient to the applicant and to the Surveyor, shall be fixed for the survey.

10. With a view to obviate inconvenience and delay, owners and masters whose vessels are in dock or undergoing repairs shall communicate at once with the Surveyors if their vessels have afterwards to be surveyed.

11. If a Surveyor finds that any defect exists in the hull, machinery, or equipments of an inland steam or motor vessel, he shall, before refusing to give a declaration regarding the vessel under section 7 of the Act, address a letter in Form No. 6 hereto annexed to the owner or master of the vessel, pointing out such defect and the repairs, etc., necessary to make good the same, and to enable him to grant a declaration.

12. A fee at the following rates shall be payable in respect of surveys :—

For inland steam or motor vessels of which the gross tonnage --						Rs.
does not exceed	25 tons	60
exceeds	25 tons but does not exceed	50 tons	75
"	50 "	75 "	90
"	75 "	100 "	105
"	100 "	300 "	120
"	300 "	600 "	135
"	600 "	900 "	150
"	900 "	1,200 "	180

If the vessel's hull, machinery, or equipments are stated in the certificate to be sufficient only for a specified period of less than one year from the date thereof one-twelfth of the above annual amount shall be payable for each month or fraction of a month comprised in the said period, provided that—

(a) the minimum fee shall be one-fourth of the annual fee ;

(b) where the survey is to be made under the Indian Merchant Shipping Act 1923 (XXI of 1923), and the Inland Steam-vessels Act, 1917 (1 of 1917), at the one and the same time, or is to be made of a vessel already provided with a certificate of survey under the Indian Merchant Shipping Act, 1923, the date of expiration of which will cover that of the certificate under the Inland Steam Vessels Act, 1917, the fee will be one-fourth of the annual fee ;

(c) the full annual fee shall be payable—

- (i) in the case of a new inland steam or motor vessel coming under survey for the first time, whatever be the nature of the certificate, or
- (ii) when the survey is completed with the exception of minor details, or
- (iii) when the vessel is withdrawn from survey, the owners or agents being unwilling or unable to execute the repairs recommended by the Surveyor.

13. The charge of overtime fees in respect of surveys or inspections wholly or partially carried out between the hours of 5 p.m. and 7 a. m. shall be regulated as follows :—

- (a) Where the Chief Surveyor has admitted an application for survey on less than three clear days' notice and a Surveyor is called upon to undertake the survey or inspection of a vessel after 5 p.m. and before 7 a. m. an additional fee of Rs. 50 shall be charged.
- (b) Where a Surveyor is detained at the request of the ship-owner or agent after 5 p.m. to complete a survey undertaken between the hours of 7 a.m. and 5 p.m. an additional fee of Rs. 25 shall be charged if the Surveyor is released from duty before 6 p.m. and of Rs. 50 if he is detained later than 6 p.m.
- (c) If three days' notice has been given, but official arrangements have not allowed of the work being done between the hours of 7 a.m. and 5 p.m., no additional fee shall be chargeable.
- (d) Where a Surveyor has been called under clause (a) or detained under clause (b), the ship-owner or Agent shall give information of the fact in writing to the Chief Surveyor, stating the hours during which the Surveyor was in attendance.

14. The fee payable under rule 12 shall cover all the visits made by a Surveyor before granting his declaration. If a visit from a Surveyor is necessary while a certificate of survey is in force, a fee at the rate of Rs. 32 shall be payable for every such visit.

15. A fee of Rs. 5 shall be levied for the issue of a copy of a certificate of survey of an inland steam or motor vessel when the original is lost.

16. In a case in which a steam or a motor vessel has to be surveyed at a place of survey, at which no Surveyor has been stationed, an additional fee, in addition to the fee payable under rule 12, shall be paid in respect of the expense of the journey of the Surveyor to the particular place of survey, as laid down in this department notification No. 43Mne., dated the 30th July 1930 (*vide* Appendix).

17. The amount of fees payable by an owner or master under section 6 (a) of the Act shall be communicated to him on first surveys, and be payable before the survey is completed. On subsequent surveys the fees shall be paid to the officer appointed to receive such fees before the survey is commenced. The fee payable by an owner or master in accordance with section 6 (b) of the Act shall be paid upon requisition and no certificate of survey will be granted until such fee has been paid.

18. On Sundays, New Year's Day, Good Friday, Christmas Day, and the date notified for observing the birthday of King-Emperor, a fee of Rs. 60 shall be charged for each survey in addition to the fees ordinarily chargeable.

19. **Correspondence.**—All correspondence relating to the survey of inland steam or motor vessels should be addressed as follows :—

NOTIFICATION.

No. 43Mne.—30th July 1930.—In exercise of the power conferred by section 6, clause (b) of the Inland Steam-Vessels Act, 1917 (I of 1917), and in supersession of this department notification, dated the 26th November 1887, the Governor in Council is pleased to direct that the additional fee, referred to in clause (b) of the said section, payable by the owner or master of the steam or motor vessel surveyed, shall consist of the following:—

(1) The mileage and daily allowance admissible to the Surveyor in accordance with the *Fundamental and Subsidiary Rules* in respect of his journey to the place of survey and back and his halt for the purpose of survey, provided that fractions of a rupee shall be calculated as a rupee.

(2) The actual expenses of carrying the necessary records and implements for carrying out the survey not exceeding 5 maunds in weight.

(3) The travelling allowance admissible under the said rules of a khalasi accompanying the Surveyor.

If several vessels belonging to the same owner are surveyed during the same visit, not more than the sum to which the Surveyor shall be entitled at the rates mentioned above shall be levied from the owner or master for the purpose of meeting the expenses of the journey of the Surveyor to and from the place of survey.

If vessels belonging to more than one owner are surveyed during the same visit of the Surveyor then the whole sum at the rates specified above shall be levied from the owners or masters in such a manner that each owner or master shall pay an amount proportionate to the number of vessels belonging to him which shall have been surveyed.

If only one vessel is surveyed, the owner of such vessel shall bear the whole charge.

No. 48Mne.—19th November 1930.—In exercise of the powers conferred by section 68 of the Inland Steam-vessels Act, 1917 (I of 1917), read with section 73 of the said Act, the Governor in Council, with the previous sanction of the Governor General in Council, is pleased—

(a) to cancel, with effect from the 1st December 1930, this department notification No. 78Mne., dated the 17th August 1917, in respect of its application to inland motor-vessels; and

(b) to declare that, with effect from the same date, the provisions of Chapter II of the said Act shall not apply to the following

inland motor-vessels, which do not ply for hire for the conveyance of persons or goods:—

- (1) ordinary rowing boats and sailing boats fitted with a detachable outboard motor;
- (2) sailing yachts fitted with auxiliary motors;
- (3) motor-boats forming part of a steam-vessel's equipment under the Board of Trade Regulations for boats and life saving appliances; and
- (4) small motor launches not exceeding 30 feet in length and 20 B.H.P. belonging to private persons and used exclusively for personal recreation by the owner, his family and his friends.

No. 49Mne.—20th November 1930.—In accordance with sub-section (2) of section 126 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), the Commissioners for the Port of Calcutta propose to repeal the following by-law No. 16-A of the by-laws made under the said section, and published under notification No. 39Mne., dated the 22nd May 1893, as amended by notification No. 16Mne., dated the 3rd February 1919.

2. The matter will be taken into consideration by the Governor in Council on the expiry of a month after the first publication of this notification in the *Calcutta Gazette*, and any suggestions or objections in regard thereto which are received by the undersigned within that period will be considered:—

"16-A. No flush-decked country boat or cargo dinghee shall enter the dock for the loading and unloading of cargo."

Land Revenue.

APPORTIONMENT ORDER.

Murshidabad.—No. 13738L.R. — 24th November 1930.—Under section 114 of the Bengal Tenancy Act, 1885 (Act VIII of 1885), the Governor in Council has been pleased to determine that the mauzas in police-stations Bhagwangola, Beldanga, Lalgola, Berhampore, Domkol, Barwan, Bharatpur, Jalangi, Nawada, Raninagar, Raghunathganj and Kandi, where the preparation of a record-of-rights was undertaken under notification No. 14373L.R., dated the 16th September 1927, and No. 7920L.R., dated the 31st March 1928, the landlords' and tenants' share of cost for the survey and the preparation of a record-of-rights, including the estimated cost of maintenance of boundary marks for a period of fifteen years, shall be apportioned and recovered as specified below:—

1. The rate of Rs. 1-8 shall be levied per acre of which the raiyats including persons holding non-agricultural tenancies shall pay nine annas per acre and their landlords of all grades together fifteen annas per acre.

Common lands such as rivers, roads, khals, burning ghats, etc., shall be excluded from assessment, but not tanks even if used for irrigation.

2. Landlords shall pay the raiyats' share of lands in their khas possession and raiyats shall pay the full raiyati rate for lands covered by their holdings.

3. Rent-free holders, whether of the degree of raiyats or tenure-holders, shall pay the whole of the landlords' share for their lands.

4. As between the different grades of landlords, the landlords' share shall be apportioned thus:—

(a) Permanent tenure-holders whose rent is fixed in perpetuity, shall pay their own share of the cost and that of the landlords superior to them,

(b) Other permanent tenure-holders and temporary tenure-holders whose lease has over fifteen years to run, shall pay three-fourths of the landlords' share and their landlords shall pay the remaining one-fourth.

(c) Temporary tenure-holders whose lease has fifteen years to run, shall pay fifteen-sixteenths of the share they would pay in accordance with (b) above, if they were permanent tenure-holders and so on proportionately, according to the number of years of the lease to run.

(d) Temporary tenure-holders who do not hold on a lease or for a fixed term shall pay half of the landlords' share.

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above the raiyats. The period for which the lease of the tenure or under-tenure is to run is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

5. (a) Under-raiyats having a right of occupancy shall pay at the rate of four annas for a tenancy or part of a tenancy recorded in one village.

(b) Under-raiyats with no right of occupancy shall be exempted from assessment.

6. (i) The calculation shall be made—

(a) to the nearest anna,

(b) areas less than one acre shall be charged as for one acre; for areas over one acre, fractions of less than half an acre will not be charged for, but fractions of half an acre and upwards shall be charged as for a full acre; the minimum charge for any tenancy or part of a tenancy recorded in one village shall be annas four only.

Advertisement of sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Singjani Fulsary of the Eastern Bengal Railway in the district of Mymensingh, will be put up to sale at 12 noon on the 10th January 1931, corresponding with the Fusli, at the Durmat Railway Station.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premium paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Notice to creditors under section 10A of Act IX (B. C.) of 1879.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 19th November 1930.

Summary.—During the latter part of the week general rain fell almost throughout the Province. It has done some damage to the standing crops in places. Sowing of spring crops and reaping of winter paddy are proceeding. Distress continues in parts of Malda and Bogra. The average price of common rice for the province has fallen by about 0·80 per cent. as compared with that of the previous week.

CALCUTTA, THE 28TH NOVEMBER 1930.

RESOLUTION—No. 5402 IND.

Minister-in-charge: The Hon'ble Khan Bahadur Maulvi K. G. M. Farouqi.

Read—

Annual Administration Report of the Department of Industries, Bengal, for the year 1929-30.

The only noticeable administrative change which took place during the year

under report was that owing to the retirement of Mr. Hoogewerf and delay in the selection of a successor, Mr. Nathani, Assistant Inspector and Weaving Expert, acted as Principal of the Government Weaving Institute, Serampore, throughout the year. In the absence of Mr. Nathani from headquarters, the work of inspection and supervision of the district and peripatetic weaving schools, the control of which was transferred from Serampore to the Directorate at Calcutta, wholly devolved on the Inspector of Technical and Industrial Institutions. The post of Principal, however, was filled up after the close of the year by a candidate recommended by the Selection Board.

The possibilities of industrial development of the province in its existing conditions were set forth in the resolution on last year's report. The introduction of electric power in the establishment of small as well as large scale industries

is an important phase of development, and while agreeing generally with the observations made by the Director in the report Government (Ministry of Industries) do not consider that in present economic condition any progress can be made in this direction in the near future.

Industrial Chemist's Department.—

It is noteworthy that the department has taken up an investigation into the possibilities of manufacturing soap from oil-bearing seeds grown in the province. Government have provided funds in the current year's budget for the purchase of plant and its installation at the Industrial Research Laboratory for certain experiments on this subject.

It is gratifying to note that the department has provided facilities for the training of young men in the manufacture of bar and moulded soap on cottage industries lines. It is interesting to find that most of the young men trained have either established soap factories of their own or are associated with the industry in some shape or other.

It is satisfactory that the department was able to provide for the training of two apprentices at the Bengal Chemical and Pharmaceutical Works, Ltd., in the distillation of coal-tar and the manufacture of antiseptic dressings.

Industrial Engineer's Department.—

The activities of this section of the department are marked with keenness and energy. In the absence of adequate facilities at the Industrial Research Laboratory the Industrial Engineer had hitherto been handicapped in carrying out his experiments. This want, however, has since been removed by providing him with a separate workshop, and it is hoped that it will now be possible for the Engineer to make a further advance. Government have already recognised that if full advantage is to be taken of the Engineer's services he should be assisted by two Industrial Surveyors in carrying out investigations into the conditions and possibilities of industries which await development. Owing, however, to the present financial condition it has not yet been possible to provide him with such assistance. As a result of investigations carried out at the laboratory the Industrial Engineer has been successful in evolving an effective potters' wheel as a step towards the

improvement of the village pottery industry. The other useful schemes in this section referred to in the report which are under investigation are expected to yield good results in due time. The results of demonstrations and experiments carried out in this department during the year under review are very encouraging.

Bengal Tanning Institute.—The

Bengal Tanning Institute maintained its record of good work in all its branches—research, instruction, demonstration and propaganda. It is now admitted that the tanning industry in the province has made striking progress in the course of the last few years, and there are reasons to believe that the institute has had a not inconsiderable share in achieving this result. As stated in the report, several investigations were carried out on the processes of manufacturing such varieties of leather as are of interest to the local tanning industry, with the object of bringing local products up to the Western standard which, in the words of the Director, "the tanners of this country have to emulate and eventually reach to stand in competition." The object of the training imparted to the apprentices at the institute is to offer a career to them in their after-life. With this end in view the practical aspect of the training was fully maintained.

Although owing to financial stringency it has not yet been possible to give effect to the scheme for the institution of a regular course of theoretical training at the institute it is satisfactory that arrangements were made for a regular course of lectures on the principles and methods of tanning, on the analytical chemistry of leather manufacture and on elementary organic and inorganic chemistry to supplement the practical training now imparted at the institute. The demonstration and propaganda work in this section have had good results, and it is gratifying to record that several men have taken up the industry as a profession and one has started a small factory. The outstanding achievement of the year is the establishment of classes attached to the institute for imparting instructions in boot and shoe making for which no facilities were available hitherto. The scheme has been sanctioned for a period of three years as an experimental measure, and, if the

experiment proves a success, there is every possibility of the classes being continued on a permanent basis.

Technical Education including Weaving Education.—The progress of technical education in all its branches during the year under review has been marked. Steps were taken in collaboration with the local bodies to start a Junior Technical School at Hooghly on a grant-in-aid basis. Another noticeable development in this direction during the year was the establishment of a Senior Technical School at Hirapur in the Asansol subdivision of Burdwan district in collaboration with the Indian Iron and Steel Works, Indian Standard Wagon Works and other local engineering firms. The Kanchrapara Technical School and the Calcutta Technical School maintained their record of usefulness. With the appointment of a permanent headmaster and the workshop instructor the staff of the Kanchrapara Technical School is now complete. The Calcutta Technical School has entered on the fifth year of its existence. It is disappointing to observe that the Calcutta Corporation has not yet made its promised grant to the school, and as it is wrong in principle that Government should continue to bear the major portion of the expenditure, the whole question of future grants to the institution is now receiving the serious consideration of Government. Pending a decision on the general question it has been arranged since the close of the year that the whole-time lecturers should be replaced by part-time lecturers as a measure of economy.

In regard to mining education, the Indian Mining Federation and the Indian Mining Association hitherto made contributions towards the cost of maintaining the mining classes in the coal-fields of Bengal. Notwithstanding the fact that the industry is directly benefited by these classes, these bodies decided to discontinue their respective grants, and as a result of that decision it has been necessary to limit the expenditure to the amount hitherto spent by Government. As a consequence a new mining lecturer on a reduced scale of pay has been appointed.

In the matter of weaving education, the Central Institute at Serampore with the outlying district and peripatetic weaving schools continued to function as usual. Amongst the activities of the institute mention may be made of the assistance given to the public in respect of the weaving industry referred to in paragraph 50 of the report. In order to bring the institute into touch with the cotton and jute industries of the province, a representative committee of management has been constituted, and it is hoped that under the guidance of the committee it will be possible for the institute to make greater progress in the development of weaving education in future. Government note with pleasure that as a result of departmental activities it has been possible to start a sale depot under the *aegis* of the Malda District Weaving School for the benefit of the ex-students who have formed themselves into a co-operative society. The ex-students of the Bankura Weaving School have similarly combined themselves into co-operative societies for their mutual benefit. This is a hopeful line of development which might well be followed by other schools.

Since the close of the year the Board of Control for Apprenticeship Training has been reconstituted under the designation of Board of Apprenticeship Training.

Acknowledgments. — Government (Ministry of Industries) take this opportunity of expressing their appreciation of the efficient manner in which the work of the department has generally been conducted by Mr. Weston and his staff. Government are also grateful to the members of the Advisory Board of Industries and other boards and committees attached to the department for their assistance.

• CALCUTTA, the 28th November 1930.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 26th November 1930.

Summary.—During the week light to moderate rainfall was general almost throughout the Presidency. It has done some damages to standing crops in places. Sowing of spring crops continues. Harvesting of winter paddy is proceeding but its progress is a little retarded in places by the recent rainfall. Distress continues in parts of Malda and Bogra. The average price of common rice for the province has fallen by about 0·49 per cent. as compared with that of the previous week.

Public Health.**NOTIFICATIONS.**

Minister-in-charge: The Hon'ble Mr. Bijoy Prasad Singh Roy.

No. 3043P.H.—24th November 1930.—The following draft of rules, which the Government of Bengal (Ministry of Public Health) intend to make, in exercise of the power conferred by section 69B (ii) of the Bengal Municipal Act, 1884 (Bengal Act, III of 1884), for the guidance of Commissioners of Municipalities in matters connected with the carrying out of the purposes of section 69 (I) (i) (xx) of that Act, so far as they relate to the maintenance of a sewerage system, is published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on the 2nd January 1931, and any objections or suggestions which are received by the undersigned before that date will be duly considered:—

Rules for the management of sewerage system in Bengal.

1. The management of the sewerage system of every municipality in which such a system has been introduced vests in the Commissioners, and the Commissioners shall perform the duties prescribed in the following rules.

2. The Commissioners are responsible for the proper application of the fees realised under Part IX of the Act. It shall be their duty to take requisite steps to rectify defects in case they find that the said fees are irregularly collected in any instance or are insufficient for the maintenance of the sewerage system.

3. The Commissioners shall frame the annual budget of income and expenditure on account of the sewerage system, and in this budget all income and expenditure on the sewerage system shall be shewn. Copies of this budget shall be submitted in duplicate to the Chief Engineer, Public Health Department (hereinafter called "the Chief Engineer"), not later than the 31st January for any remarks he may consider necessary. The Chief Engineer shall communicate his remarks to the Chairman of the Municipality and shall also send a copy of the budget with a copy of his remarks to the Divisional Commissioner for consideration when scrutinising the general budget of the municipality.

4. The Commissioners shall maintain separate accounts of the sewerage system fund and the Chairman shall, at the end of each month, prepare a statement of the accounts of this fund, which he shall submit to the Commissioners at their next meeting.

5. The Commissioners at a meeting shall, every month, enquire into all matters connected with the sewerage system of the municipality and examine and pass the accounts submitted under rule 4, and shall record their action in the minutes of the proceedings of the meeting.

6. In all engineering matters connected with the sewerage system the Commissioners shall be guided by the advice of the Chief Engineer. The Commissioners shall afford the Chief Engineer all information he may from time to time require, and shall consider and attend to all communications received from him.

7. The Chief Engineer and the inspecting officers of the Engineering Branch of the Public Health Department may correspond direct with the Superintendent of the Pumping Station and Outfall Works in regard to technical matters. Copies of all such letters shall be forwarded to the Chairman of the Municipality.

8. (1) An officer of the Engineering Branch, Public Health Department, shall inspect the sewerage system, pumping station and outfall works not less than once a year, and his report thereon shall be submitted to the Sanitary Board by the Chief Engineer, a copy being forwarded to the Municipal Commissioners. The Commissioners shall arrange for the proper inspection of the boilers and pumping machinery not less than twice a year by a qualified Machinery Inspector or a firm of Machinery Inspectors who shall be approved by the Chief Engineer.

(2) The reports of the Inspectors shall be submitted—

(i) in the case of boilers and pumping machinery worked by steam, in P. H. D. Form No. 6 (Appendix A);

(ii) in the case of engines and pumps using oil fuel, in P. H. D. Form No. 6A (Appendix A).

9. Until all points raised in the reports of the Chief Engineer and the Machinery Inspector have been disposed of, the Commissioners shall submit to the District Magistrate, for transmission to the Chief Engineer, a monthly progress report showing how far effect has been given to the recommendations made in the reports.

10. (1) The Commissioners shall cause to be kept at the pumping station—

(a) a stock account in P. H. D. Form No. 12 (Appendix A);

(b) an engine room log in P. H. D. Form No. 7 (a) (Appendix A);

(c) a workshop log in P. H. D. Form No. 3 (c) (Appendix A);

(d) a septic tank long sheet in P. H. D. Form No. 14 (Appendix A);

(e) a log of irrigation land in Form No. 11 (Appendix A);

(f) a log for recording the disposal of sewage and sludge in P. H. D. Form No. 9 (Appendix A).

(g) a log shewing the quantity of sewage effluent irrigated on land, in P. H. D. Form No. 10 (Appendix A).

(2) The said forms shall be written up daily by the Superintendent of the Pumping Station and shall be available at all times for inspecting officers and visitors appointed under sub-rule (J) of rule 14.

11. The Commissioners shall submit to the Chief Engineer not later than the tenth of each month—

(a) indicator diagrams from each engine in P. H. D. Form No. 1 (Appendix A) for one day in the preceding month, which must be accompanied by a copy of the engine room log, Form No. 7 (a) (Appendix A) for the day on which they are taken;

(b) an abstract of work done by the pumping machinery during the preceding month in P. H. D. Form No. 8 (Appendix A);

(c) a record of the sewage and sludge disposal during the preceding month in Form No. 9 (Appendix A);

(d) a record of the quantity of sewage irrigated during the preceding month, Form No. 10 (Appendix A);

(e) a record of irrigation land, Form No. 11 (Appendix A).

12. The Commissioners shall submit in P. H. D. Form No. 13 (Appendix A) quarterly to the Chief Engineer a return shewing the number of first class and second class house connections granted during the quarter as well as the number of gulley pits, large and small, constructed during the quarter.

13. It shall be the duty of the Commissioners to see that the rules for the working of the detritus tanks, septic tanks, upward flow tanks, activated sludge plant and sludge digestion beds (Appendix B) and the cultivation and irrigation of the outfall works are properly attended to by the Superintendents of the pumping station and outfall works farm. If owing to the design of the works, the rules cannot be conformed to, the matter shall be referred to the Chief Engineer for orders subject to the approval of the Local Government.

14. (1) The Commissioners shall appoint two of their number in rotation to be monthly visitors of the pumping station and outfall works.

(2) It shall be the duty of these visitors to ascertain by enquiry and inspection—

(a) whether the sewers of the town are being efficiently pumped out;

(b) whether the Superintendents of the pumping station and outfall works and their establishments are attending to their duties and a proper discipline is being maintained;

(c) whether the public latrines, dumping depots, gulley pits, sewers, works, machinery, plant, and implements connected with the sewerage system are being properly maintained and whether the outfall works farm is being properly attended to and the farm produce disposed of at satisfactory prices;

(d) whether these rules are being attended to in all respects; and

(e) whether any other matters in connection with the sewerage system require attention.

(3) The visitors shall report in writing to the Commissioners at a meeting the result of their inspection, and a copy of their report with a copy of any resolution that may be passed thereon by the Commissioners shall be sent to the Chief Engineer.

15. A visitors' book shall be kept at the pumping station in which the visiting Commissioners' remarks shall be recorded.

16. An extract of the proceedings relating to the sewerage system at each meeting of the Commissioners shall be forwarded, within a week of the date of the meeting, to the Chief Engineer, who may, if he thinks fit, and shall, if the Commissioners so desire, submit his remarks to the Sanitary Board.

17. The chemical analysis of the sewage effluent after the various stages of purification in the outfall works shall be carried out in the Public Health Laboratory bi-monthly, or as often as the Director of Public Health shall consider necessary, and the results of the analysis shall be communicated by him to the municipality and shall be laid before the Commissioners at a meeting:

Provided that the analysis of water from the sewage works of Darjeeling Municipality may be carried out at its own laboratory.

18. The Director of Bengal Public Health Laboratory, after an inspection of any sewage disposal works, by himself or by any member of his staff, shall forward a copy of the inspection report to the Chief Engineer.

BOILERS.

1. Description of boilers, giving maker's name and date of erection.

Give grate area and calculated horse-power.

2. When and by whom last examined :

(a) If examined by an Inspector of Steam-boilers under Act III (B.C.) of 1879, give name of Inspector and number and date of last certificate.

(b) Note working pressures previous to last examination ; and, if any reduction in pressure was made by the Inspector, state how much, and why such reduction was made.

NOTE.—If the boilers are working under certificates granted by an Inspector under Act III (B.C.) of 1879, questions 3, 4, 5 and 6 need not be answered.

3. Have you examined the boilers internally and externally ; if so, with what results? Give thickness of scale, if any, and state whether you had it removed.

4. Did you test the boilers by hydraulic pressure ; if so, up to what pressure?

Did you ascertain that the steam-gauge was correct, and that the steam relief-valve was in working order, and not over-weighted, before applying the hydraulic test?

5. What working pressures do you now recommend?

BOILERS—continued.

<p>6. Have you examined all the boiler-fittings, such as safety-valves, feed water-pipe, blow-off cocks, steam and water-gauges, etc.? State if they are all in good working order, and if not, what is required to make them so?</p> <p>NOTE.—The safety-valves should not be weightd to more than 10 lbs. (preferably 5 lbs.) above the working pressure.</p>	
<p>7. Are the boilers blown out regularly, and safety-valves lifted to ensure their not sticking; and is a record kept of the dates on which this has been done since that last inspection?</p>	
<p>8. Is the floor of the boiler-house kept dry and in good order?</p> <p>(a) Where are the ashes slaked?</p> <p>(b) When was soot last removed from the flues?</p> <p>(c) Are the flues free from moisture during the rainy season?</p>	
<p>9. State which of the following are available for filling the boiler, and which is generally used —</p> <p>(a) Feed-pump on engine.</p> <p>(b) Donkey-pump.</p> <p>(c) Injector.</p> <p>(d) Cold water pressure from the mains.</p>	
<p>10. State average fuel consumption since last report giving the percentage of ashes and kind of fuel used.</p> <p>If coal be used, give name of colliery from whence obtained.</p>	

BOILERS—concluded.

<p>11. General remarks.</p> <p>NOTE.—Any repairs, that have been done in the boiler-house since last inspection, should be recorded here.</p>

ENGINES.

<p>12. Description of Engines, noting also maker's name, date of erection, diameters of cylinders, and length of stroke.</p>	
<p>13. When and by whom last examined?</p>	
<p>14. Did you examine the interiors of the cylinders, and if so, with what result?</p>	
<p>15. Did you examine the steam-valves, and if so, with what result?</p>	
<p>16. Did you take any indicator diagrams? If so, attach to this report a set worked out, with full particulars noted :—</p> <p>(a) State whether you consider the valves are properly set for the most economical working of the engine.</p> <p>(b) State whether you consider the indicator diagrams are satisfactory or not, and whether any difference in them is apparent. If so, what, in your opinion, has caused the difference.</p> <p>(c) State steam consumption as ascertained from the diagrams.</p>	

ENGINES—concluded.

17. Are all stuffing boxes and glands kept properly packed, and steam-pipes free from leaks ?	
18. What vacuum is generally maintained?	
19. Is the air-pump in good order? Give temperature of its discharges. NOTE.—The temperature should not exceed 115°.	
20. Are the lubricants in use of good and suitable quality, and is sufficiently large supply of all stores kept in hand ?	
21. General remarks. NOTE.—All repairs, however slight, that have been carried out since last report, should be mentioned here.	

PUMPS.

22. Description of pumps, noting also diameters of buckets or plungers, length of stroke, number and size of valves.	
23. Did you examine all buckets and plungers, and if so, with what result ?	

PUMPS—concluded.

<p>24. What do you consider is the percentage of "slip" ?</p> <p>(a) What do you find the mechanical efficiency of the engines ?</p>	
<p>25. Were the pumps working smoothly, evenly and without noise or banging of valves ?</p>	
<p>26. Are the air-vessels kept properly charged with air ?</p> <p>(a) State means of doing so.</p>

Appendix B.**Rules for working detritus tanks, septic tanks, activated sludge plants, upward flow tanks and sludge digestion tanks in Bengal.**

1. Detritus tanks.—The object of such tanks is to remove grit and sand from the sewage before it is admitted to the septic or upward flow tanks. Each detritus tank must therefore be emptied and cleaned at frequent intervals.

In cleaning these tanks the supernatant liquid is to be decanted off and pumped into the channel connecting the detritus tanks with the septic tanks or the aerating tanks (activated sludge process), where this has been arranged for. The detritus and sludge from the detritus tanks are to be discharged to the sludge beds or sludge digestion tanks.

2. Septic tanks.—The object of the treatment of sewage in a septic tank is the liquifaction of the solid matter and the clarification of the liquid by bacteria which flourish in sewage when air is excluded, as is done by the scum on the surface of the liquid in a septic tank.

During the liquifaction process a certain proportion of the solid matter settles to the bottom of the tank in the form of sludge. As the sludge putrefies, gas is evolved which causes the sludge to rise and mix with the liquid thereby making the effluent black. The blackening of the effluent is a sign that the septic tank requires cleaning, and the period between cleanings varies with the temperature, gassing being greatest in the hot weather and least in the cold weather.

As most of the solid matter is trapped in the first half of a septic tank, the greatest quantity of sludge is formed there, and consequently the first half requires more frequent cleaning than the second half. The change of colour in the effluent must therefore be watched for, and the tank should be emptied and the sludge removed as soon as the change in colour of the effluent becomes apparent.

In cleaning, the supernatant liquid is to be drawn off by the outlet valves provided at different levels. This liquid is to be pumped back into the inlet channel feeding the septic tanks and passed through the second septic tank. The sludge is to be washed out and pumped to the sludge disposal tanks.

Only one septic tank may be cleaned at a time, and the period between cleaning the various septic tanks should be at least seven days otherwise a bad effluent will be obtained.

3. Upward flow tanks.—Tanks of this type are chiefly used for sedimentation, sludge from this type of tank is to be removed twice daily by opening the sludge valve and discharging the sludge under hydrostatic pressure. This process takes 10-15 minutes and may be considered as complete as soon as the discharge is seen to consist of liquid only. The sludge discharged is either pumped or run by gravity to the sludge disposal tanks.

Unless upward flow tanks are cleaned of sludge regularly the conical bottom will become filled with sludge which can only be removed at considerable expense by pumping out the whole of the liquid and removing the sludge by hand.

4. **Sludge digestion tanks.**—The function of these tanks is to remove as much as possible of the water in the sludge and to convert the putrescible solid matter into an innocuous substance which can either be disposed of as manure to cultivators or used to raise low lying land.

To effect these changes the sludge is discharged into kutchas made by enclosing a piece of land by an earthen bund. The outlet for the liquid consists of a masonry chamber the top of which is surrounded by a scum board which permits the discharge of water and holds back the floating solid matter. It is essential that the opening round the inside of the scum board should be kept free, and any clogging must be removed periodically. As the contents of the tank solidify the top of the outlet chamber should be raised by brickwork from time to time until the whole of the tank becomes filled with solid digested sludge, after which it may be dug out and sold or a new tank made and the top of the old one covered with earth and planted with crops.

5. **The irrigation area.**—Where there is no means of purifying the septic tank effluent other than land filtration, digestion in tanks, etc. (as at Dacca), the care of the irrigation area and tanks is a matter of great importance. The growing of crops for profit is of secondary consideration, and therefore it is not permissible for municipalities to lease out such irrigation areas to cultivators.

All irrigation areas are to be regularly cultivated for the purpose of thoroughly oxidising the solid matter deposited on the surface of the soil, thus increasing the capacity of the soil to absorb effluent. This cultivation also keeps down weeds which otherwise quickly get out of hand.

No effluent is to be discharged into any waterway which flows through populous areas unless it is diluted to such an extent as to be harmless.

During the periods at the commencement and the end of the monsoon when the irrigation area is too wet to irrigate, and the flow in the adjoining waterways and drainage channels is too small to permit of adequate dilution, the effluent must be passed through a number of tanks so that digestion and dilution can take place before the effluent is discharged into any drainage channel or other waterway.

During the height of the monsoon all sluices on the disposal tanks are to be opened so as to thoroughly wash out these tanks and to fill them with fresh flood water, where this is possible. This is a matter of great importance, as unless the contents of these tanks are replaced with fresh water from time to time, they will putrefy and cause considerable nuisance to the surrounding locality.

6. **Cleaning of sewers.**—The whole of the sewers in the town should be divided into sections and a regular programme is to be drawn up whereby each section is examined and if necessary cleaned, at frequent intervals.

It will be found that the small branch sewers from dumping depots tend to choke up due to insufficient water being used during dumping operations. The cleaning programme must therefore be drawn up in such a manner as to provide for more frequent inspection and attention to such branch sewers, thus obviating the inconvenience, nuisance and expense of cleaning sewers which have become totally blocked.

All syphons require periodic inspection and attention and if regularly flushed out, particularly at the commencement of the monsoon when large quantities of mineral matter are discharged into the sewers through the gulley pit separators, it will be a comparatively simple matter to maintain them in thorough working order.

The manholes into which house connections discharge should be examined during the monsoon, to ascertain whether such connections have been satisfactorily built in. Any leakage of subsoil water round such pipes should be noted and the house-holder compelled to make good the leakage during the following dry weather. No house connections should be granted between the months of May and November of each year owing to the difficulty of making watertight connections to the sewers during this period, when the subsoil water level is high.

No. 3086P.H.—27th November 1930.—It is hereby notified for general information that Bassein is declared free from Cholera, and that the regulations for the prevention of the introduction of cholera by sea, which were imposed in the ports of Calcutta and Chittagong against vessels arriving from Bassein, are hereby withdrawn.

No. 3143P.H.—27th November 1930.—The following draft of a notification, which the Government of Bengal (Ministry of Public Health) intend to issue in exercise of the powers conferred by clauses (i) and (ii) of sub-section (I) of section 69 and clause (ii) of section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), in the rules published under notification No. 1806M., dated the 16th October 1917, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 15th January 1931, and any objection or suggestion with regard thereto which may be received by the undersigned through the District Magistrate before that date will be duly considered.

Draft notification.

In exercise of the powers conferred by clauses (i) and (ii) of sub-section (I) of section 69 and by clause (ii) of section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Public Health) are pleased to make the following amendments in the rules published under notification No. 1806M., dated the 16th October 1917, as subsequently amended, viz—

For the note to rule 26 substitute the following:—

NOTE 1.—In calculating the fees the cost of survey, land acquisition and supervision shall be excluded from the estimated cost.

NOTE 2.—These fees are to be included in the estimates and recovered by debit to the works as a first charge on the scheme.

NOTE 3.—The municipal authority will be liable to pay these fees in cash in accordance with the procedure prescribed in article 426 of the Audit Code, if it abandons the detailed scheme at any time or if it is unable to proceed with it within six months of final sanction to the taking up of the work after budget provision has been made for the purpose or such longer period as Government may be pleased to allow.

24-Parganas.—No. 3206P.H.—29th November 1930.—In exercise of the power conferred by section 37G of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Public Health) sanction the scheme submitted by the Commissioners of the Titagarh Municipality for the extension and improvement of sewerage in the municipality, the particulars of which were published with notification No. 2085P.H., dated 29th July 1930, at page 1205 of Part I of the *Calcutta Gazette* of the 7th August 1930.

No. 3212P.H.—29th November 1930.—The following draft of an amendment, which the Government of Bengal (Ministry of Public Health) propose to make in the rules framed under section 20 of the Bengal Food Adulteration Act, 1919 (Bengal Act VI of 1919), and published with notification No. 1977P.H., dated the 24th July 1930, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 20th January 1931, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft amendment.

Add the following as paragraph 2 to rule 3 of the said rules, viz.—

“The Chief Sanitary Inspector or, when specially authorised by the local authority which is hereby empowered in this behalf, the Sanitary Inspector or the Food Inspector in the employ of the Mines Board of Health, Asansol, shall exercise the powers and perform the duties mentioned in sections 10 and 12 of the Act.”

Land Acquisition.

NOTIFICATIONS.

Burdwan.—No. 136811 L.A.— 21st November 1930.—The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information.

H. C. V. PHIPPS,

Secy. to the Govt. of Bengal (offg.).

Twelve Annas.

Agreement.

Memorandum of agreement made this 20th day of November 1930, between the Burdwan Central Co-operative Bank, Limited, a bank registered under the Co-operative Societies Act, II of 1912, and having its registered office at Burdwan in the district of Burdwan (hereinafter called the Bank) of the one part and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of office buildings and other necessary out-houses (and for affording accommodation to co-operative societies either established at Burdwan or affiliated to the Burdwan Central Co-operative Bank) for the Burdwan Central Co-operative Bank, Limited, the Bank has applied to the Government of Bengal for the acquisition, under the provisions of the Land Acquisition Act, I of 1894, as amended by Act XXXVIII of 1923, of the piece or parcel of land containing 0.522 acre or thereabout situate in the village of Radhanagore, pargana Burdwan, zilla Burdwan, and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 5A and clauses (a) and (b) of section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that

the said work is likely to prove useful to the public has consented to acquire on behalf of the Bank the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Bank under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Bank shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, I of 1894, as amended by Act XXXVIII of 1923, or by the court to which a reference under part III of the said Act may be made or by the court or courts to which an appeal from the award of the said court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector, the obligations of the Bank under the last preceding clause not being thereby limited, the Bank shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purpose mentioned in the last preceding clause.

3. On payment by the Bank of all demands under the foregoing first clause or in the discretion of the said Government of Bengal (on deposit by the Bank of all estimated amounts as provided in the second clause) but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Bank and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Bank.

4. The said land shall be held by the Bank for the purposes of its office buildings and out-houses and for affording accommodation to the co-operative societies either established at Burdwan or affiliated to the Burdwan Central Co-operative Bank as are hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said office buildings and out-houses shall be completed (and fully equipped in all respects ready for use) within one year from the date on which possession of the said land shall have been given to the Bank.

6. Should the said office buildings and out-houses not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal, or should the said land at any time thereafter cease for a period of twelve consecutive months to be held and used or cease to be required for the purpose

*Not printed herewith but may be inspected in the office of the Collector of Burdwan.

or purposes provided for in the foregoing fourth clause, then and in any such case the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon whether such buildings were erected before or after transfer of the land to the Bank, and thereupon the interest of the Bank in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(i) Should the said Government sell the land with the buildings the said Government, after deducting the expenses incurred in connection with the said taking of possession and with such sale, shall pay the proceeds to the Bank.

(ii) Should the said Government decide not to sell the land and buildings the said Government shall retain the said land and buildings thereon, in which case the Secretary of State shall repay to the Bank the market value as on the day of re-entry of all the buildings erected by the Bank and all sums received from the Bank in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

(iii) Should the said Government decide to sell the said buildings only, upon such sale the Secretary of State shall, after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Bank together with the sum received from the Bank in respect of compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Bank on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs charges and expenses.

8. The public shall be entitled to use the said land and buildings subject to the laws and rules governing co-operative banks and to the by-laws of the Bank.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

In witness whereof the Burdwan Central Co-operative Bank, Limited, has caused its common seal to be affixed and the Secretary of State for India in Council hath hereunto set his hand and seal the day and year first above written.

The common seal of the above-named the Burdwan Central Co-operative Bank, Limited, was hereto affixed in the presence of witnesses—

NOTIFICATIONS.

Calcutta.—No. 13967Jur.—27th November 1930.—In exercise of the power conferred by sub-section (3) of section 2 of the Indian Census Act (X of 1929), the Governor in Council is pleased to delegate the power of appointing census officers for the port census area, Calcutta, the following authorities under directions from the Superintendent of Census Operations, Bengal:—

The Commander of the Pilot Station, Sandheads, and the Superintendent, Preventive Service, Customs of Calcutta, for the census of sea-going vessels; and

The Deputy Commissioner, Port Police, Calcutta, for the census of other than sea-going vessels.

Calcutta.—No. 13968Jur.—27th November 1930.—In exercise of the power conferred by sub-section (1) of section 3 of the Indian Census Act (X of 1929), the Governor in Council is pleased to authorise the authorities named in notification No. 13967 Jur., dated the 27th November 1930, to issue the declaration in writing referred to therein in respect of all census officers appointed by them.

No. 13965Jur.—27th November 1930.—In exercise of the powers contained in clauses (a) and (b) of sub-section (2) of section 15 of the Indian Census Act, 1929 (X of 1929), conferred on the Local Government by the Governor (General in Council under Government of India, Home Department, notification No. F. 45/1/30 Public, dated the 20th January 1930, the Governor in Council is pleased to make the following rules for the census of ports:—

Census of ports.

1. **Classification of vessels.**—For the purposes of the census, vessels may be classed as:—

- (a) Sea-going vessels plying between ports in British India, or Indian States and British or foreign ports out of India.
- (b) Sea-going vessels plying between Indian coast ports, whether in British India, in Indian States or in French or Portuguese territory.
- (c) Other vessels, such as (1) inland cargo and passenger steamers, (2) country boats carrying inland produce, (3) ferry steamers, passenger boats, etc., plying within the limits of a single port, (4) fishing boats, etc.

2. **Census agency.**—In all places where there is Port Officer or Conservator, that officer should superintend all arrangements as port census officer. For smaller ports and landing places the district officer should make the necessary arrangements. Full use should be made of any Customs, Salt or Marine officials available.

The census of the port of Calcutta will follow the general principles of the rules given in this appendix with such minor modifications as may be found necessary, and may be determined by the provincial superintendent.

3. **Enumerators.**—The limits of the port must be carefully defined with special reference to the rivers discharging into it. The foreshore and anchorage should then be divided into blocks, and an enumerator appointed to each block. If more convenient, one set of enumerators may be appointed for the census of vessels of the kind referred to in articles 4 to 12, and another set for the census of the vessels referred to in articles 13 to 16.

A register (Form I) must be prepared for all the vessels (and buildings, if any), in each block, other than small boats in which no one sleeps at night. This register must be kept, corrected up-to-date, until the census is over.

NOTE.—The limits of the port will not necessarily be the same as those ordinarily recognised. If a considerable number of boats are usually moored outside, but near those limits, the boundary lines should be drawn so as to include them. Great care must be taken to see that the boundary thus laid down is clearly understood by the census officers both of the port and of the area adjoining it.

4. **Vessels plying between Indian and British or foreign ports.**—Sea-going vessels arriving from, or leaving for, another port not in British India or an Indian State, should not be enumerated unless they are actually lying in the ports on the night of the 26th February. In that case, the procedure in articles 6 and 7 should be followed. Otherwise they will be dealt with under the procedure laid down in Appendix XVI.

NOTE.—Vessels arriving from, or leaving for, another port in British India or an Indian State, will be regarded as “plying between coast ports” irrespective of their port of origin or ultimate destination.

5. **Vessels plying between coast ports.**—In the case of sea-going vessels of this class, it is necessary to provide for the following contingencies:—

- (1) vessels lying at anchor in a coast port on the night of the census;
- (2) vessels having left for a coast port shortly before that night;
- (3) vessels arriving from a coast port after that night; and
- (4) the special case of coasting steamers touching at several ports during that night.

6. **Procedure for census of sea-going vessels.**—**Master of vessel responsible for census.**—The master of the vessel is, in all cases, responsible for the due enumeration of all on board on the night of the census. He should be furnished with the necessary schedules and instructions, and a notice in the annexed form (Form II) should be handed to him, requiring him to fill in the schedules for himself, his crew, and the passengers that are on board on the night of the 26th February.

For Europeans household schedules may be supplied but for them as for Indians an ordinary enumeration book in English, containing the requisite number of general schedules, should be used as far as possible.

7. **Vessels remaining in port.**—In the case of the vessels lying in the port and likely to remain there over the night of the 26th February the forms should be distributed at least three days beforehand or (in the case of subsequent arrival) as soon as they reach the port. On the morning of the 27th February the enumerator should visit the vessel and collect the returns, examining the entries to see that they are in accordance with the instructions, and mustering the persons on board, if he thinks it necessary to do so. He must, in all cases, check the entries for lascars and other natives of India. Where the master is illiterate and unable to fill up the schedules the enumerator should fill them up for him.

8. **Vessels leaving port.**—If a vessel is leaving a British or Indian State port after the 20th January for another coast port which it is not tolerably certain to reach before the census night, the port census officer should supply the master of the vessel with the necessary forms, and instruct him to fill them up on the night of the 26th February and deliver them duly certified to the Customs or other authority who may ask for them at the British or Indian State port first touched at after the 26th February. It should be ascertained what port this is likely to be and notice should be sent by post to the port census officer concerned.

9. **Vessels arriving in port after the night of the census.**—If a vessel arrives in a British or Indian State port from another coast port (including a port in French or Portuguese territory) between the 26th February and the 15th March, the enumerator of the port must (unless he knows that the vessel has previously touched at a port after the 26th February and that this demand has been made before) require from the master of the vessel either schedules duly filled in or an enumeration pass (see Article 11). If neither of these be forthcoming, the enumerator must muster the persons on board and with the aid of the master and others fill in the necessary forms.

10. **Coasting steamers.**—In the case of steamers running at short intervals between coast ports, arrangements should be made similar to those for the enumeration of persons on inland steamers (see Appendix XII). The census record for the steamer will include the ship's officers, crew, etc., and all passengers who are still on board at 7 p.m. on the 26th February. Passengers disembarking after 7 p.m. should be given a pass (Chapter I, Article 31) to prevent double enumeration; those coming on board after that hour will be enumerated unless they have already been enumerated on shore. The schedules will be handed over to the local enumerator at the first port reached after 6 a.m. on the 27th February.

11. **Enumeration passes.**—In order to prevent double enumeration every person, who receives schedules filled in for any vessels, should give the master an enumeration pass (Form III). The master should be instructed to keep this pass carefully until the 15th March.

12. **Inland steamers.**—The enumeration of inland cargo and passenger steamers will be carried out by the clerk on board under arrangements made by the provincial superintendent with the Managing Agents (see Appendix XII). The schedules so filled in for any steamers of this class which may be lying in port on the night of the census or reach it early next morning will be collected next morning by the enumerator of the block in which each such steamer is moored.

13. **Other vessels—Fishing vessels.**—In the case of fishing and other vessels that are likely to be absent from the port on the night of the census, the schedules for their crews should be filled in on their leaving port at any time between the 16th and the 26th February and an enumeration pass (see Article 11) given to the person in charge of the vessel. If it returns before the 26th February the pass should be taken back, the schedules destroyed, and the persons on board told that they will be enumerated on the 26th February or on the vessel again leaving port.

14. **Cargo boats.**—Boats laden with country produce, cargo brigs, etc., which leave the port after the 16th February, should be enumerated, and an enumeration pass (Form III) given to the person in charge, unless it is fairly certain that the destination will be reached before the 26th February. The person in charge should be warned to preserve the pass as a safeguard against double enumeration.

15. **Procedure on night of the census.**—On the census night, each enumerator will visit every vessel in his block, other than those of which the census will be effected by the master or clerk as provided in Articles 4 to 12 above, and enumerate all persons found passing the night there and not taking their meals from other places. He will give an enumeration pass (Form III) to the person in charge of each vessel. In order to reduce his work on the census night he should prepare, a day or two beforehand, a preliminary record of all persons who regularly pass the night on ferry and other steamers plying within the limits of the port, or who are living on other vessels moored within his block which are likely to remain there until after the census is taken.

16. Particular care must be taken to enumerate at their homes all persons taking their meals there, who are absent on vessels for the night only [vide Manual of Instructions to supervisors (Appendix III to the Code), Article 9(3) and Instructions to Enumerators (Appendix IV to the Code), Part II, Rule 7.]

17. **Boats reaching port after census night.**—Cargo brigs, etc., arriving at the port between the 26th February and 15th March should be enumerated, unless the person in charge can produce an enumeration pass, or otherwise satisfy the census officer that he and his crew have already been enumerated elsewhere.

NOTE.—In ports where there is much shipping it will be convenient to insert after column 1 two columns to show Number and Port of Registration of each vessel.

FORM II.—Form of notice to Masters of sea-going vessels (see Article 6).

To the Master of the.....

SIR,

You are hereby requested under section 4 of the Indian Census Act, a copy of which will be found below, to undertake the enumeration of all persons on board of your vessel.

2. The bearer of this letter is a census officer appointed under the Act. He will make over to you the schedules required for the enumeration of the officers, passengers and crew of your vessel.

3. The instructions regarding the entries to be made in the forms are printed on the back of the "Household Schedule" (if issued for Europeans) and on the cover of the enumeration book, in which the necessary particulars are to be entered for all persons aboard your vessel. The census officer will give you any further information or explanation which you may require.

4. If it can be avoided you should not allow any of your crew to go on shore at any port in British India between 7 p.m. on the 26th February and 6 a.m. on the 27th February. If any one should be obliged to go, you should give him a certificate saying "enumerated on board....."; noting the name of your ship, and signing it. He should be told to show this certificate to any one wishing to enumerate him on shore.

5. If you are leaving port before the 26th February for another port in India, you should fill up the schedules on the night of the 26th February and deliver them to the Customs or other authority, who may ask for them at the first port touched, or to the pilot, if he is still on board. If the first port touched after the 26th February is outside British India the schedules should be posted to the port officer from whom they were obtained.

6. If you are still in port on the morning of the 27th February you should deliver the schedules, duly filled up, to the officer who calls for them.

7. When you give up the schedules you will receive an enumeration pass, which you should keep till the 15th March as a proof that the persons on your vessel have been enumerated.

Census Officer of _____ Port.

Extracts from the Census Act, Section 4.

Every person (except a pilot or harbour master) having charge or control of a vessel shall, if so required by the District Magistrate or by such officer as the Local Government may appoint in this behalf, perform such of the duties of a census officer in relation to the persons who at the time of the taking of the census are under his command or charge, as such Magistrate or officer may, by written order, direct. All the provisions of this Act relating to census officers shall apply, so far as they can be made applicable, to all persons while performing such duties under this section, and any person refusing or neglecting to perform any duty, which he is directed under this section to perform, shall be deemed to have committed an offence under section 187 of the Indian Penal Code.

APPENDIX XIII.

Census of jails.

1. The enumeration of the jail population will be carried out under the orders of the officer in charge, to whom the necessary forms and instructions should be supplied by the district census officer. With the modifications here noted the ordinary procedure will be followed.

2. Each jail and lock-up should be formed into a separate block or blocks. Each ward or other occupied building, which has a separate entrance, should be numbered as a house. [See Chapter IV, Article 1, exception (ii).]

3. The enumeration will include all classes of prisoners and all jail officers and their families who reside within the precincts of the jail. It will also include police on duty as jail guards, if they sleep and take their meals within the precincts of the jail; otherwise they will be enumerated as part of the district police.

4. The preliminary enumeration will be begun on the 15th February and completed by the 20th February. Prisoners who will be released before the 26th February should not be entered. In column 10 of the schedule prisoners should be classed as convicts, under-trial or civil prisoners. Their previous occupations should not be shown and column 9 should be left blank.

5. The final enumeration should be commenced at lock-up time on the 26th February. Every prisoner should be called by his name as he enters his sleeping ward, and the fact that he has been entered in the enumeration book verified. Prisoners received after the preparation of the preliminary record should be entered, and those no longer present should be struck out. After all the prisoners have been dealt with, the final census of the jail officials and their families should be taken.

IRRIGATION DEPARTMENT.

NOTIFICATIONS.

No. 231.—27th November 1930.—Whereas it appears to the Governor in Council that injury to the public health has arisen and may hereafter arise from the obstruction of the portion of the river commonly known as the Kunti, from the junction of the Ghea Nadi and Kana Nadi in the village Boichipota, pargana Chowmaha, district Hooghly, to its outfall at the Hooghly river in the village Noasarai, pargana Selampore, district Hooghly, for a length of about 18 miles, and that the said portion of the river should in future be maintained as a drainage channel;

Now therefore the Governor in Council is pleased in exercise of the power conferred by section 40 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), to prohibit the formation of any bund or other obstruction to the free passage of drainage water within the aforesaid portion of the river hereby declared as a drainage course.

No. 241.—28th November 1930.—The following draft of amendments, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make, with effect from 1st April 1931, in the Schedule of rates of tolls and rules published in Bengal Government notification No. 151., dated the 22nd June 1929, at pages 1291-1292, Part I of the *Calcutta Gazette* of the 27th idem, for the undermentioned three navigable channels in the Chittagong district,

is hereby published for the information of persons likely to be affected thereby:—

(1) The line of channel connecting the Karnafuli and Sangoo rivers, known in its various parts as Boalkhali, Benoud Faree and Chandkhali.

(2) The line of channel connecting the Sangoo river with the Jalkudder creek as far as Jalkudder Ghat and known in its various parts as the Banskali, Kooki Chera and Balukhali.

(3) The Mohishkhal Nala or Khal from the junction with the Karnafuli to its opening into the Bay of Bengal.

II. The draft will be taken into consideration on or after the 15th January 1931, and any objection or suggestion received by the undersigned before that date will be duly considered:—

Draft amendments.

For the entry in item No. 1 under the heading "Rates" in the said Schedule *substitute* the following entry, namely:—

"On all boats or other vessels whether laden or empty up to 50 maunds of tonnage—0-1-0."

After the said item No. 1 *insert* the following, namely—

"1 (a) On all boats or other vessels whether laden or empty above 50 maunds and under 100 maunds of tonnage—0-2-0."

In rule 2 (c) of the rules insert the words "on vessels exceeding 100 maunds tonnage" between the words "toll to be levied" and the words "any fraction of 100 maunds."

Orders and Notifications by the Government of India republished for general information.

FINANCE DEPARTMENT.

NOTIFICATIONS.

Simla, the 22nd October 1930.

No. F./2-XVI-R. II./1930.—The following resolution by the Secretary of State for India in Council is published for general information:—

In exercise of the powers conferred by subsection (2) of section 96-B of the Government of India Act, the Secretary of State with the concurrence of the majority of votes at a Meeting of the Council of India held this 20th day of August 1930 hereby makes the following amendments in the Civil Pensions (Commutation) Rules, namely:—

(I) For Rule 6 of the said Rules the following shall be substituted, namely:—

“6. The following provisions apply to Government servants governed by Rule 3.

(1) On receipt of an application for commutation the sanctioning authority shall transmit to the applicant a copy of the Account Officer's certificate of the lump sum payable on commutation in the event of his being reported by such medical board as the sanctioning authority may prescribe to be a fit subject for commutation; and shall at the

same time instruct him to appear for examination before the said board within three months from the date of its order, or, if he has applied for commutation in advance of the date of his retirement, within three months of that date but in no case earlier than the actual date of retirement. This intimation shall constitute administrative sanction to commutation, but shall lapse if the medical examination does not take place within the period prescribed in the sanctioning order. The applicant may withdraw his application by written notice at any time before the medical examination takes place, but this option shall expire on his appearance before the medical board.

Provided that if the medical board directs that his age for the purpose of commutation shall be assumed to be greater than his actual age, the applicant may withdraw his application within two weeks from the date on which he receives intimation of the revised sum payable on commutation, or, if this sum is already stated in the sanctioning order, within two weeks from the date on which he is informed of the finding of the medical board.

If the applicant does not withdraw in writing his application within the period of two weeks prescribed above, he shall be assumed to have accepted the sum offered.

(2) Subject to the provision contained in clause (3) of this rule the commutation shall become absolute, that is, the title to receive the commuted portion of the pension shall

cease and the title to receive the commuted value shall accrue, in the case of an unimpaired life on the date on which the medical board signs the medical certificate; and, in the case of an impaired life, on the date of written acceptance of the commutation, or the date on which the option of withdrawing the application expires, whichever is earlier. Payment of the commuted value shall be made as expeditiously as possible, but whatever the date of actual payment, the amount paid and the effect upon the pension shall be the same as if the commuted value were paid on the date on which commutation became absolute. If the commuted portion of the pension has been drawn after the date on which the commutation became absolute, the amount drawn shall be deducted from the amount payable in commutation.

(3) If the applicant makes any statement found to be false within his knowledge or wilfully suppresses any material fact in answer to any question, written or oral, put to him in connection with his medical examination, the Local Government may cancel the sanction at any time before payment is actually made; and such a statement or suppression may be treated as grave misconduct for the purpose of Article 351 of the Civil Service Regulations.

(II) Rule 8 of the said Rules shall be omitted.

(III) For Rule 10 of the said Rules, the following shall be substituted, namely:—

“10. If the pensioner dies on or after the day following that on which commutation became absolute but before receiving the commutation value, this value shall be paid to his heirs.”

H. DENNING,

Addl. Secy. to the Govt. of India.

Simla, the 3rd July 1930.

No. F. 65-R. I./29.—The following Resolution by the Secretary of State for India in Council is published for general information:—

In exercise of the powers conferred by subsection (2) of section 96-B of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held this 3rd day of June 1930, hereby makes the following amendments in the Fundamental Rules, namely:—

I. In the heading of Chapter IX of the said Rules, the words “and resignation of office” shall be omitted.

II. In Rule 56 of the said Rules, for sub-clauses (iv) and (v) of clause (c), the following shall be substituted, namely:—

“(iv) (1) Except as otherwise provided in this sub-clause, the following classes of officers must retire on reaching the age of 55 years, namely:—

(a) Civil Engineers of the Public Works or Railway Department, and

(b) Civilians in the Superior Railway Revenue Establishment, or the Superior Establishment of the Telegraph Department; and the former class may be required by the Governor General in Council to retire on reaching the age of 50 years, if they have not attained to the rank of Superintending Engineer.

Note.—Those provisions do not apply to members of the first and second divisions of the Superior Telegraph Traffic Branch (other than officers of the old Superior Telegraph Establishment), nor to those of the second division of the Superior Telegraph Engineering and Technical Branches, whose retirement is governed by clause (a) of this Rule.

(2) Subject to the retirements of this sub-clause as to reappointment, the local Government may, in special circumstances, which should be recorded in writing, grant an extension of service, not exceeding three months, to a Chief Engineer.

(3) No Chief Engineer of the Public Works or Railway Department, and no officer in the Superior Revenue Establishment of State Railways, corresponding in rank to a Chief Engineer, nor any officer holding the post of Consulting Engineer to the Government of India, shall, without reappointment, hold the post for more than five years, but reappointments to the posts may be made as often, and in each case for such period not exceeding five years, as the local Government may decide, provided that the term of reappointment shall not extend beyond the date on which the Government Servant attains the age of 55, or, in the case of a Chief Engineer, more than three months beyond that date.

Note.—Officiating service, unless followed by confirmation without interruption in such service, does not count towards the period of five years mentioned in this sub-clause.”

III. In Rule 97 of the said Rules, in clause (2), after the word “Commissioner” the following shall be inserted, namely:—

“Consulting Engineer to the Government of India, or Chief Engineer of the Public Works or Railway Department, or posts held by officers in the Superior Revenue Establishment of State Railways, corresponding in rank to a Chief Engineer.”

No. F. 65-R. I./29.—The following Resolution by the Secretary of State for India in Council is published for general information:—

In exercise of the powers conferred by subsection (2) of section 96-B of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held this 3rd day of June 1930, hereby makes the following amendment to the Civil Service Regulations, namely:—

Article 647 of the said Regulations, and the notes thereunder, shall be omitted.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Proclamation.

IT is notified for general information that the following rogue elephant is proclaimed as dangerous to human life and property and a reward of Rs. 100 is offered for its destruction when its identity has been proved to the satisfaction of the Deputy Commissioner, Jalpaiguri:—

A Makna which usually accompanies the proclaimed tusker, known as the Gorumara or Tondou rogue. In the company of the latter it has caused considerable damage to forest buildings and plantations and crops. More recently it has become very daring and attacked the Chapramari bungalow chowkidar in broad day light. The circumference of the foot print is 4'-3".

No. 14529A.—5th December 1930.—The following is published for general information.

R. N. REID,

Chief Secy. to the Govt. of Bengal (u.g.).

Copies of this paper may be obtained on application to the Chief Secretary to the Government of Bengal, Writers' Buildings, Calcutta.

INDIAN CIVIL SERVICE.

Open competition of 1931.

An Open Competitive Examination for admission to the Indian Civil Service will be held in London in 1931. The viva voce test will take place in July, the written examination in Section B subjects will begin on the 25th July, and that in Section A subjects on the 1st August.

The number of persons to be selected at this examination will be announced hereafter.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received, on or before the 8th May, 1931, an application on the prescribed form, a copy of which is sent herewith. No allegation that an Application Form or a letter respecting such Form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until the last days will do so at their own risk.

Acknowledgments of such Application Forms are sent, and any candidate who has filled up and returned the printed Application Form but has not received an acknowledgment of it within four complete days should at once write to the Secretary, Civil Service Commission, Burlington Garden, London, W. 1. Failure to comply with this provision will deprive the candidate of any claim to consideration.

The Time Table of the written part of the examination will probably be posted towards the end of June to the address given on the Form of Application, and will contain instructions as to the time and place at which candidates are to attend. Candidates will be notified at the same time of the date and place fixed for their viva voce test and of the manner in which the fee (£8) is to be paid.

NOTE.

If Open Competitive Examinations for the following Services, viz.:—

Eastern Cadetships in the Colonial Service;
Junior Grade of the Administrative Class
in the Home Civil Service;

should be held in 1931 concurrently with the Open Competitive Examination for the Indian

Civil Service, candidates duly eligible in respect of age, &c., will be admitted to compete for any two or all three of these Services, subject to the following conditions:—

(1) Every successful candidate who may have been admitted to compete for either the Indian or the Colonial Service (or both), as well as for the Home Service, will be called upon to declare, immediately after the announcement of the result of the competitions, whether he prefers his name to remain on the list of candidates for the Indian or Colonial Service or on the list of candidates for the Home Service.

The name of any candidate who fails to declare his choice when called upon to do so will be removed from the list of candidates for the Home Service.

(2) Every successful candidate who may have been admitted to compete for both the Indian and Colonial Services will be called upon to declare, immediately after the announcement of the result of the competitions, whether he prefers his name to remain on the list of candidates for the Indian Service or on the list of candidates for the Colonial Service.

The name of any candidate who fails to declare his choice when called upon to do so will be removed from the list of candidates for the Colonial Service.

(3) All declarations of choice are irrevocable.

(4) Candidates for all three or any two of the above-mentioned services will be required to pay a consolidated fee of £8.

CIVIL SERVICE COMMISSION.

October, 1930.

October, 1930.

EXAMINATIONS FOR THE INDIAN CIVIL SERVICE.

Regulations for admission to the Indian Civil Service.

*** The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year.*

1. An Examination for admission to the Indian Civil Service, open to all qualified persons, will be held in London in July and August of each year for such number of appointments to that Service as the Secretary of State may on each occasion determine. The date of the Examination will be announced beforehand by the Civil Service Commissioners.

2. A Candidate must be a male and either:—

(a) a British subject whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that service; or

(b) a ruler or a subject of a State in India in respect of whom the Governor General in Council has made a declaration under Section 96A of the Government of India Act.

Provided that in the case of a male British subject the requirements of this rule may be waived by the Secretary of State in Council if he is satisfied that their observance would occasion exceptional hardship and the Candidate is so closely connected by ancestry or upbringing with His Majesty's dominions as to justify special treatment.

3. A Candidate must have attained the age of twenty-one, and must not have attained the age of twenty-four on the first day of August of the year in which the Examination is held.

4. A Candidate who is a Native of India must obtain a certificate of age and qualification under Regulations 2 and 3 issued under Notification of the Government of India, No. 1114, dated 12th September, 1918* and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.

5. A Candidate must be free from disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the Indian Civil Service.†

6. A Candidate shall satisfy the Civil Service Commissioners that his character is such as to qualify him for employment in the Indian Civil Service.

7. No person who, in a previous year, accepted the offer of a nomination as a Selected Candidate for the Indian Civil Service and subsequently resigned his position as a Selected Candidate, will be admitted to the Examination.

8. Should the evidence upon the above points be *prima facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee, will be admitted to the Examination. The Commissioners may, however, in their discretion, at any time prior to the grant of the Certificate of Qualification institute such further inquiries as they may deem necessary; and if the result of such inquiries in the case of any Candidate should be unsatisfactory to them in any of the above respects he will be ineligible for admission to the Indian Civil Service, and, if already selected, will be removed from the position of a Probationer.

*This Notification is at present under revision in consequence of the recent amendment of Clause 2 of these regulations.

†The Civil Service Commissioners will regard no person as constitutionally fitted for appointment to the Indian Civil Service who has not been satisfactorily vaccinated within the last seven years.

9. The Examination will include the following subjects.* The numerical value is shown against each subject.

SECTION C.—Subject to the instructions at the head of Section B of this rule an Extra Numerum subject may be offered carrying 100 marks and chosen from the following:—

General Anthropology.

Special Anthropology.

An auxiliary language.

10. The auxiliary language in Section A or Section C will be tested by means of translation from the language. The following languages may be offered: French, German, Italian, Spanish, Portuguese, Dutch, Norwegian, Swedish, Danish, Russian, Latin, Ancient Greek.

No Candidate may offer any language or General Anthropology or Special Anthropology twice in the examination.

No Candidate may offer in Sections A and C together two languages of the group Italian, Spanish, Portuguese or two of the group Norwegian, Swedish, Danish.

Only a Candidate who takes two modern languages in Section B may offer Latin or Ancient Greek as an auxiliary language.

Instead of an auxiliary language a Candidate whose mother tongue is an Indian language may offer as Subject 5 either General Anthropology or Special Anthropology.

11. In subjects 50 to 67 the civilization subject associated with a language can only be taken by Candidates who offer the language itself for examination.*

12. A Candidate desiring to offer subject 24 or any of the subjects 31 to 43 must produce evidence satisfactory to the Commissioners of laboratory training in an institution of university rank. For Astronomy (29), Geography (44), the Physical Anthropology branch of Special Anthropology (46), and Agriculture (47), other equivalent training will be required. There will be no laboratory test as part of the examination.

13. From the marks assigned to Candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

14. Moreover, if a Candidate's handwriting is not easily legible a further deduction will, on that account, be made from the total marks otherwise accruing to him.†

15. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments, as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be Selected Candidates for the Indian Civil Service, provided that they appear to be duly qualified in other respects.

Should any Selected Candidate become disqualified, the Secretary of State for India will determine whether the vacancy, thus created shall be filled or not. In the former case the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate.

16. Application for permission to attend an examination must be made in the handwriting of the Candidate, at such time and in such manner as may be fixed by the Civil Service Commissioners.

*e.g., a Candidate desiring to offer subject No. 51 (Roman Civilization), must also offer subject No. 50 (Latin Language).

†It is notified for general information that the number of marks deducted for bad handwriting may be considerable.

Examinations of selected candidates for the Indian Civil Service.

Regulations made under section 97 of the Government of India Act for the probation in the United Kingdom and the further examination of Selected Candidates for the Indian Civil Service.

**The following regulations made by the Secretary of State for India in Council are liable to alteration from year to year.

(1) Candidates selected at the Open Competition held in London will be required to remain in the United Kingdom on probation for one or two years, as may be decided by the Secretary of State for India in Council.

(2) Candidates selected at the Open Competition held in India and candidates selected in India otherwise than by competitive examination will be required to proceed to the United Kingdom on probation for a period of two years. But in the case of a candidate who has taken part in the Open Competition held in London, and has been selected in India otherwise than by Open Competition, the Secretary of State in Council may direct that the period of probation shall be one year only.

ONE-YEAR PROBATIONERS.

(3) One-year probationers will, at or about the end of the year of probation, undergo an examination called the Final Examination. The subjects and the marks allotted to them are as follows:—

ONE-YEAR AND TWO-YEAR PROBATIONERS.

(7) Sub-section 1. Each candidate will offer for examination the vernacular shown in column 2 against his province in the following table unless he is already familiar with it or with a language closely allied to it. A probationer assigned to Madras who is familiar with one only of the vernaculars named will offer the other.

Col. 1.	Col. 2.	Col. 3.
Madras	Tamil or Telugu.	...
Bombay	Marathi	Urdu.
Bengal	Bengali	...
United Provinces	Urdu	...
Punjab	Urdu	...
Burma	Burmese	...
Bihar and Orissa	Hindi	Bengali
Central Provinces	Hindi	Marathi.
Assam	Bengali	...

Sub-section 2. A candidate who is not required by sub-section (1) to offer a vernacular named in column 2 will offer the vernacular named in column 3 against his province if any such vernacular is named unless he is already familiar with the vernacular there named or with a closely allied one.

Sub-section 3. A candidate who is not required under the preceding sub-sections to offer a vernacular will offer history instead. A one-year probationer will offer British history; a two-year probationer will offer British history for the Intermediate Examination and European history for the Final Examination.

Any question as to the interpretation and application of this regulation will be decided by the Civil Service Commissioners.

(8) The ordinary session of the Final Examination for the testing of riding will take place in advance of the rest of the Final Examination, and a special session will when necessary be held at a later date for the benefit of any candidate who may have failed at the ordinary session.

Candidates who at the ordinary session satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who at the ordinary session fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Local Government.*

If a candidate is absent from or fails to show minimum proficiency at the ordinary session he will be given a further opportunity of examination at a special session. If he then attains adequate proficiency he will not be subjected to further tests in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(9) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(10) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(11) The selected candidates whose performance in the compulsory subjects† of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the regulations in force, at the time, for that Service.

* Such candidates will receive no increase to their initial pay until they have passed the further tests in question to the satisfaction of their Local Government.

†The compulsory subjects include riding, and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

(12) If any candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course.

Any candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

(13) A selected candidate who wishes to pursue, in addition to the course prescribed above, an extra course of study, such as reading for a degree or for the examination for admission to the Bar, must first obtain the permission of the High Commissioner for India. If permission is accorded, it will be subject to review at any time.

ANNOUNCEMENTS

made by the Civil Service Commissioners with the authority of the Secretary of State for India in Council:—

(i) Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.

(ii) A selected candidate who wishes to pursue an extra course of study, in addition to the prescribed probationary course, must submit an application, stating precisely the extra course of study which it is desired to pursue, to the Secretary to the High Commissioner for India, Education Department, India House, Aldwych, London, W. C. 2, through the appropriate authority at the University or College at which he is pursuing his probationary course. The appropriate authorities are:—

Oxford—The Indian Civil Service Delegacy.

Cambridge—The Board of Indian Civil Service Studies.

London—The Director of the School of Oriental Studies.

Trinity College, Dublin—The Registrar of the Indian and Home Civil Service School.

(iii) An allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.

In the case of Selected Candidates on probation for one year, the allowance will be payable in five equal instalments, the first after the agreement prescribed in Announcement (iv) has been executed, the second, third and fourth on December 24th, March 25th and June 25th, respectively, and the fifth after signature of Covenant on appointment to the Service.

In the case of Selected Candidates on probation for two years, the allowance will be payable in nine approximately equal instalments, the first on September 29th or as soon thereafter as the agreement has been executed, the second on December 24th, the third to the eighth at quarterly intervals from that date, and the ninth after signature of Covenant on appointment to the Service.

Each selected candidate should intimate to the Secretary to the High Commissioner for India, Education Department, the address to which it is desired that the first instalment should be sent.

The payment of the various instalments of the allowance except the first instalment and the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the High Commissioner for India, through the authorities of the approved institution, of a certificate that the candidate had fulfilled up to date the requirements of the authorities and shown satisfactory progress.

If an Indian Government Scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N. B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1931, with a view to a possible reduction with effect from the first instalment payable to candidates selected in that year.

(iv) Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of:—

- (1) his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or
- (2) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(v) All candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.

(vi) A First Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India after they have signed their covenants.

If a selected candidate elects to travel overland from London to Marseilles, he may apply to the High Commissioner for India for payment of the overland allowance as fixed from time to time. No baggage expenses or other allowance will be admissible.

Selected candidates who desire to make their own arrangements for proceeding to India must first satisfy the High Commissioner for India that they have good reasons for wishing to do so and that the arrangements which they propose to make are suitable. They will then, on production to the High Commissioner for India of evidence that they have engaged a passage, be granted an allowance not exceeding £65* or the actual cost of the passage by the route selected, whichever is less.

(vii) Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class *inter se* will be determined by the order in which their names appear on the lists referred to in clause (10) of the regulations.

(viii) A candidate who fails to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected unless the Secretary of State in Council shall, after reference to the Civil Service Commissioners, allow him to sit for re-examination in the subject or subjects in which he failed. In general, a candidate who is allowed re-examination will be required to forfeit the whole or part of the final instalment of his allowance, but if it appears to the Secretary of State in Council, after reference to the Civil Service Commissioners, that his failure to pass the examination was due to circumstances wholly exceptional and beyond his control, such forfeit of his allowance will not be required.

(ix) "Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examination held in London in 1925 and subsequent years.

*This sum is liable to variation from time to time.

Civil Service Commission.

October, 1930.

ADMINISTRATIVE GROUP OF COMPETITIONS.

Syllabus

for such competitions as may be held in London in the year 1931 for appointment to the following services:—

Indian Civil Service.

Junior Grade of the Administrative Class in the Home Civil Service.

Colonial Service: Eastern Cadetships.

Foreign Office and Diplomatic Service.

Consular Services (General, Levant, and Far East) and Intelligence Officer Grade in the Department of Overseas Trade.

Evidence of Training.—Candidates who desire to offer any of the subjects 24, 29, 31—44, 46 (Physical Anthropology branch only), or 47 must send to the Secretary of the Civil Service Commission, so as to arrive not later than 8th May 1931, the evidence of training described on pages 3, 4, 5. Such evidence should be in the form of a certificate signed by a responsible officer of the institution. In the case of an institution not situated in the British Isles, the certificate must state that the institution in which the work has been done is authorized to prepare candidates in that subject for a degree.

Section A.

1. *Essay.*—An essay to be written on one of several specified subjects.

2. *English.*—A paper of questions to test the understanding of English and the workmanlike use of words. An optional exercise in the writing of verse will be included.

3. *Present Day.*—Questions on contemporary subjects, social, economic, and political. A liberal choice of questions will be given. Effective and skilful exposition will be expected.

4. *Everyday Science.*—In this subject such knowledge will be expected as candidates will have who have studied science intelligently at school and have since then kept their eyes open. A liberal choice of questions will be given. Attention should be paid to orderly, effective, and exact expression.

Auxiliary Language.—Passages dealing with history and politics may be set, but no technical matter. Verse is not excluded. Accuracy and skill in the use of English will be expected.

6. *Viva Voce.*—The examination will be in matters of general interest, not in matters of academic interest; it is intended to test the candidate's alertness, intelligence, and intellectual outlook. The candidate will be afforded an opportunity of furnishing the record of his life and education. On the interview and record the Commissioners judge the value of the candidate's personality for each service for which he is entered. His value

may differ for different services, and in that case the mark by which the Commissioners express their decision will differ for different services.

Section B.

History. Subjects 7-10. A history subject will deal with the life of the people as a whole, political, social, literary, artistic, scientific, economic.

Candidates should know something of the original authorities, and have such a knowledge of geography as is necessary to the proper understanding of the history.

When a fixed date is given for the end of a period, candidates will be expected to have some knowledge of the subsequent development of movements which continued beyond the period; similarly when a fixed date is given for the beginning of a period, they will be expected to know in general outline how the initial position was reached.

7, 8. *English History.*—Period 1 to 1660; Period 2, 1660 to the present day. Candidates will be expected to know so much of European history as will make the external action of this country fully intelligible and will explain those movements at home which had their beginnings abroad, e.g., the Renaissance, the Reformation, and the reactions in this country of the French Revolution. In subject 8 the outstanding incidents and movements in the history of British possessions will be included.

9, 10. *European History.*—Period 1 from 400 to 1494; Period 2 from 1494 to 1763; Period 3 from 1763 to the present day. The history of the United States of America, of India, and of the Far East, will be included in so far as it influences European fortunes to an important degree.

11. *General Economics.*—The subject will be treated as a whole, and candidates should be prepared to illustrate the theory by the facts and to analyze the facts by the help of the theory. The history of economic thought will be included.

12. *Economic History.*—Candidates will be expected to have a general acquaintance with the early economic history of England; but special attention will be paid to the economic development of the British Isles and other portions of the Empire during the last two or three centuries, and so much knowledge of European and American conditions will be expected as is necessary for the understanding of British economic history.

13. *Public Economics.*—The questions will deal with the main forms of state action, central and local, in the economic sphere, together with public finance.

14. *Political Theory.*—Candidates will be expected to show a knowledge of political theory and its history, political theory being understood to mean not only the theory of legislation, but also the general history of the State and its connection with kindred studies

such as Ethics, Psychology, Jurisprudence, Public International Law, and Economics. Candidates will be expected to show a knowledge of original authorities.

15. *Political Organization*.—This will include Constitutional Forms (Representative Government, Federalism, etc.) and Public Administration, central and local. The history of institutions is not included, but candidates will be expected to know the earlier stages from which existing institutions have directly developed.

16. *Constitutional Law*.—The Constitutional Law of the United Kingdom and of the British Empire, and the Law of English Local Government.

17. *Private Law*.—The following branches of English Private Law:—the Law of Real and Personal Property (including the Law of Succession), Contracts, and Torts.

18. *Roman Law*.—Roman Private Law and its history studied in connexion with the Institutes of Gaius and Justinian, including the history of the legislative and judicial processes. Passages will be set for translation and comment, but credit will not be given merely for capacity to translate the texts.

19. *International Law*.—Public International Law.

20. *Moral Philosophy*.—The history of the subject will be included. Candidates will have an opportunity of showing their strength either in Ancient Philosophy or in Modern Philosophy.

21. *Metaphysics*.—As for Moral Philosophy.

22. *Logic*.—The subject will be interpreted in a wide sense. Epistemology in its bearing on logical problems will be included, together with Formal Logic and Scientific Method. Questions may be set on Mathematical Logic, i.e., on the Logic of Mathematics, Symbolic Logic, and the Logic of Probability; and also on the history of Logic. A considerable choice of questions will be allowed.

23. *Psychology*.—Questions on the history of the subject may be included.

24. *Experimental Psychology*.—A candidate who desires to offer this subject must produce evidence satisfactory to the Civil Service Commissioners of laboratory training in an institution of university rank.

Mathematics. Subjects 25-28.—The use of the slide-rule and of mathematical tables will be allowed.

25. *Lower Pure Mathematics*.—Geometry of two and of three dimensions according to Euclid (synthetic geometry), to Descartes (analytical geometry), and to Monge (descriptive geometry, dealing with three-dimensional figures by the use of plan and elevation). The method of vectors including scalar and vector products, with applications. Only the main properties of conics and quadrics, including those of poles, polars and polar planes, are expected.

Algebra: complex numbers; uniformly converging infinite series; the elements of the theory of equations, including the numerical solution of algebraic equations, but not including the formal solution of the cubic and quartic.

Infinitesimal calculus of real variables to partial differentiation and multiple integrals, with applications to geometry. Candidates should be able to deal with the types of differential equations occurring in elementary mechanics.

The proof of Taylor's series will not be required.

No great skill will be expected in solving complicated problems of an elementary nature. The questions will involve the use of mathematical instruments.

26. *Higher Pure Mathematics*.—Lower Pure Mathematics together with:—

The geometry of curves and surfaces. Tensor calculus.

Elementary analysis, including simple functions of a complex variable and contour integration.

Differential equations in one independent variable. Elementary treatment of partial differential equations, with special reference to the differential equations of mathematical physics. Existence theorems are excluded.

Mathematical theory of probability, including theory of errors, method of least squares, curve fitting, and correlation.

Calculus of finite differences, including numerical integration and summation and linear difference equations.

A considerable choice of questions will be allowed, so that full marks may be obtained by covering about half the range stated.

27. *Lower Applied Mathematics*.—Statics, hydrostatics, dynamics, elementary theory of electricity and magnetism, including the induction of currents. Questions will be of an elementary character, but will not be confined to two dimensions; they will involve the use of the calculus. Candidates are free to use differential equations, but a knowledge thereof will not be necessary to answer the questions. Attention will be paid to problems which arise naturally and to general principles; artificial problems will be avoided. The questions will involve the use of mathematical instruments.

28. *Higher Applied Mathematics*.—Lower Applied Mathematics together with:—

Statics to a more advanced stage, including graphical treatment.

Dynamics to the equations of Euler and Lagrange and including the theory of the vibration of strings and other simple systems.

Hydrodynamics, including the elementary theory of the motion of solids through a liquid, surface waves, and vibrations in gases.

Elasticity, including the elements of the vibrations of rods, plates and bars.

Electricity and magnetism.
Thermodynamics, kinetic theory of gases, radiation.

A considerable choice of questions will be allowed, so that full marks may be obtained by covering about half the range stated.

29. *Astronomy*.—Geometrical optics will be included.

A candidate who desires to offer this subject must produce evidence satisfactory to the Civil Service Commissioners of at least 20 hours' practical training in an observatory.

30. *Statistics*.—Some knowledge of the nature of the data available for the statistical discussion of prices, wages, incomes, trade transport, production, consumption, population, births, deaths, migration.

Frequency distributions, averages, percentiles, simple methods of measuring dispersion; graphic methods; elementary treatment of qualitative data; miscellaneous methods used in handling statistics of experiments and observations; interpolation.

Elements of modern mathematical theory of statistics:—frequency curves and the mathematical representation of groups generally; accuracy of sampling as affecting averages, percentages, standard deviation; significance of observed differences between averages of groups, etc.; the theory of correlation for two variables.

Natural Science. Subjects 31-42.—The standard of the higher division of a science will be that which is required in the main subject for an honours degree at the universities. The standard for the lower division of a science will be that required in a subject subsidiary to the main subject whether required at the final degree examination or at a preceding examination.

A candidate who desires to offer a science must produce evidence satisfactory to the Civil Service Commissioners of laboratory training in that science in an institution of university rank; the period of training required is one academic year, whether the candidate offers the higher division of the science or the lower division or both divisions.

37. *Lower Geology*. } Mineralogy will be
38. *Higher Geology*. } included in each
 } division.

43. *Engineering*.—Strength of materials; theory of structures; mechanism and dynamics of machines; heat and thermodynamics; surveying; hydraulics, including hydraulic machines; electricity and magnetism.

The subject will be treated in a general manner and the questions will be confined to the more elementary parts of the subjects. The candidate will be expected to be familiar with graphical methods and to have some skill in mechanical drawing.

A candidate who desires to offer Engineering must produce evidence satisfactory to the Civil Service Commissioners of training for at least one academic year in an institution of university rank.

44. *Geography*.—Geography as understood in the universities, not excluding topics which concern geography jointly with other subjects such as economics, history, physics, botany, and geology. There will be a practical test which will necessitate a knowledge of cartographical methods and notations, and for this test drawing instruments may be required.

A candidate who desires to offer this subject must produce evidence satisfactory to the Civil Service Commissioners of training for at least one academic year in an institution of university rank.

45. *General Anthropology*.—Primitive culture in its various aspects, including:—economic pursuits (food collecting, hunting, fishing, domestication of animals, agriculture; the general scheme of primitive social organization; early religion and magic, mythology, beliefs, rituals and ceremonial; decorative art, music, dancing. Candidates will be expected to show some knowledge of the customs, institutions and beliefs of living races of rude culture rather than knowledge of prehistory, archaeology, or evolutionary or historical conjectures.

46. *Special Anthropology*. Candidates will choose between Social Anthropology and Physical Anthropology.

Social Anthropology.—A fuller knowledge of primitive social organization will be here expected: the tribe, the village community, kinship grouping and the family. Study of the manner in which law works among primitive people and of their forms of administering justice. The economic organization of the primary pursuits and industries; the types of distribution, exchange and trade. Exchange and the beginnings of currency. Adjustments of European economic systems, laws and morality to races on an earlier level or of a different type of culture. Early forms of magical and religious belief and ritual. The relation between faith and knowledge in primitive societies.

Physical Anthropology, with which are included prehistoric archaeology and technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work, consisting mainly in the handling and study of specimens and exhibits. The subject will be treated with special, but not exclusive, reference to peoples of rude culture, including prehistoric civilizations.

A candidate who desires to offer Physical Anthropology must produce evidence satisfactory to the Civil Service Commissioners of training in an institution of university rank.

47. *Agriculture*.—Agricultural chemistry, agricultural botany, and agricultural zoology will be included.

A candidate who desires to offer this subject must produce evidence satisfactory to the Civil Service Commissioners of training in an approved institution.

48, 49. *English Literature*.—Period 1, from 1350 to 1700; Period 2, from 1660 to 1914.

Candidates should be prepared to show a first-hand knowledge of some of the works of the following authors and of their place in the history of their country :—

PERIOD 1.

Chaucer.	Bacon.
Malory.	Milton.
Spenser.	Bunyan.
Shakespeare.	

PERIOD 2.

Dryden.	Scott.
Congreve.	Jane Austen.
Defoe.	Wordsworth.
Swift.	Coleridge.
Addison.	Shelley.
Pope.	Keats.
Fielding.	Dickens.
Johnson.	Carlyle.
Burke.	Tennyson.
Goldsmith.	Browning.
Burns.	

Questions on other writers will not be excluded, but, on the whole, the questions will be directed to the best-known authors and their best-known works. Candidates should know so much of the history as is necessary to understand the literature in its relation to other activities of the nation.

Questions will not be set on the history of the language before Chaucer, nor, in general, on its morphological or phonological changes since his time; the history of workmanship, style, and prosody will not be excluded.

Civilizations and Languages. Subjects 50-67. In these the civilization subject associated with a language can be taken only by candidates who also offer themselves for examination in the language itself.

A civilization subject will include literature and history. It will deal with the life of the people as a whole, literary, political, social, economic, scientific, artistic.

In literature candidates will be expected to have a first-hand knowledge of the authors.

In history candidates will be expected to show a knowledge of the original authorities. They must also have such a knowledge of geography as is necessary to the proper understanding of the history.

50. *Latin Language*.—Translation, and prose or verse composition. The composition paper will be so arranged that candidates may confine themselves to prose composition or to verse composition or, if they prefer, may take some prose and some verse.

51. *Roman Civilization*.—In history the outlines of the history and development down to 180 A.D. should be known; but the main stress will be laid on the period 133 B.C. to 117 A.D.

52. *Greek Language*.—As for Latin.

53. *Greek Civilization*.—In history the main stress will be on the period 510 B.C. to 323 B.C.

54. *French Language*.—Translation, free composition, set composition, and conversation.

55. *French Civilization*.—The outlines of the history prior to 1589 should be known;

the period from 1589 to 1660 in somewhat more detail; but the main stress will be on the period from 1660 to the present day.

56. *German Language*.—As for French.

57. *German Civilization*.—In history candidates should know in outline the history of the Medieval Empire of the growth of the German cities, of the Reformation in Germany, and of the Thirty Years War; but the main stress will be on the period from the accession of Frederick the Great to the present day.

58. *Spanish, Italian, Language*.—As for French.

59. *Spanish Civilization*.—In history the main stress will be on the periods from the Union of Castile and Aragon under Ferdinand and Isabella to the liberation of the Netherlands, and again from 1800 to the present day.

Italian Civilization.—In history the main stress will be on the 15th century and the first half of the 16th century, and again on the period from 1789 to the present day. Sufficient should be known of the earlier period to understand the position of the Pope and the Emperor in Italy, the rise of the towns, and the position of Dante.

60. *Russian Language*.—As for French.

61. *Russian Civilization*.—Only the broadest outlines of the history prior to Peter the Great will be required; the period from the accession of Peter the Great to 1800 should be known in somewhat more detail; but the main stress will be on the period from 1800 to the present day.

62. *Arabic Language*.—Translation, free composition, set composition, conversation. The examination will be in the modern language.

63. *Arabic Civilization*.—The main stress in both history and literature will be on the period from the middle of the 6th century A.D. to the middle of the 13th century A.D.

64. *Persian Language*.—Translation, free composition, set composition, conversation. The examination will be in the modern language.

65. *Persian Civilization*.—The main stress in both history and literature will be on the period 1000 A.D. to 1500 A.D. Candidates will be expected to have a general knowledge of the history of Persia before 1000 A.D. and from 1500 A.D. to the present time.

66. *Sanskrit Language*.—Translation, prose composition, and questions on Vedic and Sanskrit grammar. Both Vedic and classical Sanskrit passages will be set for translation; composition will be required in classical Sanskrit alone.

67. *Sanskrit Civilization*.—Sanskrit literature and the history of the civilization and thought of India from the Vedic period to A.D. 1200.

CIVIL SERVICE COMMISSION,

October, 1930.

Admin. (Early Edition).

APPLICATION FORM

for the use of candidates seeking admission to the concurrent open competitive examinations to be held in London in July and August, 1931, for appointment to services of the Administrative Group, namely:—

Home Civil Service: Administrative Class.
Indian Civil Service.
Colonial Service: Eastern Cadetships.

NOTE 1.—Male Candidates may include any or all of these three Services in their application (see paragraph 3 below); but it should be understood that the only competition yet announced as certain to be required in 1931 is that for the Indian Civil Service, the regulations for which are enclosed herewith.

An announcement as to whether competitions will be required in 1931 for the Home and Colonial Services will be made in due course.

NOTE 2.—This form is to be filled up and returned to the Secretary (C. Room 19), Civil Service Commission, 6, Burlington Gardens, London, W. 1, in time for delivery on or before *May 8th, 1931*. *No Application Form received after that date will be accepted.*

A candidate who fills up and returns this Application Form and does not receive an acknowledgment of it within four complete days should inform the Secretary of the Civil Service Commission.

NOTE 3.—Candidates should, by consulting the regulations, make certain that they are eligible to compete for the services for which they make application, and that their selection of subjects conforms with the regulations. No scrutiny of the information which is given on this sheet is made by the Commissioners before the examination.

NOTE 4.—Should any of the particulars furnished by candidates be found to be false within their knowledge they will, if appointed, be liable to be dismissed; and, if otherwise entitled to Superannuation Allowance they will forfeit all claim thereto. The wilful suppression of any material fact will be similarly penalised.

-
1. (a) Surname
(b) Christian name, or names (in full)
(Write name in block letters.)
-

2. Postal address (in full)
(Any change of address should be at once communicated.)
-

3. Place your initials against the Service or Services for which you desire to be considered (*see page 4*)

Home Civil Service: Administrative Class

Indian Civil Service

Colonial Service: Eastern Cadetships

4. Date of birth (*see page 4*)

(Give place of birth, and state whether a natural born British subject)

Age last birthday

5. Father's Name

Father's Address

Father's Profession or Trade

(If deceased, give the last address, profession, &c.)

(Give place of Father's birth and his nationality at birth)

(Give place of Mother's birth and her nationality at birth)

Only for natives of India:—

6. State your community, religion, caste, sect, &c.
-

Only for candidates for Eastern cadetships:—

7. State whether you are of pure European descent, or of pure Ceylonese descent, or of mixed European and Ceylonese descent
-

8. Name, in order, the Schools you have attended since the age of 12, giving addresses with dates of entering and leaving
-

9. Have you been on any former occasion a candidate before the Civil Service Commissioners? If so, state when, and for what appointment
-

10. Age on finally quitting School
-

-
11. Have you been a student at any University? If so, name it, and give the dates of entering and leaving. State any degrees, honours or prizes you have obtained. Name your College
-

12. Procedure.—Immediately the results of the examination are known, all successful Candidates will be summoned to attend at the Civil Service Commission to be medically examined and to state their choice among the Services open to them and among the various Departments, Provinces or Colonies. That statement of choice is irrevocable.

Evidence of Age.—A Candidate born in the United Kingdom must not send in a birth certificate with this form but must be prepared to produce it when required.

A European or Anglo-Indian who was born in India must be prepared to produce when required a certificate of baptism from the district in which he was baptized. If this does not also mention the date of birth it must be accompanied by a statutory declaration by one of the Candidate's parents, stating the date and place of birth.

An Indian born in India must send in with this form a certificate as required by Clause 4 of the Regulations for the Indian Civil Service. If the Candidate's family is resident in British India the Certificate must be signed by the Secretary to the Government of their province or by the Commissioner of their Division. If they reside in an Indian State it must be signed by the highest political officer accredited to that State.

Fee.—Fees are not to be forwarded by Candidates. Instructions respecting the manner of payment of the fee prescribed (£8), and respecting the time and place of the examination, will be sent to Candidates before the examination.

Burdwan.—No. 4510M.—6th December 1930.—The following draft order, which the Government of Bengal (Ministry of Local Self-Government) propose to make in exercise of the powers conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 10th February 1931, and any objection or suggestion which may be received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft order.

In exercise of the power conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and upon the application of the Commissioners of the Asansol Municipality, in the district of Burdwan, made in pursuance of a resolution passed at a meeting specially convened to consider the question, the Government of Bengal (Ministry of Local Self-Government) are pleased to extend all the provisions of Part VII of that Act to the said municipality.

24-Parganas.—No. 4490M.—5th December 1930.—In exercise of the power conferred by section 223 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and upon the application of the Commissioners of the Kanchrapara Municipality, in the district of the 24-Parganas, made in pursuance of a resolution passed at a meeting specially convened to consider the question, the Government of Bengal (Ministry of Local Self-Government) are pleased to modify the notification No. 2733M., dated the 11th August 1904, published at page 191, Part IB, of the *Calcutta Gazette* of the 17th idem, so as to exclude from the operation of Part IX of that Act the Eastern Bengal Railway holdings in Wards I to IV of the said municipality, the boundaries of which are specified below:

Boundaries of the Eastern Bengal Railway holdings within the Kanchrapar Municipality.

Ward No. 1.—Commencing at the Halishahar Up Home Signal (Calcutta end) of station proceeding northwards east boundary of railway land runs along the east side of the

Eastern Bengal Railway main line to the point where it meets the southern boundary of subordinate colony; it then turns eastwards and (becoming the south boundary) follows the south boundary of the subordinates' colony to the south-east corner of the same, turning northwards it runs along the boundary to the north-east corner of the colony.

The north boundary extends from this point along the north side of Kapileswar Road until the latter is met by Conservancy Road.

From this the west boundary follows the east side of the Conservancy Road along a line drawn in continuation of this road 620 feet off Colonel Gupta's Road in the north at a point about 250 yards west of Halishahar station and then turns towards south-east direction 980 feet in length and meets the said road at a distance of 500 feet from the Halishahar station.

The south boundary runs from this point along the north side of the said road to Halishahar station and then turns southwards along the west side of the Eastern Bengal Railway main line to the Up Home Signal and crosses the line at this point to the starting point on the east side of the line.

Ward No. 11.—The east boundary runs from the north-east corner of the subordinates' colony towards the north along the east side of officers' colony and ends at a point on Kapileswar Road 270 feet off the south-west corner of the railway land municipality.

The north boundary runs from this point towards west at about 1,000 feet and therefrom it runs in the north-west direction until it meets the west bank of the Bager Khal and therefrom it turns in the south-west direction about 200 feet, and again it turns towards west along the north side of Ghat Road about 440 feet in length, and therefrom it runs in the south-west direction and meets the bridge on the Bager Khal. The west boundary runs from this point towards south along the east side of the main line until it meets the Kapileswar Road. The south boundary runs from this point towards the east along the north side of the Kapileswar Road until it meets the north-east corner of the subordinates' colony.

Ward No. 14.—The north boundary runs from the junction of Conservancy Road 620 feet from the bridge on the Bager Khal, towards west about 130 feet where it meets the Balurghat Road and then turns towards south along the east side of the Balurghat Road which meets the Station Road and runs in the same direction from the Station Road along the west side of road A about 240 feet, therefrom it runs towards west about 190 feet and then turns towards south about 115 feet and again turns eastward until it meets the road A, and then runs straight to the south to a point on Kapileswar Road 270 feet off the south-west corner of the railway land in ward No. 2, and then runs towards east along the north side of Kapileswar Road to meet the south-west

corner of ward No. 2. It then runs towards north along the east side of the main line to meet the point 620 feet off the bridge on the Bager Khal from where it started.

A straight line then runs towards west from the junction of Dhobipukur Road and Conservancy Road along the north side of Dhobipukur Road up to a point 2,855 feet, and then turns towards north to a point about 245 feet and from this point straight line is drawn to meet the above junction. There are three small plots in Ward No. 3.

Bungalow No. 11.—This is a rectangular plot of land 250 feet by 202 feet at the junction of the Station Road and Balurghat Road.

Bungalow No. 10.—This is also a rectangular plot of land 318 feet by 284 feet on the north side of Station Road at a distance of 494 feet from the east end of the junction of Station Road and Balurghat Road.

Septic tank.—This is a rectangular plot of land 311 feet by 220 feet on the north side of Dhobipukur Road and 205 feet to the west from the junction of Dhobipukur Road and Workshop Road.

Ward No. 14.—The north boundary runs from the junction of Conservancy Road and Dhobipukur Road towards west and ends at a point on Dhobipukur Road 2,855 feet from the said junction. The west boundary runs from this point, that is where the north boundary ends towards south until it meets the municipal pillar No. 3 and then it turns in a south-east direction (2,300 feet in length), and therefrom it meets the south-west corner of railway land in Ward No. 1 (1,130 feet).

The east boundary follows the east side of Conservancy Road along a line drawn in continuation of this road 620 feet off Colonel Gupta's Road to the north at a point about 250 yards west of Halishahar station.

NOTIFICATION.

Minister-in-charge: The Hon'ble Mr. Bijoy Prasad Singh Roy.

Dacca.—No. 3222P.H.—1st December 1930. —Under rule 7 of the Local Authorities Loans Rules, 1915, as subsequently amended, it is hereby notified for general information that the Government of Bengal (Ministry of Public Health) intend to sanction the following application from the Commissioners of the Dacca Municipality for a loan of Rs. 40,000 from Government bearing interest at the rate of 6½ per cent. per annum and repayable in forty equal half-yearly instalments of Rs. 1,801-1-10 each, unless good reasons are shown to the contrary within one month from the date of publication of this notification within the said municipality.

In addition to the details required on the preceding page, clear information should be given below under the following heads—

(a) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken or has agreed to take, in order to make good the deficiency.

(b) The reserve of taxation or other possible means of increase in the revenues of the municipality. The rates at which each of the taxes mentioned in column 12 on the preceding page are levied, other than tax on persons, should be stated here.

(c) A statement of all outstanding loans specifying, in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved and the amount still payable.

(a) The biggest Waterworks loan of Rs. 2,00,000 having been fully paid off last year, an annual amount of Rs. 14,622 for the repayment of this loan. This annual saving will be utilised for the repayment of this loan.

(b) The house tax is levied at 10 per cent. of the annual value of holdings, water rate at 5 per cent. in houses having water connection and 2 per cent. in houses having no water connection and the latrine tax is at a sliding scale.

(c)

Outstanding loan and how payable.	Purpose of loan	When taken and instalment paid.	Balance outstanding on 31st March 1930.
			RS. A. P.
(1) Loan of Rs. 75,000 from Government payable in 60 half-yearly instalments.	For conservancy improvement—Construction of tram line.	On 5th November, 1908, Rs. 25,000 and 5th December 1908, Rs. 50,000. Half-yearly instalment Rs. 2,157-9-5.	32,347 9 11
(2) Loan of Rs. 2,00,000 from Government payable in 40 half-yearly instalments.	Waterworks remodelling and extension.	On 8th January 1910 Rs. 1,00,000, 19th February 1910 Rs. 1,00,000. Half-yearly instalment Rs. 7,311-1-7.	Nil
(3) Loan of Rs. 20,000 from Government payable in 40 half-yearly instalments.	Improvement of Conservancy—Tram Line	On 19th September 1911. Half-yearly instalment Rs. 731-11	2,077 9 8
(4) Loan of Rs. 1,00,000 from Government payable in 40 half-yearly instalment.	For Waterworks improvement.	On 1st March 1918. Half-yearly instalment of Rs. 4,326-3-9.	54,342 5 6
(5) Loan of Rs. 1,06,000 from Government payable in 40 half-yearly instalments.	Ditto	On 15th March 1919. Half-yearly instalment of Rs. 4,585-18.	63,070 12 11
(6) Loan of Rs. 15,000 from Government payable in 20 half-yearly instalments.	Ditto	On 21st July 1922. Half-yearly instalment of Rs. 1,055-6-8.	4,739 4 11
(7) Loan of Rs. 80,000 from Government payable in 60 half-yearly instalments.	Ditto	On 15th November 1929. Half-yearly instalment of Rs. 2,890-10.	80,000 0 0
(8) Loan of Rs. 80,000 from Government payable in 40 half-yearly instalments.	Ditto	On 20th November 1929. Half-yearly instalment of Rs. 3,391-6-8.	80,000 0 0
	Total	..	3,16,577 10 9

(d) Any explanation in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

(d) The ordinary surplus shown in column 20 of the loan application on preceding page may be taken to be little higher than the actual normal surplus, as the realisation under the head taxes and rates includes collection of arrear taxes and there is an extraordinary income in 1929-30 as donation for water connection.

The balance of accumulated interest on the above-mentioned securities up to 9th September 1930 is Rs. 40-11-4.

THE SECOND SCHEDULE—SCHEME.

1. The Fund shall be called the Rajshahi College Scholarship Endowment Fund.

2. The objects for which the income of the Fund is to be applied shall be as follows:—

(1) To provide one scholarship of Rs. 5 a month tenable for two years at the B. Sc. classes of the Rajshahi College to be awarded to the student who passes the I. Sc. Examination of the Calcutta University from the Rajshahi College and who stands highest among those who do not get any other scholarship or stipend.

Such scholarship shall be called "the Rajshahi College Scholarship" and shall be awarded by and at the discretion of the Administrator to a student who joins the Rajshahi College and reads therein up to the time of his appearing for the B. Sc. Degree Examination. The scholarship will be tenable on

the usual condition of good conduct, regular attendance and satisfactory progress in study, and may be discontinued at any time by the Administrator. Provided that if the awarding of the scholarship is suspended for more than two consecutive years the Administrator shall report such fact to the Local Government.

(2) After provision of the above scholarship the surplus income and the surplus cash may be applied by the Administrator subject to the previous approval of the Local Government in defraying any necessary expenses connected with the Fund or its administration or increasing the value of the scholarship or in creating further scholarships or stipends or in any other way in connection with B. Sc. classes of the Rajshahi College.

(3) The Administrator of the Fund (hereinafter referred to as "the Administrator") shall be the Principal for the time being of the Rajshahi College.

(4) The income arising from the Fund shall be collected by the Treasurer of Charitable Endowments, Bengal (hereinafter called the Treasurer), and shall from time to time and when received be paid by him to the Administrator or as the Administrator shall from time to time direct.

(5) Any income received by the Administrator and not required by him for any of the purpose of this scheme shall be refunded to and retained by the Treasurer. All income remaining in the hands of the Treasurer under this clause at the end of each financial year shall be transferred to a separate account to be called "Surplus Income Account."

(6) The balance standing to the credit of the Surplus Income Account at the beginning of any financial year or so much thereof as can be conveniently invested shall be invested in Government securities of the nominal value of Rs. 200 or any multiple of Rs. 200.

(7) Investments made under clause 6 shall be separately allocated to the credit of the Surplus Income Account and shall at any time upon the request of the Administrator be realised by the Treasurer and the proceeds thereof be paid to the Administrator for the purpose of meeting any unusual expenditure in connection with any of the purposes of this scheme. Any balance of cash to the credit of the Surplus Income Account may in like manner be withdrawn for any such purpose at any time by the Administrator.

(8) The investment from time to time standing to the credit of the Surplus Income Account or any part thereof shall at the request of the Administrator acting in consultation with the Director of Public Instruction, Bengal, be transferred by the Treasurer to the capital account of the endowment, and shall be regarded for all purposes as part of the original Endowment Fund and the income thereof shall be applied for the purposes of this scheme.

(9) If the B. Sc. classes of the Rajshahi College be abolished the amount of the endowment shall be diverted to any other suitable purpose in connection with the promotion of education and whether in connection with the Rajshahi College or not as may be decided upon by the Administrator in consultation with the Director of Public Instruction, Bengal.

No. 4536Edn. — 5th December 1930.—In exercise of the power conferred by clause (c) of sub-section (2) of section 48 of the Bengal Children Act, 1922 (Bengal Act II of 1922), the Governor in Council is pleased to make the following rules prescribing the powers and duties of the managers of the Reformatory and Industrial Schools at Alipore:—

1. Whenever the Committee is reconstituted, the first meeting shall be convened by the Superintendent within 30 days of the order reconstituting the Committee. The Committee shall thereafter meet at least once quarterly.

2. It shall be the duty of the Committee—

(a) to advise on the welfare of the inmates of the schools and on the routine, discipline and instruction provided in the schools with the object of ensuring that all inmates of the schools received the treatment and training most suitable to their mentality and best calculated to make them good citizens when they leave the schools;

(b) to report to the Director of Public Instruction, Bengal, their observations on the tone of the administration of the schools and make recommendations generally in regard to the treatment of inmates of the schools and particularly in regard to routine and curricula, orders passed by the staff of the schools and special treatment considered necessary for particular inmates of the schools;

(c) to advise on all appointments requiring orders of the Local Government or the Director of Public Instruction;

(d) to advise on all projects for the improvement of the schools requiring orders of Government or of the Director of Public Instruction;

(e) to advise the Local Government on the drafting of all rules for the detailed management of the schools and of any alterations in rules in force and to propose such rules or alterations as they may think necessary;

(f) to examine and transmit with their remarks to the Director of Public Instruction the annual budget prepared by the Superintendent and all observations by auditors on the accounts of the schools, to examine and pass the annual accounts received from the Superintendent and transmit them with their remarks to the Director of Public Instruction;

(g) to satisfy themselves that proper records of the inmates of the schools about to be discharged are made available in due time to Associations for after-care, and to report cases of neglect to the Chief Inspector;

(h) to submit to the Local Government through the Chief Inspector an annual report on the progress of the schools.

3. In order to carry out the above duties the Committee are empowered—

(a) to call from the Superintendent for all records of conduct of the inmates of the school while under instruction or for particulars previous to admission to the school;

(b) to inspect the schools individually or collectively at any time during day or night;

(c) to question members of the staff and inmates of the schools within the schools;

(d) to call for and examine punishment records, Superintendent's minute book, time tables, curricula, accounts and other records;

(e) to call for and peruse records of the inmates of the school about to be discharged which may be prepared by the Superintendent for the use of Associations for after-care.

4. The Superintendent shall afford all reasonable assistance to the Committee.

5. The Superintendent shall keep the Committee and the Chief Inspector informed without delay of all important matters connected with the health, discipline and executive administration of the schools and shall give immediate information of any escape or recapture to the police as well as to the Chief Inspector and the President of the Committee.

6. On dates fixed by the Director of Public Instruction, the Superintendent shall place the annual budget estimates and annual accounts before the Committee.

7. The Superintendent shall obtain all possible information regarding the conduct of inmates of the school previous to admission and shall maintain records of their conduct while under instruction in the manner laid down by the Chief Inspector.

He shall in due time, before an inmate of the school leaves, supply suitable extracts of these records to recognised Associations for after-care.

8. Subject to the powers granted under these rules to the Committee, the Superintendent shall be responsible for the executive management of the schools and for the discipline therein and shall be guided by instructions issued from time to time by the Director of Public Instruction and by any rules subsequently issued by the Local Government.

9. The Superintendent shall be required to reside in the quarters provided for him and shall not, without permission of the Director of Public Instruction, absent himself from the station.

No. 5585Com.—4th December 1930.—In exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and with the previous sanction of the Governor-General in Council, the Governor in Council is pleased to direct that in supersession of notification No. 4413Com., dated the 10th November 1928, the following amendments be made in the rules regulating the importation, possession and transport of carbide of calcium in Bengal, published under Bengal Government notification No. 41Marine, dated the 19th April 1906, as subsequently amended, namely:—

For rule 3 of Part II of the said rules, the following shall be substituted:—

3. (1) **Licenses for possession.**—Carbide of calcium in any quantity exceeding twenty-eight pounds may be kept only under a license to possess carbide of calcium granted under these rules.

(2) Every application for such license shall be in Form A in the Schedule, and where the applicant proposes to engage in the manufacture of acetylene gas, the generating apparatus to be used by the licensee, whether manufactured in British India or imported, shall not be made to work at a pressure exceeding 60 inches water column, provided

that if it be shown to the satisfaction of the licensing authority that a higher pressure is necessary in any generating apparatus and that such higher pressure may be used without danger, the licensing authority may, on the recommendation of the Chief Inspector of Explosives, allow the use of higher pressures up to a maximum of 250 inches water column on the condition that the apparatus is fitted with suitable safety devices.

(3) Every apparatus, unless a metal label of instructions as to its operation is fixed to it, shall be accompanied by a card of instructions as to its operation. Such instructions shall be fully detailed and shall not presuppose any expert knowledge whatever on the part of the operator. The operating instructions when not fixed to the apparatus shall be kept constantly posted up in a place where it can conveniently be referred to by the attendant.

(4) A generator operating at a higher pressure than 60 inches water column shall have clearly marked on it the water column pressure at which it works.

2. In condition 7 of Form B in the schedule to the said rules, for clause (a) the following shall be substituted:—

(a) The apparatus used, whether manufactured in British India, or imported, shall not be made to work at a pressure exceeding 60 inches water column, except when the use of higher pressures is specially permitted under rule 3 of Part II.

Part III—Census of Vessels.

1. General; Maintenance of Port Block List.
2. Sea-going Vessels—
 - (1) Master responsible.
 - (2) Classification of sea-going vessels.
 - (3) Distribution of Schedules.
 - (4) Collection of Schedules.
 - (5) Enumeration of Vessels arriving after the 26th February 1931.
 - (6) Submission of Returns.
3. Other Vessels—
 - (1) Classification of other Vessels.
 - (2) Enumerating Agency.
 - (3) Procedure.
 - (4) Submission of Returns.

Rules for the Census of the Port of Calcutta.**Part I—General.**

1. **Port Census Area.**—For the purposes of the census the port of Calcutta shall be taken to consist of (1) the waters of the river Hooghly from the Cossipore Ghat on the north to the Sandheads on the south and (2) on the left bank of the Hooghly property of the Port Commissioners between the Cossipore Ghat on the north and the Calcutta Electric Supply Company, Metiabruz, on the south.

2. **Scope of Census.**—The census will be taken on the night of the 26th February 1931. The census of the Port of Calcutta is intended to enumerate the population of—

- (a) the land portion of the port census area on the night of the 26th February 1931;
- (b) vessels of all classes lying in the port census area on the night of the 26th February 1931;
- (c) sea-going vessels on the Calcutta side of the Sandheads at any time between 7 p.m. and midnight of the 26th February 1931;
- (d) sea-going vessels arriving from Indian coast ports between the 26th February and the 15th March 1931, unless enumerated elsewhere;
- (e) all other vessels leaving port between the 16th February and the 26th February 1931, unless it is fairly certain that they will reach their destination before the 26th February.

3. **Census Divisions and Agency.**—The Special Census Officer, Calcutta, will be the Port Census Officer. There will be three charges dealing with (a) the land portion of the port census area with the exceptions specified in Part II, article 1, below; (b) sea-going vessels; and (c) other vessels. These charges will be superintended, respectively, by (a) an officer of the Port Commission, Calcutta; (b) the Superintendent of Customs, Preventive Service, Calcutta; and (c) the Deputy Commissioner, Port Police, Calcutta. These officers will form blocks and where necessary circles on the lines laid down in the Code of Census Procedure, Bengal, 1931, and will nominate for them enumerators and supervisors.

Part II—Census of the land part of the Port Census Area.

1. **Area to be dealt with by the Port Census Officer.**—Within the port census area the Special Census Officer, Calcutta, will include within the circles and blocks formed by him for the census of Calcutta city the following areas:—

- (1) all the area north of and including the Howrah Bridge Pumping Station;
- (2) the area between and including Takhtaghat and the Lift Bridge over Tolly's Nullah, east of the Port Trust Railway and west of Napier Road;
- (3) the area bounded on the north by Sashtitola Road, east by Naulapara Road, south by the Tramway Depot and west by the Port Commissioners' wall;
- (4) the strip of land on both sides of the Diamond Harbour Road north of Majherhat bridge; and
- (5) all the vacant land west of Taratala Road (Garagachha Road diversion), east of Budge-Budge Road and south of the Eastern Bengal Railway Line (Budge-Budge Branch) between Chetla Lock and Brace Bridge Station.

2. **Area to be dealt with by the Port Commissioners.**—All the remaining land portion of the port census area, including landing-stages, jetties, and such pontoons, barges, rafts, etc., as are *permanently* moored or anchored or otherwise attached to the shore whether belonging to the Port Commission or to steamship or other companies or to private individuals, will be enumerated by the officer nominated by the Port Commission, Calcutta. This will include specifically—

- (1) the area bounded on the north by Howrah Bridge Pumping Station, east by Strand Road South, south by the Lift Bridge over Tolly's Nullah and west by the river Hooghly;
- (2) the area bounded on the north by the river Hooghly facing the Government Dockyard and Tea Warehouses, east by the Lift Bridge over Tolly's Nullah, Garden Reach Road, Sashtitola Road, Port Commissioners' wall, Circular Garden Reach Road, Eastern Boundary Road, Harabas Road, Bhukailash Road, Mollasses Siding, Port Trust Railway and Diamond Harbour Road, south by the Eastern Bengal Railway line from Majherhat to Brace Bridge Station, and Garagachha Road up to Hide Road Junction and west by Hide Road, Circular Garden Reach Road, Bengal Nagpur Railway Area, Hooghly Mills Coaly Lines and the western boundary line of the Hooghly Jute Mills; and
- (3) the area bounded on the north by the river Hooghly from the Calcutta Electric Supply Corporation's frontage to the Coaling Jetty frontage, east by Brace Bridge Road, Nimak Mahal Road, Circular Garden Reach Road, Hide Road, Old Garagachha Road and Budge-Budge Road, south by Taratala Road (Garagachha Road diversion), and west by Taratala Road (Garagachha Road diversion), Burial Ground, Metiabruz Road and the Calcutta Electric Supply Corporation property.

3. **Procedure.**—The procedure for the census of the land part of port census area will be the same as that for the city of Calcutta.

Part III—Census of Vessels.

1. **General; Maintenance of the Port Block List.**—For each block formed by the Superintendent of Customs, Preventive Service, and the Deputy Commissioner, Port Police, there will be maintained a register in the following form:—

Port Form I.

Census of India, 1931.

Port Block List.

Serial number of vessel.	Registration.		Name of vessel and master.	Description of vessel.	Remarks.
	Number.	Port.			
1	2	3	4	5	6

This form will show all vessels in each block other than small boats in which no one sleeps at night. It will be kept corrected up to date until the census is over.

2. **Sea-going Vessels**—(1) **Master responsible for the Census.**—In each case the master of the vessel is responsible for the due enumeration of all on board on the night of the census and a notice in the form annexed (port form II) should be handed to him when schedules are distributed.

(2) **Classification of sea-going vessels.**—For the purpose of the census sea-going vessels are classified as—

- (A) Those plying direct between Calcutta and British or foreign ports out of India; and
- (B) Those plying between Calcutta and other Indian coast ports whether in British India, in Indian States, or in French or Portuguese territory. Vessels will fall into class B irrespective of their port of origin or final destination if the last port touched before arrival or the first port to be touched after leaving Calcutta is an Indian coast port.

(3) **Distribution of schedules**—(a) **Vessels of Class A.**—Those vessels shipping Indian crews will have received schedules from the shipping master at the port where crews were signed on. Beginning on the 19th February 1931, census forms (schedules and port form II) should be distributed to the masters of vessels which have not been thus supplied.

(b) **Vessels of Class B.**—(i) If a vessel is leaving Calcutta after the 20th January for another Indian coast port which it is not tolerably certain to reach before the 26th February 1931, the master should be supplied with schedules and instructed to fill them up on the night of the 26th February 1931, and to deliver them duly certified to the customs or other authority which may ask for them at the Indian coast port first touched at after the 26th February. It should be ascertained what port this is likely to be, and notice should be sent by post to the port census officer concerned announcing that the vessel is expected and has been supplied with schedules.

(ii) In the case of vessels lying in the port and likely to remain there over the night of the 26th February, census forms (schedules and port form II) should be distributed from the 19th February or as soon as the vessel reaches port in the case of subsequent arrivals.

(c) For Europeans household schedules may be supplied, but for them as for Indians an ordinary general schedule in English should be used as far as possible.

(d) When schedules are left the enumerator should paste on the vessel in a prominent position on both sides of the forepart of the hull a white label bearing the words "CENSUS FORMS DISTRIBUTED."

(e) When schedules are left the master of the vessel should be directed to fill them in on the evening of the 26th February and to dispose of them in the manner recounted in the following article.

(4) **Collection of schedules—(a) Vessels remaining in port.**—On the morning of the 27th February, the enumerator will visit the vessels which were in port during the night and will collect the schedules. He will examine the entries to see that they are in accordance with the instruction and will muster the persons on board if he thinks it necessary to do so. He must in all cases check the entries for lascars and other natives of India. Where the master is illiterate and unable to fill up the schedules the enumerator should fill them up for him. After collecting the schedules the enumerator will paste over the white labels [see articles (3) (ii) (d) above], or if there are no white labels in a prominent position on both sides of the forepart of the hull a red label bearing the words "CENSUS TAKEN." He will also give the master an enumeration pass (port form III, annexed) with directions to preserve it carefully till the 15th March 1931 to prevent double enumeration.

(b) **Vessels leaving Calcutta before the 26th February.**—In all cases if a vessel leaving port before or on the 26th February has not discharged its pilot at the Sandheads by midnight on the 26th February, the schedules duly filled in by the master of the vessel will be delivered to the pilot, who will give the master an enumeration pass (port form III) with instructions to keep the pass carefully until the 15th March in proof of enumeration. Masters of sea-going vessels of class A (*i.e.*, bound direct for a port out of India) which discharge their pilot at the Sandheads before 7 p.m. on the 26th February will destroy the census forms unless they have on board Indian passengers or members of the crew, in which case they will fill them up for Indians on the night of the 26th February and forward them from the port first made to the Shipping Master, Port of Calcutta. Masters of vessels of class B (*i.e.*, bound for another Indian coast port) which discharge their pilot at the Sandheads before 7 p.m. on the 26th February will fill up the schedules on the night of the 26th February and will deliver them duly certified to the customs or other authority which may ask for them at the first port touched after the 26th February.

(5) **Enumeration of vessels arriving in Calcutta after the 26th February 1931.**—(a) Pilots taken on by all sea-going vessels at the Sandheads between 7 p.m. on the 25th February and 12 midnight on the 26th February, and by vessels of class B (*i.e.*, hailing from an Indian coast port) up to 5 a.m. on the 15th March 1931, will take on board census forms (schedules and port form II) and will deliver them to the master of the vessel if he left his last port of Calcutta before the 24th February in the case of Burma and the 26th February in the case of other ports and if he had not already been supplied with the forms at some other Indian port. The schedules will be filled up by the master as the vessel comes up the river. Pilots will also take on board vessels likely to be berthed in port during the afternoon or evening of the 26th February a supply of travellers' enumeration tickets. The master of the vessel will give to each passenger or member of the crew disembarked between 7 p.m. and midnight on the 26th February one of these tickets with instructions to keep it and to produce it in proof of having been already enumerated and to prevent double enumeration. Only the first three lines and the date of the travellers' enumeration ticket need be filled in, in the second will be entered the name of the vessel and in the third the signature of the master or a responsible ship's officer nominated by him. An illustration is given below—

Traveller's enumeration ticket.

Name of traveller—John Preston.

Enumerated at—SS. "Prince Charles," by J. M. Prescott, pursuer.

Enumerator of block No.

Circle No.

Mauza.....District....., dated the 26th February 1931.

(b) Vessels berthing in Calcutta and discharging passengers before 7 p.m. on the 26th February will be dealt with as vessels lying in port. The enumerators will demand their schedules duly filled in and certified from the masters of vessels of class A making port between 7 p.m. on the 26th February and 10 a.m. on the 27th February (unless the vessel did not take on a pilot at the Sandheads before 12 midnight on the 26th February), and on receipt will furnish the master with an enumeration pass (port form III). If a vessel from another Indian coast port makes Calcutta between the 26th February and the 15th March

1931, unless the enumerator knows that the vessel has previously touched at an Indian coast port after the 26th February and the demand has been previously made, he will require from the master either schedules for the vessel duly certified or an enumeration pass (port form III). If neither of these is forthcoming the enumerator must muster the persons on board and with the aid of the master and others fill in the schedules. On receiving the schedules from the master of a vessel which arrives after the 26th February the enumerator will furnish the master with an enumeration pass (port form III) and will direct him to keep it carefully till the 15th March.

(6) **Submission of returns.**—(a) On the 2nd March each enumerator will stitch together all the schedules for his block which have been filled in and will prepare a statement in the following form:—

Census of India, 1931.

Port of Calcutta—Census of sea-going vessels.

Circle No.

Block No.

	Class A—Vessels arriving direct from ports out of India.			Class B—Vessels arriving from Indian coast ports.			Grand total sum of columns 3 and 6.	Remarks.
	In port on 26th February.	Arriving after 26th February.	Total.	In port on 26th February.	Arriving after 26th February.	Total.		
	1	2	3	4	5	6		
No. of vessels								
No. of persons— Males.								
Females								
Total								

He will cause this statement to be countersigned by the Superintendent of Customs, Preventive Service, or by some responsible officer selected by the Superintendent, and will take and deliver it with the schedules to the Special Census Officer for Calcutta.

(b) On the 16th March a supplementary return will be compiled by each enumerator in the same form from the schedules received by him from masters of vessels berthing after the 1st March, and after being countersigned as above will be made over with the schedules to the Special Census Officer, Calcutta.

(c) Schedules taken off by the pilots discharged at the Sandheads between 7 p.m. and midnight on the 26th February 1931 will be sent by the Commander of the Pilot Vessel as soon as possible on the 27th February to the Special Census Officer, Calcutta.

3. **Other Vessels.**—(1) **Classification of other Vessels.**—The vessels with which the Deputy Commissioner, Port Police, Calcutta, will deal include (1) inland passenger and cargo steamers; (2) country boats carrying inland produce; (3) ferry steamers, passenger boats, etc., plying within the limits of the port census area; (4) fishing boats, etc.

(2) **Enumerating Agency.**—The enumerators nominated by the Deputy Commissioner, Port Police, will be paid.

(3) **Procedure.**—(a) (i) Boats laden with country produce, cargo brigs, etc., which leave the port after the 16th February, should be enumerated, and an enumeration pass (port form III) given to the person in charge, unless it is fairly certain that the destination will be reached before the 26th February. The person, in charge should be warned to preserve the pass carefully as a safeguard against double enumeration.

(ii) Fishing and other vessels which are likely to be absent from port on the night of the census should be enumerated on their leaving port at any time between the 16th and 26th February, and an enumeration pass (port form III) given to the person in charge of the vessel. If such a vessel returns before the 26th February, the pass should be taken back, the schedules destroyed, and the persons on board told that they will be enumerated on the 26th February or on the vessel's again leaving port.

(b) The enumeration of other craft will be divided into three stages:—

I.—*The preliminary enumeration.*—(i) The preliminary enumeration will begin on the 19th February, one week before the final enumeration.

(ii) Each enumerator will be provided with 300 schedules and 300 white labels in the following form:—

Census of India, 1931.

Circle No.	Block No.	Boat No.
------------	-----------	----------

This label shows that there has been a preliminary enumeration of this boat.

(iii) The enumerator will begin from the north end of his block, and after filling up the schedule will paste a white label on the boat in a prominent position. He will direct the master not to allow this label to be removed, and will hand over the schedule to him with instructions to keep it in good condition till the 26th February and to hand it over duly corrected on that date to the enumerator when he calls for it.

(iv) No preliminary enumeration need be made of vessels of the Indian General Navigation and Railway Company, Ltd., the Rivers Steam Navigation Company, Ltd., the Bengal Assam Steamship Company, Ltd., the Calcutta Steamship Company, Ltd., and the East Bengal River Steam Service, Ltd. These will be enumerated by employees of the company concerned under arrangements with the Managing Agents.

II.—*The final enumeration.*—(i) The final enumeration consists in correcting the record of the preliminary enumeration so as to make it correspond with the state of facts existing between 7 p.m. and midnight on the 26th February.

(ii) At 7 p.m. on the 26th February the enumerators will begin to visit every boat in their own blocks. They will call on the person in charge for the preliminary record corrected up to date. If that record is not forthcoming a fresh record must be prepared. For this purpose each enumerator will be supplied with 100 schedules. When the final enumeration is complete the enumerator will paste over the white label (if there is one) a red label in the following form:—

Census of India, 1931.

Circle No.	Block No.	Boat No.
------------	-----------	----------

This label shows that there has been a final enumeration of this boat.

He will then hand to the master of the vessel an enumeration pass (port form III) and direct him to keep it carefully until the 15th March in order to prevent double enumeration.

(iii) The enumerators will collect as soon as practicable after midnight on the 26th February 1931 from any craft of the five steamship companies mentioned in sub-clause (3) (a) I (iv) above the forms prepared by the steamer employee on board and should so far as possible check their accuracy.

(iv) Two enumerators in a steam launch will be specially deputed to enumerate the occupants of small river boats lying moored south of the port census area on the night of the census to a distance of one mile from the boundary.

III.—*Supplementary Enumeration.*—(i) On the 27th and 28th February and 1st March the enumerators will remain at their blocks and will enumerate the population of any boats which may be found in the port after the night of the 26th February and have not been enumerated.

(ii) In addition three boats will be placed across the river at the northern limit of the port census area and three boats at the southern end of the Botanical Gardens. These will stop all boats passing up or down the river and will ascertain whether they have been enumerated. If no enumeration has been made it will be made by the enumerators. In the area south of the port patrol boats will be stationed

for the same purpose at convenient places. Boats whose masters can present an enumeration pass (port form III) or which have a red label pasted on them will be taken as having been enumerated. Persons on board boats coming from outside the port census area if already enumerated should each have a travellers' enumeration ticket. The operations described in this clause will cease at sundown on the 1st March.

(4) **Submission of returns.**—On the morning of the 2nd March the enumerators will bring to the Special Census Officer, Calcutta, their enumeration books together with a statement in the following form signed by the supervisor of their circle:—

Census of India, 1931.

Port of Calcutta—Census of other vessels.

Port Form II.—Form of notice to Masters of sea-going vessels [see Part III, Article 2 (1)].

To the Master of the.....

SIR,

You are hereby requested under section 4 of the Indian Census Act, a copy of which will be found below, to undertake the enumeration of all persons on board of your vessel.

2. The bearer of this letter is a census officer appointed under the Act. He will make over to you the schedules required for the enumeration of the officers, passengers and crew of your vessel.

3. The instructions regarding the entries to be made in the forms are printed on the back of the "Household Schedule" (if issued for Europeans) and on the cover of the enumeration book, in which the necessary particulars are to be entered for all persons aboard your vessel. The census officer will give you any further information or explanation which you may require.

4. If it can be avoided you should not allow any of your crew to go on shore at any port in British India between 7 p.m. on the 26th February and 6 a.m. on the 27th February. If any one should be obliged to go, you should give him a certificate saying "enumerated on board....."; noting the name of your ship, and signing it. He should be told to show this certificate to any one wishing to enumerate him on shore.

5. If you are leaving port before the 26th February for another port in India, you should fill up the schedules on the night of the 26th February and deliver them to the Customs or other authority, who may ask for them at the first port touched, or to the pilot, if he is still on board. If the first port touched after the 26th February is outside British India the schedules should be posted to the port officer from whom they were obtained.

6. If you are still in port on the morning of the 27th February you should deliver the schedules, duly filled up, to the officer who calls for them.

7. When you give up the schedules you will receive an enumeration pass, which you should keep till the 15th March as a proof that the persons on your vessel have been enumerated.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Unconvenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

**THE CALCUTTA IMPROVEMENT (AMENDMENT)
BILL, 1931.**

**A
BILL**

further to amend the Calcutta Improvement Act, 1911.

WHEREAS it is expedient further to amend the Calcutta Improvement Act, 1911, in order to empower the Board to recover from the owner of, or any person having an interest in, land in an area comprised in an improvement scheme a fee in respect of an increase in the value of the land resulting from the execution of the scheme, and also for the repeal of section 14 of the Schedule to that Act :

Ben. Act
V of 1911.

AND WHEREAS the previous sanction of the Governor General under sub-section (3) of section 80A of the Government of India Act has been obtained to the passing of this Act ;

5 & 6 Geo.
V, c. 61 ;
6 & 7
Geo. V,
c. 37 ;
9 & 10 Geo.
V, c. 101.

It is hereby enacted as follows :

Short title.

1. This Act may be called the Calcutta Improvement (Amendment) Act, 1931.

Amendment of
section 2 of Ben.
Act V of 1911.

2. In section 2 of the Calcutta Improvement Act, 1911 (hereinafter referred to as the said Act), before clause (a) the following clause shall be inserted, namely :—

“(1a) ‘betterment fee’ means the fee prescribed by section 78A in respect of an increase in value of land resulting from the execution of an improvement scheme.”

Amendment of
section 43.

3. In clause (c) of sub-section (1) of section 43 of the said Act, after the word “acquire” the words “and of the land in regard to which it is proposed to recover a betterment fee” shall be inserted.

Amendment of
section 45.

4. In section 45 of the said Act,—

(1) in clause (i) of sub-section (1) after the words “the scheme” the words “or in regard to which they propose to recover a betterment fee” shall be inserted ;

(2) in clause (a) of sub-section (2) after the words “such land” the words “or to recover such betterment fee” shall be inserted ; and

(3) in clause (b) of the same sub-section after the word “acquisition” the words “or from the recovery of such betterment fee” shall be inserted.

Amendment of
section 47.

5. In clause (e) of sub-section (2) of section 47 of the said Act, after the word “land” the words “or from the proposed recovery of a betterment fee” shall be inserted.

Amendment of
section 50.

6. In the proviso to section 50 of the said Act, after clause (b) the following clause shall be added, namely :—

“(c) if, owing to changes made in the course of a scheme, any land not previously liable under the scheme to the payment of a betterment fee, becomes liable to such payment, the provisions of sections 43, 45 and 47 shall, so far as they are applicable, be followed in any such case.”

The Calcutta Improvement (Amendment) Bill, 1931.

(Clause 7.)

New sections
78A to 78C.

7. After section 78 of the said Act, the following sub-heading and sections shall be inserted, namely :—

*“ Betterment fee.*Payment of
betterment fee.

78A. (1) When by the making of any improvement scheme, any land in the area comprised in the scheme which is not required for the execution thereof will, in the opinion of the Board, be increased in value, the Board, in framing the scheme, may, in lieu of providing for the acquisition of such land, declare that a betterment fee shall be payable by the owner of the land or any person having an interest therein in respect of the increase in value of the land resulting from the execution of the scheme. [Cf. 15 Geo. V, c. 16, s. 10 (3).]

(2) Such betterment fee shall be an amount equal to one-half of the increase in value of the land resulting from the execution of scheme, and shall be calculated upon the amount by which the value of the land on the completion of the execution of the scheme estimated as if the land were clear of buildings exceeds the value of the land prior to the execution of the scheme estimated in like manner :

Provided that, when the Board, in framing the scheme, have declared that a strip of land in the area comprised in a scheme which lies between any building and a street for the laying out or alteration of which the scheme provides, will be permanently retained as an open space, this fact shall be taken into account in determining the value of the land on the completion of the execution of the scheme.

Assessment of
betterment fee
by Board.

78B. (1) When it appears to the Board that an improvement scheme is sufficiently advanced to enable the amount of the betterment fee to be determined, the Board shall by a resolution passed in this behalf declare that for the purpose of determining such fee the execution of the scheme shall be deemed to have been completed and shall thereupon give notice in writing to every person on whom a notice in respect of the land to be assessed has been served under clause (i) of sub-section (1) of section 45 that the Board propose to assess the amount of the betterment fee payable in respect of such land under section 78A.

(2) The Board shall then assess the amount of betterment fee payable by each person concerned who shall within three months from the date of such assessment, inform the Board by a declaration in writing whether he accepts or dissents from the assessment.

(3) When the assessment proposed by the Board is accepted by the person concerned within the period specified in sub-section (2), such assessment shall be final.

(4) If the person concerned dissents from the assessment made by the Board or fails to give the Board the information required by sub-section (2) within the period specified therein, the matter shall be determined by arbitrators in the manner provided by section 78C. [Cf. 15 Geo. V, c. 16, s. 10 (4).]

The Calcutta Improvement (Amendment) Bill, 1931.

(Clause 7.)

Settlement of
betterment fee
by arbitrators.

- 78C. (1) For the determination of the matter referred to in sub-section (4) of section 78B, the Local Government shall constitute a panel of arbitrators consisting of two parts, the first part of which shall be composed of persons having special knowledge of the valuation of land and the second part of other suitable persons.
- (2) When the Board have, in accordance with the provisions of section 78B, assessed the amount of betterment fee payable by all persons in respect of land in the area comprised in the scheme, the Board shall serve a notice on all those persons who have dissented from the assessment made by the Board, requiring them to meet at such time and place as may be fixed by the Chairman for the purpose of electing an arbitrator.
- (3) For each scheme there shall be a body of two arbitrators, one of whom shall be elected by vote by all the persons present at the meeting referred to in sub-section (2) from one part of the panel, and the other shall be appointed by the Local Government from the other part of the panel :

Provided that for the purposes of a particular scheme the Local Government may, prior to the election referred to in this sub-section, if it thinks fit, modify either part of the panel.

- (4) In the event of a difference of opinion on any matter between the two arbitrators, a third arbitrator shall be selected by lot from the first part of the panel, and the matter shall be decided by the votes of the majority of the three arbitrators.
- (5) If an arbitrator resigns, refuses or neglects to perform or becomes incapable of performing his functions, or becomes disqualified or dies, the authority who elected or appointed him shall forthwith elect or appoint a fit person to take the place of such arbitrator. [Cf. Bom. Act I of 1915, s. 33 (7).]
- (6) When the arbitrators have made their award under section 78C, they shall sign it and forward it to the Board, and such award shall be final and conclusive and binding on all persons. [Cf. Bom. Act I of 1915, s. 37 (2).]

Fees for arbi-
trators.

- 78D. The Board shall pay to each arbitrator a fee to be determined by the Local Government in respect of the whole of the scheme for which his services are utilized. [Cf. Bom. Act I of 1915, s. 39 (1).]

Proceedings of
arbitrators.

- 78E. Notwithstanding anything contained in the Code of Civil Procedure, 1908, the provisions of the said Code shall not apply to the proceedings of arbitrators under section 78C, but such proceedings shall be governed by rules to be made in this behalf under section 137. Act V of 1908.

Board to give
notice to persons
liable to pay-
ment of better-
ment fee.

- 78F. When the amount of all betterment fees payable in respect of land in the area comprised in the scheme has been determined under section 78B or section 78C, as the case may be, the Board shall, by a notice in writing to be served on all persons liable to such payment, fix a date by which such payment shall be made, and interest at the rate of six per cent. per annum upon any amount outstanding shall be payable from that date.

The Calcutta Improvement (Amendment) Bill, 1931.

(Clauses 8-10.)

Agreement to make payment of betterment fee a charge on land.

- 78G. (1) Any person liable to the payment of a betterment fee may, at his option, instead of making a payment thereof to the Board, execute an agreement with the Board to leave the said payment outstanding as a charge on his interest in the land, subject to the payment in perpetuity of interest at the rate of six per cent. per annum, the first annual payment of such interest to be made one year from the date referred to in section 78F.
- (2) Every payment due from any person in respect of a betterment fee and every charge referred to in sub-section (1) shall, notwithstanding anything contained in any other enactment, be the first charge upon the interest of such person in such land.
- (3) The provisions of sub-sections (7), (8) and (9) of section 78 relating, in the case of the payments mentioned in that section, to the non-payment of instalments of interest, the paying off of the charge with interest, and the restrictions in respect of suits against the Board shall apply, *mutatis mutandis*, to the payment of the money payable under an agreement made in pursuance of sub-section (1) and of the interest payable in respect thereof."

[Cf. Ben. Act V of 1911, s. 78 (4).]

[Cf. Ben. Act V of 1911, s. 78 (6).]

[Cf. Ben. Act V of 1911, s. 78 (7), (8), (9).]

Amendment of section 79.

8. For the first paragraph of section 79 of the said Act, the following sub-heading and paragraph shall be substituted, namely :-

" Recovery of special payments and betterment fees

Recovery of money payable in pursuance of sections 78, 78B, 78C or 78G.

All money payable in respect of any land by any person under an agreement executed in pursuance of sub-section (4) of section 78, or by any person in respect of a betterment fee under section 78B or section 78C, or by any person under an agreement executed in pursuance of section 78G, sub-section (1), shall be recoverable by the Board (together with interest, up to the date of realization, at the rate of six per cent. per annum), from the said person or his successor in interest in such land, in the manner provided by the Calcutta Municipal Act, 1923, for the recovery of the consolidated rate."

Ben. Act III of 1923.

New section substituted for section 80.

9. For section 80 of the said Act, the following sub-heading and section shall be substituted, namely :-

" Acquisition on fresh declaration.

Agreement or payment not to bar acquisition under a fresh declaration.

- 80: If any land, in respect of which an agreement has been executed or a payment has been accepted in pursuance of sub-section (4) of section 78, or in respect of which the payment of a betterment fee has been accepted in pursuance of sub-section (3) of section 78B or has been made after its determination under section 78C, or in respect of which an agreement for such payment has been executed under section 78G, be subsequently required for any of the purposes of this Act, the agreement or payment shall not be deemed to prevent the acquisition of the land in pursuance of a fresh declaration published under section 6 of the Land Acquisition Act, 1894."

I of 1894.

Amendment of section 122.

10. In section 122 of the said Act, for clause (a) the following shall be substituted, namely :—

" (a) all sums (except interest) received by way of special payments or betterment fees in pursuance of sections 78, 78A or 79."

The Calcutta Improvement (Amendment) Bill, 1931.

(Clauses 11-14.)

Amendment of
section 124.

11. In clause (a) of section 124 of the said Act, for the words and figures "section 78 or section 79" the following shall be substituted, namely :—

"Sections 78, 78G or 79."

Amendment of
section 125.

12. In sub-section (1) of section 125 of the said Act, after clause (c) the following shall be inserted, namely :—

"(cc) paying the fees prescribed for arbitrators under section 78D."

Amendment of
section 137.

13. After clause (3) of section 137 of the said Act, the following clause shall be inserted, namely :—

"(3a) for determining the qualifications and disqualifications of, the conditions and mode of election, selection or appointment of, an arbitrator and for regulating, etc., for regulating the proceedings of arbitrators under section 78C."

Repeal of sec-
tion 14 of the
Schedule.

14. Section 14 of the Schedule to the said Act is hereby repealed in respect of all awards made after the commencement of this Act by the Collector under the Land Acquisition Act, 1894, as amended by the Calcutta Improvement Act, 1911, in regard to land acquired for the Calcutta Improvement Trust and in respect of all appeals or proceedings in connection with such awards. [Cf. Ben. Act I of 1922, s. 2] I of 1894. Ben. Act V of 1911.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to introduce into the operations of the Calcutta Improvement Trust the procedure of recoupment through betterment fees as an alternative to that at present provided by powers of acquisition and exemption. The present system has been found unsuitable for the improvement of a closely built over area such as Barrabazar, where, should exemption not be claimed, it is beyond the financial capacity of the Trust to lock up capital in acquiring large blocks of valuable house property. The whole question was examined by a Special Sub-Committee of the Calcutta Improvement Trust, and it is in accordance with their recommendations which have the approval of the Improvement Trust that a Bill has now been framed for empowering the Trust to levy a betterment fee from property the value of which has increased by the operation of the Trust, in lieu of proceeding to acquisition with the alternative of exemption. The Bill provides for the levy of a betterment fee calculated at 50 per cent. of the difference between the value of the land on the completion of the execution of the scheme estimated as if the land were clear of buildings and the value of the land prior to the execution of the scheme estimated in like manner. The betterment fee will be assessed in the first instance by the Improvement Trust and in the event of this assessment not being accepted the matter will be referred to two arbitrators. These two arbitrators will be chosen from a panel constituted by the Local Government in two parts, the first part being composed of persons having special knowledge of the valuation of land and the second part of other suitable persons. One arbitrator will be selected from one part of the panel at a meeting of persons who have dissented from the assessment made by the Board, while the other will be appointed by the Local Government from the other part of the panel. The Bill further provides for the selection of a third arbitrator by lot in the event of difference of opinion between the two arbitrators. Consequential provisions are made in the Bill, and it is laid down that the imposition of the betterment fee is not to preclude the acquisition of property under the existing powers of the Improvement Trust should the property be required for the purposes of the Act.

The Bill also provides for the repeal of section 14 of the Schedule to the Calcutta Improvement Act, 1911, with a view to make the provisions of section 49 of the Land Acquisition Act, 1894, which deals with the acquisition of a part only of any house, manufactory or other building throughout India applicable to all acquisition under the Calcutta Improvement Act, 1911.

Power of Board
to make by-laws.

"11A. (1) A Mines Board of Health may, after previous publication, make by-laws—

(i) defining the duties of owners, agents and managers of mines in respect of a mining settlement, and of all persons acting under them;

The Bengal Mining Settlements (Amendment) Bill, 1931.

(Clauses 7-9.)

- (ii) defining the matters in respect of which notices, returns and reports shall be furnished by owners, agents and managers of mines, the form of such notices, returns and reports, the persons and authorities to whom they are to be furnished, and the particulars to be contained in them ;
- (iii) defining the plans (if any) to be kept by owners, agents and managers of mines within a mining settlement, and the manner and places in which they are to be kept for purposes of record ;
- (iv) providing for the supply of filtered, boiled or other water and for sanitation and conservancy in the mining settlement ;
- (v) providing for the taking of measures to prevent the outbreak or spread of and to combat epidemic and other diseases in the mining settlement ;
- (vi) providing against the accumulation of water (other than water in mines) in the mining settlement ;
- (vii) regulating the construction and sanitation of buildings within the mining settlement ;
- (viii) for securing the decent lodging and accommodation of persons employed in mines within the mining settlement ;
- (ix) defining the medical assistance to be provided by the owners of mines within the mining settlement for the labourers employed under them ;
- (x) providing for the prevention or abatement of nuisances affecting the public health committed by any persons within the limits of the mining settlement ; and
- (xi) generally for carrying out the purposes of this Act and for promoting the safety, health and welfare of persons employed in mines within the mining settlement.

(2) By-laws made under this section shall not take effect until they have been confirmed by the Local Government and published in the local official Gazette.

Amendment of 7. In section 12 of the said Act—
section 12.

- (a) in clause (a) after the word “ rules ” the word “ by-laws ” and
- (b) in clause (c) after the word “ rules ” the words “ and by-laws ” shall be inserted.

Amendment of 8. In sub-section (3) of section 15 of the said Act—
section 15.

- (a) in clause (a) after the word “ rule ” the word “ by-law ” shall be inserted ; and
- (b) in clause (b) for the words “ rule or order thereunder ” the words “ rule, by-law or order made thereunder ” shall be substituted.

Amendment of 9. In sections 16, 17 and 18 of the said Act for the words
sections 16, 17 and 18. “ rule or order thereunder ” the words “ rule, by-law or order made thereunder ” shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The Bengal Mining Settlements Bill, 1927, dealing with the reorganisation of the Asansol Mines Board of Health lapsed with the dissolution of the last Council; and it has been decided not to proceed further at present with the Bill as then introduced as it is possible that the recommendations of the Royal Commission on Labour may have an important bearing on this legislation. It is, however, necessary to proceed without delay with the amendment of the existing Mining Settlements Act on two points which were included in the previous Bill.

2. Under the existing Act the expenses are recoverable from the owners of the mines, but cases have occurred in which through change of ownership it has proved impossible to bring home this liability with the result that considerable loss has been caused to the funds of the Mines Board of Health. It is now proposed in clause 4 to make the share of the expenses under the Act payable by any mines a first charge on its profits, and thus attach the liability to the mine rather than to the owner from time to time.

3. The Asansol Mines Board of Health has remained up to the present without any power of making by-laws with the result that rules can only be made by Government on the recommendation of the Board. This procedure is unnecessarily cumbrous and does not give the Board sufficient scope to adjust the rules from time to time and make new provisions as circumstances require. Powers have therefore been taken by clause 6 for the Mines Board of Health to issue by-laws with the approval of Government.

J. C. ROY, for Director of Agriculture, Bengal.

**Report on the administration of the Excise Department in Bengal
for the year 1929-30.**

DEPARTMENT OF AGRICULTURE AND INDUSTRIES.

Excise.

NOTIFICATION.

Minister-in-charge: The Hon'ble Mr. Bijoy Prasad Singh Roy.

No. 5426Ex.—2nd December 1930.—The following extracts from the report of the Commissioner of Excise and Salt on the administration of the Excise Department in Bengal, during the year 1929-30, are published for general information.

H. P. V. TOWNEND,

Secy. to the Govt. of Bengal (offg.).

No. 3788E., dated Calcutta, the 27th August 1930.

From—RAI S.K. RAHA BAHADUR, Commissioner of Excise and Salt,
Bengal,

To—The Secretary to the Government of Bengal, Department of
Agriculture and Industries.

I have the honour to submit the following report on the Administration of the Excise Department in the Presidency of Bengal for the year 1929-30.

I held charge of the Department during the year under report except for the period from the 24th April 1929 to the 3rd September 1929, when I was on leave and Rai Bahadur A. K. Mukherjee held charge.

2. Administrative changes and reforms.—(1) The Calcutta Excise Licensing Board which exercises the statutory powers of the Collector in regard to the number and location of licences in the city of Calcutta, was reconstituted with effect from the 1st May 1929, consequent on the resignation of the members of the Calcutta Temperance Federation from the Board * * *

(2) The Excise Licensing Boards which had been appointed by Government from January 1927, in the districts of the 24-Parganas, Dacca, Rangpur and Chittagong, to exercise the statutory powers of the Collector in regard to the number and location of licences, were reappointed for a further period of 3 years * * *

(3) The Excise Licensing Boards were authorised to control the number and location of "Bar" licences granted to hotels, restaurants and permanent places of amusement * * *

(4) To prevent all possible difficulties in the industry of manufacture of gur (sugar) from date-palm juice, in the areas where the tree tax system of tari was in force, the previous restriction of liming the pots used in drawing the fresh juice from the date or palm trees was withdrawn and permission was given to draw the juice in pots which were either—

(1) internally coated with a thin coating of lime, or

(2) properly cleaned and smoked.

provided that such vessels were brought down from the trees before sunrise to prevent fermentation * * *

(5) Bakhar, the fermenting agent (yeast) mostly used in this country in the manufacture of country spirit and country beer, was declared an "excisable article" and all operations in regard to the article were brought within the purview of the Bengal Excise Act throughout the Presidency, except in the districts of Jalpaiguri and Darjeeling, with a view to secure more adequate check on illicit brewing and distillation *

(6) On the recommendations of the "Bengal Opium Enquiry Committee of 1927," the following measures were taken and brought into effect by Government from the 1st April 1930, subject to further measures that may be taken as the result of the conference on the subject held by the Government of India in May 1930:—

(i) The treasury (issue) price of excise opium was fixed at Rs. 91 per seer throughout the Presidency except for some shops of the district of Midnapore close to the border of the province of Bihar and Orissa where the rate was fixed at Rs. 76 per seer, and the retail price of the drug for the consumer was fixed at Rs. 150 per seer throughout the Presidency except in the above shops of the Midnapore district where it was fixed at Rs. 135 per seer.

(ii) The limits of individual private possession and retail sale of excise opium were reduced from 3 tolas to 1 tola (180 grains) throughout the Presidency, except in the colonisation area in the Sunderbans in the district of Bakarganj where the limits of retail sale and private possession were fixed at $\frac{1}{4}$ tola (45 grains).

* * * * *

(7) The following steps were taken for check of increase in the consumption of charas:—

(i) The sale of charas to any person under the age of twenty years was prohibited.

(ii) The limits of retail sale and private possession of charas were reduced from 5 tolas to 1 tola throughout the Presidency.

* * * * *

(8) The following measures were taken to check the consumption of cheap illicit liquor by the tea-garden labourers in the district of Chittagong:—

(i) Special rates of duty and retail price were fixed for 60° U. P. liquor (weak strength) in the tea garden areas.

(ii) The issue of annual "home-brewing pachwai" licences to the labourers working in the gardens at the rate of Re. 1 per annum per family was sanctioned.

* * * * *

(9) On the recommendation of the League of Nations on the subject of "Dangerous Drugs," the Government of Bengal directed the introduction of the following regulations during the year:—

(a) It was directed that the bottles, phials, packages or other containers, or labels affixed thereto, of all preparations, official and non-official (including so-called anti-opium remedies) containing more than 0.2 per cent. of morphine, all preparations containing diacetylmorphine and all preparations, official and non-official, containing more than 0.1 per cent. of cocaine, must plainly exhibit the actual quantity of the dangerous drug present in each container or sufficient particulars to admit of the ready calculation of such quantity *

- (b) Exports by sea or land outside British India of excisable articles, covered by the International Dangerous Drugs Conventions, were prohibited except on export authorisations granted by officers authorised in this behalf, and necessary detailed instructions on the subject were laid down *

* * * * *

- (c) Transmission of Indian hemp (including ganja, bhang and charas) or extracts and tinctures of Indian hemp, by post was prohibited except by licensed chemists on condition that the transmission be by "insured parcel post" and covered by a permit from the Collector or other proper authority of the place to which the parcel was addressed.

* * * * *

3. **Temperance movements.**—Besides the work of the temperance organisations in Calcutta, no report of organised attempt towards temperance was received during the year. Reports about temperance work of a sporadic nature were received from the following districts:—

- (i) *Dacca*.—There was a Temperance Organisation in the city which had a representative on the Excise Licensing Board of Dacca. He gave the Board the benefit of his suggestions. The association did not do any propaganda work during the year.
- (ii) *Nadia*.—There was no organised temperance movement in the district during the year but there was occasional preaching of temperance by a few Christian Missionaries and Muhammadan preachers.
- (iii) *Darjeeling*.—The local Christian Missionaries and the Hillmen's Association devoted some attention to the cause of temperance.

4. **Excise Licensing Boards.**—All the Excise Licensing Boards did useful work during the year, and carried on their work with the necessary sense of responsibility and judgment.

The *Calcutta Licensing Board* held two meetings during the year. It retained all the licences of the previous year and sanctioned the following additional licences to meet ascertained local demand for the year 1930-31:—

Foreign Liquor Public "off"	2
Foreign Liquor Public "off" licences to three firms which originally had "trade licences" only.			3
Restaurants	2
Bar license to a new English theatre	1

The Board also approved the transfer of the sites of 3 country spirit, one ganja, one siddhi, 3 restaurant, one hotel and 2 foreign liquor combined shops. They considered and rejected objections made against the sites of 3 country spirit, one tari and one ganja shops.

The privilege of "on" vend was restored to one country spirit "off" shop and the application of another for similar privilege was rejected by the Board.

The Board rejected the following applications for new licences for the year 1930-31:—

Nature of licence.	Number of applications rejected.		
Foreign liquor public "off"	6
Restaurants	3
Monthly bar for Cinoma House	1
Restaurant with a late-closing licence for a theatre	1

The *Howrah Board* considered and rejected the objections made against the sites of 4 country spirit, 3 tari, 2 opium, 2 ganja, 2 siddhi, one charas and one foreign liquor public "off" licences. It sanctioned the transfer of site of one combined ganja and opium shop and recommended transfer of one tari shop to another site if an unobjectionable one were available.

The *Bully Board* recommended transfer of the site of one tari shop if an unobjectionable site were available. It rejected an application for a new combined shop for opium and ganja.

The *Sadar Board of the 24-Parganas district* held three meetings. Two tari shops were abolished and one new combined ganja and opium shop was sanctioned on the recommendation of the Board with effect from 1st April 1930.

The *Barrackpore Board* held three meetings. The sites of one foreign liquor, 3 country spirit and 2 tari shops were changed on the recommendation of the Board from 1st April 1930.

The *Dacca Board* held two meetings. On the recommendation of the Board one ganja shop was abolished from 1st April 1930.

The *Rangpur Board* held two meetings. One country spirit, one opium and one ganja shops were abolished, and one new ganja shop was opened on the recommendation of the Board from 1st April 1930.

The *Chittagong Board* held two meetings. On the recommendation of the Board one tari shop and one pachwai shop were abolished, one ganja, one opium and one tari shops were newly opened, and the sites of 2 tari shops were changed with effect from 1st April 1930.

5. Excise Advisory Committees.—In areas other than those mentioned in paragraph 4 above, the local Excise Advisory Committees advised the Collectors of the districts as regards the number and location of excise and opium shops. All their recommendations were carefully considered and most of them were accepted.

Generally speaking, most of the Advisory Committees showed due sense of responsibility and judgment in their recommendations. In a few cases, however, the Committees advocated immediate total abolition of all licences within their areas.

In accordance with their recommendations, one foreign liquor (hotel licence), 3 country spirit, 2 tari, 7 pachwai, 2 ganja and 2 bhang shops were abolished, the sites of 2 foreign liquor "off," 18 country spirit, 4 tari, 13 pachwai, 4 opium, and 11 ganja shops were changed; and 2 foreign liquor "off," 2 country spirit, one tari, one pachwai, 7 opium, 2 ganja and 6 bhang shops were newly opened with effect from the 1st April 1930.

6. Total revenue and charges

The excise revenue and charges of the Presidency for the last five years are shown below:—

Period.	Revenue.	Refunds.	Expenditure (after deducting contribution of Rs. 2 lakhs from the Govern- ment of India).	Net revenue.	Percentage of charges (percentage of columns 3 and 4 to column 2).
1	2	3	4	5	6
	Rs.	Rs.	Rs.	Rs.	
1925-26 ..	2,28,44,009	43,961	25,68,190	2,02,31,858	11.43
1926-27 ..	2,25,55,658	39,281	24,84,926	2,00,31,451	11.19
1927-28 ..	2,24,69,057	37,808	23,76,277	2,00,54,072	10.74
1928-29 ..	2,25,61,040	35,866	23,33,776	2,01,91,398	10.5
1929-30 ..	2,26,47,923	35,458	22,73,627	2,03,38,838	10.19
Difference of past two years.	+ 86,883	— 408	— 60,149	+ 1,47,440	— 0.31

The increase in revenue was mainly due to larger collections under head "Pachwai vend fees" from shops working under the fixed-fee system.

7. Actual receipts.—Deducting the advance collections (Rs. 1,89,092) for 1930-31 and adding the revenue (Rs. 1,37,144) which was collected in advance in 1928-29, the actual receipts on account of 1929-30 were Rs. 2,25,95,975 against Rs. 2,25,72,690 (after similar adjustment) of the preceding year.

8. Excise Charges

* * * * * —The total expenditure of the Excise and Salt Department, excluding the cost price of opium payable to the Government of India, was Rs. 16,20,441 against Rs. 15,86,822 during 1928-29. The increase in expenditure was mainly due to construction of three sets of quarters for Excise officers in the district of Jalpaiguri and also due to the fact that the compensation payable to the Cooch Behar State during 1928-29 was not drawn in that year by the State but was taken in the year 1929-30.

9. Revenue under different heads

* * * * * —The largest increase of revenue (Rs. 3,68,149) occurred under "Receipts from country fermented liquors (Pachwai)." "Tari tree tax receipts" came next with an increase of (Rs. 32,637) followed by "Duty on spirits used for manufacture of medicines and on rectified spirits and absolute alcohol used for medicinal purposes" (Rs. 22,623) and "Total receipts from opium" (Rs. 13,743). The largest decrease (Rs. 2,07,499) occurred under the head "Total receipts from country spirit," and Rs. 68,341 under "Duty on wines and spirits manufactured in India and classed as foreign liquors." "Total receipts from hemp drugs" showed a decrease of Rs. 53,894.

10. Demand and collection

* * * * * —Of the gross demand of Rs. 2,26,83,502 a sum of Rs. 2,26,47,923 or 99·8 per cent. was realised, Rs. 9,748 was remitted as irrecoverable. The incidence of excise revenue per head of population was 7 annas 8 pies, the same as in the previous year.

CHAPTER II—COUNTRY LIQUOR.**Country Spirit.**

12. System of supply and sale.—There were no changes in the system of supply and sale.

13. Retail Licences.—The number of licences for the retail sale of country spirit was 931 against 927. The increase was solely due to the opening of a few new country spirit shops in the tea-garden areas of the district of Chittagong, where it had been found that for want of licit supply of cheap spirit, the labourers mostly used illicitly manufactured liquor obtained from Chittagong Hill Tracts.

14. Consumption.—The total consumption of country spirit in the Presidency amounted to 575,121 L.P. gallons as compared with 583,804 L.P. gallons in the preceding year showing a decrease of 8,683 L.P. gallons. Consumption increased in 14 districts and decreased in 12 districts.

Noticeable decrease occurred in the following districts and was due to special reasons in each case, the main reason having been unfavourable economic conditions amongst the classes who generally drink this sort of liquor. The decreases were in the districts of Mymensingh (5,341 L.P. gallons or 21·9 per cent.), Rangpur (1,978 L.P. gallons or 10·5 per cent.), Tippera (815 L.P. gallons or 8·7 per cent.), Bogra (699 L.P. gallons or 8·02 per cent.), Bankura (1,295 L.P. gallons or 7·3 per cent.), Bakarganj (298 L.P. gallons or 6·5 per cent.), Jalpaiguri (2,862 L.P. gallons or 6·1 per cent.) and Calcutta (7,476 L.P. gallons or 5·2 per cent.).

The decrease in Mymensingh and Tippera was mainly due to the serious floods which visited these districts in June 1929, and the consequent distress. Similarly in Rangpur it was due to depression in trade in hide, tobacco and jute, while in Jalpaiguri it was due to depression in tea. In Bankura and part of Murshidabad districts it was due to bad trade in lac in the lac-producing areas of the two districts. In Calcutta depression in trade, and strikes of labour in mills and factories adjoining the suburbs chiefly contributed to the decrease.

Noticeable increases occurred in the following districts: Chittagong (1,864 L.P. gallons or 38·7 per cent.), Midnapore (4,141 L.P. gallons or 10·9 per cent.), Birbhum (348 L.P. gallons or 8·9 per cent.), Darjeeling (2,207 L.P. gallons or 7·5 per cent.) and Howrah (752 L.P. gallons or 5·3 per cent.).

Five districts (Hooghly, Howrah, Nadia, Rajshahi, Malda) reported increase in consumption due to a larger number of marriages held amongst the lower classes of people addicted to this liquor, towards the end of the year, in anticipation of the enforcement of the Sarda Marriage Act from 1st April 1930.

The increase in Chittagong was mainly due to the replacement of illicit liquor by licit liquor in the tea-garden areas in the district.

The increase in Midnapore, Birbhum and Darjeeling was due to better economic conditions, as well as suppression of illicit manufacture in particular localities.

A statement is given below showing figures of consumption of country spirit in the industrial areas in the district of the 24-Parganas, Hooghly and Howrah from the year 1922-23 to 1929-30, the year of the report.

Year.				Hooghly.	Howrah.	24-Parganas.
				L. P. gallons.	L. P. gallons.	L. P. gallons.
1922-23	11,842	8,888
1923-24	12,877	9,350
1924-25	12,790	8,671
1925-26	12,587	7,922
1926-27	11,349	7,094
1927-28	10,088	6,580
1928-29	10,020	6,604
1929-30	9,945	6,904

* Revised figures.

The increase in consumption in the industrial area of the district of Howrah during the year is reported to have been due to the opening of some new mills and consequent increase in the number of coolies employed in the mill areas of the district.

15. **Total revenue from country spirit.**—The total revenue (licence and distillery fees and duty) from country spirit was Rs. 85,86,116 against Rs. 87,93,615 showing a decrease of Rs. 2,07,499. The revenue derived from duty and distillery fees decreased by Rs. 2,29,356 and that from licence fees increased by Rs. 21,857.

16. **Convictions for drunkenness and action taken against licensees for permitting it.**—

In Calcutta 4,683 persons were convicted of drunkenness as compared with 4,695 persons in the previous year, but no statistics were taken to show what proportion of these cases was due to indulgence in country spirit, tari and foreign liquor respectively. The convictions were the direct result of the vigilance of the police officers who detected them and bore no relation to the figures of consumption. In the municipality of Rangpur 9 persons were convicted for drunkenness against no convictions in the previous year and in the newly constituted municipality of Gaibandha there were five such convictions.

* * * * *

Tari.

18. **General.**—During the year under report licences for the retail sale of fermented tari were settled by auction in the tree-tax as well as in the other areas of the Presidency.

19. **The tree-tax system in Hooghly, Howrah, 24-Parganas and Calcutta.**—The system worked satisfactorily on the whole during the year under report.

20. **Statistics.**—The total receipts under the head "Tari" increased from Rs. 9,75,538 to Rs. 10,15,297. The number of retail licences decreased from 509 to 503. Out of the total revenue of Rs. 10,15,297 from tari Rs. 9,76,604 was derived from the Burdwan and the Presidency Divisions and the district of Malda. Of the total revenue, Rs. 5,83,443

was derived from tree-tax and Rs. 4,31,954 from licence fees. The corresponding figures for the previous three years were as follows:—

	1926-27.	1927-28.	1928-29.
	Rs.	Rs.	Rs.
Tree-tax	4,54,554	5,65,404	5,50,706
Licence fees	3,79,898	4,13,146	4,24,832

Of the figures shown under head "Tree-tax," the amounts contributed by shop licensees and by domestic consumers were as follows during the year of report and the previous three years:—

	1926-27.	1927-28.	1928-29.	1929-30.
	Rs.	Rs.	Rs.	Rs.
Tree-tax paid by—				
Shop licensees	4,02,395	4,74,546	4,69,687	5,00,046
Domestic consumers	52,159	90,858	81,019	83,297

Pachwai.

21. **Licences.**—The total number of licences issued for "retail sale," "home-brew (annual)" and "manufacture of pachwai on special occasions" was 67,387 as compared with 78,618 in 1928-29.

	Number of licences issued in—	
	1928-29.	1929-30.
Retail sale	1,176	1,161
Home-brew (annual)	76,442	65,220
Manufacture on special occasions	1,000	1,006

The marked decrease in the number of licences permitting "home-brew" of pachwai was due to issue of a less number of licences by managers in the tea-gardens in the district of Jalpaiguri, and bad economic condition of aborigines, accustomed to this liquor, in the districts of Malda, Bogra and 24-Parganas.

22. **Revenue.**—The revenue in licence fees from "retail vend shops" increased from Rs. 10,47,816 to Rs. 14,29,240. The increase was marked in Burdwan (Rs. 2,08,863), Birbhum (Rs. 95,152), Bankura (Rs. 22,141), Midnapore (Rs. 10,680), Hooghly (Rs. 20,582), Nadia (Rs. 3,640) and Murshidabad (Rs. 21,198). The increase in revenue in the Western Bengal districts mentioned above was due to increased consumption of the article on account of good harvest of the winter paddy in 1928-29, as well as to the fall in the retail price of rice in 1929-30, which governed the scale of taxation on the article.

The revenue in licence fees from home-brewing of pachwai decreased from Rs. 1,04,245 to Rs. 90,967. The decrease was due to the issue of a less number of licences.

The total revenue derived from pachwai licences under the above three heads increased from Rs. 11,52,561 in 1928-29 to Rs. 15,20,710 in the year under report.

23. **Consumption.**—The consumption in the districts of Burdwan, Birbhum, Bankura, Midnapore, Hooghly, Nadia and Murshidabad where the Bengal fixed-fee system was in operation from previous years and accurate figures of consumption from the licensed shops were available, amounted to 230,904 maunds of rice against 207,522 maunds of rice during the previous year as detailed below:—

	Maunds of rice.	
	1928-29.	1929-30.
Burdwan	99,217	110,334
Birbhum	55,787	60,552
Bankura	25,384	27,440
Midnapore	5,698	6,680
Hooghly	12,072	12,988
Nadia	2,309	3,064
Murshidabad	7,055	9,746
Total	207,522	230,904

Out of 1,161 licences in the Presidency for the manufacture and vend of pachwai, 962 worked under the fixed fee system during the year.

* * * * *

25. **Control over manufacture and sale of bakhar.**—The number of licences issued for the manufacture and sale of bakhar to licensed vendors of pachwai during the year was as follows:—

				Number of licences issued.	
				Manufacture and sale of bakhar.	Sale of bakhar.
Burdwan	1	6
Birbhum	3	4
Bankura	5	9
Midnapore	70	..
Hooghly	2
Nadia
Murshidabad	2	3

* * * * *

26. **Adulteration of bakhar.**—During the year under report there was no case of adulteration of bakhar, with aconite or any other poisonous substance, by the licensed bakhar manufacturers.

* * * * *

28. **Free brew of pachwai on special festivals.**—The concession of free brew of pachwai was permitted as in the previous year to the aboriginal tribes in Burdwan, Birbhum, Bankura and Midnapore, during special festivals.

CHAPTER III—FOREIGN LIQUOR.

* * * * *

30. **Import from foreign countries and clearances.**—The following statistics furnished by the Collectors of Customs show clearances of foreign liquor on payment of duty from the Custom Houses in Calcutta and Chittagong:—

The Collector of Customs, Calcutta, has commented on the statistics for the port of Calcutta in 1929-30 as follows:—

“* * * . To arrive at the consumption of liquors imported through Calcutta, it is necessary also to consider stocks in bond. When these are taken into account, it appears that there was a marked increase in the consumption of ale, beer and stout. The consumption of the principal spirits has remained steady. Port, champagne and still white wine have declined but sherry and other still red wines have improved. There has been noticeable decline in the average proof strength of whisky, the average for the year under report being 25 under proof as against 22 under proof in 1928-29.”

“Imports of British ales and beer have increased from 660,654 to 733,247 gallons and the average price is now cheaper than that of German beers. Imports of these and of Dutch beers have increased somewhat, but Japanese beers show a decline.”

The following statistics show imports and issues of potable spirits in London proof gallons at the Calcutta Custom House:—

Year.	Brandy, whisky, rum and gin.	
	Imported.	Issued on payment of duty.
	(L. P. gallons).	(L. P. gallons).
1927-28	231,867	228,952
1928-29	242,353	230,483
1929-30	234,448	226,450

31. **Import and manufacture of Indian made brandy, whisky, gin and rum.**—Besides imports from other provinces and exports thereto, the figures given below show the total quantity of Indian made foreign liquor issued on payment of duty from distilleries, as well as the total quantity of “Bengal spirits” used by other blenders and compounders for manufacture of foreign liquor:

Place of manufacture.	Kind of foreign liquor manufactured and issued on payment of full duty.	Bengal-made spirit issued to compounders and blenders of foreign liquor on payment of full duty.	Total.
	L. P. gallons.	L. P. gallons.	L. P. gallons.
Asansol (Bengal)	3,245.4 (rum.)	4,481.3	7,726.7
Konnagar (Bengal)	0.8 (rum.) 35.0 (milk punch.)
	35.8	..	35.8
Shajehanpur (United Provinces) ..	1,703.6 (rum.)	..	1,703.6
Russa (Bengal)	310.7 (brandy, whisky, rum and gin.)	..	310.7
Bahir-Mirzapore (Bengal)	3,159.2	3,159.2
	5,295.5	7,640.5	12,936.0
Figures of 1928-29	5,847	11,595	17,442

Besides the above, 36.5 L.P. gallons of rum were imported from the Dyer Distillery, Lucknow, by the Military authorities for the use of His Excellency the Governor's bodyguard stationed at Alipore at

Rs. 10 per London proof gallon. 433 L.P. gallons of rum were imported by Messrs. Lyall Marshall and Company, from Rosa Distillery in United Provinces on payment of duty there, 6·6 and 19·9 London proof gallons of rum were issued duty-free from the Russa Distillery to the Subdivisional Officer, North Cachar, and Deputy Commissioner, Naga Hills, respectively. 20·2 London proof gallons of brandy were issued from Russa Distillery to Nagpur (C. P.) on payment of duty there. 57·8 L.P. gallons of brandy were issued to Madras under bond. 28·2 and 32·0 London proof gallons of Shajehanpur rum were issued duty-free to the Political Officer, Sadiya Frontier Tract, and the Officer-in-charge, Supply Depot, Hastings, respectively, from the Calcutta Warehouse of Messrs. Lyall Marshall and Company. 85·6 London proof gallons of rum were issued duty-free from the Konnagar Laboratory to hospitals. 37·2 L.P. gallons of cooly rum were exported to Assam on payment of duty in that province and 3·8 London proof gallons of milk punch were exported to Madras from Konnagar Distillery under bond. 1,475·6 London proof gallons of brandy were exported from Asansol Distillery to Bombay on payment of duty there.

32. **Manufacture of beer.**—No brewing licence was issued during the year under report.

33. **Duty on Indian made potable foreign liquors and beer.**—The total duty realised under this head was Rs. 2,84,705 against Rs. 3,53,046 in 1928-29.

34. **Licences and fees.**—The total number of licences issued for "Trade" and "Public" vend was 1,423 against 1,472 (revised figures) in the preceding year. The decrease occurred under "Late closing" (52), "Temporary bars" (10) and "Dining Car" (4), while an increase occurred under "Hotels, etc." (6), "Steamer" (5), "Dak Bungalow" (1) and Public "off" (5).

The total receipts from licence fees on foreign liquor licences including beer, levied under the Bengal fixed-fee system, were as follows:—

					Rs.
1925-26	2,95,784
1926-27	3,09,946
1927-28	3,30,113
1928-29	3,24,824
1929-30	3,42,858

The increase in licence fee was mainly due to the realisation of the fees of foreign liquor "trade" licences in advance.

Medicated Wines.

35. **Licences and revenue.**—The number of licences for the retail sale of medicated wines was 227 against 214 in the preceding year. The revenue from licence fees was Rs. 13,475 against Rs. 8,600 in the previous year, showing an increase of Rs. 4,875 due mainly to realisation of licence fees in advance.

II.—Industrial Spirits (excluding denatured spirits).

* * * * *

36. **Revenue.**—The total revenue derived from rectified spirit and absolute alcohol used for medicinal, scientific or other industrial purposes in the Presidency was Rs. 5,67,900 against Rs. 5,40,623 in the previous year. * * * * *

37. **Issue of rectified spirit from distilleries and warehouses.**—The following quantities of rectified spirit were issued during the year for

medicinal, industrial and scientific purposes from distilleries and excise warehouses in Bengal:—

Place of manufacture.	Duty-free issues to Government Departments, Colleges, etc.	For manufacture of tinctures and other medicinal preparations.	
		To bonded laboratories.	To permit-holders in Bengal.
1	2	3	4
Asansol	3,145.5	95,212	6,302.4
Konnagar	13,764.5	..
Russa	28.3	18,622.8	884.6
Bahir-Mirzapore	4,056.5	29,078	1,167.2
Bonded laboratories	87.0
Total	7,317.3	166,677.3	8,354.2

Besides the above 154.1 L.P. gallons of rectified spirit were issued to the Gramophone Company, Limited, at the concession rate of duty of Rs. 5 per L.P. gallon for commercial purposes from the Bahir Mirzapore Distillery and 1,110 L.P. gallons of rectified spirit were issued under bond to Kemp and Company, Bombay, from the Asansol Distillery.

Duty-free issues of rectified spirit and absolute alcohol, as shown in column 2 above, were made to the following institutions:—

Government Medical Store.
Dacca University.
Principal, Indian School of Mines.
Bethune College.
Custom House.
Hospital Bottling.
Deputy Controller, Central Stationery.
Director of Public Health, Bengal.
Assistant Director of Agriculture, Dacca.
Director, Zoological Survey of India.
Director, Calcutta School of Tropical Medicine and Hygiene.
Superintendent, Mathematical Instrument Office.
Director, Botanical Survey of India.
Superintendent, Gun and Shell Factory, Ichapur.
Chief Ordnance Officer, Fort William, Calcutta, Cawnpore, Allahabad, Jubbulpore, Madras, Rawalpindi, Aravanka (Madras), for Military purposes.
Presidency College, Calcutta.
Sree Visadbananda Marwari Hospital, Calcutta.
District Board, Faridpur.
District Board, Noakhali.
District Board, Dacca.
Habibpur H. C. Dispensary, Malda.
Dacca Dispensary, Dacca.
J. C. Barhalganj Dispensary, Gorakpur, United Provinces.
Municipal Hospital, Kurseong, Darjeeling.
Bengal Tanning Institute, Calcutta.
Scottish Churches College, Calcutta.
Dera Dun Forest Institute.
Public Health Department, Lucknow, United Provinces.
City Dispensary, Elechpur, Berar (Central Provinces).
Begg Sutherland and Company, Marhavara, Saran (Bihar and Orissa).
Rishra-Konnagar Municipality, Hooghly.

38. Manufacture of tinctures and medicines.—A new bonded laboratory of Messrs. M. Bhattacharji and Company was opened this year from 1st November 1929, which along with seven existing bonded

laboratories in Calcutta and one in Konnagar continued to manufacture tinctures and medicinal preparations during the year under report; 71,070·5 London proof gallons of rectified spirit contained in tinctures and medicinal preparations were issued from the nine laboratories on payment of duty against 57,226 London proof gallons issued during the preceding year.

The duty realised on tinctures issued from bonded laboratories at Rs. 5 per London proof gallon on the spirit contents was Rs. 3,55,352·8, of which Rs. 3,42,862 was realised in Bengal, Rs. 6,418 was realised in Bengal to the credit of other provinces and Rs. 6,072·8 was realised in other provinces, against Rs. 2,86,130 in the year 1928-29.

Medicinal preparations containing 26,024 London proof gallons of spirit were issued duty-free to the charitable dispensaries and hospitals in the various provinces in addition to 7,722 London proof gallons of rectified spirit and 2,385 London proof gallons of absolute alcohol.

Permit-holders in Bengal took supplies of 8,354·2 London proof gallons of rectified spirit and absolute alcohol from the distilleries, and 9,018 L.P. gallons from bonded laboratories, on payment of Rs. 86,861 as duty. 175·0, 99·8, 158·3, and 8·0 L.P. gallons of rectified spirit and absolute alcohol were supplied to permit-holders in Assam, United Provinces, Bihar and Orissa and Madras respectively, on payment of duty in those provinces.

The rules prescribing strict adherence to B.P. standards and approved recipes continued to be strictly enforced, and there were no complaints regarding the quality of the products of the bonded laboratories.

* * * * *

39. Issues of rectified spirit and absolute alcohol from bonded laboratories and distilleries for medicinal, industrial and other purposes on payment of full duty.—5,875·5 L.P. gallons of rectified spirit and absolute alcohol were sold on payment of full duty from the distilleries and bonded laboratories for industrial, medicinal and scientific purposes to licensed chemists, druggists, etc.

Ganja.

45. Retail licences.—The total number of licences issued in the Presidency for the retail sale of ganja was 1,204 against 1,205 in 1928-29.

46. Consumption.—The total quantity of ganja consumed in the Presidency amounted to 1,559 maunds 7 seers against 1,577 maunds 19 seers showing a net decrease of 18 maunds 12 seers or 1·1 per cent.

The consumption was practically stationary in most of the districts in the Presidency. In the district of Mymensingh, there was an appreciable fall, amounting to 12·8 per cent. due particularly to the floods in June 1929, and consequent unfavourable economic conditions. The same reasons affected consumption in the neighbouring district of Tippera.

47. Total revenue.—The total receipts for the year amounted to Rs. 49,49,446 against Rs. 49,91,507 in the previous year, the net decrease amounting to Rs. 42,061. The revenue from licence fees and duty decreased by Rs. 21,442 and Rs. 20,738, respectively, while that from gola rent increased by Rs. 119.

48. Incidence of taxation.—The incidence of licence fees per seer of ganja consumed was Rs. 37·7 and that of duty Rs. 40. The total taxation was 77·7 per seer as compared with 77·6 in the previous year.

* * * * *

51. **Cultivation and outturn of ganja at Naugaon in Rajshahi.**—The following figures indicate the position regarding the operation of ganja cultivation in Naugaon in the Rajshahi district during the last six years:—

Year.	Number of cultivators licensed.	Area licensed.	Total outturn.	Average outturn per bigha.	Total exports from Naugaon.
		Bighas.	Mds.	Mds. srs.	Mds.
1924-25	3,310	2,002	6,689	3 13	4,252
1925-26	3,099	1,761	4,598	2 14	4,961
1926-27	2,996	1,800	5,256	2 36	4,722
1927-28	3,010	1,796	6,073	3 15	4,709
1928-29	3,231	1,900	5,526	2 35	4,131
1929-30	3,047	1,799	4,414	2 15	4,231

The area sanctioned for cultivation during the year was 1,800 bighas. There was no case of cancellation or surrender of licence during the year. The area actually cultivated was 1,855 bighas 12 cottahs and 2 chitaks against 1,922 bighas 3 cottahs and 5 chitaks in the previous year.

The cultivation during the year was affected by floods in the early part of October 1929, on account of which about 396 bighas were either submerged or partly inundated. The affected area was replanted with fresh seedlings mostly on new plots, which had not been, however, matured and prepared in time. The results of the flood, coupled with unfavourable rains in February and the early part of March 1930, rendered the quality of the crop unsatisfactory, and also appreciably reduced the outturn per bigha. The total outturn was, however, still above the average demand during 1928-29 and 1929-30.

Bhang.

56. **Licences and revenue.**—The total number of retail licences for the sale of bhang was 325 against 323 in the previous year. The total number of druggists' permits issued was 608 against 621 in the previous year. The total revenue from licence fees and duty amounted to Rs. 1,96,193 as compared with Rs. 1,92,330 in 1928-29 showing an increase of Rs. 3,863.

57. **Consumption.**—The principal demand for bhang was, as in the previous years, confined to most of the West Bengal districts. In most of the districts in East Bengal, the demand for bhang as an intoxicant is very small. The total quantity of bhang consumed in the Presidency amounted to 397 maunds 2 seers against 389 maunds 32 seers in the previous year showing an increase of 7 maunds 10 seers. There was noticeable decrease in Dacca, Mymensingh and Rangpur, while increase occurred in most of the West Bengal districts.

58. **Exports.**—Three maunds of duty-paid bhang were exported from Hooghly to French Chandernagore against 2 maunds 30 seers in the previous year. Twenty-three seers of duty-paid bhang was issued from Comilla to the adjacent state of Tripura against one maund in the preceding year.

59. **Abuse.**—No case of abuse of medicinal preparations manufactured from the drug was reported during the year.

Charas.

60. **Licences and revenue.**—The total number of licences issued in the Presidency for the retail sale of charas was 34 against the same number in 1928-29. There were 3 wholesale licences against the same number in the preceding year. The total receipts for the year amounted to Rs. 2,89,686 as compared with Rs. 3,05,382 in 1928-29, showing a decrease of Rs. 15,696 in licence fee which was due to decrease in the consumption of the drug.

61. **Import, export and consumption.**—The total quantity of charas imported into the Presidency was 53 maunds 16 seers against 55 maunds 37 seers in the previous year. The drug was as usual, imported by the wholesale dealers of Calcutta and Birbhum direct from the Punjab and supplied to the retail vendors in the districts. The total issue to retail shops in the Presidency was 52 maunds 18 seers as compared with 55 maunds 7 seers in the preceding year, while the consumption in Calcutta amounted to 27 maunds 39 seers against 30 maunds 24 seers in the previous year.

Twelve seers of charas were exported to French Chandernagore during the year against 4 seers exported during the previous year.

CHAPTER V—OPIUM.

* * * * *

62. **Restricted supply of opium.**—The restrictive system of supply of opium to licensed shops, under which the monthly supply to each shop is limited to requirements in each locality and increase of supply is not permitted except on clear evidence of an increase in demand, worked in the districts mentioned below:—

Bankura.	Mymensingh.
Midnapore.	Faridpur.
Hooghly.	Bakarganj.
Howrah.	Chittagong.
24-Parganas.	Noakhali.
Calcutta.	Tippera.
Nadia.	Rajshahi.
Murshidabad.	Jalpaiguri.
Jessore.	Rangpur.
Khulna.	

In other districts, the system was not in force as no necessity was felt to regulate supplies. In districts in which the limits of supply were restricted, the issues and consumption were actually less than the limits fixed, except only in the district of Chittagong, where the entire fixed allotment was sold.

63. **Consumption.**—The consumption of excise opium during the year under report was 993 maunds 21 seers, as compared with 987 maunds 24 seers in the preceding year, an increase of 5 maunds 37 seers.

Noticeable increase occurred only in the district of Noakhali (31 seers or 10·5 per cent.). The reason was an extension of the use of licit opium amongst people as a household remedy against certain forms of illness.

The decrease in consumption exceeded 6 per cent. in the districts of Mymensingh (58 seers or 7·3 per cent.) and Darjeeling (33 seers or 16·5 per cent.). In Mymensingh the decrease was mainly due to economic distress on account of floods and consequent failure of crops, and in Darjeeling it was chiefly due to the diversion of the Tibetan wool trade from Kalimpong to Rungpo (Sikkim) and also the general slump in trade with Tibet.

64. **Licences for retail sale.**—The total number of licences issued for the retail sale of excise opium was 855, as compared with 853 in the previous year. Three shops were abolished in Rangpur and five new shops were opened, viz., 2 in Tippera and one each in Hooghly, Noakhali and Dinajpur.

65. **Medicinal permits and licences under the Opium and Morphia Rules.**—The total number of permits and licences issued was 1,663 as compared with 1,570 in the previous year. The number included 805 licences or permits issued for intoxicating drugs including opium, and 858 licences or permits issued for morphia drugs.

* * * * *

The increase in the number of licences was due to gradual increase in ordinary chemists' and druggists' business.

66. **Revenue.**—The total receipts amounted to Rs. 48,21,646 as compared with Rs. 48,07,903 in 1928-29.

67. **Abuse of opium and morphia.**—The use of morphia as a substitute for opium does not appear to have been prevalent in any district. The administration of opium pills to children prevailed to a limited extent among certain sections of the mill population in the subdivisions of Barrackpore and Serampore.

* * * * *

CHAPTER VI—COCAINE.

* * * * *

70. **Licences and revenue.**—Four hundred and eighty-two licences were issued during the year to chemists and druggists for the sale of cocaine on prescriptions of qualified medical practitioners as compared with 454 in 1928-29. Eighty-six permits for the possession of cocaine were issued free to managers of hospitals or dispensaries under Government supervision. Fifty permits were issued to qualified medical practitioners and dentists.

71. **Preventive operations and illicit transactions in cocaine.**—Dealt with in paragraphs 78 and 79, Section VII of the report.

72. **Miscellaneous.**—No confiscated cocaine was in stock at the beginning of the year and no quantity was received for sale during the year under report. The Chemical Examiner to the Government of Bengal destroyed all confiscated cocaine sent to him for examination as the stuff did not conform to the B.P. standard in any case.

CHAPTER VII—OFFENCES AGAINST THE EXCISE AND OPIUM LAWS.

* * * * *

73. **Prosecutions and convictions.**—The number of prosecutions and convictions during the year as compared with that in 1928-29 stood as follows:—

Number of cases—				1928-29.	1929-30.
Prosecuted	5,423	5,757
Convicted	5,184	5,590
Number of persons—					
Prosecuted	5,949	6,315
Convicted	5,342	5,718

There was increase both in the number of prosecutions and convictions, mainly due to larger detection of cases of illicit manufacture or possession of pachwai and bakhar, as well as illicit possession or sale of cocaine.

74. The position in the Presidency as regards offences against the excise and opium laws continued to be the same as in the previous year, except for increasing ingenuity and resources brought to play by smugglers of cocaine and opium, and for an organised attempt, on the part of some local Chinamen who have put up some tanneries at Tangra and Topsia in the 24-Parganas district, just on the border of Calcutta, to manufacture country spirit on a fairly large scale for illicit supplies in Calcutta and the suburbs. This is being effectively dealt with by the local staffs.

Efforts of smugglers of cocaine and opium, who belong to powerful gangs composed mainly of up-country Muhammadans and the Chinese with headquarters at Calcutta, Delhi, Amritsar, Peshawar, Rampur in United Provinces, Rewa in Rajputana, Ajmere and a few other states in north-west India and in Rajputana, as well as Rangoon, Hongkong and a few other Chinese cities in the East, continued to receive constant and all possible check from the officers of this Department as well as of the Customs and the Police.

Attention on the railways being watchful, the smugglers have commenced transportation of articles in motor cars, from and to the north-west and the officers have also become vigilant against this method of transport.

75. The officers of the Department successfully tackled offences under the excise and opium laws in most of the districts, as far as possible with the men and resources at their command. Unfortunately, however, these efforts could not produce such deterrent effect on illicit traffic as might be expected, particularly for two reasons, viz. :—

- (1) Inadequacy of the existing legal provisions for the punishment of men who commit the major offences against the excise and opium laws.
- (2) Inadequacy of punishments awarded by magistrates specially as regards the major offences. Even the major offences under the excise and opium laws are still looked upon merely as "fiscal offences," and it appears as if sufficient consideration is not always attached to the serious harm caused to society as well as to Government in numerous directions, by the people who engage themselves systematically in regular illicit traffic in intoxicating liquors and drugs.

I make these observations not with any view to criticise, but simply to invite attention to the seriousness of all major offences against the excise and opium laws. The man who brews a pot of pachwai (rice beer) or manufactures a pot of spirit or who collects a few wild bhang plants for his own consumption, is quite in a different category from people who make it a profession to deal with spirits, or drugs for regular traffic, and I consider that the sooner the existing law for the punishment of offenders of the latter nature are tightened up, and the existing provisions are more rigorously enforced by the magistrates, the better it would be in the direction of more effective control of intoxicants.

Total eradication of the serious forms of illicit traffic, specially in drugs is not possible until all countries fall in line and restrict manufacture of "dangerous drugs" to medicinal requirements, but it is certainly desirable that traffickers in these articles get much less leniency than is the case at present, due to reasons explained above.

76. In Calcutta efforts to tackle the principal offenders and their associates engaged in illicit traffic in opium, cocaine and charas as well as in the illicit distillation of country spirit were persistently made throughout the year and met with all possible success, and the department is thankful for the co-operation it received from the Police and Customs officials. The illicit traffic inside the city as well as at the railway termini continued to be looked after by the Excise detective staff in co-operation with the Police officials, while the illicit traffic on board the vessels and on the jetties was looked after mainly by the Customs detective staff.

77. The total seizures of opium during the last three years in the Presidency were as follows:—

Year.					Mds.	seers.
1927-28	39	15
1928-29	44	4
1929-30	36	17

Of the total quantity of opium seized during the year, 11 maunds 34 seers were seized by the Excise detective staff in Calcutta, 4 maunds 13 seers by the Railway Excise staff, and 11 maunds 3 seers by the Excise staff in districts, while the Customs detective staff in Calcutta and Chittagong and the Police in Calcutta and Howrah made seizures of 5 maunds 39 seers and 3 maunds 8 seers, respectively.

78. The total seizures of cocaine during the last three years are noted below:—

Year.				Oz.	grs.
1927-28	2,789	190
1928-29	2,349	202
1929-30	6,314	339

Of the total quantity seized during the year, 5,650 ounces were seized by the Customs officers on board the vessels in the ports of Calcutta and Chittagong, 430 ounces by the Calcutta Excise detective staff, 169 ounces by the Excise staff in districts, 3 ounces by the Railway Excise staff and 62 ounces by the Police in Calcutta, 24 Parganas, Howrah and Dacca.

CORPORATION OF CALCUTTA.

Central Municipal Office, 5th December 1930.

The following amendments made by the Corporation of Calcutta under section 56 (b) of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), in the Pension Rules of the Calcutta Corporation sanctioned in Government notification No. 225 T.M., dated the 24th August 1895, as subsequently amended, have been sanctioned by the Local Government in accordance with the provisions of section 485 of the Act in the Local Self-Government Department letter No. 4310 M., dated the 21st November 1930, and are published as required by section 486 thereof. The additions are in italics:—

(1) Substitute the following for rule 11:—

Subject as hereinafter provided, a pension or gratuity shall, on his retirement or discharge from municipal service, be payable to every officer or servant who, having contributed under these rules on scale A, (a) shall have attained the age of 55 years, or (b) shall have been certified under rule 15 as incapacitated for further service or (c) whose services shall have been dispensed with in consequence of reduction or reorganisation of establishment, and not from any fault of his own, or (d) *who shall have been permitted by the authority competent to appoint him to retire after completion of qualifying service for thirty years before attaining the age of 55 years.* Provided however that (except as provided in rule 18) no pension or gratuity shall be payable to any officer or servant who shall not have completed five years' service at the time of such retirement or discharge.

The pensions or gratuities granted under the above conditions shall be designated respectively as—

- (a) Superannuation pension or gratuity,
- (b) Invalid pension or gratuity,
- (c) Compensation pension or gratuity,
- (d) *Retiring pension.*

(2) Substitute the following for rule 14:—

Save as in this rule expressly provided, no pension or gratuity shall be payable to any officer or servant who shall voluntarily resign the municipal service before the age of 55 years (unless duly certified under rule 15 as incapacitated for further service or *permitted to retire after completion of qualifying service for 30 years*), or to any officer or servant who shall be dismissed from the municipal service for misconduct, nor shall any such officer or servant voluntarily resigning or being dismissed as aforesaid be entitled to any refund of contributions therefor made by him under these rules. Provided however that the Corporation may, if circumstances shall, in their opinion, render it just or proper so to do, treat any particular case as a special case, and by special resolution allow an officer or servant who has voluntarily resigned or been dismissed as aforesaid to re-

ceive such pension or gratuity as they may think proper, not exceeding the limits prescribed by rule 17.

(3) Substitute the following for the proviso to rule 27:—

Provided that nothing in this or any of the foregoing rules contained shall be deemed to preclude the Corporation in their absolute discretion from granting a compassionate allowance to any officer or servant (whether eligible or ineligible to contribute, and whether he has contributed or not) who may have been permanently disabled or seriously injured in or during the discharge of his duties or to the widow and children, or in case he shall have left no widow or children, to the parents, brothers and sisters, of any such officer or servant who may have been killed in the discharge of his duties or *to an officer or servant not being a contributor either to the pension or the provident fund* who may have become unfit for further discharge of his duties from natural or other causes or may have become disabled in the service of the municipality.

Provided further that in determining the amount of such gratuity or compassionate allowance to be paid to any officer or servant governed by the Workmen's Compensation Act whose death or disablement is due to any injury for which compensation is payable under that Act, the amount of such compensation will be taken into consideration and the Corporation will not ordinarily grant any additional sum as gratuity or compassionate allowance under this rule to a workman who has received or elect to receive compensation according to the Workmen's Compensation Act, but the payment of compensation under the Workmen's Compensation Act will not preclude the payment of a retiring gratuity to which the officer or servant may be entitled under rule 26A of these rules, or under the gratuity rules for Provident Fund subscribers.

NOTE.—Payment of gratuity or compassionate allowance to a disabled officer or servant shall not preclude the Corporation from appointing him again or from granting him a gratuity or compassionate allowance in consideration of his services during the period of his re-employment.

Burdwan.—No. 3374P.H.—12th December 1930.—The following draft of rules, which in exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Public Health) propose to make, and subject to which the Commissioners of the Asansol Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purposes of leading water to premises for domestic purposes only, is published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on the 1st February 1931, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

Draft rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water supply they may

grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 200, a connecting pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form "A" to be supplied free of cost, at the Municipal Office. The conditions subject to which a house connection will be given are set out in the form and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

2. A fee of Rs. 50 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe, and an extension from the communication-pipe of one holding to another holding shall not be permitted.

4. The connection shall consist of two portions:—

- (a) the service-pipe from the street main to the boundary of the holding, including ferrule, stop cock and check pipes;
- (b) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet pipes, taps and other accessories as required.

5. The items referred to in clause (a) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (b) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected, and is to be provided with locked lid, ball valve, stop valve and overflow pipe.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (a) and (b) of rule 4 or any part thereof to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water.

8. The tank referred to in rule 4 (b) shall be durable and watertight, and the ball valve and other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly at the expense of the owner or occupier under the supervision of the officers of the municipality.

9. Every storage tank shall be fitted with an overflow pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow pipe means that the ball valve is failing to function and the owner or occupier shall notify the water works officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of water in proportion to the water rate paid by him in respect of such holding, according to the following table:—

Less than Rs. 4 ..		Gallons.

For consumers paying more than Rs. 18 per quarter as water rate, the number of gallons of water to be given per day will be calculated as:—

The quarterly water rate paid (in rupees)
multiplied by the figure $\frac{200}{9}$.

11. In case the owner or occupier requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10, he may apply to the Commissioner in form "B" (obtainable at the Municipal Office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 20 per tank, and also shall pay weekly the following charges during the whole time he retains the temporary connection:—

	gallons.	Rs. A.
(a) for a supply of	200 per day	.. 8 0 per day.
(b) ditto	300 ditto	.. 0 12 ditto.

(e) ditto	750 ditto	.. 1 8 ditto.
(f) ditto	900 ditto	.. 1 12 ditto.
(g) ditto	1,100 ditto	.. 2 0 ditto.

He shall state in his application the number of weeks for which the connection is required.

12. On receipt of the application, together with the fees as provided in rule 11, the Commissioners shall forthwith install within the compound and at a level of two feet above ground an additional storage tank (or tanks) of 300 gallons capacity with ball valve and two taps fixed to each tank. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

13. The payment referred to in rule 11 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the supply of water and remove the storage tank or tanks, temporary service-pipes, etc.

14. Two or more such temporary connections may be taken, if required, on payment of the additional costs and weekly charges.

15. The Commissioners may cut off the connection between any water works of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz.:—

- (a) if the holding is unoccupied;
- (b) if the occupier fails to pay his water rate;
- (c) if the occupier in any way interferes with, damages, or alters the service-pipe; and
- (d) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection of the service-pipe or storage tank, or prevents such officer from making such examination or inspection.

Provided that twenty-four hours' notice in writing of such examination or inspection may be demanded.

16. The works required under rule 4 (b) shall be carried out by a person or firm employed by the owner or occupier and approved by the Commissioners. For this purpose the Commissioners shall grant licenses to approved persons or firms, who should preferably have had previous experience in plumbing work.

17. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining away all waste water.

18. The Commissioners will not be responsible for any interruption or diminution of water supply due to occurrences beyond their control.

(Sd.) D. G. MITCHELL,
Secy. to the Govt. of India (offg.).

To

HIS EXCELLENCY THE GOVERNOR GENERAL
OF INDIA.

In the matter of an election petition under
Part VII of the Legislative Assembly Electoral Rules

and

In the matter of the election of a member of
the Legislative Assembly from the Calcutta
and Suburbs (Muhammadan) urban constituency

and

In the matter of
Dr. A. Suhrawardy of 56, Mirzapore Street,
Calcutta.....Petitioner

versus

1. Sir Abdur Rahim of 217, Lower
Circular Road, Calcutta;

2. Md. Rafique of 19, Zakaria Street,
Calcutta;

3. Syed Muslehuddin of 83, Taltola Lane,
Calcutta;

4. T. Y. Roxburgh, Esq., I.C.S., Chief
Presidency Magistrate, Calcutta, 2, Bankshall
Street.....Respondents.

The humble petition of Dr. A.
Suhrawardy the petitioner above
named.

RESPECTFULLY SHOWETH,

1. That your petitioner is a qualified
elector of the Legislative Assembly and has
his name registered as such in the Calcutta
and Suburbs (Muhammadan) urban constituency
of the said Assembly: (Male Elector
No. 89 of Ward 9, Calcutta).

2. That as such elector your petitioner was
and is eligible for election to the said
Assembly.

3. That a General Election for election of
members of the said Assembly was directed to
be held in the month of August, 1930.

4. That the 7th of August, 1930, was fixed
as the last date for the nomination of candidates
for the said General Election from the
said Calcutta and suburbs (Muhammadan)
constituency and the 11th of August, 1930, as
the date for the scrutiny of nominations.

5. That the Chief Presidency Magistrate,
Calcutta, Mr. T. Y. Roxburgh, I.C.S., was the
Returning Officer for the said constituency.

6. That your petitioner was a candidate for
election to the said Assembly at the said
election from the said constituency.

7. That on the said 7th of August, 1930,
your petitioner personally went to deliver his
nomination paper to the said Returning Officer
at his office in the Calcutta Police Court in
Bankshall Street after the same had been duly
filled in and completed in accordance with the
Legislative Assembly Electoral Rules.

8. That the said Returning Officer was not
however in his office when your petitioner
called.

9. That your petitioner waited for the
Returning Officer till 2-35 p.m., but the
Returning Officer had not yet returned, and
as your petitioner had to file a nomination
paper from another constituency on the same
date by 3 p.m., your petitioner could not wait
any longer.

10. That your petitioner accordingly left
his nomination paper on the office table of the
said Returning Officer along with the *challan*
for the deposit of Rs. 500 and left word with
the Returning Officer's clerk who was in
attendance to inform the Returning Officer on
his return that the paper had been delivered
by your petitioner in person.

11. That your petitioner submits that the
delivery of the said nomination paper in the
above circumstances was a proper delivery
under the Electoral Rules.

12. That it appears that the Returning
Officer on his return actually endorsed on the
nomination paper the time of delivery as
2-57 p.m., but afterwards cancelled the said
endorsement and rejected the paper as if it had
not been presented at all.

13. That on the date of scrutiny of nomi-
nations your petitioner's nomination paper
was in fact not considered at all by the
Returning Officer.

14. That on the 9th August 1930, the
Returning Officer wrote the following letter
to your petitioner:—

“D. O. No. 444.

“Calcutta,

The 9th August, 1930.

2, Bankshall Street.

“Dear Sir,

“I regret to inform you that the nomination
papers of the Calcutta and Suburbs
Muhammadan constituency of the I. L. A.
which was left by you in my office on the 7th
instant, has not been accepted by me, as
neither you nor anybody else on your behalf
did appear within three o'clock, the prescribed
time for accepting them. I am sorry
I was out when you came.

“The *challan* for Rs. 500 which has been
filed by you will be returned to you or to your
agent duly endorsed by me when desired.

Yours faithfully,

(Sd.) T. ROXBURGH.

“The Hon'ble Dr. A. Suhrawardy, M.L.A.,

56, Mirzapore Street, Calcutta.”

15. That your petitioner states that the
proceeding adopted by the Returning Officer
was wholly wrong and contrary to law.

16. That your petitioner had actually
appeared at the Returning Officer's office with
the nomination paper before 3 p.m., on the
said 7th of August, as in fact the Returning
Officer himself admits in his said letter when
he says that the nomination paper had been
left by your petitioner in his office and that
he was out when your petitioner had called.

17. That in any case the Returning Officer was wholly wrong in withholding your petitioner's nomination from the scrutiny and thus denying your petitioner an opportunity not only to establish the validity of his own nomination but also to question the validity of the nominations of the other candidates hereinbelow named, particularly of Sir Abdur Rahim, whose nomination your petitioner does not admit to have been valid at all.

18. That your petitioner has been seriously prejudiced by the said action of the Returning Officer.

19. That three other candidates had filed nominations for election from the said constituency, namely, the Respondents Sir Abdur Rahim, Md. Rafique and Syed Muslehuddin.

20. That the nominations of all these three candidates were accepted by the Returning Officer at the scrutiny, but two of them Md. Rafique and Syed Muslehuddin afterwards withdrew their candidature within 3 p.m. of the day following the scrutiny, with the result that Sir Abdur Rahim being the only candidate left was declared elected by the Returning Officer.

21. That the name of the said returned candidate Sir Abdur Rahim was published in the Gazette of India of the 23rd of August, 1930, and he filed his Return of Election Expenses and the declarations referred to in Rule 19 of the Rules on the 29th of August, 1930.

22. That your petitioner states that the withdrawal of the Respondent Md. Rafique from the election was wrongfully procured by the said Sir Abdur Rahim in his own interest.

23. That the said Sir Abdur Rahim had in fact caused a deputation to be sent to Md. Rafique's father Mr. Dost Muhammed, consisting of Sir Abdur Rahim's supporters and canvassers, with a view to put wrongful pressure on Md. Rafique through his father to make him withdraw, and your petitioner is informed that by means of undue influence and by holding out promises of securing Md. Rafique's return unopposed in the event of Sir Abdur Rahim not going to the Assembly for any reason, the said supporters and canvassers of Sir Abdur Rahim ultimately succeeded in bringing about the withdrawal of the said Md. Rafique.

24. That in the premises aforesaid your petitioner states that the return of Sir Abdur Rahim was procured and/or induced by corrupt practices and the result of the said election was also materially affected thereby as well as by the improper refusal of your petitioner's nomination and the improper acceptance of Sir Abdur Rahim's nomination by the Returning Officer and otherwise by non-compliance with the electoral rules and regulations.

25. That your petitioner begs accordingly to file this election petition for setting aside the said election and as required by the Rules begs to remit herewith the sum of Rs. 1,000 as deposit for security.

26. That as the conduct of the Returning Officer is in question, your petitioner has been advised to add him as a party, but he need not appear if he has no cause to show.

27. That the other candidates who afterwards withdrew have also been joined as Respondents *pro forma*, but your petitioner asks for no relief against them.

Your petitioner prays in the circumstances aforesaid that Your Excellency may be graciously pleased to admit this petition, appoint Commissioners for the trial thereof and thereafter upon considering the report of the said Commissioners set aside the said election of the Respondent Sir Abdur Rahim and order a fresh election to be held from the said constituency and to direct the payment to your petitioner of the costs of and incidental to this petition.

And your petitioner as in duty bound shall ever pray.

(Sd.) A. SUHRAWARDY.

Verification.

I, Dr. A. Suhrawardy, being the petitioner aforesaid, residing at 56, Mirzapore Street, in the town of Calcutta, do hereby state that the statements contained in the foregoing petition are all true to my knowledge, except those contained in paragraphs 12, 21, 22 and 23 thereof which are true to my information which I verily believe to be true and those in paragraphs 11 and 15 are submissions.

Signed this verification at 1 p.m., this the 9th day of September 1930, at my said residence.

(Sd.) A. SUHRAWARDY.

Particulars of corrupt practices referred to in paragraphs 22 and 23 of the foregoing petition.

On or about the 12th of August, 1930, the Respondent, Sir Abdur Rahim, caused a deputation to wait on the Respondent Md. Rafique and his father Dost Muhammad at the latter's house at 19, Zakariah Street, Calcutta. The said deputation included, amongst others, Abdool Razak, Hajee Abdool Suttar and Khaja Abdul Gani (who had subscribed Sir Abdur Rahim's nomination paper) and several other canvassers and supporters of Sir Abdur Rahim, such as Ahmad Abdus Sattar, Abdul Majid, etc. The object of the deputation was to get Md. Rafique to withdraw somehow or other. The Returning Officer had refused the petitioner's nomination, and if Md. Rafique could be made to withdraw his candidature Sir Abdur Rahim could get returned unopposed. Md. Rafique was and is an influential Councillor of the Calcutta Corporation, and possessed considerable influence in this constituency of the Legislative Assembly, which in fact he had represented during the last session. As against him, Sir Abdur Rahim had no chance whatever in a contest. It was known that the other candidate Syed Muslehuddin was not serious in his candidature and would be sure to withdraw. The deputation brought

all sorts of pressure to bear on Md. Rafique as well as on his father Dost Muhammad. They begged, implored and threatened. If Md. Rafique would withdraw, they would cause laudatory notices to be published in the newspapers extolling his public spirit, and they would also see that if, for any reason, Sir Abdur Rahim did not go to the Assembly, Md. Rafique was returned unopposed. In case, however, he did not withdraw, they would make things as unpleasant for him as possible. Unable to withstand such continued pressure and undue influence, and as a result of such inducements and threats, Md. Rafique was ultimately prevailed upon to sign a letter of withdrawal. Sir Abdur Rahim thus through his said agents acting with his knowledge and connivance interfered with the free exercise by Md. Rafique of his electoral right.

(Sd.) A. SUHRAWARDY.

Verification.

I, Dr. A. Suhrawardy, the petitioner above-named, state that the allegations contained in the foregoing particulars are true to my information which I verily believe to be true.

Signed this verification at my residence, 56, Mirzapore Street, Calcutta, this the 9th day of September 1930, at 1 p.m.

MERCHANT SHIPPING.

New Delhi, the 29th November 1930.

No. 42-M.-I(7)/30.—In exercise of the powers conferred by section 224 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), the Governor General in Council is pleased to

direct that the following further amendments shall be made in the Rules published with

the Government of Bengal Notification No. 165-Marine, dated the 29th August 1899,

namely:—

Amendments.

(i) For rule 7 of each of the said Rules the following rules shall be substituted, namely:—

"7. The Master of every British ship registered in British India, other than a home-trade ship not exceeding three hundred tons burden, shall, before the ship leaves any dock, wharf, place or harbour in British India for the purpose of proceeding to sea, make the following entries in the Official Log:—

(i) if not previously entered, all the particulars stated in the certificate of approval issued pursuant to these Rules together with the draught of water of the ship as shown on the scale of feet on her stem and stern post when the ship is so loaded that the upper edge of each line marked "S" pursuant to Rule 3 is on the surface of the water and the ship is upright on an even keel;

(ii) the actual draught of water of the ship as shown on the scale of feet on her stem and stern post when the ship is loaded and ready to leave the said dock, wharf, place or harbour together with the actual freeboard amidships (as hereinafter defined) on the port and starboard sides of the ship and the mean freeboard;

(iii) the density of the water in which the ship was lying when loaded and ready to leave as aforesaid.

7A. The Master of every British ship registered in British India, other than a home trade ship not exceeding three hundred tons burden, shall before the ship leaves any such dock, wharf, place or harbour for such purpose in addition enter in the Official Log:—

(i) the allowances, if any, to be made in order to arrive at the mean freeboard amidships when the ship first reaches salt water after leaving the said dock, wharf, place or harbour. These allowances may be in respect of—

- the density of the water in which the ship was lying when loaded;
- any ashes and rubbish which it is intended to throw overboard;
- fuel that would normally be consumed before the ship reaches salt water.

(ii) the mean draught of water and the mean freeboard amidships of the ship in salt water as calculated after making the appropriate allowances.

(iii) the date and time of posting the Notice required by Rule 7B.

7B. The Master of every British ship registered in British India, other than a home trade ship not exceeding three hundred tons burden, shall, before the ship leaves any such dock, wharf, place or harbour for such purpose put up in some conspicuous place on board the ship so as to be legible to all members of the

crew a notice giving the particulars required in the form set out in Schedule B hereto. The notice shall be signed by the Master and the First Mate and shall be kept so put up and legible until after the ship arrives at any other dock, wharf, place or harbour.

7C. For the purpose of these Rules, Freeboard means the height of the side of the ship amidships in feet and inches from the water to the top of the deck line required to be marked on the ship's side pursuant to the Indian Merchant Shipping Act, 1923, and referred to in the load-line certificate of approval issued pursuant to Rule 9.

(ii) In rules 6 and 9 of each of the said Rules for the words "the Schedule hereto," wherever they occur, the words and letter "Schedule A hereto" shall be substituted.

(iii) For the heading "Schedule" to the Schedule to each of the said Rules the heading "Schedule A" shall be substituted and after the said Schedule the following Schedule shall be added, namely:—

Schedule B.

NOTICE.

Ship..... of gross tonnage

- (1) Summer freeboard* ...corresponding to actual mean draught of.....
- (2) Winter freeboard*.....corresponding to actual mean draught of
- (3) Indian Summer freeboard*
- (4) Winter North Atlantic freeboard* (where applicable).....
- (5) Allowance* for fresh water.

*Above particulars to be taken from Load-line certificate.

Particulars of Loading.

NOTIFICATION.

Chittagong, the 11th December 1930.

An Examination in the Art and Practice of Teaching for teachers of English subjects in Boys' Secondary Schools (aided and unaided) including Madrasahs in the Chittagong Division will be held at the Chittagong Normal School on the 12th January 1931, at 11 a.m., and on the following date, if necessary. The examination of teachers of vernacular subjects and oriental classical languages of the same schools will also be held on the same date and at the same place and hour.

2. The following teachers are eligible for the examinations:—

(a) Teachers of English subjects, who have passed (i) the Matriculation or some higher University examination, or (ii) the Middle English Scholarship Examination or the terminal examination at the end of the middle

stage of instruction. The examination of these teachers will be conducted in English.

(b) Teachers of vernacular subjects, who have passed the University examinations named in (a) above or the Middle Vernacular Scholarship Examination, or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in vernacular.

(c) Pandits and Maulvis employed in teaching oriental classical languages other than pandits in Sanskrit *etc.* and maulvis in Madrasahs. They must have passed the Sanskrit Title Examination or the Final Examination of a senior grade Madrasah. The examination in the case of these classes of teachers will be conducted either in English or vernacular at the option of the candidate.

3. The examination will consist of—

(a) A practical examination in class control, the candidate being required to keep a class

of, at least, a dozen boys attentive and fully occupied throughout a lesson.

(b) A practical test of teaching ability, the candidate being required to give two lessons on any two of the subjects—English, Bengali, Sanskrit, Arabic, Persian, Urdu, History, Geography, Arithmetic, Algebra, Geometry, etc.

(c) An oral examination, in which the Inspector of Schools or other examiner will ask questions on the art of teaching, object lessons, class management, organisation and discipline.

The following books are recommended for study by the candidate:—

(i) For teachers of English subjects—

- (1) Indian Teachers' Guide, by P. Wren.
- (2) Indian School Organisation, by P. Wren.
- (3) Suggestions for the Consideration of Teachers (Board of Education, Whitehall).
- (4) Talk to Teachers (James).

(ii) For teachers of vernacular subjects—

- (1) বিবিধ বিধান, by A. N. Adhikari.
- (2) Teachers' Manual, by Khan Bahadur Ahsanullah.
- (3) পাঠ টীকা লিখিবার পদ্ধতি, by Jagannath Dey.
- (4) মনোবিজ্ঞান, by S. C. Brahmachary.

(iii) Teachers of oriental classical languages may study any of the above sets of books.

4. Intending candidates from high schools and senior Madrasahs should submit their applications through the Head Masters or Superintendents, as the case may be, and teachers of middle schools and junior Madrasahs through the Secretary, so as to reach this office not later than the 5th January 1931. Every candidate will produce at the time of the examination the certificate of his having passed the University or other examination, which admits him to the present examination. The following information should accompany the application:—

- (1) Name (in full).
- (2) Name of father (in full).
- (3) Names of native village and district.
- (4) Last examination passed.
- (5) Year of passing.
- (6) Period of service as a teacher.
- (7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental language).
- (8) Two class subjects in which he wishes to be examined.
- (9) Signature of applicant with full address.

5. Every candidate must bring with him at the time of the examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

TENDERS in duplicate in sealed covers are invited for the supply of cow and buffalo calves at the Bengal Vaccine Depot at No. 2, Convent Lane, Intally, for the period from 1st April 1931 to 31st March 1932. Tenders may be submitted for either cow or buffalo calves or both, and will be received up to the 15th February 1931 at his office by the Personal Assistant to the Director of Public Health, Bengal, Writers' Buildings, from whom forms and conditions of tender are obtainable free on application. Tenderers must abide by the prescribed conditions.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

The Commissioners for the Port of Calcutta.**NOTIFICATION No. 87.**

NOTIFICATION.

No. 2761L.—10th December, 1930.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information :—

THE BENGAL EMBANKMENT (AMENDMENT) BILL, 1931.

A

BILL

further to amend the Bengal Embankment Act, 1882.

WHEREAS it is expedient further to amend the Bengal Embankment Act, 1882, in the manner hereinafter appearing ;

It is hereby enacted as follows :—

- | | |
|--|---|
| Short title. | 1. This Act may be called the Bengal Embankment (Amendment) Act, 1931. |
| Amendment of section 3 of Bengal Act II of 1882. | 2. In section 3 of the Bengal Embankment Act, 1882 (hereinafter referred to as the said Act) in the definition of the term "embankment" after the word "training-wall" the word "berm" shall be inserted. |
| Amendment of section 61. | 3. The second paragraph of section 61 of the said Act shall be omitted. |
| Insertion of new section 61A. | 4. After section 61 of the said Act, the following section shall be inserted, namely :— |

" 61A. Interest shall be charged from the date of apportionment on the amount charged to or apportioned on any estate or tenure, less any instalment of such amount paid from time to time. The interest shall be at the rate of five per centum or at such rate, not exceeding five per centum per annum as the Local Government may from time to time determine."

STATEMENT OF OBJECTS AND REASONS.

A berm of an embankment forms an important portion of an embankment because it prevents leakage in flood time and possible breaches. Under section 4 of the Bengal Embankment Act, 1882, all berms of embankments vest in Government. The word "berm" has, however, been inadvertently omitted in section 3 under the definition of "Embankment" and the result has been that cases of damage done to berms brought before a court of law are invariably dismissed because of the omission of the word "berm" in section 3 of the Act. It has therefore become necessary to include the word "berm" in the definition of "Embankment" in section 3 of the Bengal Embankment Act, 1882.

The intention of the second paragraph of section 61 of the Bengal Embankment Act, 1882, is that interest should be charged from the date of apportionment on the amount charged to or apportioned on any estate or tenure, less any instalment of such amount paid from time to time. In the opinion of the High Court this paragraph as it stands at present is not clear ; and owing to a recent judgment delivered in a case Government is precluded from levying interest on the cost of works undertaken under the Act from the date of apportionment of those works among the persons benefited. The High Court has laid it down that interest should be charged on arrears of instalments only and not on the whole sum advanced by Government. This has necessitated an amendment of the second paragraph of section 61 of the Act.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 6th December 1930.

Third forecast of the Cotton Crops of Bengal, 1930-31.

(NOTE.—On an average of the five years ending 1928-29, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops—early and late. The early crop is chiefly grown in the Chittagong Hill Tracts and the Tripura State and to a small extent in other districts. The late crop is chiefly grown in Bankura and Midnapore.

Character of the Season.—The rainfall in the early part of October somewhat affected the early crop at the time of maturity in some

important districts. The yield is, in consequence, less than that of last year.

The outlook of the late variety, so far, is fair.

Area sown.—The total area sown with early cotton is returned at 76,207 acres and that with late at 503 acres, against 76,307 and 1,203 acres, respectively, in the corresponding forecast of last year. The decrease in area under late cotton is *due* to non-cultivation in Bankura this year.

Outturn.—The outturn of the early crop is estimated at 18,380 bales and the late crop at 101 bales, against 20,290 and 313 bales, respectively, in the corresponding forecast of last year.

R. S. FINLOW,

Director of Agriculture, Bengal.

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 9th December 1930.

**Final Forecast of the Bhadoi Crops of Bengal,
1930-31.**

(NOTE.—On an average of the five years ending 1928-29, the area under autumn rice in Bengal has represented some 6·1 per cent. of the total area under rice in British India.)

Character of the Season.—As indicated in the preliminary forecast the weather was generally favourable for preparatory tillage and for early sowing of the crops in East and North Bengal. In West Bengal deficient rainfall retarded late sowings to some extent. Subsequent conditions were uniformly favourable for the growth and development of the crops, with the result that the outturn improved in the important districts of Nadia, Murshidabad, Jessore, Jalpaiguri, Rangpur, Chittagong and Tippera. On the whole a good crop of autumn rice was reaped for the province.

Acreage.—The total acreage sown with the different *bhadoi* crops this year is reported to

be 5,837,700 acres as against 5,815,100 acres last year. Of this, the area under *autumn* rice is estimated at 5,082,100 acres as against 5,031,100 acres last year.

Outturn.—According to District Officers' estimates, the outturn of the different *bhadoi* crops for the Presidency works out at 81 per cent. of the normal this year as against 75 per cent. last year.

The *autumn* rice is estimated to yield an outturn of 82 per cent. of the normal for the province this year as against the estimate of 80 per cent. last year. In my opinion the outturn of *autumn* rice is an underestimate and that the crop is not less than 105 per cent. of the normal this year.

On the basis of a normal yield of 10½ maunds of clean grain per acre, the gross outturn of *bhadoi* paddy (autumn rice) for the province is estimated at 2,107,300 tons this year as against 1,589,400 tons last year or an increase of about 33 per cent.

R. S. FINLOW,
Director of Agriculture, Bengal.

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 10th December 1930.

**Second Forecast of the Winter Rice Crop of
Bengal, 1930-31.**

(NOTE.—On an average of the five years ending 1928-29, the area under winter rice in Bengal has represented some 17·6 per cent. of the total area under rice in British India.)

Character of the season.—As indicated in the first forecast, the weather, until May, was favourable for preparatory tillage and sowing, and also for the growth of broadcast paddy in Eastern Bengal districts. Field operations for transplanted paddy and the sowings of seedbeds were carried on under good conditions in May. This was followed by a weak monsoon in June and July, especially in parts of East and North Bengal, where the progress of transplantation was slow. In West Bengal, on the other hand, good showers facilitated the operation generally. Favourable rainfall in August and in the first part of September also helped transplanting operation, with the result that more area was brought under cultivation this year. Seasonable showers in the latter part of September and the first part of October materially increased the outturn in

West and in parts of East Bengal. Elsewhere a fairly satisfactory crop is expected.

Acresage.—According to the figures returned by the District Officers the total area under winter rice is 14,900,300 acres as compared with 14,643,400 and 14,793,700 acres in the corresponding and final forecasts of last year.

Outturn.—From the summary of the district returns appended it will be seen that Bankura reports more than a normal crop. Five districts report a normal crop of 100 per cent., fifteen districts a crop varying from 80 to 95 per cent. and the rest from 67 to 75 per cent. of the normal. According to the above estimates, the provincial outturn works up to 91 per cent. as against 90 and 95 per cent. in the corresponding and final forecasts of last year. In my opinion the provincial outturn will not fall short of 100 per cent. as reported in the first forecast.

Accepting 100 per cent. as the provincial outturn the gross yield of the crop, on the basis of a normal yield of 12½ maunds of clean grain per acre, is estimated at 6,842,000 tons this year as against 6,051,600 and 6,453,400 tons, respectively, in the corresponding and final forecasts of last year.

R. S. FINLOW,

Director of Agriculture, Bengal.

Burdwan	657,100*	609,700	600,700	100	100	Not yet commenced ..	Ditto.
Birbhum	559,000*	555,500	536,000	83	92	End of November. Normal.	Drought in October at Rampurhat subdivision is responsible for the outturn falling below the normal.
Bankura	440,000	438,500	440,000	100	117	Middle of November. Normal	The weather was favourable.
Midnapore	1,537,100	1,504,800	1,566,200	67	92	December. Normal ..	After the submission of the first forecast more area was sown with the crop on account of favourable weather.
Hooghly	171,700*	194,000	197,000	92	92	Not yet commenced	The outturn is expected to be below the normal owing to want of sufficient rain in the Arambagh subdivision.
Howrah	92,000*	98,000	35,500	100	92	Middle of November. Normal.	The weather was favourable.
Rajshahi	822,700	498,400	183,700	83	83	November. Normal ..	The weather, since the submission of the first forecast, has been favourable. The outturn is expected to be below the normal owing to damage done by heavy rainfall in June and by insect-pests.
Dinajpur	1,035,300	748,700	721,300	67	83	Not yet commenced ..	The decrease in area is due to inadequate rainfall at the time of sowing. The outturn is expected to fall below the normal owing to damage by drought in Thakurgaon subdivision.
Jalpaiguri	467,400	406,500	318,000	92	83	Ditto ..	The outturn is expected to fall below the normal owing to drought and unseasonable rainfall.
Darjeeling	25,100*	28,300	27,000	100	83	First week of November. Normal.	The weather has been fairly favourable.
Rangpur	692,000	596,000	658,000	90	80	End of November. Normal.	The weather has been fair. Damage to the extent of 50 per cent. has been done to the crop by flood in the char areas of Rowmari and Fulchuri. Hence the outturn is anticipated to fall below the normal.
Bogra ..	337,000*	300,000	337,000	75	75	Will begin from December and January 1931. Normal.	The increase in area is due to further transplantation on account of favourable weather. Damage to the extent of 10 per cent. by flood, drought and insect-pests has been done to the crop. The rainfall in October and November has helped much and the outturn is expected to be 75 per cent. of the normal.
Pabna ..	404,200	410,500	410,500	92	75	Middle of November. Normal.	The weather has been favourable in Sadar but somewhat unfavourable in Sirajganj. The outturn is expected to fall below the normal owing to sudden flood in Sirajganj which caused damage to the extent of 5 annas.
Malda ..	304,000	266,200	232,000	75	67	End of November. Normal.	The weather has not been favourable. Hence the outturn is expected to be low.
Dacca ..	672,400	637,500	627,500	85	95	Second week of November. Normal.	The weather has been favourable. A little damage was done to the low-land crop owing to flood.
Mymensingh.	1,457,300*	1,378,100	1,375,100	100	100	Latter part of November. Normal.	The weather has been favourable and its effect good.
Faridpur	668,500*	650,800	517,200	97	95	Not commenced yet ..	The weather has been favourable. Want of rain in September has told upon the growth of the crop in Madaripur and Goulundo subdivision to certain extent.
Bakarganj	1,300,000	1,370,000	1,380,000	100	100	November. Normal ..	The weather has been favourable. The general growth of the crop is good.
Chittagong	429,000*	444,700	412,800	96	100	The weather has been favourable. A normal outturn is expected.
Tippera ..	803,800*	730,000	797,500	83	75	Not yet commenced ..	The weather has not been favourable owing to insufficient rains in September and October last.
Noakhali	705,000	693,000	695,000	80	75	November. Normal ..	The weather has been fair. The outturn is expected to fall below the normal owing to want of timely rainfall.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 12th December 1930.

Monthly Weather and Crop Report of Bengal for November 1930.

I. Character of the season.—During the month under review, the rainfall was much in excess of the normal all over the presidency. The usual rainfall statement is appended.

II. Progress of agricultural operations.—Preparatory tillage for and sowings of spring crops was progressing under favourable conditions. Harvesting of winter paddy continued but its progress was retarded in places by the rainfall towards the end of the month.

III State of standing crops.—The condition of standing crops was reported to be good.

IV. Prospects and probable outturn.—The prospects of standing crops are reported to be satisfactory on the whole. The outturn of autumn paddy is estimated at 105 per cent. of the normal and that of winter paddy at 100 per cent. this year.

V. Damage to standing crops.—Rainfall during the latter part of the month is reported to have damaged the standing winter paddy to some extent in parts of Birbhum, Midnapore, Bogra, Dacca and Bakarganj.

VI. Condition of agricultural stock.—Condition of live-stock was generally fair. Stray cases of cattle-disease, however, were reported from seven districts of the presidency.

VII. Failure of pasturage and fodder.—Supply of fodder was reported to be sufficient except in parts of Nadia.

VIII. Prices of food-grains.—During the second fortnight of the month, the price of common rice of the cheapest quality rose in six districts, fell in nine and remained stationary in the rest of the province. The price ranged from 6½ seers per rupee at Faridpur to 11 seers per rupee at Birbhum.

IX. Condition of agricultural population.—The condition of agricultural population is not satisfactory as a result of the fall in the prices of jute and other staples. Distress continued to be reported from parts of Bogra and Malda.

Resolution on the report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1929-30.

REVENUE DEPARTMENT.

Land Revenue.

CALCUTTA, THE 15TH DECEMBER 1930.

RESOLUTION—No. 14712 L.R.

Read—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1929-30.

Mr. A. W. Cook, C.I.E., held the office of the Member of the Board of Revenue from the beginning of the year under report till his death on the 14th February 1930. He was succeeded by Mr. F. A. Sachse, C.I.E., who remained in charge of the office for the remaining period of the year.

2. The year under report was not entirely free from natural calamities. In Tippera a drought in April was followed by deluges in May and June which caused the inundation of a large portion of the Brahmanbaria subdivision resulting in distress. To relieve the distress relief works were opened and agricultural loans to the extent of Rs. 4½ lakhs had to be given, besides Rs. 20,000 as gratuitous relief. After heavy rains in August there were floods on the Cossye and Selye in Midnapore and 240 square miles chiefly in the Ghatal subdivision were inundated. Relief Committees composed of officials and non-officials did good work in relieving the distress. In addition to Rs. 35,861 advanced as agricultural loans Rs. 33,500 was distributed in relief, of which Government contributed Rs. 20,000. Floods in August in Burrir Char in Hatiya in Noakhali carried away many houses and cattle.

Weather conditions were generally favourable in Western Bengal but unfavourable in most of the districts in Northern Bengal and in the Chittagong Division. The outturn of the jute, tea

and aus crops was on the whole satisfactory, but winter paddy proved unsatisfactory in some areas for various reasons.

The wages of skilled and unskilled labour continued to rule high and the labouring classes fared comparatively well. Though the prosperity of the large labour population of the mill areas in the 24-Parganas district received a temporary set-back from widespread strikes, 80 lakhs of rupees were remitted through post-offices from the mill areas in the Barrackpore subdivision. The agriculturists were, however, affected by the fall in the price of jute and food crops generally, and their indebtedness increased particularly for the reason that the cultivators recklessly borrowed money at a very high rate of interest in order to marry their children before the Sarda Act came into operation.

Public health on the whole was good but unsatisfactory in the Burdwan Division and the Nadia district. It is noteworthy that Government, the district boards and the union boards did much to remove the scarcity of good drinking water by excavating tanks and sinking tube-wells.

Cholera and small-pox became epidemic in some places. Kala-azar and Beriberi were prevalent in several districts. It is, however, satisfactory to note that the value of anti-cholera inoculation and of vaccination are now appreciated even in remote villages, and that the people are gradually becoming alive to their duties in regard to the preservation of public health.

3. Economic conditions did not materially alter during the year under report and there was no appreciable improvement in the coal industry in the Burdwan district. The production of tea in the districts of Darjeeling and Jalpaiguri was a little greater than in the previous year but the prices were low. The tea industry maintained its prosperity in Chittagong. Although the crop was good, the market being dull, jute could not be sold at economic prices and there was accumulation of stocks in many places. Owing to frequent strikes, the jute and cotton mills in Hooghly and the 24-Parganas did not do so well as in the previous year.

Modern methods of cultivation by motor tractors and steel ploughs were attended with success in the Rajshahi

Division. Internal communication in many districts has been facilitated by the rapid growth of motor traffic, though roads have deteriorated in consequence.

4. The current demand of land revenue was Rs. 2,99,87,395 and collections were 90·08 of the total demand. As usual the Sale Law was administered without rigour and only 9·44 per cent. of the total number of defaults resulted in sale.

5. There was a slight fall in the cost of management of Government estates, the percentage of cost on the current demand being 9·49 against 10·5 in the preceding year. A sum of Rs. 2,21,986 representing 3·9 per cent. of the total collections was spent on agricultural, sanitary and miscellaneous improvements, while a grant of Rs. 96,096 or 1½ per cent. on collections from Government estates was made to the district boards of the province for expenditure on roads and communications in or leading to Government estates.

The Board has approved in principle of a scheme to improve collections in the 24-Parganas Government estates by reducing the pay of the tahsildars by about one-third and giving them commission on collections.

In Government estates in several districts encouraging results were obtained from agricultural demonstrations with sugarcane, Kakya Bombay jute, paddy, English vegetables, improved potatoes, tobacco and with implements and manures, and instruction was given in matters such as preservation of fodder crops and destruction of insect pests. Agricultural exhibitions and cattle shows were held in several places.

Another batch of five *bhadralok* youths have been undergoing training at the Faridpur Agricultural Farm, and the five previously trained were provided with land and money in the year under report. Some khas lands were

also settled with *bhadraloks* in Bakarganj, Noakhali and Midnapore for opening agricultural or dairy farms.

The number of schools and the pupils attending them in Government estates increased by 128 and 7,635, respectively, during the year under review.

6. Of the twenty-two estates with an area of 178 square miles comprised in the Bakarganj colonisation scheme, only one estate with an area of 5,889 acres remained to be colonised at the end of the year. The colonisation of the 24-Parganas Sundarbans which was in its fifteenth year made fair progress during the year. The total sum advanced by Government for reclamation in the 24-Parganas and Bakarganj Sundarbans and the total income derived from these areas up to the end of the year under report, were Rs. 22,03,449 and Rs. 27,99,045, respectively, resulting in a net profit of Rs. 5,95,596.

The general health of the people of the Bakarganj Sundarbans was good during the year and the school-going population is steadily increasing; but the material condition of the people showed no improvement. In the 24-Parganas Sundarbans the health of the people was bad and there was no noticeable progress in education.

7. The zemindars showed very little interest in the improvement of agriculture or the economic condition of their tenants. It is regrettable that the communal riots in the districts of Dacca, Mymensingh, Bakarganj, Faridpur and Khulna have affected the relations between Hindu landlords and Muhammadan tenants.

8. Thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the branches of work under it.

By order of the Governor in Council,

H. C. V. PHILPOT,

Secy. to the Govt. of Bengal (offg.).

Resolution on the sixty-eighth annual report of the Government cinchona plantations and factory in Bengal for the year 1929-30.

GOVERNMENT OF BENGAL.

Revenue Department.

Cinchona.

CALCUTTA, THE 11TH DECEMBER 1930.

RESOLUTION—No. 14621Cin.

Read—

The sixty-eighth annual report of the Government cinchona plantations and factory in Bengal for the year 1929-30.

Read also—

The reports of the previous three years.

Mr. C. C. Calder held charge of the office of Superintendent throughout the year.

2. The proposal for the introduction in the Bengal Cinchona Department of a commercial system of accounts referred to in the resolution on the report for the year 1928-29 has been dropped as it involves large extra expenditure.

3. The area under cultivation at the end of the year was 2,877 acres. Extensions comprising 130 acres in the Mungpoo plantation, and 56 acres in the Munsong plantation, were carried out during the year under review.

4. The continued prevalence of the nursery epidemic at present overshadows all other plantation considerations at Munsong. Further experiments in the disinfection of nursery soils and sites have not pointed to any easy specific for the disease, but it appears that it was premature to say that a plant once attacked was doomed. Subsequent experience seems to indicate that very early planting to permanent situations in the field before the condition becomes epidemic in the nursery may lead to the prevention and cure of the disease and give the solution to a problem that is of immense importance to cinchona in the whole district.

The effect of various degrees of nursery shade is being tested and experiments are being made to ascertain whether the time of sowing affects the virulence of the attack.

The outstanding facts of the year are that the disease persists and that a good measure of success has been attained in spite of it. Its presence at Mungpoo has also been established, but there it is not epidemic and does not show itself till after the plants have passed the nursery stage.

5. The quantity of Bengal bark harvested in the year of report was 1,130,402 lbs. against 1,041,827 lbs. in the previous year. It is satisfactory that the results of coppicing have been fairly successful and that the major part of the harvest in Mungpoo plantation was obtained by coppicing three eight-year-old blocks.

6. Altogether 1,109,863 lbs. of dried bark was used in the factory during the year. Of this, 1,060,656 lbs. represents Bengal bark and the rest Java and Burma bark belonging to the Government of India.

7. Bengal bark produced during the year 29,050 lbs. crude quinine sulphate, approximately 13,000 lbs. purified quinine sulphate converted to 4,919 lbs. tablets and 79,297 boxes of treatments, and 726 lbs. other quinine salts. The purified sulphate powder cost in the bark Rs. 4.83, and to extract Rs. 2.71, a total of Rs. 7.55 per lb. Other products were 15,681 lbs. cinchona febrifuge powder and 4,347 lbs. cinchona febrifuge tablets.

From the Java and Burma bark 2,090 lbs. of quinine sulphate and 932 lbs. of cinchona febrifuge powder were extracted for the Government of India.

8. The total expenditure of the department during the year including pensionary charges was Rs. 4,16,096. The net receipts, excluding Rs. 29,648 due to the Jail Department for distribution charges and Rs. 5,717 from land rent, grazing fees, etc., not credited to the department and including Rs. 20,437 being the payment for extraction work done for the Government of India, amounted to Rs. 6,08,302. The expenditure and receipts were thus lower by Rs. 829 and Rs. 55,952, respectively, than in the preceding year. Reduced receipts are due partly to decrease in sales, which are however higher than in 1927-28, and partly to a fall in the manufacture for India which accounts for Rs. 23,054 of the reduction. There has been a further increase in stocks and, for the reasons explained in last year's resolution, the difficulty of increasing distribution of quinine among the population for whose benefit it is intended, so long as the world price does not fall below its present level, still continues. The cinchona plantation and factory are however concerned with production, and in that respect the year was very successful. The profit balance on the year's working amounted to Rs. 4,53,972 exclusive of Rs. 20,437 received from the Government of India for work done during 1928-29. The profit includes a gain of Rs. 59,292 in the value of the cinchona plantations due to increase in quinine percentages.

9. The facts and figures contained in the report indicate that very satisfactory progress has been made by the Bengal Cinchona Department during the year under review. The Governor in Council is pleased to record his appreciation of the work that Mr. Calder has done for the department during the year. The thanks of Government are also due to Mr. G. E. Shaw, the Quinologist, and other officers of the department, particularly Mr. H. Thomas, for the good work done by them.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette* and that a copy with a copy of the report be submitted to the Government of India.

By order of the Governor in Council,

Calcutta Police Notification.

The following draft of a notification, which, with the previous sanction of the Governor in Council, the Commissioner of Police, Calcutta, proposes to issue under sections 62 (1) and 62A of the Calcutta Police Act, 1866 (Bengal Act IV of 1866), and section 39 (1) of the Calcutta Suburban Police Act, 1866 (Bengal Act II of 1866), is hereby published for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 31st January 1931, and any objection or suggestion with regard thereto which may be received by the undersigned by that date will be duly considered:—

Draft notification.

In exercise of the powers conferred by *clauses (a), (b), (c), (d), (e) and (f)* of sub-section (1) of section 62, and section 62A of the Calcutta Police Act, 1866 (Bengal Act IV of 1866) and *clauses (b), (c), (d), (e) and (f)* of sub-section (1) of section 39 of the Calcutta Suburban Police Act, 1866 (Bengal Act II of 1866), the Commissioner of Police, Calcutta, with the previous sanction of the Governor in Council, hereby makes the following rules for the purpose of regulating traffic, etc., in the streets and public places of Calcutta and its suburbs.

2. The notification, dated the 2nd March 1922, published on page 435, Part I of the *Calcutta Gazette* of the 8th idem and subsequent amending notifications, are hereby cancelled:

C. A. TEGART,

Commissioner of Police, Calcutta.

Part I.**General Rules for the Regulation of Traffic in the town and suburbs of Calcutta.****(a) Lights.**

1. Every vehicle moving or standing on the streets except motor-vehicles (for which separate rules exist) and bicycles and two-wheeled bullock, buffalo and hand carts, shall be provided, between half-an-hour after sunset and half-an-hour before sunrise, with two lamps, one on either side of the vehicle, each exhibiting a white light visible within a reasonable distance in front and a red light visible within a reasonable distance in rear.

2. Every buffalo, bullock and hand cart shall, during the said period, carry a lamp suspended from the axle midway between the wheels and exhibiting a white light visible within a reasonable distance both in front and in rear.

3. Every bicycle shall, during the said period, carry a lamp in front exhibiting a white light visible within a reasonable distance, and red reflector on the rear mudguard. (The use of electric torches for this purpose is forbidden.)

4. All the said lamps shall, during the said period be properly lit and free from obstruction.

5. Whenever the load on any vehicle extends more than four feet beyond the rear of the bed or body, there shall be displayed at the end of such load in such a manner as to be clearly visible at all times from the rear of the vehicle a red flag or red sign not less than twelve inches in width, except between half an hour after sunset and half an hour before sunrise, when there shall be displayed at the end of such load a red light plainly visible under all conditions at least two hundred feet from the rear of such vehicle.

(b) Moving Vehicles.

1. Every vehicle, except a tramcar or other vehicle running on fixed rails, shall pass any other vehicle which is proceeding in the same direction on the right or off side of such vehicle; and shall, whenever practicable, pass a tramcar or other vehicle running on fixed rails on the left or near side of such tramcar or other vehicle.

2. All bullock, buffalo and hand carts and other slow moving vehicles shall keep as close as possible to the extreme left-hand side of the road or street. The extreme left-hand side shall mean that a distance of one foot shall not be exceeded between the near kerb or property line, and the near wheels of the vehicles. They shall keep in one line only and the drivers shall not attempt to pass one another.

3. Before the driver of any vehicle pulls up or turns in any direction in any street, he shall give sufficient notice and clear indication of his intention by raising his arm vertically in the former and extending his arm horizontally in the latter case, and he shall make sure that he has a clear road, and that his indication has been seen and understood.

4. When a vehicle is coming out of a side street into a main street as specified in schedule "A", the driver of such vehicle shall pull up his vehicle so as to allow any other vehicle proceeding along such main street in the vicinity of such side street to pass first. Similarly all vehicles coming out of main streets running from east to west into main street running north to south, or out of side streets running east to west into side streets running north to south, shall give way to any vehicle proceeding along such main or side street running north to south. Exceptions to this rule appear under schedule A.

5. No driver of any vehicle shall, when driving in any street, hold any umbrella or anything which interferes with the free and full use of both his hands for the purpose of driving such vehicle.

6. No driver of a horse-drawn vehicle shall, when driving in any street, drive with his feet in any position than on the footboard of such vehicle.

7. No person shall draw, drive or ride in or on any vehicle upon any footway.

8. When a driver wishes to stop his vehicle, he shall pull up the vehicle at the extreme left-hand side of the street along which he is proceeding, i.e., within one foot from kerb to near side of vehicle.

9. No driver of any vehicle shall on any account pull up such vehicle on or across any street crossing or intersection.

10. No driver of any vehicle shall pull up or park any such vehicle within a distance of 20 feet of any street junction or intersection.

11. All persons when riding on horseback or driving, leading or riding in or on any vehicle shall immediately stop such horse or vehicle and remain stationary so long as may reasonably be necessary,—

(a) when requested to do so by any police officer in uniform, for the purpose of regulating traffic or of ascertaining the name and address of such person or persons or for any other reasonable purpose, or

(b) when requested to do so by any person accompanying a restive horse or other animal, or

(c) when the presence of such horse or vehicle has caused an accident to any person or to any animal or vehicle in charge of any person.

12. No driver of any vehicle other than that of the class specified shall park such vehicle or cause it to remain standing for any period, on any place set apart as a standing for omnibuses, taxicabs, hackney carriages or rickshaws.

13. No person travelling upon a bicycle, motorcycle or any toy vehicle shall cling to or attach himself or his vehicle to any other moving vehicle upon any roadway.

14. Drivers of vehicles when stopping vehicles at street intersections or crossings, in obedience to the signals of the traffic police, shall not (a) obstruct the crosswalks for pedestrians or stand in any manner likely to obstruct the easy filtration of cross traffic or (b) proceed beyond the white lines where such exist until the release signal has been given by the police, and the intersection is clear. Drivers must observe the signals of the police and not move on the sound of the whistle which is only employed to co-ordinate the signals made by hand.

(c) Standing Vehicles.

1. No person, being in charge of any vehicle in any street, shall leave such vehicle, except a motor-vehicle for which separate rules exist, at such a distance from him as will prevent him from exercising due control in respect thereof.

2. No person shall keep any vehicle standing in any street or public place longer than may be necessary for the purpose of loading or unloading, except at places lawfully appointed for the purpose, and no person shall leave any vehicle in any street or public place so as to cause an obstruction or danger to other traffic therein.

3. All vehicles standing in the streets shall be drawn up as close as possible to the extreme left-hand side of the street, except in one-way streets for which separate orders exist.

4. No vehicles shall be permitted to remain standing for any period in any of the streets mentioned in column 1 of schedule "B," except in the manner specified in column 2 of that schedule. Nothing in this rule shall affect the rules specially made for the regulation of traffic on specific occasions.

5. All vehicles while loading and unloading shall be kept in a single line parallel to and close to the kerb, *i.e.*, within one foot from kerb to near side of the vehicle.

6. Before the driver of any vehicle stationary on any street proceeds in any direction, he shall first make sure that his way is clear and shall indicate his intention clearly.

7. No vehicle shall be parked or permitted to stand for a period exceeding one hour at a time in any of the following streets, namely:—

Clive Row, Clive Ghat Street, Council House Street, Dalhousie Square North, Dalhousie Square South, Dalhousie Square East, Dalhousie Square West, Canning Street, Fairlie Place, Hara Street, Hastings Street, Koilaghat Street, Clive Street (from its junction with Lyons Range to its junction with Harrison Road), Bankshall Street, Bentinck Street, Bow Bazar Street, Church Lane, Dhurumtolla Street, British Indian Street, Dacres Lane, Fancy Lane, Larkins Lane, Garstin Place, Mangoe Lane, Mission Row, Old Court House Street, Old China Bazar Street, Radha Bazar Street, Waterloo Street, Wellesley Place, Royal Exchange Place North, Royal Exchange Place East, Lyons Range North, Lyons Range East.

8. No person being in charge of any vehicle shall pull up or cause such vehicle to remain stationary for any period on any of the roads mentioned in schedule C between half an hour after sunset and half an hour before sunrise unless such vehicle conforms with the regulations laid down in part 1 (a).

9. No vehicle other than a motor-bus licensed by the Commissioner of Police shall park on the side of a public thoroughfare within 27 feet (one bus length) on either side of a bus-stop sign.

10. No person shall park or cause to remain stationary for any period any vehicle (a) within the space between white lines laid down to denote the limits of a *no parking* area and (b) on any portion of road around a gyratory.

11. Any vehicle found parked or standing on any street, road or public place in such a manner as to cause danger or obstruction to other traffic shall be removed by the police and placed on any place they may deem fit. Any such removal of any such vehicle shall be effected at the risk of the person in charge of the vehicle.

(d) General.

1. It shall be unlawful for any person to park upon any public thoroughfare any vehicle displayed for sale, or for the primary purpose of advertisement.

2. It shall be unlawful for any person to wilfully deface, injure, move, obstruct or interfere with any official traffic sign or signal erected for the proper regulation of traffic.

3. It shall be unlawful for the driver of any vehicle to operate same on any public thoroughfare when carrying any person upon any portion thereof not designed or intended for the use of passengers when the vehicle is in motion.

4. It shall be unlawful for any person to ride on any vehicle on any thoroughfare upon any portion thereof not designed or intended for the use of passengers when the vehicle is in motion.

5. It shall be unlawful for any person in charge of any vehicle to operate or move same on any thoroughfare with any red or green lights fixed thereon and visible from directly in front thereof. This rule does not affect or apply to vehicles permitted by regulation to display such lights in such positions.

6. The person in charge of any garage or repair-shop to which is brought any vehicle which shows evidence of having been involved in any accident or struck by any bullet shall report the arrival of such vehicle to the nearest police-station within twenty-four hours after the vehicle is received, giving the engine number and the name and address of the driver and the owner and the persons who accompanied such vehicle to the garage or repair-shop.

7. It shall be unlawful for any driver to operate any vehicle when carrying any person on same in such a position as to interfere with his (driver's) view ahead or to the sides or to interfere with his control over the driving mechanism of the vehicle.

8. It shall be unlawful for any driver to stop, stand or park any vehicle for any reason and for any period (a) alongside or opposite any street excavation or obstruction where such stopping, standing or parking would obstruct traffic, and (b) upon any street or alley in such a manner or under such conditions as to leave available less than ten feet of the width of the roadway for free movement of vehicular traffic.

9. No operator of any passenger vehicle shall cause or permit such vehicle to stand for a period of time longer than is necessary for the reasonably expeditious loading or unloading of passengers, provided that such loading or unloading shall not occupy more than half a minute nor shall any commercial vehicle be allowed to stand for a period of time longer than is necessary for the reasonably expeditious loading or unloading of materials, merchandise, etc., provided that such loading and unloading shall not occupy more than thirty minutes, on a public street, road or public place. For the purpose of this section the operator shall mean the conductor and driver of any motor-bus and any person operating or driving any commercial vehicle.

Part II.

Special rules for the regulation of traffic.

(a) In certain streets.

(1) Chowringhee Road.

1. No bullock, buffalo or hand carts shall be allowed to proceed along Chowringhee Road from Dhurumtolla Street to Circular Road during the hours of 9 a.m. to 11 a.m. and 4 p.m. to 12 midnight. This rule does not affect such carts carrying goods to or from premises situated within the area specified.

2. Vehicles shall not be permitted to park, or remain stationary for any period, on the east side of Chowringhee Road from its junction with Kyd Street to its junction with Park Street, between the hours of 5 p.m. and 8 p.m.

(2) Clive Street—Clive Row.

Hours 9 a.m. to 6 p.m.

1. Clive Row will be treated as a one-way traffic street, in which traffic may only proceed south. Traffic approaching Clive Row from the south will use Clive Street, Canning Street and turn south into Clive Row. All traffic from Clive Row will proceed from the southern end into Clive Street.

2. Clive Street between Clive Ghat Street and Harrison Road will be open only to traffic proceeding north. No traffic will be allowed to enter Clive Street at its junction with Harrison Road, but will proceed to Strand Road and enter Clive Street by Raja Woodmunt Street, Canning Street, or Clive Ghat Street.

3. No bullock, buffalo or hand carts of any description shall be permitted to proceed along Clive Street or Clive Row during the period specified above, except when the drivers of such carts are in possession of passes from firms situated within these streets.

4. No empty taxicabs shall be permitted to proceed along Clive Street or Clive Row except when proceeding from the stand for taxicabs in Fairlie Place for the legitimate purpose of picking up a fare "on call," or when returning after dropping a fare within the streets mentioned above.

5. Only Fire Brigade vehicles are exempt from the operations of this rule.

(3) Strand Road and Howrah Bridge Approach.

When the Howrah Bridge is closed to traffic, carts proceeding west on the Bridge Approach shall be drawn up in three lines on the south side of the road, leaving room for vehicles other than carts to form up. The Port Commissioners' road shall be closed to all traffic

except vehicles going to and from the ferry steamers, and all carts thereon shall remain standing in a single line on either side of the road. All carts approaching Strand Road along any side-road with the intention of crossing the bridge shall remain standing in a single line. Carts not intending to cross the bridge may proceed along the roads as usual. No carts for Howrah shall issue from the jetty gates.

2. On the bridge being opened for traffic, the carts drawn up on the Bridge Approach shall be allowed to pass on to the bridge in single line only, beginning from the left of each line of three, but shall not be allowed to move until other vehicular traffic has been cleared.

3. When the bridge is open carts shall move in single line only along Howrah Bridge, Bridge Approach, Strand Road, Strand Bank Road, etc., and shall issue from the jetty gates in single line only.

4. On Strand Road between Raja Woodmunt Street and Fairlie Place and on Strand Bank Road between the Bridge Approach and Mir Bahar Ghat Street carts shall be allowed to remain standing in a single line on each side of the road. Carts shall also be allowed to stand in one line on the south side of Harrison Road.

5. No vehicles of any description, other than carts, shall be permitted to remain standing for any period on any portion of the west side of Strand Road from its junction with Mir Bahar Ghat Street to its junction with Hastings Street.

6. No driver of any bullock or buffalo cart shall leave his cart unyoked for any period on any portion of Strand Road between Howrah Bridge and Auckland Road for any reason, nor shall any driver leave any such cart for any period on any part of Strand Road at such a distance from him as will prevent him from exercising proper control in respect thereof.

(4) Rules for the regulation of traffic at the West Bridge Head and its Approaches.

Part 1—General.

1. Cart traffic entering and leaving Station Road, Howrah, from Grierson Road and Howrah Bridge, shall proceed by way of the kerbed cart-channels on the eastern and western sides of Station Road, respectively. These cart-channels shall be reserved exclusively for the use of cart traffic of all varieties, including hand-carts.

2. The portion of Station Road between the cart-channels shall be reserved exclusively for the use of fast traffic. Cart traffic shall not be permitted to use this portion of the road.

3. Vehicles shall not be permitted to park or remain standing for any period on any portion of Station Road, including the cart-channels, except (a) when a breakdown or some mechanical defect makes the movement of the vehicles impossible or dangerous and (b) at such places appointed as stands for taxicabs and hackney carriages and parking places for other vehicles.

4. When the parking or standing of a vehicle on any portion of the bridge-head or on any portion of its approaches becomes necessary, due to any of the reasons given in rule 3 (a) above, the operator or the owner of the vehicle shall immediately cause the same to be removed for repairs. In no case shall a period of one hour be exceeded from the time the vehicle becomes disabled to the time it is actually removed.

5. Vehicles shall not be permitted to stand for any period or for any reason, except in obedience to traffic police signals, on the bridge-head intersection. (For the purpose of this section, the bridge-head intersection shall mean that portion of Grierson Road within a distance of 140 feet from the bridge-head and shall include Station Road.)

6. Vehicles belonging to the Post Office when carrying His Majesty's mails, fire apparatus belonging to the Calcutta and Howrah Fire Brigades, public ambulances and vehicles belonging to the Calcutta and Bengal Police Forces when proceeding on urgent calls, shall receive right of way over all traffic at all times.

7. Vehicles proceeding to and from the bridge shall receive right of way over all traffic on its approaches, except in the case of those vehicles mentioned in rule 6 above.

8. Vehicles when stopped in obedience to the signals of the police regulating traffic at the bridge-head shall not (a) obstruct the cross-walks for pedestrians at the bridge-head intersection or stand in a manner likely to obstruct the easy filtration of cross-traffic or (b) proceed beyond the white lines until the release signal has been given by the police, and the intersection is clear.

Part III.

Rules for the Regulation of Processions.

(a) Ordinary processions with music.

1. Except as hereinafter provided, no procession with music shall be allowed in the streets of the town and suburbs of Calcutta without a license in Form A from the Commissioner of Police.
2. Such license shall be granted under the following conditions which shall be printed on the reverse of the same:—
 - (1) The holder of a license shall, before making use of it, register it at the police section named therein.
 - (2) No musical instrument shall be sounded by any person taking part in the procession for which a license is granted except in the streets therein specified *and during the hours specified in the license*, and no more than the specified number of musicians shall be employed or take part in such procession.
 - (3) All music shall cease in the neighbourhood of hospitals and of churches, mosques, temples or other places of worship during the time of public worship.
 - (4) The procession shall pass only by the streets specified in the license.
 - (5) The holder of the license shall make use of the same only on the day and during the precise hours for which it is granted.
 - (6) The procession shall always pass by the left side of the street.
 - (7) The members of the procession shall not carry sticks, clubs or other offensive weapons.
 - (8) No fire shall be carried, nor fire-works or blank cartridges discharged during the course of the procession.
3. The Commissioner of Police shall be competent to prohibit music with processions in respect of which a license has been issued in any of the streets or areas specified in schedule G.
4. No single procession of more than *three* hours' duration shall ordinarily be allowed.
5. In cases where the Commissioner of Police considers it necessary for the preservation of order, on the application of the holder of the license or otherwise, that police should accompany any procession, he shall be competent to depute such police officers as he considers necessary for the purpose, and the holder of the license for such procession shall pay for each police officer so deputed at a rate, which shall from time to time be fixed by the Commissioner of Police with the previous sanction of the Governor in Council.
6. The fees chargeable on license issued under rule 1 shall be regulated by the number of musicians in each procession and shall be levied on a scale which shall be determined from time to time by the Commissioner of Police with the previous sanction of the Governor in Council.
7. The holder of a license shall be bound to obey all reasonable directions he may receive from the police officers accompanying the procession.
8. Every license-holder shall be responsible for the peaceful behaviour of all the persons composing his procession, and, in the event of any riotous or disorderly conduct on the part of the members composing such procession, any police officer not below the rank of head-constable may, should he think fit, at once withdraw such license by verbal order and all persons composing such assembly or procession shall immediately disperse.

(b) Processions with music on account of Hindu Festivals.

1. Notwithstanding anything contained in rule 1 of the rules for ordinary processions with music, the license prescribed by that rule shall not be necessary for processions on the occasion of the principal Hindu religious festivals, in respect of each of which festivals the Commissioner of Police shall, by a general notification, allow processions within specified hours in any of the streets or areas specified in schedule H.

2. Such processions shall be subject to the following conditions:—

(1) All music shall cease in the neighbourhood of hospitals and of churches, mosques, temples or other places of worship during the time of public worship.

(2) Processions shall always pass by the left side of the street.

(3) The members of the processions shall not carry sticks, clubs or other offensive weapons.

(4) No fire shall be carried nor fire-works or blank cartridges discharged during the course of the processions.

(5) The Commissioner of Police shall be competent to prohibit music with processions in respect of which a license has been issued in any of the streets or areas specified in schedule G.

3. At the time when such processions are in progress the running of tram-cars in the street concerned shall be restricted or regulated as the Commissioner of Police directs.

4. The holder of a license in Form A shall be bound to obey all reasonable directions of the police accompanying the procession.

5. Every license-holder shall be responsible for the peaceful behaviour of all the persons composing his procession, and in the event of any riotous or disorderly conduct on the part of the members composing such procession, any police officer not below the rank of head-constable may, should he think fit, at once withdraw such license by verbal order and all persons composing such assembly or procession shall immediately disperse.

(c) Processions on account of the Muhammadan festival of the Mohurram.

1. Notwithstanding anything contained in rule 1 of the rules for ordinary processions with music, licenses for processions on account of the Muhammadan festival of the Mohurram shall be issued subject to the following conditions:—

(1) All music shall cease in the neighbourhood of hospitals and of churches, temples or other places of worship during the time of public worship.

(2) Sanction to carry a *taboot*, *tajia* or *punja* shall be granted to a Muhammadan only; and no person shall in any street erect or carry about a *taboot*, *tajia* or *punja*, except with the sanction in writing of the Commissioner of Police.

(3) Every license-holder shall be responsible for the peaceful behaviour of all the persons composing his procession, and, in the event of any riotous or disorderly conduct on the part of the members composing such procession, the Commissioner of Police, may, should he think fit, at once withdraw such license by verbal order and all persons composing such assembly or procession shall immediately disperse.

(4) Two or more *taboots*, *tajias* or *punjas* shall not be carried abreast on any street, and when two processions bearing *taboots*, *tajias* or *punjas* meet, the members of each procession shall keep to the left side of the street.

(5) No person taking part in any procession or otherwise attending or being connected with any procession shall carry a sword, club or other offensive weapon.

(6) No *tajia* shall be over 13 feet in height.

(7) The holder of a license shall, before making use of the same, register it at the police section named therein.

2. Persons who have obtained licenses from the Commissioner of Police shall be permitted to have processions on the days, times and streets specified in columns 2, 4 and 5 and 6 and 7, respectively, of schedule I.

Part IV.**Miscellaneous rules to prevent dangers, obstruction or inconvenience to the public.****(a) Baggage coolies at Docks and Jetties within the Jurisdictions of the Calcutta Port Police.**

1. No person shall offer himself as a coolie for the carriage of passengers' luggage at the docks and jetties unless he wears a brass badge of the prescribed pattern on his right arm, and is registered in a book kept for the purpose by the Commissioners for the Port of Calcutta or such firms or contractors as are authorised in this behalf by the Commissioners.

2. The said book shall be open at any time during office hours to inspection by the police; and no person's name shall be retained therein to whom the Commissioner of Police may object. The said book shall be kept in the following form:—

Serial number.	Date of appointment.	Name.	Age.	Height.	Caste.	Distinguishing marks.	Father's name.	District.	Thana.	Village.	Names of respectable inhabitants of village.	Local address.	Thumb impression.	Verification of police.	Local address.

3. The brass badge to be worn by a registered coolie shall bear the designation of the Commissioners for the Port of Calcutta, or the firm in whose employment the coolie is, and each badge shall bear a number corresponding with the serial number in the register book, in which the name of the coolie wearing the badge is registered.

4. No coolie registered under these rules and present at the docks or jetties wearing his badge shall refuse to carry the baggage of any passenger who may demand his services, unless such coolie has already been engaged by another passenger.

5. Every dispute which arises between a passenger and a registered coolie as to any matter referred to in these rules shall be decided by an European police officer present, or if there be no European police officer present, by the senior police officer present on the spot:

Provided that the matter in dispute may, at the option of the passenger, be referred to the nearest police section, where it shall be decided by the senior police officer present, whose decision shall be final.

6. No coolie registered under these rules shall exchange his brass badge with another coolie or lend, transfer or sell his badge to any other person whether he is registered or not.

(b) Breaking in of horses or other animals on the streets.

No person shall break in any horse or other animal on any street, road or public place within a radius of five miles of Government House.

(c) Carrying notice boards for the purposes of advertisement.

1. No person shall convey or cause to be conveyed through any street or public place any notice board intended for the purposes of advertisement which is more than two feet six inches in height and one foot eight inches in breadth.

2. No person shall, in any street, draw, wheel or drive any vehicle used solely or chiefly for the purpose of exhibiting advertisements so as to cause obstruction or danger to the traffic in such street.

3. No picture, print, board, placard, or notice, except in such form and manner as may be approved of by the Commissioner of Police, shall by way of advertisement be carried or distributed in any street or public place by any person, riding in any vehicle or on horse-back or being on foot.

This section shall not apply to the sale of newspapers.

4. When any such notice boards are conveyed by a person on foot, they shall be slung from the shoulders of such person either in front of or behind, or in front of and behind, such person; and they shall not be carried in any other way, and all such advertisements must be so constructed as to enable the bearer thereof to have a clear and unobstructed view in all directions.

5. When any such notice boards are conveyed by persons on foot, each person conveying one or more notice boards shall keep at a distance of not less than fifty feet from any other person conveying a notice board or boards.

6. No such notice board shall be conveyed on a bullock cart or any other vehicle except a hand-cart; and such hand-cart must be under the control of two persons.

7. When any such notice board is conveyed in a hand-cart the greatest height from the top of the notice board to the ground shall not exceed six feet and the breadth shall not exceed nine feet.

8. No person or conveyance carrying or conveying any such notice board shall halt on any main street; and they shall not be allowed on any foot-path; but shall proceed slowly along the carriageway, keeping as close to the curb-stone or foot-path as possible, and at the same time adhering to the rule of the road.

9. No iron-work shall be used in the construction of any such notice board.

(d) Conveyance of coal and building materials.

No person shall convey or cause to be conveyed in any street any coal, bricks, lime or other building materials, on any cart or other vehicle unless the same be so constructed as to prevent such coal or building materials from falling on the street, or blowing about or unless such coal or building materials be contained in bags or other suitable receptacles.

(e) Leading or driving cattle.

1. No horned cattle, asses, mules, sheep, goats or swine (hereinafter referred to as "cattle") shall be allowed on any street unless they are accompanied by driver or cattleherd.

2. There shall be at least one driver or cattleherd to every twenty heads of cattle.

3. Cattle shall not be tied together.

4. Cattle shall be driven on the left side of the street only.

Civil—Appellate Side.

The 12th December 1930.

No. 19154G.—The following amendments to the rules prescribing the procedure to be followed and the practice to be observed by the Court of Small Causes, Calcutta, are hereby made by the High Court of Judicature at Fort William in Bengal in exercise of the powers vested in it by section 9 of the Presidency Small Cause Courts Act, 1882, as amended by section 5 of the Presidency Small Cause Courts Act, 1895, and are published for general information.

The amendments will come into force immediately:—

I. *Add* the following to Rule 71:—

“Refund of half the fees paid (under section 73 of the Presidency Small Cause Courts Act, 1882) shall be allowed only if a settlement by agreement of parties is reported by the plaintiff or his pleader or by both parties or their pleaders as soon as a suit or proceeding is called on for hearing or earlier on notice to the bench clerk concerned.

Explanation.—The word ‘hearing’ above shall mean actual commencement of the hearing, irrespective of adjournments granted at the discretion of the Judge from time to time before that. A suit decreed or dismissed *ex parte* on the *ex parte* decree or the order for dismissal being set aside shall be deemed a new suit for the purpose of the above definition, but not a suit restored by the Full Bench. An examination *de bene esse* shall not be treated as an actual hearing.”

II. *Insert* the following as Rule 119 (a) (b) and (c) and *renumber* the existing Rules 119 and 120 as Nos. 120 and 121:—

“119 (a) All articles brought to Court in connection with a suit or proceeding by attachment or otherwise and lying in the custody of the Court shall, within six months of the order for release, be taken delivery of and removed by the party entitled to the same under the said orders.

(b) In default of such delivery within the time aforesaid, all saleable articles concerned shall be sold at the Court’s public auction after reasonable notice to the parties concerned and such advertisement as the Chief Judge may think fit in view of their nature and importance, and the non-saleable articles will be dealt with under the rules for destruction of exhibits in cases at the discretion of the Chief Judge.

(c) The sale-proceeds of such sale, after deduction of the costs of notice and advertisement, if any, as well as costs of sale and other charges, such as peons’ wages, etc., if any, due in respect of the properties concerned, shall stand in deposit to the credit of the person who was entitled to receive the goods from the Court:

Provided that if for any reason it becomes impossible to ascertain the person to whose

credit under the above rules the sale-proceeds should stand, the same shall be deposited to the credit of the Government.”

NOTE.—All articles which have already been ordered to be released but are still lying unclaimed in the custody of the Court shall be taken delivery of within six months from the date of publication of these rules after which period they shall be disposed of as provided for above.

Khan Bahadur Asaduzzaman..... *Petitioner,*
versus

Mr. Mahmud Suhrawardy..... *Respondent.*

The humble petition of Khan
Bahadur Asaduzzaman.

MOST RESPECTFULLY SHEWETH:

1. That your petitioner was a candidate at the last election held on the 18th September last for electing a member to the Council of State from the West Bengal Mahomedan Constituency and your petitioner claims to have had a right to be returned at the aforesaid election.

2. That your petitioner states that the election was held on the 18th September, 1930, when your petitioner and Mr. Mahmud, Suhrawardy, the respondent, were the candidates and the Returning Officer has returned Mr. Mahmud Suhrawardy as being duly elected.

3. That your petitioner prays that the votes recorded may be scrutinized and recounted as your petitioner has been informed and believes that a certain number of votes have been recorded on Ballot papers issued to persons who are dead or are absent from the Province. Your petitioner, by a series of petitions which are on the file of the Returning Officer drew the attention of the Returning Officer to the fact that a number of Ballot papers had been issued to dead persons and to some persons absent from the province; that some of these Ballot papers might have been delivered to other persons and were likely to be used for recording votes and requested him to scrutinize the Ballot papers with reference to the inner counterfoils to see whether any votes had been recorded on Ballot papers issued to such persons.

4. That your petitioner further states that four voters whose names were recorded twice over in the Electoral Roll had two Ballot papers each delivered to them. Your petitioner drew the attention of the Returning Officer to this fact by a petition with a prayer to scrutinize the Ballot papers to see whether votes were recorded by any of the voters on both the Ballot papers issued to him, or whether any other persons had recorded votes on Ballot papers issued to such voters. Your petitioner believes that in some cases the signatures on the Ballot papers were made in characters not known to the Attesting Officer or the Returning Officer and your petitioner submits that the signatures should be read by

persons able to read the script to ascertain whether the signatures are of the voter himself or of some other person signing on his behalf. This fact was also brought to the notice of the Returning Officer by a petition filed before the day of counting.

5. That your petitioner was personally present at the time of counting of the votes and drew the attention of the Returning Officer to the facts above stated at the time and requested him to scrutinize the Ballot papers by reference to the counterfoils but the Returning Officer refused to do so.

6. That your petitioner states that the counting of the votes was not carefully and properly done by the Returning Officer as required by the rules and regulations for while the counting of the votes was proceeding the Returning Officer did not give his whole attention to the work but did other office work at the time such as signing drafts which were brought in by peons and clerks during the time. Further, the counting of the votes for Mahomedan and the Non-Mahomedan constituencies was done on the same date. The Attesting Officers had, in many cases, sent the Ballot papers for both constituencies in the same big covers with the result that in several cases the Ballot papers for both the constituencies were mixed up. For this reason the Returning Officer after counting the votes for the Mahomedan constituency opened the Ballot papers for the Non-Mahomedan constituency to find out whether they contained any Mahomedan votes. Your petitioner believes that in the confusion thus created the counting was not properly done.

7. That all the Ballot papers were not counted by the Returning Officer. The Ballot papers in favour of Mr. Mahmud Suhrawardy were counted, partly by the Returning Officer and partly by his Personal Assistant, Babu N. K. Roy. The Ballot papers in favour of your petitioner were counted by two assistants in the Commissioner's Office. Your petitioner prayed that the Ballot papers might be recounted by the Returning Officer but he declined to do so.

8. That after the counting of the two sets of Ballot papers, the Returning Officer proceeded to open the covers of the Non-Mahomedan Ballot papers and when he had finished opening those papers he forthwith declared the result by announcing Mahmud Suhrawardy elected.

9. That in the above circumstances your petitioner prays that the votes may be scrutinized and recounted and if on such recounting your petitioner is found to have obtained a majority of votes your petitioner may be declared to be elected instead of Mr. Mahmud Suhrawardy.

10. That your petitioner further submits that the election of Mr. Mahmud Suhrawardy is liable to be declared void and he is liable to be declared disqualified as a candidate on the grounds hereinafter stated.

11. That the election of the respondent has been procured or at any rate the result of the election has been materially affected by corrupt practices hereinafter stated in greater detail and a list of which is annexed hereto.

12. That the Ballot papers signed by the Hon'ble Mr. Justice Suhrawardy (Voter No. 154, Calcutta) was not closed by him but the marked and signed voting paper was left open on the table of the attesting officer, Mr. Shoilash Chándur Banerji, Munsiff of Howrah, where it was seen by other persons. This fact was brought to the notice of the Returning Officer by a petition made by your petitioner before the date for counting. Your petitioner submits that the omission of the voter to close his voting paper and leaving it open in the hands of the attesting officer vitiated the vote and the Returning Officer ought to have rejected the Ballot paper.

13. That the petitioner has been credibly informed that the respondent personally carried a Ballot paper marked and signed by Shamsul-Ulema Khan Bahadur Hedayet Hossein (Voter No. 82, Calcutta) which he shewed to several persons to induce them to give their votes. Your petitioner submits that the Ballot paper of the aforesaid voter is liable to be rejected on the ground that there was no secret voting as required by the rules. This fact was also brought to the notice of the Returning Officer as soon as your petitioner came to know of it, by a petition.

14. That in the following cases the respondent or his agent or some other person directly interfered with the free exercise of the right of vote by the voters:—

- (a) The two blank Ballot papers of Prince Sultan Mirza whose name appears twice on the Electoral Roll (Calcutta Nos. 155 and 132) were taken away from him without his consent by the respondent with the result that the said voter was not able to record his vote. Your petitioner is not aware whether any votes have been recorded and submitted on those Ballot papers, but if they have been submitted they are not the votes of the voter in question and are liable to be rejected.

This fact was brought to the notice of the Returning Officer by the voter himself and your petitioner.

- (b) The blank Ballot paper of Yakub Musaji Saleji (Voter No. 140, Calcutta) was similarly taken away without his consent by the respondent with the result that the aforesaid voter was prevented from exercising his vote.

This fact was brought to the notice of the Returning Officer by the voter himself as well as by the petitioner.

- (c) The respondent with his brother Dr. Abdulla Suhrawardy by force and undue influence coerced Mr. Syed Erfan Ali (Voter No. 67, Calcutta) to vote for Mr. Mahmud Suhrawardy.

- (d) The respondent placed a man on guard at the house of Khorshed Sardar at Mug Kalyan.

15. That in the following case the respondent or his agents or persons acting with his

connivance attempted to interfere with the free exercise of the rights of voters to vote:—

- (a) When Mr. Fazlul Haq (Voter No. 69, Calcutta) was signing his Ballot paper in the presence of the Attesting Officer, Mr. Abdulla Suhrawardy came and tried to induce him to vote for the respondent by undue pressure.

16. That the votes of the following voters are found to have been recorded although, as a matter of fact, those persons were absent from the Province on the dates on which they are said to have been attested. Your petitioner believes that those votes were recorded by false personations at the instance of the respondent or his agents or by other persons with the connivance of the respondent who, as well as his agents, were well aware that those voters were absent from the Province:—

1. Khoyi, H. A. M., Voter No. 91, District Calcutta.
2. Khoyi, H. M. Baker, Voter No. 92, District Calcutta.
3. Shirazi, M. M. K., Voter No. 147, District Calcutta.
4. Yakub C. Ariff, Voter No. 42, District Calcutta.

17. That your petitioner further submits that the return of election expenses filed by the respondent is false in not including the following particulars:—

- (a) Expenses incurred from the 11th September, 1930, till the declaration of the election result.
- (b) Some of the expenses incurred by the respondent and persons interested in him during the election period.
- (c) The price of the Election Expense Return Form.
- (d) The cost of stationery, typing, postage, incurred in sending letters to voters.
- (e) The cost of pamphlets about the respondent's works in Council of State alleged to have been published by Babu Kshitish Chandra Chakravarty, B.L., Pleader, Midnapore, in connection and for the purpose of the respondent's election.

18. That your petitioner has deposited the sum of Rupees One Thousand in the Government Treasury at Calcutta and a receipt for the amount is filed herewith.

19. That your petitioner submits that the respondent having submitted his return of election expenses on the 11th September 1930, before the counting of votes and the declaration of the result of the election and the result having been declared only on the 18th September last, your petitioner is compelled to file this petition under the rules without having had time to ascertain the full facts about the corrupt practices of the respondent. Your petitioner therefore craves leave to add to and amend this petition by adding further details which may come to your petitioner's knowledge later on.

Wherefore your petitioner prays:—

1. That it may be determined that the said Mahmud Suhrawardy was not duly elected or returned and that your petitioner was duly elected and ought to have been returned.
2. That Mr. Mahmud Suhrawardy be declared disqualified for being a candidate on account of his corrupt practices and illegal acts.
3. That in the alternative, a scrutiny of the Ballot papers be held and upon such scrutiny being made the votes recorded be recounted and the result declared accordingly.

I, Khan Bahadur Asaduzzaman, solemnly affirm that the facts stated in paragraphs 1, 2, 5, 6, 7, 8 and 18 are true to my knowledge and that the facts stated in paragraphs 3, 4, 11, 12, 13, 14, 15, 16 and 17 are true to my information which I verily believe to be true.

(Sd.) ASADUZZAMAN

(KHAN BAHADUR).

The 22nd September, 1930.

List of alleged illegal and corrupt acts.

1. Interfering with freedom of voters:—

- (a) Taking away two Ballot papers belonging to Prince Sultan Mirza Md. Reza Ali Bahadur (Voter Nos. 155 and 132, Calcutta) by the respondent.
- (b) Taking away a Ballot paper belonging to Yakub Musaji Saleji (Voter No. 140, Calcutta) by the respondent.
- (c) Coercing Mr. Syed Erfan Ali (Voter No. 67, Calcutta) in voting for the respondent on the 8th September before Mr. N. N. Gupta, 1st Municipal Magistrate, Calcutta, by the respondent and his brother.
- (d) Attempt to induce Mr. A. K. Fuzul Huq (Voter No. 69, Calcutta) not to vote for the petitioner while he was about to exercise his vote in presence of Attesting Officer, Mr. S. C. Sen, Collector of Calcutta, at 3 Charnock Place.
- (e) Successfully preventing Khorshed Sardar (Voter No. 2, Howrah) from voting by placing a man on guard at his house at Mug Kalyan on the 10th September by the respondent.
- (f) By exhibiting marked Ballot papers of Shamsul-Ulema Khan Bahadur Hedayet Hossein (Voter No. 82, Calcutta) to various people.
- (g) By saying to Prince M. M. Babar (Voter No. 54, Calcutta) as well as to his relations that he would use his influence, as well as those of his relations and friends in the High Government offices to secure for him a higher political pension by Dr. Abdulla Suhrawardy, brother of the respondent during the voting period.

2. False return of election expenses:—

- (a) Non-inclusion of expenses incurred from 11th September, 1930, till the declaration of the election result.
- (b) Non-inclusion of some of the expenses incurred by the respondent and persons interested in him during the election period.
- (c) Non-inclusion of the price of the election expense Return Form.
- (d) Non-inclusion of the cost of stationery, typing, postage, incurred in sending letters to voters.
- (e) Non-inclusion of the cost of pamphlets about the respondent's works in the Council of State alleged to have been published by Babu Kshitish Ch. Chakravarty, B.L., Pleader, Midnapur, in connexion and for the purpose of the respondent's election.

3. Corrupt acts:—

Filing the election expense return and declaration without waiting for the publication of the result of the election as presumed by the rules with a view to stifle election petition and thereby escape the consequences of corrupt practice perpetuated by the respondent. Date: 11th September, 1930. Place, 3, Charnock Place.

I, Khan Bahadur Asaduzzaman, solemnly affirm that the facts stated in paragraphs 1, 2 and 3 above are true to my information which I verily believe to be true.

FINANCE DEPARTMENT.**RESOLUTION.**

New Delhi, the 6th December 1930.

No. F.-37-V. R.-II.—In their Resolution No. F.-37-V. R.-II, dated the 10th March 1930, the Government of India announced that they had decided, with the approval of His Majesty's Secretary of State for India, that the rate of interest on deposits and also on balances at the credit of subscribers to the General Provident and other similar Funds on the 31st March 1930 should be increased from 4½ to 5 *per cent.* with effect from the 1st April 1930, and stated that a further Resolution explaining the change in the method of calculating the rate would be published in the course of the financial year.

2. In the past the rate of interest has been changed at intervals when variations in the rate of interest obtainable on Government rupee securities indicated that changes were necessary and the rate fixed on each occasion has been based on principles the application of which has, in the opinion of the Government of India, produced an equitable result. Hitherto, however, the Government of India have not adhere to any precise method of calculating the rate of interest, and it has recently been felt that the most satisfactory course for all concerned would be to prescribe a definite formula by which the rate should be recalculated annually.

3. The Government of India have therefore decided, with the approval of His Majesty's Secretary of State for India, that the rate of interest during each financial

year shall be the average redemption yield, during the five calendar years immediately preceding, of all Government of India rupee loans with an unexpired term exceeding five years, the average being rounded off to the nearest quarter *per cent.* In future, therefore, the rate of interest on deposits and balances at the credit of subscribers to the Provident Funds mentioned in Resolution No. F.-37-V. R.-II, dated the 10th March 1930, will be calculated according to this formula early in each calendar year; and the rate so determined will be published in the Gazette of India to take effect from the beginning of the following financial year.

NOTIFICATION.

Chittagong, the 11th December 1930.

An Examination in the Art and Practice of Teaching for teachers of English subjects in Boys' Secondary Schools (aided and unaided) including Madrasahs in the Chittagong Division will be held at the Chittagong Normal School on the 12th January 1931, at 11 a.m., and on the following date, if necessary. The examination of teachers of vernacular subjects and oriental classical languages of the same schools will also be held on the same date and at the same place and hour.

2. The following teachers are eligible for the examinations:—

(a) Teachers of English subjects, who have passed (i) the Matriculation or some higher University examination, or (ii) the Middle English Scholarship Examination or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in English.

(b) Teachers of vernacular subjects, who have passed the University examinations named in (a) above or the Middle Vernacular Scholarship Examination, or the terminal examination at the end of the middle stage of instruction. The examination of these teachers will be conducted in vernacular.

(c) Pandits and Maulvis employed in teaching oriental classical languages other than pandits in Sanskrit *tôls* and maulvis in Madrasahs. They must have passed the Sanskrit Title Examination or the Final Examination of a senior grade Madrasah. The examination in the case of these classes of teachers will be conducted either in English or vernacular at the option of the candidate.

3. The examination will consist of—

(a) A practical examination in class control, the candidate being required to keep a class of, at least, a dozen boys attentive and fully occupied throughout a lesson.

(b) A practical test of teaching ability, the candidate being required to give two lessons on any two of the subjects—English, Bengali, Sanskrit, Arabic, Persian, Urdu, History, Geography, Arithmetic, Algebra, Geometry, etc.

(c) An oral examination, in which the Inspector of Schools or other examiner will ask questions on the art of teaching, object lessons, class management, organisation and discipline.

The following books are recommended for study by the candidate:—

(i) For teachers of English subjects—

- (1) Indian Teachers' Guide, by P. Wren.
- (2) Indian School Organisation, by P. Wren.
- (3) Suggestions for the Consideration of Teachers (Board of Education, Whitehall).
- (4) Talk to Teachers (James).

(ii) For teachers of vernacular subjects—

- (1) বিবিধ বিধান, by A. N. Adhikari.
- (2) Teachers' Manual, by Khan Bahadur Ahsanullah.
- (3) পাঠ টীকা লিখিবার পদ্ধতি, by Jagannath Dey.
- (4) বসোবিজ্ঞান, by S. C. Brahmachary.

(iii) Teachers of oriental classical languages may study any of the above sets of books.

4. Intending candidates from high schools and senior Madrasahs should submit their applications through the Head Masters or Superintendents, as the case may be, and teachers of middle schools and junior Madrasahs through the Secretary, so as to reach this office not later than the 5th January 1931. Every candidate will produce at the time of the examination the certificate of his having passed the University or other examination, which admits him to the present examination. The following information should accompany the application:—

- (1) Name (in full).
- (2) Name of father (in full).
- (3) Names of native village and district.
- (4) Last examination passed.
- (5) Year of passing.
- (6) Period of service as a teacher.
- (7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental language).
- (8) Two class subjects in which he wishes to be examined.
- (9) Signature of applicant with full address.

5. Every candidate must bring with him at the time of the examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

FORM 27.

Advertisement of sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the east side of the East Indian Railway, at miles 78 and 79 of the H. K. Railway in the district of Burdwan, will be put up to sale at 1 o'clock on the 18th February 1931 corresponding to 22nd Magh 1337 B. S., at Patuli Station.

The purchasers of the several plots of land will be subject to the following conditions:—

1st—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid at once.

3rd—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be canceled, the sum deposited being forfeited to Government and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th—The plots of land will be sold revenue-free to the highest bidders.

5th—The sale will become final on receipt by the Collector of the order of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

TENDERS in duplicate in sealed covers are invited for the supply of cow and buffalo calves at the Bengal Vaccine Depot at No. 2, Convent Lane, Intally, for the period from 1st April 1931 to 31st March 1932. Tenders may be submitted for either cow or buffalo calves or both, and will be received up to the 15th February 1931 at his office by the Personal Assistant to the Director of Public Health, Bengal, Writers' Buildings, from whom forms and conditions of tender are obtainable free on application. Tenderers must abide by the prescribed conditions.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 2815L.—20th December, 1930.—The following report of the Select Committee on the Bengal State Aid to Industries Bill, 1930, with the Bill as amended by the Committee is hereby published for general information :—

REPORT OF THE SELECT COMMITTEE ON THE BENGAL STATE AID TO INDUSTRIES BILL, 1930.

We, the members of the Select Committee of the Bengal Legislative Council, to which the Bengal State Aid to Industries Bill, 1930, was referred by a motion carried in the Bengal Legislative Council on 13th August, 1930, have the honour to submit this our report with a copy of the Bill, as amended by us, annexed. All matter omitted by the Select Committee has been enclosed in square brackets, and all new matter inserted has been underlined.

1. The Bill was published in English in the "Calcutta Gazette" on 7th August, 1930.

2. The Committee met for the first time on 22nd August, 1930, and finished detailed consideration of the Bill at meetings held on 10th and 11th November, 1930.

3. We do not consider that the Bill has been so altered as to require republication.

4. We recommend that the Bill as amended be passed by the Council.

5. The following are the principal changes made in the Bill:—

Clause 15.—Specific provision has been made for obtaining an explanation from the Board before action is taken against it under this clause.

Clause 16.—The addition has been made in order to enable the Local Government to utilize the advice of the Board on miscellaneous matters connected with the administration of the Act, and in particular before taking action under clause 25.

Clause 19.—The Committee considered that fifty per cent. of the net value of the assets of an industrial undertaking was the limit to which the amount of a loan might safely be extended, and that twenty years was an excessive period for repayment in the case of loans made on such security as machinery which is specially liable to depreciation from wear and tear and obsolescence. A term of twenty years has been retained as the maximum period for repayment of loans secured upon land and buildings.

Clause 21.—The Committee disapproved of the principle of discrimination contained in sub-clause (b) of the first proviso and have replaced it by the condition that Government should be satisfied with the composition of the Board.

Clause 23.—The Committee considered that the amounts to be set aside for depreciation and for the building up of a reserve fund should be more definitely indicated.

Clause 26.—The last sentence is unnecessary in view of clauses 24 and 28.

Joint minute of dissent by Mr. H. R. Norton, M.L.C., and Mr. W. H. Thompson, M.L.C.

We are of opinion that clause 19 (1) (c) should be omitted for the following reasons:—

(1) Ordinary shares in concerns which require State aid are not sufficiently good security for Government's money.

(2) It is one thing for Government to lend its money to such a concern, but quite another for it to become a share-holder with a share of the responsibility for the management or mismanagement. The latter is undesirable.

(3) By taking up shares at the time of issue to the public Government would be encouraging the public to invest in what it knows to be a concern unable to stand on its legs.

Minute of dissent by Maulvi Abdul Hamid Shah, M.L.C.

I sign this Report subject to the only point of dissent noted below:—

The object of the Bill is to obtain Statutory power to enable State aid to be given mainly for the purpose of encouraging cottage industries and industries on a small scale, and clause 21 (a) (i), (ii) and (iii) has been inserted therein for giving effect to the aforesaid object of the Bill; and it is obvious that the rural areas of Bengal would be much benefited by the introduction of this Bill. But the constitution of the Board of Industries as embodied in clause 3 of the Bill provides for only one member from among the non-official members of the Bengal Legislative Council while four from the four different mercantile associations of this metropolis. My humble suggestion was that at least three members should be taken from among the non-official members of the Council, but which was, for want of proper support in the sitting of the Select Committee, rejected.

Minute of dissent by Rai Badridas Goenka Bahadur, C.I.E., M.L.C.

I regret that no financial provision has been made in the Bill for carrying out its purposes when it is passed into law. When some time ago a similar Bill was circulated for opinion, some of the most important public bodies representing Indian Commercial and Industrial interests strongly urged the necessity of making adequate financial provision in order that the Act might really serve the purpose for which it was intended. In view of the fact that the resources at the disposal of the transferred departments are not sufficient to meet their requirements, I am afraid, it is futile to expect that State aid to industries will be ensured merely by giving power to the Government to grant State aid, as this Bill purposes to do. I have therefore always held the view that a fund should be gradually built up by setting apart every year a certain sum either from the Revenue Account or from the Loan Fund and that this fund should be earmarked solely for helping forward the development of industries and that this allotment should not lapse at the end of the year. The annual disbursement in the beginning should of course be less than the annual allotment. If this is done, it will be possible to have a fund of a large size in the course of a few years and to give the assistance which the industries of the country really require. I understand that in the absence of any financial provision, the result of the working of similar Acts in other provinces has been far from satisfactory. This has confirmed me in the view I have expressed above and I feel I cannot too strongly emphasise the need of creating a fund for giving State aid to industries.

Minute of dissent by Khan Bahadur Maulvi Alimuzzaman Chaudhury, M.L.C.

In clause 3 (1) (c) for the word "one" the word "two" should be substituted.

THE BENGAL STATE AID TO INDUSTRIES BILL, 1930;

(as amended by the Select Committee.)

NOTE.—All matter omitted by the Select Committee has been enclosed in square brackets, and all new matter inserted by the Select Committee has been underlined.

A BILL

*to provide for the giving of State aid to industries in
Bengal.*

WHEREAS it is expedient to make provision for the giving of State aid to industries in Bengal;

AND WHEREAS the previous sanction of the Governor General under sub-section (3) of section 80A of the Government of India Act has been obtained to the passing of this Act;

It is hereby enacted as follows:—

Short title,
local extent
and
commencement.

1. (1) This Act may be called the Bengal State Aid to Industries Act, 1930.

(2) It extends to the whole of Bengal.

(3) It shall come into force on such date as the Local Government may, by notification, [direct] appoint.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(1) “Board” means the Board of Industries established under section 3;

(2) “Chairman” means the Chairman of the Board;

(3) “Director” means the Director of Industries, Bengal, and includes any person appointed by the Local Government to discharge the functions of the Director under this Act;

(4) “industry” means any industrial business or enterprise, including agriculture, undertaken or conducted by any person;

(5) “machinery” includes plant, apparatus, tools and other appliances required for carrying on any industrial operation or process;

(6) “notification” means a notification published in the *Calcutta Gazette*;

(7) “owner” means the person who owns any industrial undertaking, and includes the successors in interest of such person in respect of such undertaking; and

(8) “prescribed” means prescribed by rules made under this Act.

Establishment
of a
Board of
Industries.

3. (1) The Local Government shall, as soon as possible after the commencement of this Act, establish a Board to be called “the Board of Industries,” for carrying out the purposes of this Act, and consisting of the following members, namely:—

(a) two members, not being Government servants, to be appointed by the Local Government;

(b) one member, being an employee of the Imperial Bank of India, to be appointed by the Local Government;

(c) one member to be elected by the Bengal Legislative Council from among the non-official members of the Council;

*The Bengal State Aid to Industries Bill, 1930.**(Clauses 4—8.)*

- (d) one member to be elected in the prescribed manner by the Bengal Chamber of Commerce;
- (e) one member to be elected in the prescribed manner by the Bengal National Chamber of Commerce;
- (f) one member to be elected in the prescribed manner by the Marwari Association;
- (g) one member to be elected in the prescribed manner by the Calcutta Trades Association.

(2) The Director shall be, *ex officio*, Secretary to the Board.

Procedure
in default
of election
of members.

4. If, by such date as may be fixed by the Local Government, any of the bodies referred to in clauses (c), (d), (e), (f) and (g) of sub-section (1) of section 3 does not elect the member to be elected by it under the provisions of that section the Local Government shall appoint a suitable person to be such member, and any person so appointed shall be deemed to be a member as if he had been duly elected by the body failing to elect a member under the said provisions.

[Cf. Ben.
Act XII of
1923, s. 2
(3).]

Chairman
and Vice-
Chairman.

5. The Board may from time to time elect, for such periods, respectively, as it thinks fit, two of its members to be Chairman and Vice-Chairman.

Elections and
appointments
to be notified
in Gazette.

6. The names of the Chairman and Vice-Chairman and of the appointed and elected members of the Board shall be published by the Local Government in the *Calcutta Gazette*.

[Cf. Ben.
Act XII of
1923, s. 2
(4).]

Term of
office.

7. (1) The Chairman may resign his office by giving notice in writing to the Board; and on such resignation being accepted, shall be deemed to have vacated his office.

[Cf. Ben.
Act III of
1854, s. 27A.]

(2) The Vice-Chairman and any other appointed or elected member may resign his office by giving notice in writing to the Chairman; and, on such resignation being accepted by the Chairman, shall be deemed to have vacated his office.

[Cf. Mad.
Act VIII of
1920, s. 9
(1).]

(3) Subject to the provisions of this Act, the appointed or elected members shall hold office for a term of three years and may, on the expiration of such term, be re-appointed or re-elected.

(4) Notwithstanding the expiration of the term of three years mentioned in sub-section (3), an appointed or elected member shall continue to hold office until the vacancy caused by the expiration of the said term has been filled.

Removal of
members.

8. (1) The Local Government may, by notification, remove the Chairman, Vice-Chairman or any member of a Board if he—

[Cf. Mad.
Act VIII of
1920, s. 10.]

- (a) is absent without leave for more than four months continuously from the jurisdiction of the Board;
- (b) refuses to act or becomes incapable of acting as a member of the Board;
- (c) is declared insolvent;
- (d) is convicted of any such offence or is subjected by a criminal court to any such order as in the opinion of the Local Government implies a defect of character which unfits him to continue to be a Chairman, Vice-Chairman or member of a Board; or

*The Bengal State Aid to Industries Bill, 1930.**(Clauses 9—14.)*

- (e) without excuse sufficient in the opinion of the Local Government, is absent without the consent of the Board from more than four consecutive meetings of the Board.

(2) The Local Government may fix a period during which any person so removed shall not be eligible for re-appointment or re-election.

Casual vacancies.

9. When the place of an appointed or elected member of a Board becomes vacant by his removal, resignation or death, a new member shall be appointed or elected in the manner provided in section 3, and shall hold office so long as the member whose place he fills would have been entitled to hold office if such vacancy had not occurred:

[Cf. Ben. Act V of 1919, s. 13.]

Provided that no act of the Board, or of its officers, shall be deemed to be invalid by reason only that the number of members of the Board at the time of the performance of such act was less than the number provided by section 3.

Allowances and fees.

10. The members and staff of the Board and the members of Committees appointed by the Board shall be paid travelling and daily allowances of the prescribed amount and on the prescribed conditions for attending meetings of the Board, and may also be paid fees of the prescribed amount and on the prescribed conditions for attending meetings of the Board, or for performing any duty assigned to them by the Board for the purposes of this Act.

President at meetings.

11. (1) The Chairman, or, in his absence, the Vice-Chairman, shall preside at every meeting of the Board, and shall have a second or casting vote in all cases of equality of votes.

[Cf. Ben. Act III of 1923, s. 62.]

(2) In the absence of both the Chairman and Vice-Chairman, the members present at any meeting may elect one of their number to preside, who shall have a second or casting vote in all cases of equality of votes.

Interested members not to vote.

12. No member of a Board shall vote on any question coming before the Board for consideration in which (otherwise than in its general application to all persons and properties within the province) he has a pecuniary interest.

[Cf. Mad. Act VIII of 1920, s. 17 (4).]

Delegation of functions of Chairman.

13. (1) The Chairman, with the consent of the Board, may authorise the Vice-Chairman by an order in writing to exercise any of the powers conferred or to perform any of the duties imposed on the Chairman by this Act, and thereupon the responsibility of the Chairman in respect of such powers and duties shall devolve upon the Vice-Chairman during the continuance of such order.

(2) When the office of Chairman is vacant, the Vice-Chairman shall exercise the functions of the Chairman until a new Chairman is appointed.

Power of Board to make regulations.

14. (1) The Board may make regulations in regard to the following matters, namely:—

- (i) the time and place of its meetings;
- (ii) the manner in which notice of meetings shall be given;
- (iii) the conduct of proceedings at meetings;
- (iv) the division of duties among the members of

*The Bengal State Aid to Industries Bill, 1930.**(Clauses 15—19.)*

(v) the appointment, duties and procedure of special committees consisting wholly of members of the Board or partly of such members and partly of other persons; and

(vi) generally, the carrying out of the purposes of this Act.

(2) Any regulation made under sub-section (1) which is repugnant to the provisions of any rule made under section 31 shall, to the extent of such repugnancy, but not otherwise, be void.

Supersession
of Board.

15. (1) If at any time it appears to the Local Government that the Board is not properly performing the duties imposed upon it by or under this Act, the Local Government may, after considering any explanation offered by the Board, by an order in writing specifying the reasons for so doing, remove all appointed and elected members of such Board and direct that the vacancies shall thereupon be filled by election in respect of elected members and by appointment in respect of appointed members or that all the vacancies shall be filled by appointment.

[Cf. Mad
Act VIII of
1920 s. 23.]

(2) From the date of an order under sub-section (1) until the vacancies are filled, all powers and duties of the Board shall be exercised and performed by such person, in such manner, as the Local Government may direct.

[Cf. Ben
Act V of
1919, s. 57.]

Duty of Board
on receipt of
applications.

16. It shall be the duty of the Board to receive, and, after such inquiry, if any, as it deems necessary or may be required by this Act to report to the Local Government upon, applications for State aid and to advise the Local Government or any other matter that may be referred to it.

Documents
and reports
to be
furnished to
the Local
Government.

17. If the Local Government so directs, the Chairman shall forward to the Local Government any document and prepare and submit any report relating to the work of the Board.

Board to
appoint,
punish and
dismiss its
officers and
servants.

18. (1) With the sanction of the Local Government, the Board may appoint such staff of officers and servants as it may consider necessary to carry out its duties under this Act, and, subject to the prescribed conditions, may fix the salaries of such staff which shall be paid by the Local Government.

[Cf. Ben.
Act V of
1919, s. 36.]

(2) Subject to the prescribed conditions, the Board may punish or dismiss members of its staff.

Forms of
State aid

19. (1) Subject to the provisions of section 21, the Local Government may grant State aid to an industry in all or any of the following forms, namely:—

(a) the grant of a loan to be secured and repaid in the prescribed manner and upon such terms as may be fixed by the order granting it:

Provided that no such loan shall exceed [seventy] fifty per cent. of the net value of the assets of the industry to which it is granted after deducting all encumbrances thereon existing at the time when an application is made under section 16. Such value shall be ascertained by the Board in the prescribed manner:

*The Bengal State Aid to Industries Bill, 1930.**(Clause 19.)*

Provided also that every such loan shall, unless the Local Government, for reasons to be recorded in writing, otherwise directs, be repayable within not more than ten or where the whole loan is secured on land or buildings or both within not more than twenty years after the date of the advance of the loan or, where the loan is advanced in instalments, after the date of the advance of the last instalment:

Provided also that the Local Government, for reasons to be recorded in writing, may, on the application of the owner of an industry to which such loan has been granted, in exceptional cases, vary the terms fixed by the order granting the loan;

- (b) the guarantee of a cash credit, overdraft, or fixed advance with a bank to be secured and the amount realised thereunder by any industry to be repaid in the prescribed manner;
- (c) the taking of shares and debentures:

Provided that the amount paid by the Local Government for such shares and debentures shall not exceed the amount already paid by other persons for shares and debentures in the same industry;

- (d) the guarantee of interest on preference shares or debentures to be secured and the amount realised thereunder by any industry to be repaid in the prescribed manner;
- (e) the guarantee of a minimum return on the whole or part of the capital of a joint stock company to be secured and the amount realised thereunder by any industry to be repaid in the prescribed manner;
- (f) the grant on favourable terms of land, raw material, firewood, water or any other property of the Local Government;
- (g) the payment of a subsidy for—
 - (i) the conduct of research;
 - (ii) the purchase of machinery; and
- (h) subject to the prescribed conditions, the supply of machinery on the hire-purchase system.

(2) In the case of the grant of any of the forms of State aid specified in clauses (f) and (g) of sub-section (1), the Local Government shall ordinarily in the order granting such aid fix a period of years and a rate of interest on the capital invested in the industry so aided, and, if within such period the industry pays a rate of interest or a dividend in excess of the rate so fixed, the value of the aid granted, as ascertained by the prescribed authority in the prescribed manner, shall be paid at the expiration of the said period by the owner of the industry to the Local Government.

(3) In no case shall the total value of all State aid granted to an industry, as ascertained by the prescribed persons in the prescribed manner, exceed the limit specified in the first proviso to clause (a) of sub-section (1).

The Bengal State Aid to Industries Bill, 1930.

(Clauses 20—22.)

Delegation of
power of Local
Government to
give State aid.

20. The Local Government may delegate to the Board its power to grant State aid under section 19 on such terms and conditions, and with such limitations or restrictions, as it thinks fit. [Cf. Mad. Act V of 1923, s. 7.]

Industries
which may
be aided.

21. State aid may be given—

[Cf. B. & O.
Act VI of
1923, s. 5.]

(a) in any of the forms specified in sub-section (1) of section 19 to—

- (i) a new or nascent industry,
- (ii) an industry to be newly established in an area where such industries are undeveloped, and
- (iii) a cottage industry, including industries conducted by groups or organisations of artisans;

(b) in the forms specified in clauses (b) and (g) (i) of the said sub-section to any industry except agriculture; and

(c) in the form specified in clause (h) of the said sub-section, to agriculture:

Provided that no State aid shall be given to any joint-stock company unless [(a)] the company is registered in India with a rupee capital, and the Local Government approves the composition of the Board of Directors of the company:

[(b) the prescribed proportion of the members of the Board of Directors of the company are Indians:]

Provided further that every recipient of State aid shall make such provision for the training of apprentices as may be prescribed.

Inspection
and returns.

22. The owner of any industry—

[Cf. B. & O.
Act VI of
1923, s. 11.]

(i) when an application has been made for State aid to such industry; or

(ii) during the continuance of State aid to such industry in any of the forms specified in clauses (a), (b), (c), (d) and (e) of sub-section (1) of section 19 shall—

(a) comply with any general or special order of the Local Government relating to the inspection of the premises, buildings or plant or stock-in-trade, employed, or to be employed, for the purposes of the industry;

(b) permit the inspection by the prescribed person of all accounts relating to the industry;

(c) submit the accounts relating to the industry to such audit as may be prescribed;

(d) furnish in the prescribed manner to the prescribed person full returns of all products manufactured and sold both as regards description and quantity;

(e) maintain such special accounts as may be prescribed; and

(f) furnish such statements as the Local Government may require.

The Bengal State Aid to Industries Bill, 1930.

(Clauses 23—25.)

Disposal of
profits during
continuance
of State
aid.

23. (1) During the continuance of State aid to any industry under section 19 the profits of such industry shall, if distributed, be distributed only after interest due on debentures and loans has been paid and [a reasonable amount] an amount reasonable in the opinion of the Local Government has been set aside for depreciation or obsolescence of plant and buildings and a further [reasonable] amount which shall not be less than twenty-five per cent. of the net surplus available after provision for depreciation or obsolescence has been carried to a reserve fund to be utilised in the prescribed manner.

(2) No dividend shall be paid to shareholders and no profit shall be taken by the owner in excess of such percentage rate upon the amount of the paid-up capital invested in the industry as the Local Government may fix from time to time, during the continuance of State aid to the industry.

Methods of
recovery of
money due.

24. All arrears of monies payable to the Local Government under this Act, including any interest chargeable thereon and costs, if any, incurred, shall be recoverable as an arrear of land revenue.

Power to
Local Govern-
ment to
terminate
aid on
account of
fault.

25. If the Local Government decides for reasons to be recorded in writing to terminate aid in respect of an industry on any of the following grounds, namely:—

- (i) that any portion of the aid given has been misapplied, or
- (ii) that there has been a breach by the owner of the industry of the provisions of this Act or of any rule made thereunder or of any condition of the grant, or
- (iii) that the application on which the aid has been granted contained, or was accompanied by, any material statement by the owner, which he knew to be false, or any intentional concealment by him of any material fact, which in the opinion of the Local Government it was his duty to disclose, or that any such false statement or concealment was intentionally made in any inquiry made under this Act by or with the connivance of the owner or in any return under this Act, or in reply to any requisition for information under this Act, or
- (iv) that the industry is being managed in such a manner as to endanger the repayment of the value of State aid granted thereto repayable under this Act,

the Local Government may make an order that the aid be terminated and, notwithstanding anything contained elsewhere in this Act or in any other enactment, may proceed to recover from the owner as an arrear of land revenue—

- (a) the whole amount of any loan outstanding, together with such interest as may be due thereon, or
- (b) in cases where the aid is given otherwise than by loan, the money value of the grant as fixed at the time when it was made, together with interest at a rate not exceeding twelve and a half per cent. from the date of the grant till the date of realisation, and

The Bengal State Aid to Industries Bill, 1930.

(Clauses 26—31.)

- (c) in the cases mentioned in clause (a) or clause (b) the cost of recovery, and, if the Local Government so directs, the cost of any inquiry made in connection therewith,

and such order shall be final.

Fees.

26. The Local Government may charge in respect of applications, inquiries, inspections and audit by whomsoever made under this Act, such fees, if any, as may be prescribed. [Arrears of such fees shall be recoverable from the owner as a public demand.]

Supervision of assisted industry.

27. During the continuance of State aid to an industry in any of the forms specified in clauses (a), (b), (d) and (e) of sub-section (1) of section 19 the Local Government may, by appointing directors or inspectors, or otherwise, take such steps as it deems advisable so to control the conduct of the industry as to safeguard the interests of the Local Government therein.

Recovery of sums due.

28. All sums payable under this Act shall, unless otherwise provided therein, be recoverable as if they were public demands.

Powers and protection of persons acting under this Act.

29. Every person who acts on behalf of the Local Government or the Board under this Act (including every person who conducts an inquiry under this Act) shall be deemed to be a public servant within the meaning of section 21 of the Indian Penal Code, and no suit, prosecution or other legal proceeding shall lie against any such or any other person for anything which is in good faith done or intended to be done under this Act.

Act XLV
of 1860.

Finality of decision of Local Government.

30. The decision of the Local Government as to whether the conditions imposed by or under any of the provisions of this Act have been satisfied shall be final.

[Cf. B. & O.
Act VI of
1928, s. 31.]

Power of Local Government to make rules.

31. (1) The Local Government may, by notification, make rules for carrying out the purposes of this Act.

(2) In particular, and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely:—

- (a) the manner of election of the members of the Board referred to in clauses (d), (e), (f) and (g) of sub-section (1) of section 3;
- (b) the payment of travelling and daily allowances and fees referred to in section 10 and the conditions of such payment;
- (c) the conditions for fixing of the salaries referred to in sub-section (1) of section 18;
- (d) the conditions of punishment and dismissal referred to in sub-section (2) of section 18;
- (e) the manner of securing and repaying the loans referred to in clause (a) of sub-section (1) of section 19;
- (f) the manner of ascertaining the value of the assets referred to in clause (a) of sub-section (1) of section 19;
- (g) the manner of securing and repaying the amounts referred to in clauses (b), (d) and (e) of sub-section (1) of section 19;

The Bengal State Aid to Industries Bill, 1930.

(Clause 31.)

- (h) the conditions of the supply of machinery on the hire-purchase system under clause (h) of sub-section (1) of section 19;
- (i) the authority by which and the manner in which the values referred to in sub-sections (2) and (3) of section 19 shall be ascertained;
- (j) the proportion of members referred to in clause (b) of the first proviso to section 21;
- (k) the provision for training referred to in the second proviso to section 21;
- (l) the person referred to in sub-clause (b) of clause (ii) of section 22;
- (m) the audit referred to in sub-clause (c) of clause (i) of section 22;
- (n) the person to whom and the manner in which the returns referred to in sub-clause (d) of clause (ii) of section 22 shall be furnished;
- (o) the accounts referred to in sub-clause (e) of clause (i) of section 22;
- (p) the manner of utilising the amount carried to a reserve fund under sub-section (1) of section 23;
- (q) the fees referred to in section 26; and
- (r) generally, to regulate the conduct of its duties, the management of its proceedings, and the preparation and submission to the Local Government of the minutes thereof by the Board

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 17th December 1930.

**First Forecast of the Spring Oilseed Crops of
Bengal, 1930-31.**

(NOTE.—On an average of the five years ending 1928-29, the area under linseed in Bengal has represented some 3·4 per cent. and that under rape and mustard 11·3 per cent. of the total areas under these crops in British India.)

Explanatory.—Three forecasts are issued for the spring oilseed crops. The present one deals with the area sown and the condition of the crops.

Area sown.—Oilseeds are principally grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these

crops (excepting sesamum for which separate forecasts are issued) is returned at 901,900 acres this year as against 854,600 and 868,300 acres, respectively, in the corresponding and final forecasts of last year.

Character of the Season.—The rainfall in September and October, though a little deficient, was adequate for the preparatory tillage and sowings of the crops which took place generally in the normal time. In November, on the other hand, the rainfall was excessive and was harmful to the growth of the crops in some districts especially in Bogra, Pabna, Faridpur and Bakarganj. The present condition is reported to be satisfactory on the whole.

R. S. FINLOW,

Director of Agriculture, Bengal.
